IN SYNC WITH THE CITY

At nissan, we've always designed our cars around you. The new MICRA is no exception.

Put simply, it helps you get from A to B, well simply.

Simply be on time...simply know which way to turn...simply check the exact size of that space before you try to reverse in...simply feel more comfortable and confident, wherever you're driving.

New MICRA knows all the best shortcuts and is packed full of friendly innovations to make all your trips around town easier than ever.

Why complicate life when you can simplify it with MICRA?

Welcome to simplicity

The new NISSAN MICRA.

ZIP AROUND IN COMFORT

INSTINCTIVELY AGILE. Lighter and more agile than ever, new MICRA gets you there and back again quickly and comfortably. Smoother navigation (courtesy of Nissan Connect), a new shape and a spacious interior all combine to provide you with everything you need for enjoyable, hassle-free driving. We've even squeezed in Parking Slot Measurement to help take the stress out of parking, and a class leading turning circle that'll help you get out of the tightest spots.

PARK WITHOUT PAIN

TAILORED TO FIT. Micra's Parking System takes the pain out of parking, by letting you know if there's enough space in advance:

- Simply turn on Parking Slot Measurement.
- Drive up to a parking space.
- Indicate whether you wish to park on the left or right side.
- After a few clever calculations, if the Micra says "Ok", back in using your rear parking sensors.
- "Not Advised?" Don't worry, let's find you a better fit.

EXPLORE SPACE

SPACE IS PRECIOUS. Compact on the outside, new MICRA has space aplenty on the inside, with an airy, comfortable cabin, featuring all the interior room of a larger car. And if you've got shopping or luggage with you, new MICRA's boot space is more than capable of fitting it all in - it's even bigger with the rear seats folded flat. With class-leading refinement and glass roof for a better view, travelling in space has never been so relaxing!

NISSAN GENUINE SYSTEM

BE BETTER CONNECTED

BORN TO BE STREETWISE.

With new MICRA, it's all about making the right connections - especially when it comes to having music, satellite navigation and your mobile phone all at your fingertips. That's where the incredible Nissan Connect comes in. Nissan Connect makes everything a doddle, putting you firmly in control.

BIG SCREEN 3D/2D MAPPING. Complete with touch screen, auto-zoom and voice guidance, your Nissan Connect ensures you arrive at your destination with ease.

ENJOY YOUR IPOD, IPHONE OR PLAY YOUR FAVOURITE CD.*

Listen to traffic reports, or take that important call hands-free via Bluetooth® - safe in the knowledge that all the while Nissan Connect's navigation system is guiding you smoothly to your destination.

* Also compatible with MP3 players and USB sticks. iPod and iPhone are a trademark of Apple, Inc. registered in US and other countries.

FROM THE LEATHER STEERING WHEEL: with audio controls and insulated dashboard, to cruise control and climate control, every last detail of new MICRA has been thoughtfully designed to increase your comfort.

THE MULTI-FUNCTIONAL DISPLAY: shows fuel consumption, driving range, the outside temperature and your parking slot measurements. Not only that, it also reminds you to turn your lights off and you can programme personal messages to make your passengers smile - when was the last time your car said 'Hello' or 'Happy Birthday'?

THOUGHTFUL LITTLE TOUCHES

LET THE HEAT RISE. If it's warmth you're after, switch on the heated seats and raise the temperature - your very own MICRA-climate is at your fingertips.

ENJOY THE UNEXPECTED PLEASURE OF THE AUTOMATIC CLIMATE CONTROL SYSTEM. Situated just below Nissan Connect and the matrix display of driving info behind the steering wheel.

ECONOMIC. ENERGETIC. The new Nissan MICRA has less of an impact on both the environment and your wallet or purse. MICRA's compact, lightweight 1.2 DIG-S 98PS engine with super-charge technology achieves upto 68.9 mpg (combined cycle) and produces sub 100g/km (figures based on manual transmission).

