SPECIFICATION AND PRICE GUIDE

## SEDUCTIVE DESIGN

Power, style and uncompromised luxury, XK is the grand tourer that makes every journey unforgettable.

Its contemporary fusion of dramatic sweeping curves with low-riding profile epitomises Jaguar's reputation for stunning and seductive design. XK delivers breathtaking performance and unparalleled comfort plus the versatility of a 2 + 2 seating configuration. Advanced automotive technology gives exhilarating handling, while the hand-crafted cabin and seats ensure absolute comfort. XK is designed and engineered in two distinct bodystyles, Coupé and Convertible. Both are built in aluminium for strength and rigidity.

The following pages provide details and specifications for the XK range. In-depth descriptions of key features and available options are designed to give you all the information you require to create the XK that's just right for you. Please use this guide in conjunction with the XK main brochure's colour and trim sections for illustrations of colour and materials available.

Alternatively, you may prefer to use the XK configurator at [jaguar.co.uk](http://jaguar.co.uk) to specify and price your new car.

Locking wheel nuts		C2C9198	£87.00	

1. SNOW SOCK WINTER TRACTION AID 2. SNOW TRACTION SYSTEM 3. CHILD SAFETY 4. ALL-WEATHER CAR COVER

## GLOSSARY

### POWERTRAIN AND DRIVING DYNAMICS

#### JAGUAR SEQUENTIAL SHIFT™

Provides the choice of Drive, Sport Automatic or Manual gearshift modes, with one touch paddles mounted behind the steering wheel to control gear changes up and down manually.

#### JAGUARDRIVE CONTROL™

Interacts with the DSC (Dynamic Stability Control) engine and transmission management systems to change the characteristics of engine mapping, transmission shifts and brake interventions. It offers different modes selectable by a button and is designed to optimise the vehicle response depending on driving conditions and style.

#### WINTER MODE

Softens the responsiveness of the engine and modifies the gear change strategy to improve traction in icy or slippery conditions. The vehicle performs in a more gentle and controlled manner, allowing more confident progress. When active, winter mode selects 2nd gear for pulling away on level ground (no incline).

#### DYNAMIC MODE

Designed to optimise vehicle systems to deliver a more involving driving experience. When dynamic mode is selected, Trac DSC is automatically engaged, and engine torque delivery characteristics and gear shift points are modified to further improve responsiveness. When selected while the transmission is in full manual mode, transmission up-shifts are fully controlled by the driver, with no automatic up-shift when the rev limit is reached.

#### ADAPTIVE DYNAMICS

Designed to provide the optimum balance between low speed ride comfort and high speed handling precision, analysing body movement, steering and road wheel inputs up to 500 times a second and continuously adjusting the suspension settings through electronically controlled dampers.

#### DYNAMIC STABILITY CONTROL (DSC) WITH TRAC DSC MODE

Intervenes in demanding driving situations by applying braking to individual wheels and reducing engine torque.

#### ACTIVE DIFFERENTIAL

An electronically controlled, active differential with handling functionality that limits the slip between the rear wheels to improve traction and stability in different driving conditions, working in harmony with the traction, ABS and DSC systems.

#### PERFORMANCE ACTIVE EXHAUST WITH QUAD TAILPIPES

A unique performance tuning gives a distinctive aural signature

#### JAGUAR PERFORMANCE BRAKING SYSTEM

Single piston sliding and part aluminium calipers with single piston sliding rear calipers. Internally vented discs, 355mm front, 326mm rear.

#### JAGUAR HIGH PERFORMING BRAKING SYSTEM

Twin piston sliding and lightweight aluminium calipers with single piston sliding rear calipers. Internally vented discs, 380mm front, 376mm rear.

### SAFETY AND SECURITY

#### ROLL-OVER PROTECTION SYSTEM

Two automatically deployable hoops which are designed to activate in a roll-over event (Convertible only).

#### VALET MODE

When Valet mode is enabled, the vehicle can be parked by a parking attendant who can lock the vehicle, but cannot open the luggage or glove compartments. Valet mode can be enabled and disabled through a secure function in the Touch-screen.

