BLUE SKIES FOR OUR CHILDREN

These specification details do not apply to any particular product which is supplied or offered for sale. The manufacturers reserve the right to vary their specifications, including colours, with or without notice and at such times in such manner as they think fit. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. This publication shall not constitute in any circumstances whatsoever an offer by the Company to any person. All sales are made by the Distributor or Dealer concerned subject to and with the benefit of the standard Conditions of Sale and Warranty given by the Distributor or Dealer, copies of which may be obtained from them on request. This publicity material applies to the UK only Trade Descriptions Act (1968). Whilst efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specification details with the supplying Dealer especially if your model selection is dependent upon one of the features advertised.

**Life is full of surprises.
Who knows what's around the corner?**

It could be a spontaneous family getaway, a weekend golfing break, a trip to the furniture store or an afternoon at the garden centre.

The new Honda Jazz is full of surprises too. Sure, it's got the same Magic Seats and compact design that people know and love, but it's now a little bigger and a lot better than before. So however much you want to pack into your life, the new Jazz is more than ready to take it on.

Model shown is Jazz 1.3 EX in Sunset Orange. Images are shown for illustration purposes only and show a left hand drive vehicle. In the UK, the Jazz will be a right hand drive vehicle.

DRIVE happy

INCREDIBLY
versatile

At Honda, we're passionate about designing cars that make life easier – and the new Honda Jazz does just that. It's been re-engineered from top to bottom with a curvy new body shape that possesses more style and sophistication.

The taller, lighter design doesn't just look great; the reworked body shell has allowed us to squeeze more space into the already class-leading interior, giving you unrivalled practicality in the supermini category.

And with a lower centre of gravity and quick, sporty handling, you're sure to enjoy every journey.

Model shown is Jazz 1.3 EX in Sunset Orange. Images are shown for illustration purposes only and show a left hand drive vehicle. In the UK, the Jazz will be a right hand drive vehicle.

The modern, sporty styling isn't just for show.

Every aspect of the body shape has been reworked to improve aerodynamic performance. From the high window line and deeply sculpted side panels to the airy bumper design and sharp rear end, everything has been intricately crafted to make the Jazz a real joy to drive. With redesigned head and taillight clusters and a large futuristic raked windscreen to increase visibility, the new Jazz has real dynamic presence on the road.

REFINEMENT
defined

Model shown is Jazz 1.3 EX in Sunset Orange. Images are shown for illustration purposes only and show a left hand drive vehicle. In the UK, the Jazz will be a right hand drive vehicle.

style

STARTS WITHIN

Sit behind the wheel of the new Jazz and you will immediately feel at home, your hands will intuitively find the controls and you will see that the dials have been designed to be clear and easy to read.

We've not only spent time creating a cockpit that's big on style with premium materials and quality fabrics. We've also thought about the small details that make driving a pleasure, like the new one touch air conditioning controls*.

But even with all this sophistication, we still managed to deliver on practicality, with clever design and class-leading storage, so there's a place for everything you need on your journey. So you and your passengers can sit back in space and comfort and enjoy the ride.

Model shown is Jazz 1.3 EX in Sunset Orange with Honda CONNECT and optional Garmin Navigation. Images are shown for illustration purposes only and show a left hand drive vehicle. In the UK, the Jazz will be a right hand drive vehicle and will show its speed in miles per hour. *For information on which grades these features are available on, please refer to specification pages 35-38.

PRACTICAL magic

As your life adapts, so does the new Honda Jazz.

Our intuitive Magic Seats give you versatility just when you need it. From a trip to the DIY store, to a Saturday afternoon mountain bike adventure, the Jazz seamlessly transforms in a few simple steps. The rear seats lift up, fold over and dive down into the floor in one easy motion, and the 60:40 split folding design provides further configurations for your ever-changing lifestyle.

Model shown is Jazz 1.3 EX in Sunset Orange. Images are shown for illustration purposes only and show a left hand drive vehicle. In the UK, the Jazz will be a right hand drive vehicle.

PRACTICAL space

City cars are known for their deft handling and agility, but they rarely deliver on practicality.

With the new Honda Jazz, you get both. Along with the fun, responsive driving experience, it delivers class-leading space with hidden compartments and smart storage solutions everywhere you look.

