

F-TYPE

SPECIFICATION AND PRICE GUIDE

POWERFUL, SENSUAL AND ALIVE

F-TYPE is engineered for high performance and instantaneously-responsive handling. Powerful, supercharged engines and a lightning-fast gearbox; lightweight aluminium body construction and an obsession with balance and proportion; superb suspension and a host of advanced driving technologies; peerless design and a driver-focused cockpit.

Together they produce a uniquely connected driving experience, and a sports car that only Jaguar could create - ultra-precise, powerful, sensual and, most of all, alive.

The following pages provide details and specifications for the F-TYPE range. In-depth descriptions of key features and available options are designed to give you all the information you require to create the F-TYPE that's right for you. Please use this guide in conjunction with the F-TYPE main brochure's colour and trim sections for illustrations of colour and materials available. Alternatively, you may prefer to use the F-TYPE configurator at jaguar.co.uk to specify and price your new car.

Centre wheel badge	Enhance the look of your F-TYPE's wheels with a choice of individually designed wheel badges.	Wheel centre badge - Red	C2D12326	£7.50
		Wheel centre badge - Union flag	T2R5513	£7.50
Wheel nuts	Individually-designed Jaguar wheel nuts.	Wheel nut kit - black with Jaguar logo	C2D20073	£147.50
		Wheel nut kit - chrome with Jaguar logo	C2D20072	£147.50
INTERIOR STYLING				
Premium carpet mat set	Keep the interior of your F-TYPE looking smart with these luxury mats in Ebony with exclusive Jaguar ingot.	T2R5506	£90.00	
Rubber mat set	Keep the interior of your F-TYPE pristine with these durable rubber mats.	T2R5508	£50.00	
Sports carpet mat set	These nubuck-edged Jet Black mats feature a unique carpet pile that helps keeps your F-TYPE interior sleek and sporty.	T2R3436PVJ	£90.00	
Carbon Fibre trim to centre console	This advanced Carbon Fibre centre console comes in a satin finish to reduce glare and reflections.	T2R5268	£450.00	
Aluminium gear shift paddles	Complete the sporting look and feel of your steering wheel with these premium aluminium paddles. The aluminium is machined, polished and anodised to maintain its finish.	T2R6547	£300.00	
Umbrella holder	Always on hand when you need it - this neat holder keeps your umbrella secure and to hand if the weather takes a turn for the worse.	T2R7582	£75.00	
Stainless steel pedal covers	Made from stainless steel and rubber, the pedal kit fits securely over existing pedals for a contemporary, sporting appearance.	C2P23554	£130.83	
Illuminated tread plate	Create a cool mood with these smart aluminium sill tread plates that cast a gentle phosphor blue light when you open your F-TYPE's doors.	T2R6090	£475.00	
Personalised illuminated tread plate	Make your mark with your F-TYPE - add your own personal motif to these illuminated sill tread plates, highlighted by soft phosphor blue lighting.	T2R6091	£600.00	
Union flag tread plate	Sleek door sills with a brushed finish, featuring a distinctly British design.	T2R5985	£175.00	

1. WIND DEFLECTOR (ALSO FEATURING CARBON FIBRE ROLL OVER PROTECTION BARS) 2. CHROME BONNET LOUVRES 3. CHROME SIDE POWER VENT 4. CHROME ROLL OVER PROTECTION BARS
5. CARBON FIBRE TRIM TO CENTRE CONSOLE 6. SUEDECLOTH STEERING WHEEL

