The Audi R8

Thrilling performance. Breathtaking handling. Redesigned from the ground up, the second generation R8 has arrived. A high-revving 5.2-litre V10. Lightweight Audi Space Frame technology. And an S tronic transmission capable of gear changes within hundredths of a second. No model bearing the four Audi rings comes closer to giving you the adrenalin rush of the track in a series production vehicle.

Audi Sport

From determination to podium.

What does it take to succeed in motorsport?

Expertise and passion, for sure. But it also takes daring. Daring, not just to enter a car with a TDI diesel engine into the world's toughest endurance race, the 24 Hours of Le Mans – but to win it. Daring, a few years later, to introduce the R18 e-tron quattro, featuring hybrid technology, to the same race. And to win again. And again.

It's that determination to innovate that has led Audi to success after motorsport success, amassing a total of 13 Le Mans wins. And it's with that spirit of innovation that we brought our most exciting developments to series production. The result is the Audi R8: the embodiment of Vorsprung durch Technik.

Audi Sport

At home on the racetrack.

With the Audi R8 LMS, we built an R8 to triumph on the track. And its record speaks for itself. Since 2009 the teams at the wheel have won 26 national and international titles, as well as 269 competitive races with the rear-wheel drive GT3 sports car.

Now, the new lighter and even more powerful second generation LMS has arrived. Made to race, it shares around 50% of its parts with the R8 Coupé, including technologies like the Audi Space Frame and V10 engine. Clearly, the R8 is a car with motorsport in its genes.

R8 V10 Coupé

The Audi R8 V10 has transformed.

It's lighter and flatter, with a more muscular stance than its predecessor.

The naturally aspirated V10 engine offers even more power and torque than before, with 540PS and 540 Nm of torque. As a result, it can sprint to 62mph in 3.5 seconds, before powering on to a top speed of 198mph.*

Inside, you'll find a high level of standard equipment. MMI Navigation Plus with Audi Connect. Audi Drive Select, enabling you to tailor the ride to suit you. And the Audi Virtual Cockpit, which replaces the traditional dashboard with a stunning all-digital display.

*Where the law permits.

R8 V10 plus Coupé

Performance to the extreme.

Breathtaking: with 610PS and maximum torque of 560 Nm, the R8 V10 plus Coupé accelerates from 0-62mph in 3.2 seconds. Making it not just the fastest Audi production car in history, but also the first to reach 205mph. Where legal, of course.

Puts you firmly in control.

With a new, responsive quattro all-wheel drive system, up to 100% of the R8's torque can be transmitted wholly to the front or rear wheels, depending on road and weather conditions, for improved traction and grip.

Gloss Carbon elements give the R8 V10 plus Coupé an unmistakable motor-racing look, while a fixed rear spoiler provides greater downforce for enhanced grip in corners. It's just as formidable to hear. Activate the Performance mode on Audi Drive Select and the controllable exhaust flaps to enhance the R8's signature engine sound.

R8 V10 Spyder

Power up. Roof down.

The Audi R8 V10 Spyder: the supercar that combines the breathtaking performance of the R8 with the open-top thrill of a cabriolet.

It starts with a new 5.2-litre, 540PS FSI engine that produces 540 Nm of torque. An engine that doesn't just accelerate from 0-62mph in 3.6 seconds; it's one that also gives an intense audible performance. Especially when the roof's down.

Looks that match the experience.

As with the Coupé, the R8 V10 Spyder is lighter, flatter and more muscular in appearance than its predecessor.

Along with the new distinctive sideblades, it's the roof that marks out the Spyder. Available in three colours, it harmonises the dynamic lines of the car, tapering into two sporty air vent fins at the rear.

Fully automated, the lightweight hood opens in 20 seconds at speeds of up to 31mph. And, once it's stowed and you open the throttle, you'll notice lower levels of wind and road noise than on previous Spyder models; thanks, in part, to a rear deflector that can be raised and lowered to suit you.

R8 V10 plus Spyder

More power. More possibilities.

How do you heighten the thrill of open-top driving in an Audi R8? Simple: add a specially tuned V10 plus engine that delivers 610PS and takes you from 0-62mph in 3.3 seconds. To match all this power, we've also included lighter, even more efficient ceramic brakes, specially designed to cope with the kind of heat generated during dynamic driving.

The great indoors.

The ability to drop the roof isn't the only thing that sets this car apart. Step inside and you'll discover upgraded features like R8 bucket seats and Gloss Carbon inlays. Not to mention luxurious touches including Fine Nappa leather and stainless steel pedals that make every journey a pleasure – roof up or down.

