

NEW NISSAN MICRA

IN SYNC WITH THE CITY

At Nissan, we've always designed our cars around you. The new MICRA is no exception.

Put simply, it helps you get from A to B more, well simply.

Simply be on time...simply know which way to turn... simply check the exact size of that parking space before you try to reverse in...simply feel more comfortable and confident, wherever you're driving.

New MICRA knows all the best shortcuts and is packed full of friendly innovations to make all your trips around town easier than ever.

Why complicate life when you can simplify it with MICRA?

WELCOME TO SIMPLICITY

ZIP AROUND IN COMFORT

Lighter and more agile than ever, new MICRA gets you there and back again quickly and comfortably. Smoother navigation (courtesy of Nissan Connect), a new compact shape and a spacious interior all combine to provide you with everything you need for enjoyable, hassle-free driving. We've even squeezed in Parking Slot Measurement to help take the stress out of parking, and a class-leading turning circle that'll help you get out of the tightest spots.

EASY ON THE PLANET (AND YOUR POCKET)

PURE DRIVE

The new Nissan MICRA has less of an impact on both the environment and your wallet or purse. MICRA's compact, lightweight 1.2 80PS engine achieves up to 65.7 mpg and produces just 115g/km (figures based on manual transmission). It's MICRA's way of giving more to the city.

[Print](#) | [Close](#)

EXPLORE SPACE

Compact on the outside, new MICRA has space aplenty on the inside, with an airy, comfortable cabin, featuring all the interior room of a larger car.

And if you've got shopping or luggage with you, new MICRA's boot space is more than capable of fitting it all in - it's even bigger with the rear seats folded flat. With class-leading refinement and glass roof for a better view, travelling in space has never been so relaxing!

CLEVER IDEAS

MICRA's thoughtful technology, helpful solutions and clever design all combine to make driving a whole lot simpler - and a lot more enjoyable.

Loaded with ingenious storage space, you won't have to hunt for your phone, broly, spare change, favourite sweets, or whatever else you like to have on hand. And if you need even more space for bulky items - you can always fold down the rear seats to create an enormous fully flat floor.

Multi-functional display for key updates and personal reminders.

Fully automatic Climate Control with clear display of temperatures and options.

THOUGHTFUL LITTLE TOUCHES

From the leather steering wheel with audio controls and insulated dashboard, to cruise control and climate control, every last detail of new MICRA has been thoughtfully designed to increase your comfort.

The multi-functional display shows fuel consumption, driving range, the outside temperature and your parking slot measurements. Not only that, it also reminds you to turn your lights off and you can programme personal messages to make your passengers smile - when was the last time your car said 'Hello' or 'Happy Birthday'?

TAILORED TO FIT

MICRA's Parking System takes the pain out of parking, by letting you know if there's enough space in advance:

- Simply turn on Parking Slot Measurement
- Drive up to a parking space
- Indicate whether you wish to park on the left or right side
- After a few clever calculations, the MICRA says ok
- Back in using your rear parking sensors
- That's it!

Park. No Pain

Introducing your new parking assistant...

Drive up. It measures the space. It says Ok?
Back in using your rear parking sensors. Not
advised? Don't worry, let's find you a better fit.

BE BETTER CONNECTED

With new MICRA, it's all about making the right connections - especially when it comes to having music, satellite navigation and your mobile phone all at your fingertips. That's where the incredible Nissan Connect comes in. Nissan Connect makes everything a doddle, putting you firmly in control. Enjoy your iPod, iPhone* or play your favourite CD. Listen to traffic reports, or take that important call hands-free via Bluetooth® - safe in the knowledge that, all the while Nissan Connect's touch-screen navigation system is guiding you smoothly to your destination.

iPod and iPhone are a trademark of Apple, Inc., registered in US and other countries.

* Also compatible with MP3 players and USB sticks.

SHORT TURN AROUND

MICRA drivers have always moved in the right circles - and drivers of new MICRA will be no exception. It features the smallest turning circle in its class, helping you get out of the tightest spots with ease. Like to see what's up ahead? New MICRA affords you a clear view downwards over the bonnet and headlights, and a wide-screen view of the whole road.