ACCESSORIES

CAR CARE, TRACTION AIDS AND MAINTENANCE		PART NUMBER	PRICE	
Snow sock winter traction aid	Stay in control with these innovative traction aids. Constructed from light-weight textile they're quick and easy to attach or remove and fold down for storage. Fit to all four wheels for best results in snow and ice.	Snow Sock Pack 695	C2D20228	£86.00
		Snow Sock Pack 697	C2D20229	£86.00
		Snow Sock Pack 69J	C2D20230	£86.00
Snow Traction System	Never lose your grip in snowy, muddy or icy conditions with this snow chain traction system that fits neatly on the rear wheels of your F-TYPE (offered for fitment on Venus or Tamana wheels only).	-	T2R6040	£781.00
Locking wheel nuts	Every detail counts - these wheel nuts add a subtle finishing touch to your F-TYPE.	-	C2C9198	£72.50
Spare wheel cover	Jaguar branded spare wheel cover. ¹	-	T2R5893	£27.00
Child safety	Offer safety with style - in car seats tested specifically for your Jaguar.	Group 0+ (birth - 13kg)	C2D21866	£207.00
		Group I (9kg - 18kg)	C2C35104	£309.17
		Group I-II (15kg - 36kg)	C2C35572	£325.00
All-weather car cover	Protect your F-TYPE from the elements, including showers, frost, dust and strong sunlight with this bespoke cover, tailored exclusively for the F-TYPE.	-	T2R4364	£220.00
Warning triangle	Warning triangle comes complete with integral stand.	-	C2P2895	£33.33
First aid kit	A legal requirement in certain countries.	-	C2A1287	£40.00
Ashtray and Lighter	A sleek integrated cigarette ashtray/lighter.	Ashtray	T2R7581	£22.00
		Lighter	C2C11315	£19.00
Fire extinguisher	Dry powder 1kg fire extinguisher. Effective against a wide range of fires including petrol and electrical.	-	C2D14752	£78.33
Alloy wheel cleaner	Jaguar and Autoglym have collaborated to develop and rigorously test a unique high performance wheel cleaner formula. Available as a 500ml trigger spray.	-	C2D20074	£10.00
Battery conditioner	Keep your F-TYPE battery full of life for longer. This conditioner continually monitors, diagnoses and maintains your battery at optimum levels.	-	C2P24104	£98.67

¹The spare wheel cover is supplied as standard if the optional spare wheel is specified.

1. SPARE WHEEL COVER 2. UMBRELLA HOLDER 3. ILLUMINATED TREAD PLATE 4. UNION FLAG TREAD PLATE 5. STAINLESS STEEL PEDAL COVERS 6. ALL-WEATHER CAR COVER

GLOSSARY

POWERTRAIN AND DRIVING DYNAMICS

JAGUAR QUICKSHIFT TRANSMISSION

The Quickshift 8-speed automatic transmission is both fast and refined, with 8 closely spaced ratios keeping the engine within its most effective rev range for longer. The transmission's control system is both intelligent and adaptive, monitoring the driving situation together with the demands the driver is making of the car and responds to modify the gear shift strategy, ensuring the right gear is selected for every situation. In manual mode the Quickshift transmission delivers rapid precisely timed engine torque interventions during upshifts, creating a much shorter and crisper sounding shift while utilising the engine inertia to deliver a positive acceleration feel.

LIMITED SLIP DIFFERENTIAL

A mechanical limited slip differential is fitted as standard to the F-TYPE S. This mechanical system allows the car to make best use of the available traction and offers the driver the opportunity to explore the car's superb balance.

ELECTRONIC ACTIVE DIFFERENTIAL

An electronic active differential is standard on F-TYPE V8 S. It is operated by an electric motor acting on a multi-plate clutch which can transfer torque to the wheel with the most grip. Fully automatic in operation, the system can apply full locking torque almost instantaneously. Working in conjunction with the stability, traction and ABS systems it allows for very fine control of power delivery and makes the optimal use of available grip.

JAGUARDRIVE CONTROL™

Offers different selectable modes to optimise the vehicle response depending on driving conditions and style.

DYNAMIC STABILITY CONTROL (DSC)

Intervenes in demanding driving situations by applying braking to individual wheels and reducing engine torque.

TRAC DSC MODE

Provides a higher intervention threshold for the more enthusiastic driver.

DYNAMIC MODE

By selecting Dynamic Mode the engine torque delivery characteristics are modified to sharpen accelerator pedal response. With the gearbox in Sport mode the auto upshift points are raised while in Sequential mode the gearbox will not auto upshift, with gear shifts becoming firmer and shorter. Steering assistance is also reduced for more steering 'feel'. Dynamic Mode also optimises the car's Adaptive Dynamic suspension settings to deliver a more involving driving experience.

