

SPARK

FIND **NEW** ROADS

**WHY JUST GO
FROM A TO B**

A photograph of a city street scene. On the left, a sidewalk leads to a historic, multi-story building with ornate architectural details, including arched windows and balconies. Green trees line the street, and a black metal fence runs along the sidewalk. The scene is captured in bright daylight.

WHEN IMAGINATION CAN TAKE YOU EVERYWHERE.

The road. A simple path, really. And yet it's come to mean so much more. Perhaps the real reason roads are special is that each one leads us to some place we're not – but could be. At Chevrolet, roads are our springboards. They challenge us, taunt us and guide us to create better, more exciting, more ingenious ways to move through life. Roads drive us to places we've never been before. And we'll never stop seeking out new ones.

FITS YOUR WORLD PERFECTLY. The Chevrolet Spark represents the flair to live out loud and go further. This unique 5-door city car is both practical and versatile. It's fun to drive: nippy and nimble around town, yet comfortable and smooth on the open road, making it ideal for

the urban environment. The Spark really stands out, thanks to its expressive design and stylish features. It's the perfect car, with low running and maintenance costs, for young, vibrant people who have that spirited, enthusiastic view of life.

FITS YOUR FUN-LOVING COLOURFUL PERSONALITY.

Ask any owner what Spark is like to drive and the grin on their face will tell you all you need to know. Take it for a test drive and you'll really be inspired by the freedom and confidence you

experience when driving the Spark. Whichever way you look at it, the Spark isn't just your average city car. Spark comes in a wide range of vibrant colours, including four new options, to compliment its funky exterior design.

It's an inspirational city car that refuses to follow the beaten track - a car that creates a whole new path for itself and is really fun to drive - sprightly and manoeuvrable, perfect for urban living.

FITS YOUR STYLE. The Spark shows its uniqueness in the amazing exterior details – such as the integrated rear door handles, sculpted headlights, stylishly designed radiator grille, headlamp covers and fog lamps, and streamlined bumpers.

Plus it has an impressive rear fascia, large integrated rear spoiler, charming tail lamps and the striking raised wheel arches, which do far more than just give the car a sporty, assertive

stance. They also help improve the aerodynamics, increasing fuel efficiency, with great economy. With Spark's strikingly expressive design, looking stylish has never been so easy .

FITS YOUR LIFESTYLE. The Spark offers an amazing amount of space for a mini car. Five comfortable seats for you and your friends. When it comes to loading the weekly shopping, the Spark's five doors allow easy access. Its generous interior boasts an impressively flexible

60/40 split-fold seating arrangement, and with 873 litres of luggage space (VDA) when the seats are folded. The car's interior also offers a host of other little luxuries like the height-adjustable driver's seat being one such example.

FITS YOUR TASTE. It's often the smallest details that make something so special: simple ideas that add value to the cabin, and help to make the best use of space; innovative solutions such as the

unique centre console with an integrated audio system, including CD player and AUX-IN, USB ports for your iPod®/MP3 players, plus Bluetooth® connectivity so you can make and take phone

calls safely. Original details, like the interior seats with their fabric centres and leatherette sides on top-level versions, and the selection of trim and body colours that perfectly reflect your taste.

FITS YOUR SAFETY REQUIREMENTS. With 4 stars Euro NCAP Spark is one of the safest cars in its class thanks to:

- 4 independent crumple zones;
- 6 airbags, standard on all trims to protect its occupants from every direction;
- Advanced steel construction;
- Anti-lock Braking System (ABS) with Electronic Brake force Distribution (EBD);

- Standard ISOFIX® child seat fixings on the outer rear two seats;
- Electronic Stability Control (ESC) that comes with Traction Control System (TCS), Hydraulic Brake Assist System (HBA) and Active Rollover Protection (ARP)

All in all, the additional safety features in the Spark, apart from making driving such a pleasure, ensure confidence and trust in the vehicle.

FITS YOUR NEEDS. Whatever your interest, the Spark understands your world like no other. The Spark is created for individuals who go their

own way – for people like you who stand apart from the crowd and do their own thing. For that very reason, the Spark offers you a

whole host of extra products to help you enjoy your leisure moments. It's time to accessorise.

EXTENDED WARRANTY: For complete peace of mind Chevrolet offers an extended warranty that can be purchased on an annual basis following the expiry of the original new car warranty. It covers most mechanical and electrical components. Terms and conditions apply. For further details please contact your local Chevrolet retailer.

IMPORTANT NOTICE: The information contained in this brochure was accurate at the time of going to print. Chevrolet UK is constantly seeking ways to improve the specification, design and production of its vehicles and accessories, and alterations take place continually. Whilst every effort is made to produce up-to-date literature, this market brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for sale of any particular vehicle and accessories. Illustrated optional equipment is available at extra charge. Availability, technical features and equipment provided on our vehicles can vary from one market to another and may change without prior notice. Owing to the print limitations of reproducing paint colours on paper, the colours shown here can only be taken as a general guide to the range of colours available. Information on recycling design, recycling End of Life Vehicles (ELV) and the return locations of ELVs can be found on the website www.chevrolet.co.uk