The Jazz also comes equipped with a deceptively large 354-litre boot* that's cleverly designed to adapt to your needs. When the rear seats fold it expands to 884 litres**, accommodating anything from bikes and surfboards to a new coffee table.

*Measurement based on luggage capacity to base of window with rear seats in use.

**Measurement based on luggage capacity to base of window with seats folded.

Model shown is Jazz 1.3 EX in Sunset Orange.

Honda
CONNECT

In touch WITH YOUR LIFE

We've developed innovative and intelligent technology that enhances every journey.

The Jazz incorporates the new Honda CONNECT[†] in-car audio and information system which keeps you in touch with all the things you love in life, like your music and your friends.

Honda CONNECT offers excellent connectivity to keep you in touch whilst on the road through Wi-Fi tethering* or Mobile Wi-Fi Router. The Honda CONNECT 7" touchscreen can be personalised with your favourite photos. It is also easy to select the soundtrack to your journey with Aha™ radio. You can listen to your favourite internet delivered music services and radio programmes from around the world including news, podcasts and audiobooks.

The Bluetooth™ connectivity allows you to connect your smartphone to the Hands Free Telephone system within the car. Furthermore it is possible to browse the internet** on your touchscreen. Garmin's latest generation satellite navigation is available as an option with Honda CONNECT and uses a simple icon menu to provide you with real time traffic information, road speed limit warnings and comes with access to 5 years of free map updates. Honda CONNECT is also MirrorLink® enabled***.

PERSONALISED HOME SCREEN[†]
Personalise Honda CONNECT by uploading your favourite photo as wallpaper. The display can be customised and personalised to suit your style.

BLUETOOTH™ HANDS FREE TELEPHONE[‡]
Use the intuitive touchscreen to access all your mobile phone contacts.

GARMIN NAVIGATION[†]
Garmin PhotoReal™ displays upcoming junctions with photo-realistic images of exits with arrow lane indication to provide clear guidance. The system also includes predictive routes, real-time traffic avoidance, road speed limit display, 3D buildings, terrain views and more.

AHA™
The Aha™ app enables you to connect to internet radio, access your Facebook™ and Twitter™ accounts and find nearby restaurants and hotels.

* Data usage and roaming charges may result from using applications on Honda CONNECT. We recommend you check your mobile phone subscribed package.
** Function can only be used when the car is stationary.
*** This feature is only available where user's smartphone is compatible with Honda CONNECT MirrorLink®. This technology enables the user to mirror their smartphone display and gain access to their smartphone applications.
† For information on which grades these features are available on, please refer to specification pages 35-38.
‡ HFT Compatibility may vary.

The power TO DELIVER

We've refined every aspect of the new Honda Jazz to deliver more space, storage and style.

But we didn't stop there. Under the bonnet you'll find a brand new 1.3L i-VTEC petrol engine delivering an impressive 102PS, with equally impressive CO₂ figures.

When it comes to transmission, we wanted to make sure the new Jazz was right for you. Along with the new 6-speed manual option, there's also our advanced Continuously Variable Transmission* (CVT) automatic option.

The innovative CVT technology adjusts according to your driving style, seamlessly changing the drive ratio to deliver optimum engine output for your chosen speed. It doesn't just improve fuel economy; it improves the pleasure of driving.

Both transmissions deliver exceptional performance and economy, but with Idle Stop you can save even more on fuel. When you come to a standstill, such as at a set of traffic lights, Idle Stop cuts the engine, automatically restarting again when you resume your journey. It may seem like a small adjustment, but over time it's sure to make a big difference.

Model shown is Jazz 1.3 EX in Sunset Orange. Images are shown for illustration purposes only and show a left hand drive vehicle. In the UK, the Jazz will be a right hand drive vehicle. *For information on which grades this feature is available on, please refer to specification pages 35-38.

ULTIMATE peace of mind

At Honda, we're committed to keeping people safe on the road.

We think the best way to avoid collisions is to be one step ahead, which is why we offer our Driver Assistance Safety Pack technologies. They aid the driver by acting as extra sensors, warning and reacting where necessary.