Offering the eco performance of a Diesel engine without the price tag, this low-friction 3 cylinder petrol engine not only improves fuel consumption, but driving pleasure too. It's as quiet and refined as a 4 cylinder and thanks to the super-charger addition, it's a whole lot more responsive too, accelerating from 0-62mph in 11.3 seconds.

And there's more: the new Start/Stop system stops the engine at idle speed to save on energy and emissions (at traffic lights, for example) and takes off smoothly again as soon as you lift the brake (in the CVT version) or disengage the clutch (with manual transmission).

With Micra's Pure Drive DIG-S, you can make a new start!

SHORT TURN AROUND

INGENIOUSLY DESIGNED

MICRA drivers have always moved in the right circles - and drivers of the new MICRA will be no exception. It features the smallest turning circle in its class, helping you get out of the tightest spots with ease. Like to see what's up ahead? New MICRA affords you a clear view downwards over the bonnet and headlights, and a wide-screen view of the whole road.

6 airbags
ABS ESP
5 HEADRESTS.

BIG ON SAFETY

MAKE THE STREET A SAFER PLACE TO BE. New MICRA is designed - inside and out - with the safety of you and your passengers in mind. Lightness and strength are key attributes. Its lighter engine and roof design reduces fuel consumption, but also improves handling.

EQUIPPED TO THE MAX FOR UNFORESEEN CIRCUMSTANCES. The latest ESP safety system including ABS and other brake-control features, plus 6 airbags and 5 head restraints are standard on all models. Cruise control and Speed Limiter help you maintain a stable speed in comfort.

6 AIRBAGS. Front, side and curtain airbags offer maximum protection to all passengers. Simply flick the switch inside the glove compartment to turn the front and side passenger airbags off so that you can install your baby seat.

ABS. The Anti-Lock Brake System limits wheel lock up to maintain control and stability.

ESP. The latest generation Electronic Stability Program controls brake pressure to individual wheels and reduces engine torque to help keep you steady.

5 HEAD RESTRAINTS. All seats are fully equipped with head restraints for optimum comfort and safety.

For full technical specification information please refer to the Technical Specification document

CLEVER IDEAS

MIGHTY CLEVER WHEN IT COMES TO MAKING LIFE EASIER. MICRA's thoughtful technology, helpful solutions and clever design all combine to make driving a whole lot simpler - and a lot more enjoyable.

LOADED WITH INGENUOUS STORAGE SPACE. You won't have to hunt for your phone, broly, spare change, favourite sweets, or whatever else you like to have on hand. And if you need even more space for bulky items - you can always fold down the rear seats to create an enormous fully flat floor.

1 MORE BREADTH.
Fold down the seats for a bigger boot space.

2 MORE DEPTH.
Fold away the seats for a large flat floor.

3 MORE LENGTH.
Fold down one seat for longer loads.

Nissan's commitment to you includes all of the following benefits – some of which may be the reasons why you chose your new Nissan in the first place:

Three-year/60,000 miles manufacturer's warranty – Nissan's comprehensive warranty provides cover for your new Nissan from defects in materials or workmanship. Your vehicle is covered in all European Countries where Authorised Nissan Dealers are located. If your vehicle becomes inoperative due to a warrantable defect a towing service, when necessary, to the Authorised Nissan Dealer is covered. If a warrantable defect abroad takes more than six hours to repair, the Touring Assistance Programme will pay for a hotel room or rental car up to a certain maximum. The paint warranty covers painted body parts (excluding the underbody) for three years regardless of mileage driven. For further details please contact your local Authorised Nissan Dealer.

NV200 Combi - New Vehicle Warranty is issued by Nissan International SA is valid for 3 years from the warranty start date or 60,000 miles, whichever comes first. In addition, for each new NV200 Combi sold by an authorised UK Nissan dealer, Nissan Motor (GB) Limited (NMGB) will issue an extension to the New Vehicle Warranty. This warranty extension will cover your vehicle from 60,000 miles up to 100,000 miles or 3 years from the warranty start date, whichever comes first. Please note that audio and navigation units will not be covered by the warranty extension.
