

CADILLAC SRX

SRX

WHEELS:

18" painted cast aluminum wheels are offered as standard. For improved handling and an even more imposing look, three different styles of 20" wheels are available.

ULTRAVIEW SUNROOF:

An optional UltraView sunroof with a power tilt-and-slide panel, express-open and power sunshade brings the open air to driver and passengers alike.

A DEMONSTRATION OF STRENGTH

Welcome to the Cadillac of Crossover - the SRX. A fusion of dramatic presence, advanced intuitive technology and flexible storage space, all crafted to the highest levels of detail. Powered by an advanced Direct Injection engine, the SRX is extraordinarily nimble on the road, generously equipped, and offers a superbly crafted interior that indulges both driver and passengers. With its expressive design, chromed

accents, sharp lines and crouching stance, the SRX Crossover has an unmistakable look. Bristling with advanced intuitive technology, it is sporty, yet retains a practical side, boasting a flexible rear cargo area able to offer over 1,500 liters of usable cargo space. The SRX. Versatile, poised and uncompromisingly dynamic.

A NEW STANDARD FOR **LUXURY** CROSSOVERS

ADAPTIVE FORWARD LIGHTING:

Turn night into day. High-Intensity Discharge (HID) headlamps with Adaptive Forward Lighting light corners when the sun goes down.

The stacked headlamps swivel up to 15° in the direction of travel, thanks to intelligent sensors that read speed and steering angle.

'REMOTE KEYLESS ACCESS' WITH REMOTE START:

'Remote Keyless Entry' comes as standard and allows for convenient vehicle entry and remote start. A 'Remote Keyless Access' version of the system is even available that can automatically unlock car doors when the key-fob is carried to within a certain proximity of the vehicle.

AN *EYE* FOR DETAIL AND A *FEEL* OF LUXURY

Inside the SRX, advanced technology and classic craftsmanship come together like never before. The carefully crafted cabin is accented by exquisite French stitching, fingertip steering wheel controls and ambient interior lighting. The SRX is equipped with CUE - Cadillac User Experience. Part driver interface, part infotainment system, it brings the innovative brilliance of your tablet to your entire driving experience. It controls the Driver Information Center as well as the infotainment equipment that combines exquisite sound with USB and Bluetooth connectivity, available navigation and even a rear-view camera. Supple leather seating surfaces add elegance, and blend seamlessly with the standard leather-wrapped steering wheel and shift knob.

STEERING WHEEL CONTROLS & POWER-ADJUSTABLE PEDALS

The SRX features ergonomic steering wheel controls allowing for quick, intuitive operation of cruise control and audio functions, while brake and accelerator pedals are power-adjustable for greater levels of driver comfort.

REAR-VIEW CAMERA SYSTEM & ULTRASONIC PARK ASSIST SYSTEM:

Enjoy increased comfort and control with the standard rear-view camera system – viewable in the rearview mirror or on the 8" CUE screen if navigation is equipped. Together with the Ultrasonic Park Assist, it offers greatly improved overall awareness.

THE DRIVER INFORMATION CENTER:

The Driver Information Center displays speed, direction, distance, fuel use, oil level, tire pressure and more, in high-resolution color. Its memory function even recalls settings for two drivers, including driver's seat and pedal position, outside mirrors and other personal preferences.

COMFORT. CLASS. LUXURY.

CARGO MANAGEMENT:

The SRX adapts to your cargo needs with a wealth of versatility and space. Cargo is stowed in bins, glove boxes and underfloor. Rear seats fold to create over 1,500 liters of cargo space, revealing a practical flat load floor, while a U-rail with an available adjustable fence helps to organize loads.

POWER LIFTGATE:

The standard power liftgate with memory height positioning allows you to open the rear liftgate to pre-programmed heights, and close it, at the touch of a button.

INFOTAINMENT:

The available Bose® 10-speaker surround sound system provides an exquisite sound experience and comes with touch screen navigation, Bluetooth and USB connectivity. And you can control it all like never before via the intuitive and innovative Cadillac User Experience.

06 CADILLAC USER EXPERIENCE

THE INTUITIVE CONTROL OF A SMARTPHONE IN YOUR CAR?

JUST A TAP AWAY

Employing first-of-its-kind technology, the CUE¹ – Cadillac User Experience – brings the innovative brilliance of your tablet to your entire driving experience. CUE is the driver interface and infotainment system which blends revolutionary features with highly intelligent design to create an experience that is as effortless as it is advanced. Its stunning 8" LCD touchscreen senses your hand as it approaches.

Spread your fingers to zoom in closer on a map². Swipe to breeze through your music. Or you can also use the steering wheel controls to manage all functions of the CUE without taking your hands off the steering wheel. When an icon is touched, the screen pulses to acknowledge the command, letting you keep your attention focused on the road ahead.

CUE also lets you preset up to 60 favorites, including points of interest, addresses of the available navigation system² and phone numbers. You can easily access every contact and song on up to ten Bluetooth^{®3}-enabled smartphones.

LEGAL:

¹ Full functionality requires compatible Bluetooth[®] and smartphone. Some devices require USB connectivity.

² For precise information about map coverage please contact your local Cadillac sales and service partner.

³ For precise information on which phones are compatible with the SRX please contact your local Cadillac sales and service partner.

HIGH-LEVEL DYNAMICS

FLEXIBLE 3.6L V6 ENGINE:

The SRX's new 3.6L power plant delivers 318 hp/234 kW and 360 Nm of torque for more power and better drivability. The combination of Direct Injection technology with variable valve timing adds power while optimizing fuel economy and reducing hydrocarbon emissions.