The City-Brake Active System, for example, which is standard on all grades, monitors slow moving traffic in front of the car and warns of a forward collision. This allows the driver time to take action, even applying emergency braking to reduce speed as much as possible if no action is taken by the driver.

Our Lane Departure Warning* alarm alerts you if your Jazz deviates from a lane without indication and the clever Forward Collision Warning* monitors the area around the car to help you avoid collisions and keeps everyone that bit safer.

INTELLIGENT SPEED LIMITER*

Automatically sets the speed limit that the traffic sign recognition system detects.

With the Intelligent Speed Limiter activated the car will drive normally but cannot exceed the prevailing speed limit unless the system is over-ridden by the driver.

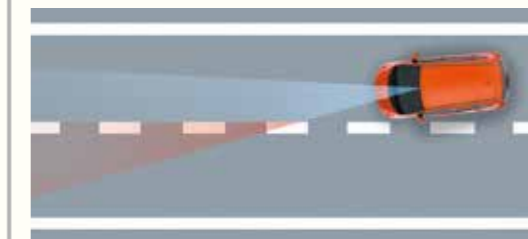

TRAFFIC SIGN RECOGNITION SYSTEM*

Traffic Sign Recognition System identifies traffic signs up to 100m away and relays this information to the driver via the Multi Information Display as you pass them. Two signs can be displayed at any one time.

LANE DEPARTURE WARNING*

When road lines are detected and the car deviates from your current lane without indicating, Lane Departure Warning alerts you to the fact with audible and visual warnings.

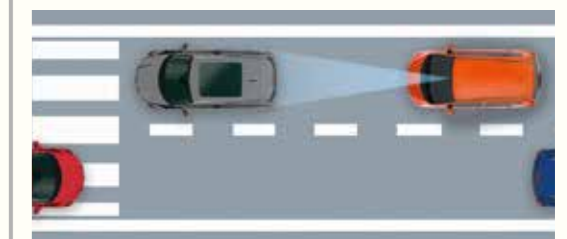

FORWARD COLLISION WARNING*

Should the front camera pick up a car in front, the system warns of a front-on collision, allowing you time to take action.

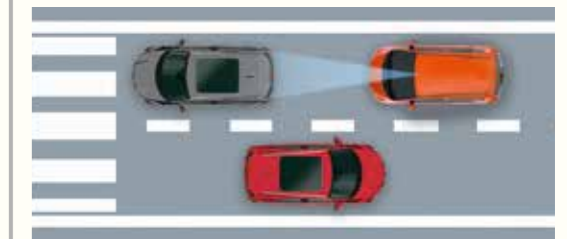

HIGHBEAM SUPPORT SYSTEM*

The Highbeam Support System assesses the driving conditions around you and switches automatically between high and low beam.

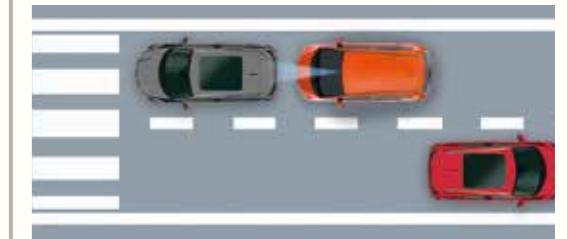

CITY-BRAKE ACTIVE SYSTEM

1: While driving around town between 5-20mph, to give you the best chance of avoiding a collision, this system can monitor the distance between you and the car in front.

2: If you continue getting closer to a detected vehicle, the Jazz gives you audible and visual warnings via the Multi Information Display.

3: If you've still not reacted, and a collision is imminent, the City-Brake Active System can automatically apply emergency braking to reduce speed as much as possible. In good driving conditions it can even avoid a collision altogether.

*Available on EX and SE grades only. Model shown is Jazz 1.3 EX in Sunset Orange. Images are shown for illustration purposes only and show a left hand drive vehicle. In the UK, the Jazz will be a right hand drive vehicle. For information on which grades these features are available on, please refer to specification pages 35-38.

ENGINEERED FOR YOUR
safety

VEHICLE STABILITY ASSIST (VSA)
Monitors all four wheels independently and calculates the precise amount of power or braking force needed to regain control if traction is lost. In slippery conditions, it manages engine torque and braking to each wheel, reducing speed to a point that allows safe and consistent travel.