BIG ON SAFETY

New MICRA is designed - inside and out - with the safety of you and your passengers in mind.

Lightness and strength are key attributes. Its lighter engine and roof design reduces fuel consumption, but also improves handling.

The latest ESP safety system including ABS and other brake-control features, plus 6 airbags and 5 headrests are standard on all models. Cruise Control and Speed Limiter (available on Acenta & Tekna) guarantee maximum stability and protection in unforeseen circumstances.

ABS | The Anti-Lock Brake System limits wheel lock up to maintain control and stability.

6 AIRBAGS | Front, side and curtain airbags offer maximum protection to all passengers.

5 HEADRESTS | All seats are fully equipped with headrests for optimum comfort and safety.

ESP | The latest generation Electronic Stability Program controls brake pressure to individual wheels and reduces engine torque to help keep you steady.

Add chrome mirror caps for some extra sparkle

Upgrade your MICRA with a smart roof spoiler.

Get an edge with a sporty skirt for front, side and rear.

Make parking even easier with a front parking system

Chromed fog lamp rings

- ① Steel loadcarrier
- ② Illuminated entry guards
- ③ Hard trunk liner
- ④ Sport pedal set + foot rest
- ⑤ Velour mats

LET'S GET PERSONAL

Make MICRA your own, with a few personal touches.
Optional accessories - your MICRA, your way.

● Overall length: 3,780MM
 | Overall width: 1,675MM
 | Overall height: 1,525MM

DESIGN YOUR MICRA

New MICRA comes in an array of sparkling colours, so there's a shade to suit every taste.

For full technical and specification information please refer to the Technical Specification document

Relax into your MICRA in the most individual way with interior trims tailored to your style – classical or elegant: MICRA makes your style known.

BLACK

Opt for classical style with deep black cloth trims and matching black dashboard, door panels and steering wheel. Available on Visia, Acenta or Tekna.

IVORY

Choose supreme elegance with ivory cloth seats, a black and white dashboard and door panels and a full black steering wheel. Available on Tekna only, this stylish finish includes heated seats for the driver and front passenger and indirect illumination.

You care about your Nissan so Nissan will care for you. That's why we'll make the following commitment:

YOU care about staying on the road when your Nissan is in for service or repair.

YOU care about quality enough to have your Nissan serviced at a Nissan dealership.

YOU care about getting the best value for money when it comes to service and repair.

YOU care about having your problems resolved quickly.

YOU care about getting the right Nissan model, engine & gear box to test drive.

NISSAN will keep you mobile free of charge.

NISSAN says thanks by giving you continuous RAC roadside assistance for free.

NISSAN will price match like for like competitor written quotes within 10 miles of your local dealer.

NISSAN will propose how to resolve any problem within 2 working days.

NISSAN will guarantee that's what you'll get when you pre-book your test drive either online or through our customer service centre.

PROVE IT

Challenge is what we do at Nissan.

We say we make cars with the belief that travelling is more than a journey from A to B.

We claim our cars are made to add to your confidence, to make you feel ready to go anywhere at any time and for any unforeseen challenge you might encounter.

You challenge us to “prove it”.

Get to know more at:
www.nissan.co.uk

MICRA Proof N° 08 AIRBAG DEPLOYMENT PERFORMANCE GUARANTEED.

Airbags are tested to ensure they deployed correctly on impact. A crash test dummy is placed on a seat and the engineers activate the airbag remotely. This test is done on side & front airbags.

MICRA Proof N° 22 SHUT IT.

Door slammed 27 times a day in a 20-year simulation.

MICRA guarantees you enjoy your drive for longer with a:

- 3-year or 60,000 mile warranty
- 12-year anti-corrosion warranty
- 12,500 mile service interval

We see **SHIFT_** as an invitation. To challenge whatever feels too familiar. To open your mind to the unfamiliar. To ask the questions no-one else is asking. And to find answers no-one else can. At Nissan, we do this every day. And it shapes everything we do. The result is a line-up of vehicles that represents a pure, uncompromising shift from the ordinary.

SHIFT_ the way you move