RAIN/ICE/SNOW MODE

This mode moderates the responsiveness of the engine and optimises the gear change strategy to improve traction when road conditions are icy or adverse. When active, Rain/Ice/Snow mode selects second gear for pulling away on level ground. In these conditions and in this mode the vehicle increases driver confidence by reducing the effect of the road conditions on the vehicle behaviour.

CONFIGURABLE DYNAMICS SYSTEM WITH DYNAMIC-I DISPLAY

This system allows the driver to determine which characteristics are altered when Dynamic Mode is selected including engine responsiveness, steering, gear shift time and suspension settings (where Adaptive Dynamics is specified). The Dynamic-i display system allows the driver to display a range of performance information, including a stop watch with split times, brake and acceleration telemetry and a G-meter.

CRUISE CONTROL WITH AUTOMATIC SPEED LIMITER (ASL)

In tandem with cruise control, an Automatic Speed Limiter (ASL) allows the driver to select a maximum speed that should not be exceeded.

POWERTRAIN AND DRIVING DYNAMICS (CONTINUED)

ACTIVE SPORTS EXHAUST

This system features active valves which, when open, allow the exhaust gases to exit via a more direct route through the rear silencer, by-passing a number of the silencer baffle-plates to produce a richer, more exhilarating noise. The system also allows the driver to use a button on the centre console, (available as an option), to manually activate the bypass valves.

SPORTS SUSPENSION WITH ADAPTIVE DYNAMICS

This system features a series of sensors placed about the car which measure vertical body movement, body roll and pitch 100 times a second, and can individually adjust each damper to help maintain a constant and level attitude. The system also measures steering input 500 times a second and is therefore able to predict the body's roll rate, and adjust the corresponding dampers to reduce the rate of body roll. Similarly when the driver presses the brake or throttle pedals the system can predict the amount of pitch and can stiffen the front or rear dampers to reduce the amount of dive or squat accordingly. Benefits of the system include improved body control; improved 'pitching' behaviour; improved handling and agility as well as rapid detection and reaction to critical driving conditions and driver demands.

BRAKING SYSTEM

The F-TYPE's braking system has been optimised for each derivative to combine both performance and light weight, whilst delivering reassuring performance.

Performance Braking System

Front Disc Diameter – 354mm

Rear Disc Diameter – 325mm

High Performance Braking System

Front Disc Diameter – 380mm

Rear Disc Diameter – 325mm

Super Performance Braking System

Front Disc Diameter – 380mm

Rear Disc Diameter – 376mm

SAFETY AND SECURITY

PEDESTRIAN CONTACT SENSING SYSTEM™

Industry-leading system that senses an impact between a pedestrian and the front of the car, it instantaneously raises the bonnet through a small distance in a very controlled way, to help prevent the pedestrian from contacting hard points under the bonnet.

EXTERIOR FEATURES

ADAPTIVE FRONT LIGHTING

Sensors react to the car's speed and steering input, and the system can deflect headlamp beams casting light deeper into corners, giving added confidence at night. Intelligent high beam automatically maximises driver visibility. Cornering lights illuminate areas to the side of the car at low speeds when the indicators are in use, or at larger steering angles, for example when parking.

INTELLIGENT HIGH BEAM ASSIST

Intelligent High Beam Assist detects ambient light levels and oncoming traffic, switching automatically between high and dipped beams, when required.

BLIND SPOT MONITOR WITH CLOSING VEHICLE SENSING

Blind Spot Monitoring uses radar sensors to remotely cover areas that cannot be seen either directly or by mirror, and helps alert the driver of overtaking traffic with an amber warning icon in the external mirrors. Closing Vehicle Sensing extends the monitoring zone rearwards from the blind spot zone to a distance of approximately 60m, helping alert the driver of fast-approaching vehicles in adjacent lanes.

REVERSE TRAFFIC DETECTION

The Reverse Traffic Detection system assists when reversing the car out of a parking space. Sensors in the rear of the car help detect vehicles approaching from either direction.

REAR PARKING AID

Rear parking aid with Touch-screen visual indicator.

FRONT PARKING AID

Front parking aid with Touch-screen visual indicator.