### EXTERIOR FEATURES

#### ADAPTIVE FRONT LIGHTING WITH DYNAMIC PIVOTING HEADLAMPS AND INTEGRATED CORNERING LIGHTS

Sensors react to the car's speed and steering input, and the system can deflect headlamp beams by up to 15 degrees casting light deeper into corners, and giving added confidence at night.

### INTERIOR FEATURES

#### AUTOMATIC AIR-RECIRCULATION WITH 5 SETTINGS

Automatic cabin recirculation triggered by external odour sensor with 5 sensitivity settings.

#### JAGUAR SMART KEY SYSTEM™ WITH KEYLESS START AND ENTRY

With the Jaguar Smart Key in your pocket or bag, the car automatically unlocks as you pull the door handle. Simply push the ignition button to start the engine. Upon leaving, press a button on the door handle to lock the car or use the Jaguar Smart Key.

### INTERIOR THEMES

#### SPORT INTERIOR - XK

Sport Interior with Bond grain leather interior, Sport seat, 10x10 way driver's and passenger's electric adjustment including fore/aft, recline, height, 2-way lumbar support and memory function. Variable heated. Morzine headlining. Carpet mats.

#### LUXURY INTERIOR - XK PORTFOLIO/XKR

Luxury Interior, soft grain leather interior, Luxury seats in soft grain leather with contrast stitch, 16x16 way driver's and passenger's electric adjustment, variable manual headrest, includes 4-way power lumbar, driver and passenger memory, front cushion length adjust, variable bolster and perforated (front and rear). Variable heated and cooled. Soft grain contrast stitch leather to steering wheel, doors, rear side panels, instrument panel and centre console with twin stitch detail. Suedecloth premium headlining. Nubuck edged premium carpet mat set with Jaguar script and logo. Heated leather steering wheel. Bowers & Wilkins 525W surround sound system.

#### PERFORMANCE INTERIOR - XK PORTFOLIO/XKR

Nubuck edged premium carpet mat set with Jaguar script and logo. Heated leather steering wheel. Bowers & Wilkins 525W surround sound system.

### MULTIMEDIA

#### WINDOWS MEDIA AUDIO (WMA) AND MP3 COMPATIBILITY

Enables the CD player to play CDs which contain WMA and MP3 files.

#### NAVIGATION SYSTEM

7 inch Touch-screen display with DVD mapping, postcode entry, destination entry on the move and TMC (Traffic Messaging Channel).

#### TRAFFIC MESSAGE CHANNEL (TMC)

A specific application of the FM Radio Data System (RDS) used for broadcasting real-time traffic and weather information. Data messages are received silently and decoded by a TMC-equipped car radio or navigation system, and delivered to the driver in a variety of ways. The most common of these is a TMC-enabled navigation system that can offer dynamic route guidance, alerting the driver of a problem on the planned route and calculating an alternative route to avoid the incident.

#### JAGUAR PREMIUM AUDIO SYSTEM - 525W WITH SINGLE SLOT CD/DVD

As Jaguar audio system with 120W per channel (525W total power output) low-distortion Dolby® Pro Logic® II Surround Sound, 3 channel stereo, power amplifier and 8 speakers.

#### BOWERS & WILKINS 525W SURROUND SOUND SYSTEM

Featuring a unique multichannel amplifier with Dolby® Pro Logic® II surround sound, 3 channel stereo, and specially-designed Bowers & Wilkins loudspeaker components, including high-output, low-distortion Kevlar® speakers and extended high-frequency aluminium dome tweeters.

## OWNERSHIP EXPERIENCE

Service, assurance, and peace of mind are all part of the pride of owning your XK.

### THE JAGUAR ACCESSORY RANGE†

Enabling you to personalise your car, to create a driving experience that is even more individually rewarding. All Jaguar accessories are tested rigorously for safety and durability in the most arduous of climates and conditions. A comprehensive range of styling options, interior and exterior accessories, enabling you to tailor your XK to suit your personal style. The full range of Jaguar accessories is available to view on-line, please visit [jaguar.com](http://jaguar.com) for further information.