R8 interior

Everything focused on the driver.

With its monoposto cockpit design, it's no coincidence that, on climbing inside the R8, you get the feeling of being behind the wheel of a race car.

Engine start-up, exhaust sound, driving dynamics and gear changes can all be controlled from the buttons on the R8 performance steering wheel. The interior boasts refined materials, precise workmanship and innovative technologies. And the new, fully customisable Audi Virtual Cockpit puts all the information you need directly in front of you.

Vorsprung durch Technik

Not just a slogan. A philosophy.

Progress. It's behind everything we do at Audi. It's why we're always developing new technologies to help you on the road. And new engines for the R8 that deliver enhanced performance and fuel economy.

The Audi R8 Coupé and Spyder are the very latest steps on our journey of progress.

Engine

Performance takes centre stage.

The high-revving, mid-mounted V10 engine sits directly behind the driver and gives the R8 a lower centre of gravity. And on Coupé it's illuminated and visible through the rear window.

There's a choice of two engines on both the R8 Coupé and Spyder: the V10, which delivers 540PS of power, or the V10 plus – producing an astonishing 610PS. More power and more torque than the previous R8. And now, for the first time, with cylinder-on-demand and dual injection system.

Mid-engine: more traction, more control.

The R8's sporting lineage is evident in the mid-engine placement. With the engine near the centre, weight is favourably distributed towards the rear axle, giving greater traction and making cornering more agile and responsive.

Coupled with the standard quattro all-wheel drive, performance is enhanced and road-holding is simply impeccable.

Cylinder-on-demand: power when you need it.

For the times when you don't need the full power of the R8 V10, advanced cylinder-on-demand technology automatically shuts down five of the 10 cylinders. It's something that can improve your fuel consumption, particularly in city traffic.

Accelerate on the open road again, and within milliseconds, all 10 cylinders – and full engine power – are seamlessly back at your disposal.

Dual injection: precise and powerful.

The dynamic combination of intake manifold and direct injection in the high-revving V10 yields very short fuel injection times. The result is not just noticeable, improved power delivery; it also makes for enhanced cooling and lower fuel consumption.

R8 V10 Coupé

Max power **540PS**
Max torque **540 Nm**

0–62mph in **3.3 seconds**
Top speed **204mph**

audi

quattro

Exceptional road holding whatever the road holds.

Loose gravel. Icy patches. A tight bend in the rain. Conditions on the road are always changing, so quattro changes too. By constantly analysing your grip, automatically distributing power between all four wheels, to where it's needed most. It's made for the most challenging conditions of all: the ones you encounter every day. Whatever the road holds, you can be confident that quattro will react.

**Sometimes,
lighter means stronger.**

Thanks to the latest high-strength Audi Space Frame (ASF), the Audi R8 is even more agile on the road. The intelligent mix of aluminium and carbon makes the Coupé 40% and the Spyder 50% stiffer than previous models. Also the Coupé is almost 50kg lighter than its predecessor. And now for the first time, the ASF is directly linked to the Sport suspension for enhanced driving dynamics.

You might not be able to see the difference, but it's something you'll feel at every corner.

Audi Space Frame

Power without compromise.

Every part of the R8 is designed to give you the best possible performance at all times. The 7-speed S tronic transmission delivers gear changes within hundredths of a second and with virtually no break in acceleration.

At the touch of a button, Audi Drive Select lets you adjust the R8's configuration by matching the ride dynamic to the friction coefficient of the road.

And for the first time, the newly developed quattro drivetrain also works with Audi Drive Select, enabling you to adapt the all-wheel drive system to suit you. So you can optimise the R8's power for any kind of road condition. For any style of driving.

Performance

Total Audi craftsmanship.

Each R8 is built almost exclusively by hand in a dedicated, new quattro GmbH production facility near Heilbronn in Germany. From the welding of the body shell to the completion of assembly, small, highly qualified teams give the R8 its unique shape. It's an extremely skilled process, where robots are used only for peripheral, non-ergonomic tasks.

And, with numerous specification variants and customisations, our teams very rarely build the same R8 twice. Making each handcrafted one as unique as its owner.

Handcrafted

laser lights

Illuminating features.

The R8 leads the way with an optional feature you'll find in no other Audi model: LED headlights with Audi Laser Light technology.

At 37mph, four high-power laser diodes are activated by the high beam, sending out a narrow laser beam of white light that is not only brighter than the conventional LED high beam, but also reaches further, filling the driver's lane with light. Illuminating the darkest corner. And showing you clearly what lies ahead.