REVERSE PARK CAMERA WITH GUIDANCE

Combines a rear-facing camera with the Touch-screen information, it features coloured distance guides and on-screen guidance lines that move according to steering wheel angle to indicate the area into which the car will reverse.

MULTIMEDIA

TOUCH-SCREEN¹

8 inch colour Touch-screen display that controls major functions including audio, climate control, Bluetooth® telephone connectivity, trip computer and navigation.

MEDIA HUB

The Media Hub allows various devices to be connected to the car, whether this is wirelessly via Bluetooth® or through the Front Media Interface for audio and video. Located in the centre console storage box, a docking panel includes a 3.5mm auxiliary jack plug socket, a 12-volt power supply, plus two USB connectors that allow connectivity with a wide range of USB devices. Full function control of iPod or MP3 is available through the Touch-screen menus.

SINGLE SLOT CD/DVD^{1,2}

Single slot CD/DVD which is capable of playing video and audio discs. File formats include Windows Media Audio (WMA), AAC and MP3.

MULTIMEDIA [CONTINUED]

BLUETOOTH® AUDIO STREAMING

A Bluetooth® equipped Jaguar, enables hands free use of your mobile phone at any time when the phone is in the car through the Touch-screen. Bluetooth® also provides the ability to stream audio content, and full function control enables easy track selection. Bluetooth® is compatible with many mobile phones from most manufacturers including Apple, BlackBerry® and HTC - ask your local Jaguar dealer or visit jaguar.co.uk for more details.

JAGUAR 180W SOUND SYSTEM

180W with AM/FM radio featuring single slot CD/DVD and MP3 compatibility. Controlled through the Touch-screen and Interactive Controls. Powered by a dedicated 8-channel amplifier featuring Audyssey MultEQ® audio equalisation and Dynamic Volume Control, that actively compensates for cabin noise. This amplifier powers 6 speakers.

MERIDIAN 380W SOUND SYSTEM

A powerful 12-channel DSP amplifier featuring Audyssey MultEQ® audio equalisation, and Dynamic Volume Control with 10 speakers. The system also employs Meridian Cabin Correction technology with advanced DSP to complement the acoustics of the vehicle, dramatically improving clarity and authenticity of sound.

MERIDIAN 770W SURROUND SOUND SYSTEM

A surround sound system, with either Dolby® Pro Logic® IIx or DTS neo 6, and Dynamic Volume Control with 12 speakers. In addition to Meridian Cabin Correction the system uses Meridian Trifield technology to deliver a perfect stereo sound to both vehicle occupants.

NAVIGATION SYSTEM WITH HDD MAPPING¹

HDD based system, providing faster access to data including, postcode entry, destination entry on the move (Europe only), voice guidance, voice control input, RDS and TMC (Traffic Messaging Channel)/Dynamic Route guidance, accessed through Touch-screen control system. The navigation system can be set to interact with the Virtual Instruments, on approach to a junction or turning navigation information will be displayed in the information dial in the Virtual Instruments.

TRAFFIC MESSAGE CHANNEL (TMC)

An application of the FM Radio Data System (RDS) used for broadcasting real-time traffic and weather information. Data messages are received and decoded by a TMC-equipped car radio or navigation system, and delivered to the driver in a variety of ways. The most common of these is a TMC-enabled navigation system that can offer dynamic route guidance, alerting the driver of a problem on the planned route and calculating an alternative route to avoid the incident.

¹The Navigation system must always be used in conditions that will not affect the driver's ability to drive safely or affect the safety of other road users.

²Different DVDs exist in different regions. Please consult your local Jaguar dealer for details of which countries are covered by the DVD supplied with your vehicle.

Please consult your local Jaguar dealer for details.

OWNERSHIP EXPERIENCE

Service, assurance, and peace of mind are all part of the pride of owning your F-TYPE.

THE JAGUAR ACCESSORY RANGE†

Enabling you to personalise your car, to create a driving experience that is even more individually rewarding. All Jaguar accessories are tested rigorously for safety and durability in the most arduous of climates and conditions. A comprehensive range of styling options, interior and exterior accessories, enabling you to tailor your F-TYPE to suit your personal style. The full range of Jaguar accessories is available to view on-line, please visit jaguar.co.uk for further information.