HYDRA-MATIC GEARBOX:

The SRX feature Hydra-Matic 6-speed automatic transmission. This transmission features Driver Shift Control, inherited from the legendary Cadillac V-Series, and delivers a manual feel but with lightning fast, automatic shifting.

The SRX's sporty feel is made even more responsive by suspension tuning and an available, continuously variable, real-time damping chassis that adjusts shock stiffness to road conditions. The advanced all-wheel drive system employs an electronic limited-slip differential, which, together with StabiliTrak traction control, leads to sublime control while cornering or changing direction at speed. The chassis dynamics were extensively tuned in demanding environments such as the Nürburgring and German Autobahn, to ensure the very best balance handling and comfort.

ELECTRONIC LIMITED-SLIP DIFFERENTIAL:

The AWD system includes an advanced electronic limited-slip differential that distributes torque, as needed, through the axles. In icy or wet conditions, the system can transfer up to 100 percent of torque to the wheel with the most grip, to make the most of available traction.

STABILITRAK:

A computer-controlled, 4-channel electronic stability control system, StabiliTrak compares driver steering input with vehicle response, applying brakes and modulating engine power, as required, to help you stay on course.

HIGH-TECH SAFETY SYSTEMS

The new SRX connects you to some of the most advanced safety innovations available on a premium crossover. With preventative safety features like StabiliTrak, Antilock Braking and one of the most advanced AWD systems available, the SRX was designed to help avoid collisions. Standard equipment includes Rear Cross-Traffic Alert and Side Blind Zone Alert. The available Driver Awareness Package offers Forward Collision Alert and Lane Departure Warning. This high-tech approach to safety is yet another example of Cadillac leading you confidently down the road ahead.

ANTI-LOCK BRAKES:

The Anti-lock Brake System in the SRX employs 4-wheel power-assisted vented disc brakes and is packed with advanced intelligent features such as Hill Start, Ready Brake Alert, and Brake Assist.

ROBUST BODY:

The SRX has a strong body frame Integral construction with strategically engineered crumple zones. The structure is complemented by the use of strong martensitic steel in the rocker sections that protect against intrusion and maintain structural integrity.

AIRBAGS:

The SRX features six standard airbags including advanced frontal dual-stage and seat mounted side-impact airbags for the driver, and front-seat passenger, as well as first and second row outboard head-curtain airbags.

THE NEW SRX FEATURES SOME OF THE
INDUSTRY'S BEST LUXURY ATTRIBUTES,
ADVANCED TECHNOLOGIES AND ADVANCED ELECTRONIC FEATURES.

**HIGHLIGHTS OF
STANDARD ,ELEGANCE' MODEL:**

- High performance 3.6L V6 engine (234kW/318 hp) with Direct Injection & variable valve timing
- Hydra-Matic 6-speed automatic transmission with Driver Shift Control performance shifting and Sport Mode
- 18" x 8" painted cast aluminum wheels
- Rake and telescopic steering column
- Leather interior
- Steering wheel with multifunctional controls
- Heated driver and front passenger seats with 8-way power seat adjuster and additional 2-way power lumbar control
- Memory package, including 2 ,presets' for power driver seat, outside mirrors, driver personalization features and power-adjustable pedals
- Air conditioning with dual-zone automatic climate control and individual settings for driver and front passenger
- Rear-view camera system
- Front and Rear Parking Assist
- CUE, Cadillac User Experience, 8" display featuring touch response, haptic feedback, gesture recognition
- Bluetooth streaming audio for music, Bluetooth phone connectivity
- Audio system, single disc CD player, dual USB ports, SD card slot and AUX-IN
- Headlamp washers system

**ADDITIONAL HIGHLIGHTS OF
,SPORT LUXURY' MODEL:**

- Sport performance suspension
- Continuously variable real time damping chassis
- 20" x 8" machined finish aluminum wheels
- Xenon high-intensity discharge (HID) headlamps
- Power, variable effort steering
- Air conditioning with tri-zone automatic climate control and individual climate settings for driver, front passenger and rear occupants
- Heated and ventilated front seats, heated rear seat (outboard positions)
- Bose® Audio System w/ Navigation and Surround Sound 10-speaker system
- Rear-seat Entertainment System: Dual-player BluRay and DVD w/ wireless headphones and Remote control
- Driver Awareness Package with Forward Collision Alert and Lane Departure Warning.

**OPTIONAL EQUIPMENT FOR
,ELEGANCE' AND ,SPORT LUXURY' MODELS:**

- 'Sapele' Wood Trim Package or
- 'Raven Sapele' Wood Trim Package with real wood on
 - Instrument panel, center stack and door trim
 - Steering wheel and Shift knob
 - Heated steering wheel (leather part of wheel is heated)
- Power UltraView double-sized Sunroof with express-open and power sunshade
- Compact spare tire with jack and tools (standard equipment consists of tire inflator only)

ENGINE:

- 3.6L V6 petrol engine & AWD,
6-gear automatic transmission:
- Variable valve timing & Direct Injection
 - Maximum power (kW): 234
 - Maximum power (PS): 318
 - Maximum torque (Nm): 360
 - Acceleration 0-100 km/h (s): 8.1
 - Top speed in km/h: 217
 - Fuel consumption:
 - urban: 16.3 l / 100 km
 - extra urban: 8.6 l / 100 km
 - combined: 11.5 l / 100 km
 - CO₂ emission combined: 268 g/km

DIMENSIONS IN MM:

- Length: 4851
- Height: 1669
- Width: 1910
- Wheelbase: 2807
- Track width front: 1621
- Track width rear: 1610
- Turning radius (m): 12.2
- Cargo volume (l): 843.9 - 1730.4
- Fuel tank (l): 79
