

DEFENDER

INDUSTRIAL VEHICLE

ABOVE AND BEYOND

Land Rover Approved Vehicle Modifier Product

Land Rover's Approved Vehicle Modifier (AVM) industrial range is ideal for many construction and maintenance tasks. These modified vehicles are based on the Defender 110 and 130 platforms and retain the legendary characteristics of Land Rover.

With a proven track record in the worlds of oil production, power and construction, these specialist vehicles can be manufactured to bespoke requirements, and configured to suit a wide range of equipment and storage needs, as well as delivering the most capable of drives across challenging of terrain and adverse weather conditions.

Fire extinguishers, first aid and vehicle recovery kits are fitted as standard and enhanced lighting can be incorporated throughout. The standard fit-outs and options can be combined to meet many specific customer needs. Bespoke requirements can also be accommodated.

All conversion vehicles meet Land Rover's stringent quality guidelines and engineering criteria through rigorous audits of design, engineering standards and manufacturing. AVM vehicles are backed by a Land Rover warranty on the vehicle and AVM warranty on the modification and conversion, which mirrors the provisions within the vehicle warranty.

Defender Industrial Vehicle features and benefits

Industrial Vehicle features:
