

SRX

SRX EXTERIOR

Wheels:

18" painted cast aluminum wheels are offered as standard. For improved handling and an even more imposing look, 20" wheels are available fitted with P235/55R20 tires.

UltraView Sunroof:

An optional UltraView sunroof with a power tilt-and-slide panel, express-open and power sunshade brings the open air to driver and passengers alike.

Welcome to the Cadillac of crossovers – the SRX. A fusion of dramatic presence, advanced intuitive technology and flexible storage space, all crafted to the highest levels of detail. Powered by an advanced Direct Injection engine, the SRX is extraordinarily nimble on the road, generously equipped, and offers a superbly crafted interior that indulges both driver and passengers. With its expressive design, chromed accents, sharp lines and crouching stance, the SRX Crossover has an unmistakable look. Bristling with advanced intuitive technology, it is sporty, yet retains a practical side, boasting a flexible rear cargo area able to offer over 1.500 liters of usable cargo space. The SRX. Versatile, poised and uncompromisingly dynamic.

SRX
EXTERIOR

**'Remote Keyless Access'
with Remote Start:**

'Remote Keyless Entry' comes as standard and allows for convenient vehicle entry and remote start. A 'Remote Keyless Access' version of the system is even available that can automatically unlock car doors when the key-fob is carried to within a certain proximity of the vehicle.

Adaptive Forward Lighting:

Turn night into day. High-Intensity Discharge (HID) headlamps with Adaptive Forward Lighting light corners when the sun goes down. The stacked headlamps swivel up to 15° in the direction of travel, thanks to intelligent sensors that read speed and steering angle.

SRX INTERIOR

Inside the SRX, advanced technology and classic craftsmanship come together like never before. The carefully crafted cabin is accented by exquisite French stitching, fingertip steering wheel controls and ambient interior lighting. The cockpit of the SRX bristles with control technology, all aimed at improving the driver experience. The standard equipment offers an enhanced, full-color Driver Information Center that delivers multiple status and warning messages, as well as entertainment and navigation equipment that combines surround-sound, iPod connectivity, pause-and-play and even a rearview camera. Supple leather seating surfaces add elegance, and blend seamlessly with the standard leather-wrapped steering wheel and shift knob.

Steering Wheel Controls & Power-adjustable Pedals:

The SRX features ergonomic steering wheel controls allowing for quick, intuitive operation of cruise control and audio functions, while brake and accelerator pedals are power-adjustable for greater levels of driver comfort.

The Driver Information Center:

The Driver Information Center displays speed, direction, distance, fuel use, oil level, tire pressure and more, in high-resolution color. Its memory function even recalls settings for two drivers, including driver's seat and pedal position, outside mirrors and other personal preferences.

Rearview Camera System & Ultrasonic Park Assist System:

Enjoy increased comfort and vehicle control with the SRX's standard rearview camera, viewable on the glide-up navigation screen. This camera perfectly complements the Ultrasonic Park Assist system, the two together offering greatly improved overall awareness.

SRX

INTERIOR

Power Liftgate:

The standard power liftgate with memory height positioning allows you to open the rear liftgate to pre-programmed heights, and close it, at the touch of a button.

Cargo Management:

The SRX adapts to your cargo needs with a wealth of versatility and space. Cargo is stowed in bins, glove boxes and under-floor. Rear seats fold to create over 1,500 liters of cargo space, revealing a practical flat load floor, while a U-rail with an available adjustable fence helps to organize loads.

Infotainment:

A 40 GB infotainment center incorporates a Bose® 5.1 audio system and navigation system as standard. Its LCD screen, which glides up out of the dash, delivers 800x480 pixel color resolution and even displays MP3 playlists through USB and auxiliary audio jacks.

SRX

ENGINES & TRANSMISSIONS

Flexible 3.0L V6 Engine:

The SRX's 3.0L power plant delivers 268 hp/197 kW and 302 Nm of torque. The combination of Direct Injection technology with variable valve timing adds power while optimizing fuel economy and reducing hydrocarbon emissions.

Hydra-Matic Gearbox:

The SRX feature Hydra-Matic 6-speed automatic transmission. This transmission features Driver Shift Control, inherited from the legendary Cadillac V-Series, and delivers a manual feel but with lightning fast, automatic shifting.