Any genuine Jaguar Accessories (excluding gift items and luggage from Jaguar Collection) supplied and fitted by a Jaguar dealer within one month or 1,000 miles/1,500km (whichever occurs first) of a new vehicle being put into service will benefit from the same warranty terms and duration as the Vehicle Warranty. Accessories purchased outside of this period will be subject to 12 months unlimited mileage warranty.

BECAUSE ONLY THE BEST WILL DO

An official Jaguar dealer or Approved Service Centre can ensure that Jaguar trained specialist technicians, with access to the full range of Jaguar approved parts and tools, will always be on hand to guarantee that every fitting, or repair, is carried out exactly the way Jaguar intended. Your Jaguar dealer or Approved Service Centre can also supply and fit Jaguar approved accessories to personalise and add to the practicality and style of your F-TYPE model.

SERVICE AND ASSURANCE*

Complete peace of mind including Competitively Priced Servicing, Seasonal Health Checks and Total Tyre Care to ensure that your Jaguar F-TYPE retains its premium condition, delivering optimal performance.

WARRANTY*

3 year warranty together with a 3 year Paint Surface Warranty and a 6 year Corrosion (Perforation) Warranty.

JAGUAR MAGAZINE

Jaguar Magazine is the official magazine of Jaguar Cars. It features the Jaguar XJ, XK, XF and new F-TYPE, and the worlds of luxury, style, design and travel. The fully interactive Jaguar Magazine iPad app takes the very best of the print edition of the Magazine and adds extra images, and exclusive information, allowing you to explore Jaguar's world in a whole new way.

JAGUAR.CO.UK

Jaguar's official interactive website contains the latest information on Jaguar models and pricing. It also features helpful tools such as a dealer locator and a new model configurator allowing you to see the car tailored to your specification and colour.

JAGUAR FINANCIAL SERVICES*

Whether your requirements are business or personal please contact your local Jaguar dealer to discuss a range of finance and insurance products that can be tailored to meet your needs.

*Terms and conditions apply. Please contact your local Jaguar dealer for more information.

†All Jaguar Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out so that Accessories are both durable and importantly, continue to comply with current legalisation.

IMPORTANT NOTICE

Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specification, nor does it constitute an offer for the sale of any particular vehicle. Distributors and dealers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

ENVIRONMENTAL INNOVATION AT JAGUAR

Jaguar is proud to continue the company's tradition with its approach to Environmental Innovation. From the choice of lightweight materials and lean production methods to the efficiency of its engines and designs, Jaguar is committed to operating as a more sustainable business and reducing its overall environmental impact.

Jaguar's flagship XJ model was the first in the company to achieve ISO 14040, the international standard for vehicle 'whole life cycle' assessment. This certification measures the environmental impact of XJ from component material sourcing and manufacturing process, through its driven life time, to final disposal. But that's not all. Every new Jaguar vehicle is designed to be 85% recyclable and reusable, in addition 95% recoverable and reusable with 10% potentially for energy generation.

The XJ, F-TYPE and XK's innovative use of lightweight aluminium, which incorporates up to 50% recycled material from the manufacturing process in the body structure, provides considerable performance benefits. This includes improved fuel consumption, and less CO₂ emissions as well as the dynamic performance inherent in its weight saving design.

Jaguar is committed to reducing dependency on fossil fuels, using fewer resources and creating less waste. Already the manufacturing assembly CO₂ emissions of each Jaguar built in the UK since 2009 is offset. For every tonne of CO₂ emitted in the assembly process, Jaguar invests in carbon reduction projects that reduce an equivalent tonne of CO₂ elsewhere.

Offsetting allows Jaguar to take action now, to reduce its impact on the environment, as part of an integrated carbon management plan. The company plan includes targets to reduce operating CO₂ emissions and waste to landfill by 25% by March 2013 and European fleet average tailpipe CO₂ emissions by 25% by 2015. All targets are based on 2007 levels.

But it doesn't stop there. We have been awarded Platinum status in the Corporate Responsibility Index 2012 from the UK's Business in the Community, in recognition of our 360 degree approach to sustainable development.

That's Environmental Innovation at Jaguar.