DRIVER AND PASSENGER SRS AIRBAGS
For maximum protection, the front airbags use a two-stage inflator allowing the timing and force of deployment to vary according to severity of impact. Side curtain airbags protect the driver and passengers in the front and back in the case of a side-on collision, working in conjunction with the 3-point seat belt.

HILL START ASSIST
Hill Start Assist prevents roll back when starting on an incline. Using a slope sensor, the brake pressure is controlled, keeping the car stationary for 1½ seconds after you release the brake pedal.

BRAKE ASSIST
Brake Assist helps the vehicle come to a stop sooner during emergency braking.

A key focus in the design of the Jazz is the safety of those inside and out.

The safety of your passengers, other road users and pedestrians has always been one of our fundamental design requirements. That's why we have packed a great deal of advanced engineering into the new Jazz, most of which comes as standard across the range.

YOUR Jazz

We made it for you, now make it yours.

Rain sensing wipers

Rain-sensing windscreen wipers activate when moisture is detected on the windscreen and automatically adjust their speed as needed.

CD Tuner-MP3 compatible with USB/AUX jack

Integrate your digital music player with the MP3 compatible CD Tuner.

Dusk sensing auto lights

Lights turn on automatically when the light drops significantly.

City-Brake Active System

Operates when the vehicle is travelling at less than 20mph to help prevent low speed accidents.

JAZZ SE

1.3 i-VTEC

6 Speed Manual Transmission
Continuously Variable Transmission (CVT)

In addition to features available on the S grade, the features on the SE grade include:

15" alloy wheels

Honda CONNECT 7" touchscreen display with:
CD player, AM/FM/DAB tuner, internet radio, Aha™ app integration* and internet browsing*
2 x USB/HDMI connection†

Front and rear parking sensors
Electric adjustable and heated door mirrors
Electrically retractable door mirrors

Security alarm system

Highbeam Support System (HSS)
Forward Collision Warning
Traffic Sign Recognition System
Intelligent Speed Limiter
Lane Departure Warning

Optional:
Honda CONNECT with Garmin navigation and CD player

BLUETOOTH™ HANDS FREE TELEPHONE^Δ

* Connectivity for Aha™ app (including internet radio) and for internet browsing is through Wi-Fi tethering or Mobile Wi-Fi Router. Data usage and roaming charges may result from using applications on Honda CONNECT. We recommend you check your mobile phone subscribed package. Internet browsing function can only be used when the car is stationary. Note: Honda CONNECT is also MirrorLink® enabled (this feature is only available where user's smartphone is compatible with Honda CONNECT MirrorLink®).
† Always use the recommended USB flash memory device. Some USB memory devices may not work in this audio unit.
Δ For a list of compatible phones, please contact your local dealer.
For full specification of this grade please refer to pages 35-38.

Cruise control with speed limiter

Electronic cruise control enables you to maintain a steady cruising speed, reducing the stress of driving long distances.

Steering wheel controls

Allow the driver to access controls without taking their hands off the wheel.

Parking sensors

Parking sensors at the front and rear make getting into tight spaces easier. A recurring beep becomes more insistent the closer you get to an object.

High Beam Support System

Assesses driving conditions, switching automatically between high and low beam.

Electric adjustable heated door mirrors

Easy to adjust to your perfect angle and quick to clear on cold mornings.

JAZZ
EX

1.3 i-VTEC

6 Speed Manual Transmission
Continuously Variable Transmission (CVT)

In addition to features available on the SE grade, the features on the EX grade include:

- 16" alloy wheels
- Leather wrapped steering wheel and gear knob
- Rear privacy glass
- Front fog lights
- 6 speakers
- Accessory socket (centre console)
- Rear parking camera
- Automatic air conditioning
- Passenger seat manual height adjustment
- Driver seat back pocket
- Passenger one touch power window
- Passenger seat manual height adjustment

Smart keyless entry and start

Leather steering wheel

Gives your Jazz a luxurious feel.

A/C

Automatic air conditioning

Select the exact temperature you desire so you're assured of a pleasant atmosphere and good ventilation at all times.