SRX

DRIVING DYNAMICS

Electronic Limited-Slip Differential:

The AWD system includes an advanced electronic limited-slip differential that distributes torque, as needed, through the axles. In icy or wet conditions, the system can transfer up to 100 percent of torque to the wheel with the most grip, to make the most of available traction.

StabiliTrak:

A computer-controlled, 4-channel electronic stability control system, StabiliTrak compares driver steering input with vehicle response, applying brakes and modulating engine power, as required, to help you stay on course.

The SRX's sporty feel is made even more responsive by suspension tuning and an available, continuously variable, real-time damping chassis that adjusts shock stiffness to road conditions. The advanced all-wheel drive system employs an electronic limited-slip differential, which, together with StabiliTrak traction control, leads to sublime control while cornering or changing direction at speed. The chassis dynamics were extensively tuned in demanding environments such as the Nürburgring and German Autobahn, to ensure the very best balance handling and comfort.

SRX SAFETY

With preventative safety features like StabiliTrak, Antilock Braking System (ABS), and one of the most advanced all-wheel drive systems available, the SRX was designed to help avoid collisions. But should incident occur, know that the SRX is more than equipped to protect. The SRX's safety features are designed to look after occupants before, during and after incident. As well as six airbags, the SRX also boasts a number of other standard safety features that include front safety belts with dual pre-tensioners, rollover mitigation sensors, a pedal release system and a trailer stability assist system.

Antilock Brakes:

The Antilock Brake System in the SRX employs 4-wheel power-assisted vented disc brakes and is packed with advanced intelligent features such as Hill Start, Ready Brake Alert, and Brake Assist.

Robust Body:

The SRX has a strong body frame Integral construction with strategically engineered crumple zones. The structure is complemented by the use of strong martensitic steel in the rocker sections that protect against intrusion and maintain structural integrity.

Airbags:

The SRX features six standard airbags including advanced frontal dual-stage and seat mounted side-impact airbags for the driver, and front-seat passenger, as well as first and second row outboard head-curtain airbags.

SRX

TRIM LEVELS & EQUIPMENT

THE NEW SRX FEATURES SOME OF THE INDUSTRY'S BEST LUXURY ATTRIBUTES, ADVANCED TECHNOLOGIES AND ADVANCED ELECTRONIC FEATURES.

HIGHLIGHTS OF STANDARD 'ELEGANCE' MODEL:

- High performance 3.0L V6 engine (197kW/268 hp) with Direct Injection & variable valve timing
- Hydra-Matic 6-speed automatic transmission with Driver Shift Control performance shifting and Sport Mode
- 18" x 8" painted cast aluminum wheels
- Rake and telescopic steering column
- Leather interior
- Heated driver and front passenger seats with 8-way power seat adjuster and additional 2-way power lumbar control
- Memory package, including 2 'presets' for power driver seat, outside mirrors, driver personalization features and power-adjustable pedals
- Air conditioning with dual-zone automatic climate control and individual climate settings for driver and right front passenger

- Rearview camera system
- Front and Rear Parking Assist
- Bose® audio system with HDD-based navigation, CD player, 5.1 cabin surround, USB port, and integrated voice control
- Headlamp washers system

ADDITIONAL HIGHLIGHTS OF 'SPORT LUXURY' MODEL:

