

Mazda6

zoom-zoom

## *LEAVE ORDINARY BEHIND*

Go your own way with the sensational all-new Mazda6. Inspired by our latest 'Kodo – Soul of Motion' design theme, its athletic coupe-inspired profile, powerful contours and 19" alloy wheels catch the eye and hint at the rewarding drive to come. Beauty is complemented by intelligence in the form of SKYACTIV Technology. Embracing engines, transmissions, chassis and body, it's an approach that completely reimagines the car from the ground up. Our latest engines combine a more responsive driving experience with outstanding fuel economy and emissions. It's also our first car to feature i-ELOOP, an ingenious system that converts kinetic energy to electricity when the engine brakes, reducing engine load and further increasing efficiency.

## *ENJOY EXTRAORDINARY*

The extraordinary qualities of the all-new Mazda6 continue inside. Featuring driver-orientated controls, spacious interior and intelligent features, like the smart keyless entry system and engine start / stop button. Superior quality, premium materials, soft-touch surfaces and meticulous attention to detail flow throughout the cabin. There's even an intuitive Multimedia Commander that puts operation of the audio, navigation, phone and vehicle settings all at your fingertips, displayed on the integrated 5.8" colour touch screen. You'll never look at luxury saloons in the same way again.

## *A SPORTS CAR WITH FAMILY APPEAL*

The sporty all-new Mazda6 Tourer and Saloon models feature generously-proportioned interiors that are big on space and style. Settle into the cockpit and the soft-touch surfaces, premium-quality finishes and satin-chrome detailing create the expectation of something special. Sports-style seats provide outstanding comfort and support for five passengers. Steering wheel mounted controls fall perfectly to hand. The driver's seat has six-way adjustment as standard, while the steering wheel can be adjusted for height and reach, so you can always find the position that's right for you. Versatile 60 / 40 split rear seats on saloon and Tourer models with near class-leading boot space, while the Tourer models also benefit from a Karakuri tonneau cover adding a fresh dimension to the all-new Mazda6's appeal.

Main image shows Light Stone leather trim available at additional cost. Small image shows Black leather trim, both available on Sport models only. Image may not be to UK specification.

## AS EXCITING TO DRIVE AS IT IS TO THE EYE

Mazda's sports car heritage has always been portrayed in its models and this has never been more apparent than with the all-new Mazda6. Its SKYACTIV Technology petrol and diesel engines and quick-shifting transmissions continue to deliver a fun driving experience, outstanding fuel economy and emissions.

Control and handling are fast and precise, courtesy of independent suspension and speed-sensitive steering. Powerful brakes and our latest safety technologies work together seamlessly to further increase your driving confidence. However you look at it, you'll get the power and efficiency you demand. And the pure Zoom-Zoom enjoyment you deserve.

All-new Mazda6 will be available in either Saloon or Tourer bodystyles

**SPIRITED INNOVATION**

Innovation is at the heart of all Mazda cars; we challenge convention to ensure exclusivity and driving pleasure are standard throughout our range. The Mazda6 is no exception featuring unrivalled levels of technology, including the satellite navigation system with sophisticated TomTom technologies. Voice control, to Live Services\*\* that updates every two minutes and Local Search with Google® ensure your journey is clear, so you can sit back and enjoy the drive. Advanced lane guidance ensures you never miss a turn, while dual-zone climate control air-conditioning keeps you cool in all situations. Thanks to the Bluetooth®+ handsfree system that automatically downloads all your phone contacts, you'll never miss a call; now that's spirited innovation.