Privacy glass

Privacy glass creates a private space and reduces the amount of sunlight entering the rear of your Jazz.

Honda CONNECT with navigation

Intuitive touchscreen in-car entertainment, with built in satellite navigation to help you get from A to B.

16" alloy wheels

16" alloy wheels gives your Jazz a distinctive and sporty look.

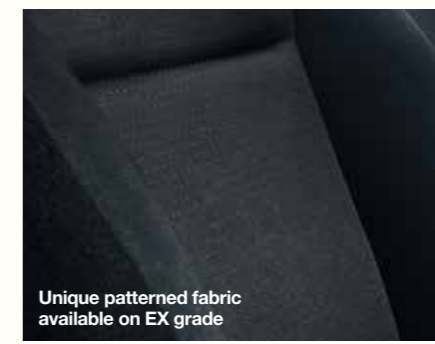

START

Smart Entry & Start

Smart keyless entry and start allows you to lock, unlock and start the car whilst keeping the key in your pocket.

YOUR upholstery

Whether it's unique or dynamic patterned fabric, our upholstery means your Jazz won't just look great, it will feel great.

Unique patterned fabric available on EX grade

Dynamic patterned fabric available on SE and S grades

YOUR colour

The Jazz is big on flexibility, so it's no surprise there's a great choice of colours to choose from. Which one matches your personality?

White Orchid Pearl

Sunset Orange

Brilliant Sporty Blue Metallic

Alabaster Silver Metallic

Tinted Silver Metallic

Crystal Black Pearl

Milano Red

Attract Yellow Pearl

Model shown is Jazz 1.3 EX. Images are shown for illustration purposes only and show a left hand drive vehicle. In the UK, the Jazz will be a right hand drive vehicle.

LIFE IS FULL OF
options

SPORT PACK

The Sport Pack will emphasise the natural sporty style of your car. By adding these shiny black and colour-match accessories the car gives the impression of being closer to the road, giving an energetic look and feel.

Pack contents:
Front skirt, two-coloured side skirts, rear skirt and tailgate spoiler.

Images include 15" Stardust alloy wheels, available separately.

DESIGN PACK

This stylish pack will refine the look of your Jazz. Emphasise the elegance of the car by adding these metallic silver accessories.

Pack contents:
Front grille, rear tailgate garnish and door mirror covers.

Image includes 15" Nucleus alloy wheels, available separately.

PREMIUM PACK

The Premium Pack is a package of accessories stylishly designed to protect your car from scrapes, scratches, mud and sand.

Pack contents:
Colour-match side body trims, elegance floor carpets, front and rear mud guards and doorstep garnishes.

Image includes 15" Nucleus alloy wheels, available separately.

Personalise your Jazz with genuine accessories, there are a variety of packs to choose from.

They have not only been designed and produced to our same exacting standards, but each one is specifically designed to enhance and fit your Jazz perfectly.

CARGO PACK

If you frequently need to transport luggage or specialised equipment for work or leisure, you may opt for the Cargo Pack. This pack offers a unique combination of storage solutions.

Pack contents:
Boot tray with dividers and undershelf storage box.

ILLUMINATION PACK

The Illumination Pack is a combination of several lights designed to create an ambient atmosphere in the interior of your car.

Pack contents: Front blue ambient footlights, illuminated doorstep garnishes.

ALLOY WHEELS

- 1. 15" Stardust alloy
- 2. 15" Nucleus alloy

DETACHABLE TOW BAR

With this detachable tow bar you don't need to compromise your car's styling if you're planning to tow a trailer. All Honda genuine tow bars are designed for easy handling, complete compatibility and integration with your Honda's electrical and safety systems. You can tow your trailer with a maximum towing capacity of 1,000 kg and a vertical weight of 95 kg. A fixed tow bar is also available.

BOOT TRAY WITH DIVIDERS

Perfectly formed to your car's boot shape, the waterproof boot tray with raised edges will protect the car's finish from dirt and scratches. It is anti-slip, features the Jazz logo and includes dividers.

FRONT GRILLE

This metallic silver front grille adds that little bit of extra flair, distinguishing your car from others like it.

SPORT PEDALS

While creating a sporty look, the aluminium sport pedals offer extra grip for your feet.

