

CRUZE

CHEVROLET

FIND NEW ROADS*

**WHY JUST GO
FROM A TO B**

WHEN IMAGINATION CAN TAKE YOU EVERYWHERE.

The road. A simple path, really. And yet it's come to mean so much more. Perhaps the real reason roads are special is that each one leads us to some place we're not — but could be. At Chevrolet, roads are our springboards. They challenge us, taunt us and guide us to create better, more exciting, more ingenious ways to move through life. Roads drive us to places we've never been before. And we'll never stop seeking out new ones.

AND WHAT BETTER WAY TO FIND NEW ROADS THAN IN A CHEVROLET CRUZE?

Choose the body style that best fits your needs:

- If you're looking for a vehicle that's spectacularly designed, spacious and dynamically engineered, then the sporty 5-door hatchback Cruze is made for you.
- The Cruze Station Wagon is perfect for families with

active lifestyles. It offers space and safety your family can rely on.

- The Cruze Saloon is elegant and comfortable with superb driving characteristics, and designed to get you around in style.

DESIGN THAT DRIVES BEAUTIFULLY. The Chevrolet Cruze is just as efficient for an everyday drive as it is for attracting admiring glances. The exterior has a confident posture emphasised by a dynamic angular fascia, a powerful concave shoulder line, and a bold front grille that frames our iconic bowtie logo. The swept-back lamps lead the eye across sculpted fenders to accentuate the car's clean athletic look.

And the LTZ trim now comes with integrated turn signals in the side mirrors that improve Cruze's overall striking appearance.

COME INSIDE AND FEEL AT HOME. Cruze packs comfort, space, utility, and efficiency into a stylish compact frame. The dual-cockpit design provides a sporty up-scale appearance, also provided by the chrome surround finish around the buttons and interfaces and the three-ringed instrument

cluster, in the LTZ trim. The integrated centre stack flows seamlessly from the dashboard to the centre console and houses the infotainment display, radio and air conditioning controls. The interior seats with their high-end upholstery are tailored to be extremely comfortable.

Overall roominess is very generous in the Cruze, with plenty of head and legroom, and smart storage options. Plus Cruze's 60/40 folding rear seats mean the cargo area can be configured to best suit your cargo-carrying needs.

GET SURPRISED UNDER THE BONNET. Get ready for impressive performance that takes you further for less. Cruze offers a wide range of engines from 1.4L petrol to 2.0L diesel. The 1.4L turbo-charged petrol engine, now available with 6-speed automatic transmission, delivers a performance comparable to engines of a larger displacement, while requiring less fuel and producing a smaller carbon footprint. The

1.7L diesel engine is now also available with 110hp, making Cruze even more efficient, requiring just 76.2mpg. It's equipped with Chevrolet Stop/Start technology which improves fuel economy and reduces CO₂ emissions to 99g/km Saloon. So get ready to power your adventure forward.

* IMPORTANT NOTE: Purchasing cost for Apps and/or internet traffic data/roaming cost may occur. For further information visit Apps web page and/or the web page of the relevant mobile operator.

** Depending on the model of your mobile phone.

GET CONNECTED. The Cruze LTZ trim now comes equipped with Chevrolet MyLink – a connected radio system that features a 7inch colour touch-screen and that enables you to:

- Listen to the music stored on your compatible smartphone and online content via Stitcher internet radio*
- Select music tracks from a USB connected device or

the embedded CD player

- View pictures stored on a connected device when you're parked**
- Park easily, identifying rear obstacles captured from the rear camera and projected on the monitor.

Chevrolet MyLink also features Voice Recognition, allowing you to speak short commands to take and

make hands-free phone calls, send messages, control key features of the infotainment system and insert your desired destination in the embedded navigation system.

DRIVEN BY OUTSTANDING SAFETY. Cruze can be equipped with the most state-of-the-art safety features. Like the Side Blind Zone Alert* that helps you detect a vehicle when it's in the blind spot of the side mirror, increasing your 'eye-sight' and helping you drive more safely. On top it has 6 airbags, and the Stabilitrak® Electronic Stability Control System, as well as the proven McPherson suspension design,

that contribute to the vehicle's overall balanced ride and responsive handling. For extra child security, ISOFIX® is available for both outer rear seats. So you can all sit back, relax and enjoy every trip.

*Side Blind Zone Alert is a factory order option on LTZ trim only.

CHEVROLET OWNER PRIVILEGES

Every Chevrolet comes with a comprehensive warranty and commitment from us to you:

- 3 years or 60,000 miles comprehensive warranty FREE
- Optional Fixed Price Servicing plans available at extra cost
- 6 year anti-perforation corrosion warranty with no mileage restrictions FREE

EXTENDED VEHICLE WARRANTY

EXTENDED WARRANTY: For complete peace of mind Chevrolet offers an extended warranty that can be purchased on an annual basis following the expiry of the original new car warranty. It covers most mechanical and electrical components. Terms and conditions apply. For further details please contact your local Chevrolet Dealer.

Front cover image: Chevrolet Cruze LTZ model varies from UK specification.

The information contained in this brochure was accurate at the time of going to press. Chevrolet UK is constantly seeking ways to improve the specification, design and production of its vehicles and accessories, and alterations take place continually. Whilst every effort is made to produce up-to-date literature, this market brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for sale of any particular vehicle and accessories. Illustrated optional equipment is available at extra charge. Availability, technical features and equipment provided on our vehicles can vary from one market to another and may change without prior notice. Owing to the print limitations of reproducing paint colours on paper, the colours shown here can only be taken as a general guide to the range of colours available. Information on recycling design, recycling End of Life Vehicles (ELV) and the return locations of ELVs can be found on the website Chevrolet.co.uk