Any genuine Jaguar Accessories (excluding gift items and luggage from Jaguar Collection) supplied and fitted by a Jaguar dealer within one month or 1,500km/1,000 miles (whichever occurs first) of a new vehicle being put into service will benefit from the same warranty terms and duration as the Vehicle Warranty. Accessories purchased outside of this period will be subject to 12 month unlimited mileage warranty.

### BECAUSE ONLY THE BEST WILL DO

An official Jaguar dealer or Approved Service Centre can ensure that Jaguar trained, specialist technicians, with access to the full range of Jaguar approved parts and tools, will always be on hand to guarantee that every fitting, or repair, is carried out exactly the way Jaguar intended. Your Jaguar dealer or Approved Service Centre can also supply and fit Jaguar approved accessories to personalise and add to the practicality and style of your XK model.

### SERVICE AND ASSURANCE\*

Complete peace of mind including Competitively Priced Servicing, Seasonal Health Checks and Total Tyre Care to ensure that your Jaguar XK retains its premium condition, delivering optimal performance.

### WARRANTY\*

3 year warranty together with a 3 year Paint Surface Warranty and a 6 year Corrosion (Perforation) Warranty.

### JAGUAR MAGAZINE

Jaguar Magazine is the official magazine of Jaguar Cars. It features the new Jaguar XJ, XK, XF and new F-TYPE, and the worlds of luxury, style, design and travel. The fully interactive Jaguar Magazine iPad app takes the very best of the print edition of the Magazine and adds extra images, and exclusive information, allowing you to explore Jaguar's world in a whole new way.

### JAGUAR.CO.UK

Jaguar's official interactive website contains the latest information on Jaguar models and pricing. It also features helpful tools such as a dealer locator and a new model configurator allowing you to see the car tailored to your specification and colour.

### JAGUAR FINANCIAL SERVICES\*

Whether your requirements are business or personal please contact your local Jaguar dealer to discuss a range of finance and insurance products that can be tailored to meet your needs.

\*Terms and conditions apply. Please contact your local Jaguar dealer for more information.

†All Jaguar Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out so that Accessories are both durable and importantly, continue to comply with current legalisation.

### IMPORTANT NOTICE

Jaguar Cars Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and dealers are not agents of Jaguar Cars Limited by any express or implied undertaking or representation. Illustrations in this brochure may include optional extras.

Comparisons are based on manufacturer's own data and testing.

### ENVIRONMENTAL INNOVATION AT JAGUAR

Jaguar is proud to continue the company's tradition with its approach to Environmental Innovation. From the choice of lightweight materials and lean production methods to the efficiency of its engines and designs, Jaguar is committed to operating as a more sustainable business and reducing its overall environmental impact.

Jaguar's flagship XJ model was the first in the company to achieve ISO 14040, the international standard for vehicle 'whole life cycle' assessment. This certification measures the environmental impact of XJ from component material sourcing and manufacturing process, through its driven life time, to final disposal. But that's not all. Every new Jaguar vehicle is designed to be 85% recyclable and reusable, in addition to 95% recoverable and reusable with 10% for energy generation.

The XJ, F-TYPE and XK's innovative use of lightweight aluminium, which incorporates up to 50% recycled material from the manufacturing process of the body structures, provides considerable performance benefits. This includes improved fuel consumption and less CO<sub>2</sub> emissions associated with lighter structures as well as the dynamic performance inherent in its weight saving design.

Jaguar is committed to reducing dependency on fossil fuels, using fewer resources and creating less waste. Already the manufacturing assembly CO<sub>2</sub> emissions of each Jaguar built in the UK since 2009 is offset. For every tonne of CO<sub>2</sub> emitted in the assembly process, Jaguar invests in carbon reduction projects that reduce an equivalent tonne of CO<sub>2</sub> elsewhere. Offsetting allows Jaguar to take action now, to reduce its impact on the environment, as part of an integrated carbon management plan. This company plan includes targets to reduce operating CO<sub>2</sub> emissions and waste to landfill by 25% by 2012, water consumption by 10% by 2012 and fleet average tailpipe CO<sub>2</sub> emissions by 25% by 2015, based on 2007 levels.

But it doesn't stop there. World class manufacturing facilities certified to ISO 14001 since 1998, transport miles have been cut from delivery routes and new ways are being introduced to produce energy from food waste at our Gaydon site in the UK.