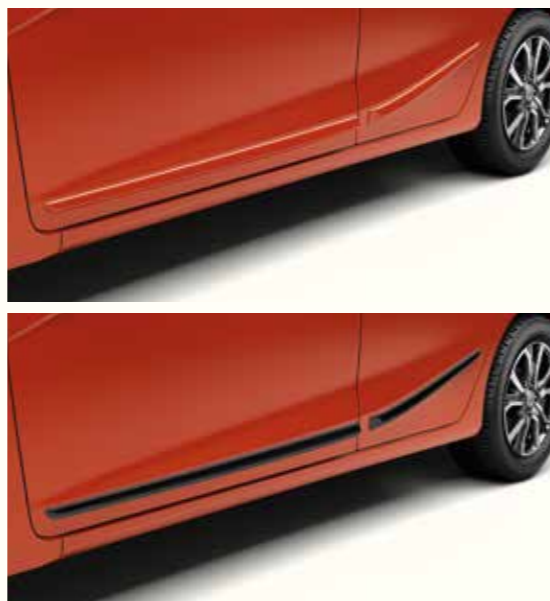

UNDER SHELF STORAGE BOX

The under shelf storage box adds extra storage in the boot of your car and enables you to put your shoes or an umbrella in it. The weight capacity is 1 kg.

SIDE BODY TRIMS

This accessory protects your car's bodywork from annoying scrapes and scratches. It is available in bodycolour or material condition.

TAILGATE SPOILER

If a sophisticated look is what you want, this Honda genuine colour-match spoiler is exactly what you need. It's fully integrated into the car's bodywork.

TABLET HOLDER

To keep your passengers entertained, you can now also add our tablet holder. The holder's different positions offer you a comfortable space to watch a movie, read your e-mails or play games.

HONDA 3D SOUND

"Music never sounded so real". We all want our car sound systems to reproduce faithfully the music of our chosen artists. By adding a compact DSP (Digital Signal Processing) unit to the existing sound system in your Honda, you can enhance your listening experience to a concert hall feeling.

^ΔAlways use the recommended USB flash memory device. Some USB memory devices may not work in this audio unit.

[¶]Fuel consumption CO₂ and weight figures are measured according to EC directive procedures. As a result of driving behaviour, road, traffic and weather conditions, general state and equipment level of the vehicle, real life fuel consumption and CO₂ figures may differ from these official values. In case of weight (defined as mass in running order), it applies to vehicles with standard equipment. Optional equipment may increase this figure and decrease the payload.

*Connectivity for Aha™ app (including internet radio) and for internet browsing is through Wi-Fi tethering or Mobile Wi-Fi Router. Data usage and roaming charges may result from using applications on Honda CONNECT. We recommend you check your mobile phone subscribed package. Internet browsing function can only be used when the car is stationary.

Note: Honda CONNECT is also MirrorLink® enabled (this feature is only available where user's smartphone is compatible with Honda CONNECT MirrorLink®).

The Jazz is covered by several different warranties as follows: 3-year or 90,000 miles standard warranty, 3-year Surface corrosion warranty, 5-year Exhaust corrosion warranty, 10-year Chassis corrosion warranty and 12-year Structural corrosion warranty. Insurance Group :18E.

THE POWER OF
dreams

At Honda, we believe in constantly pushing the boundaries of excellence to achieve ever more powerful, efficient and enjoyable driving machines.

The new Civic range is testament to this way of thinking. It has been refined, re-examined and re-styled, with dramatic looks that reflect its powerful performance, advanced technology and exceptional levels of comfort.

This innovative thinking has given life to a humanoid robot called ASIMO, taken flight with HondaJet and created some of the most popular motorbikes on the planet. The knowledge we gain from all the things we do and all the things we learn, goes into everything we make, just like the Jazz.

Models shown are Civic 1.6 i-DTEC Sport in Brilliant Sporty Blue Metallic, Civic 1.8 i-VTEC EX in Polished Metal Metallic, Civic Tourer 1.6 i-DTEC EX in White Orchid Pearl, in and Civic Type R in Championship White.

Model shown is a Jazz 1.3 i-VTEC EX in Sunset Orange.