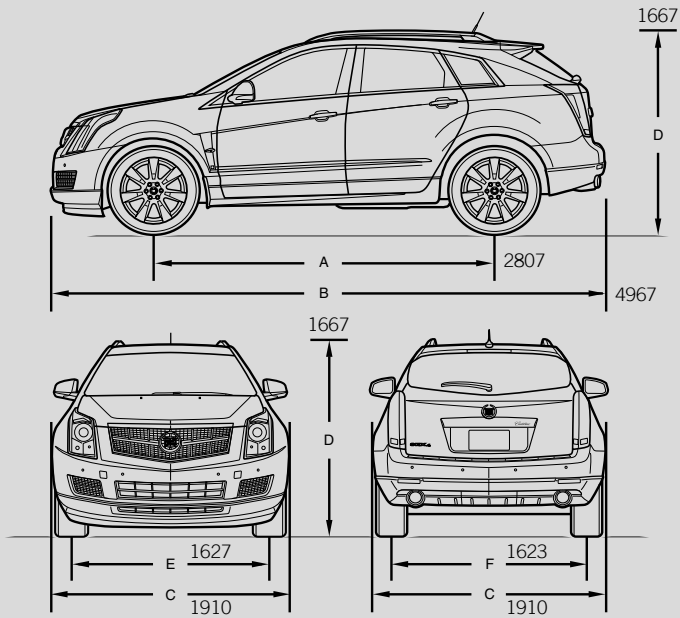

- Sport performance suspension
- Continuously variable real time damping chassis
- 20" x 8" painted cast aluminum wheels
- P235/55R20 W-rated tires
- Xenon high-intensity discharge (HID) headlamps
- Power, variable effort steering
- Air conditioning with tri-zone automatic climate control and individual climate settings for driver, front passenger and rear occupants
- Heated and ventilated front seats, heated rear seat (outboard positions)
- Rear seat audio controls and headphone jacks

OPTIONAL EQUIPMENT FOR 'ELEGANCE' AND 'SPORT LUXURY' MODELS:

- Rear-seat entertainment system including
 - Rear seat dual DVD player with wireless headphones and remote control
- Wood Trim Package with real sapele wood on
 - Instrument panel
 - Center console
 - Door trim
 - Steering wheel and shift knob
- Power UltraView double-sized Sunroof with express-open and power sunshade
- Compact spare tire with jack and tools (standard equipment consists of tire inflator only)

TECHNICAL INFORMATION

ENGINE:

3.0L V6 petrol engine & AWD,
6-gear automatic transmission:

- Variable valve timing & Direct Injection
- Maximum power (kW): 197
- Maximum power (PS): 268
- Maximum torque (Nm): 302
- Acceleration 0-100 km/h (s): 8.4
- Top speed in km/h: 210

'Elegance'

- Fuel consumption:
 - urban: 16,7 l / 100 km
 - extra urban: 8,6 l / 100 km
 - combined: 11,6 l / 100 km
- CO₂ emission combined: 269 g/km

'Sport Luxury'

- Fuel consumption:
 - urban: 16,7 l / 100 km
 - extra urban: 8,8 l / 100 km
 - combined: 11,7 l / 100 km
- CO₂ emission combined: 271 g/km

WHEELS:

'ELEGANCE'

- 18"x 8" painted cast aluminum wheels

OPTIONAL EQUIPMENT FOR 'ELEGANCE'

- 18"x 8" Ultra bright machined face aluminum wheels

'SPORT LUXURY'

- 20"x 8" painted cast aluminum wheels

OPTIONAL EQUIPMENT FOR 'SPORT LUXURY'

- 20"x 8" Chrome clad aluminum wheels

Dimensions in mm:

Exterior Length: 4967
Height: 1667
Width: 1910
Wheelbase: 2807
Track width front: 1627
Track width rear: 1623
Turning radius (m): 12.2
Cargo volume (l): 537 - 1548
Fuel tank (l): 79

CADILLAC ADVANTAGES

WARRANTY & CONTACT

CADILLAC SALES AND SERVICE SPECIALISTS

Whether you're at home or on the road, your Cadillac sales and service specialists are there to offer you truly personal assistance. Count on them to arrange service appointments, answer questions about your new Cadillac and ensure that you're always satisfied with your ownership experience. To find the Cadillac sales and service specialist closest to you, visit www.cadillaceurope.com.

WARRANTY

As a Cadillac owner, you should expect nothing less than premium service and protection, which is why your new Cadillac comes with a full 3-year or 100,000 km warranty (whichever comes first), plus a 6-year rust-through guarantee, all backed by an experienced Cadillac service team that will handle any issues with confidence and due care. For more details, ask your Cadillac sales and service specialist.

CADILLAC ROADSIDE ASSISTANCE

In the event of an emergency, help is only a phone call away. Contact Cadillac Roadside Assistance and they will come to you as quickly as possible – 24 hours a day, 365 days a year. If they can't get you back on the road straightaway, they will drive you to the nearest Cadillac sales and service specialist. Cadillac Roadside Assistance is yours free of charge for a period of 36 months from the date of registration. Ask your local Cadillac sales and service specialist for details.