Customisable control.

The Audi Virtual Cockpit is a fully customisable digital display. Combining the functions of a central MMI monitor and conventional instrument cluster in one high-resolution display, it depicts information in razor-sharp, brilliantly clear, high-contrast quality. The choice of three views, 'classic', 'infotainment' or 'Sport', puts vital driver information right in front of you, with a flexible, responsive display so you feel in total control.

Virtual Cockpit

Audi Connect

The world at your fingertips.

Audi Connect is the link between your Audi and the internet, giving you access to entertainment, information and search functions via scrolling, tapping or verbal commands.

With high-speed 4G internet access in your car,* you can call up flight information, fuel prices and weather, as well as high-resolution aerial and satellite pictures from Google Earth™. It also features an in-car wireless hotspot, allowing the passenger to access mobile devices, connecting you to the journey ahead, and your world beyond.

Image for illustrative purposes only.
*Please note that an external data source is required to enable Audi Connect Infotainment Services. Terms and conditions apply. Please see pages 119 and 120 for additional information.

Audi Connect

Stay connected on the move.

The following Audi-supported services are currently available.*

Infotainment.

Weather information

Gives you the latest weather for today, as well as weekly forecasts and weather map for your chosen destination.

Online news (individual)[†]

Text and images from a variety of news sources with text-to-speech function so you are kept up to date with what's happening in the news.

Through your myAudi account, you can personalise the news feeds that you want to see, displayed under Online news by entering the URL of your chosen RSS feed.

Communication.

Twitter[†]

Enables you to tweet and receive updates on the move, with text-to-speech and other convenient text functions.

Mobility and navigation.

Navigation with Google Earth[™]

Displays high-resolution aerial and satellite images to help guide you to your destination.

Parking information

Helps you find car parks nearby and, where available, information on prices and currently vacant spaces.

Points-of-interest (POI) search with voice control

Allows internet searches via Google for special destinations so that you can access POI information such as opening hours, visitor reviews and photos. Integrated voice recognition, which can be conveniently operated by pushing the button on the multi-function steering wheel, offers even more convenience. You can also access POI information straight from your smartphone with the Audi MMI app.

Destination entry via Google Maps[™] and myAudi[†]

Using your smartphone or tablet and myAudi, you can conveniently plan your journey using Google Maps[™], or from your myAudi account, and send the destination details to your car's navigation system.

Travel information

With Travel information you can find out what's happening nearby and at your destination. The online search engine provides detailed information such as sights, restaurants, shops etc which can be loaded directly into your navigation destination. You can also access travel information from your smartphone with the Audi MMI app.

City events

The City events function provides information about current events and places of interest at your location or travel destination.

Flight information

Get live information about departure and arrival times and search directly for flight numbers.

Train information

Find departure and arrival times and platform information while you're on the road (also available for other types of public transport such as underground systems).

Fuel prices

Information on filling stations with the cheapest prices in your selected search area. You can sort by price or by distance for your convenience, and can load destinations directly into your navigation system.

Traffic information online

Receive the latest information about your route, such as traffic congestion and roadwork updates. The traffic information data is continuously updated and displayed in colour on the navigation map, and the dynamic route guidance will keep you updated.

The content and scope of the Connect Services offered may vary from time to time. Features vary by model and Audi AG may add, change, replace or remove individual services or features at any time during your subscription for the Connect Services. Terms and conditions apply. Please see pages 119 and 120 for additional information.

[†]Please note that an external data source is required to enable Audi Connect Infotainment Services.

[†]In order to enjoy these services customers must register, accept the terms and conditions and follow the activation steps instructed on myAudi.

How to build your Audi R8

Choose R8 Coupé or R8 Spyder,
then select your options.

The following sections of this guide are designed to make it easy for you to understand the specification of your Audi R8 and select the options you want. So with just a few choices, you can begin to create the Audi you've always imagined.

A guide to building your perfect Audi R8.

R8 V10 plus Coupé

The pinnacle of Audi performance, reborn.

Below are the features that enhance and build on the standard V10 Coupé equipment.

Performance and suspension

- ▶ V10 plus Sport suspension
- ▶ Audi Drive Select with Performance mode
- ▶ Exhaust flap control
- ▶ Dual-branch, black gloss, trapezoidal tailpipes
- ▶ Ceramic brakes
- ▶ Gloss Anthracite brake calipers with 'Audi ceramic' inscription

Wheels

- ▶ 19" '5-arm twin-spoke design' forged alloy wheels in matt titanium, diamond cut finish

Lighting

- ▶ High-beam assist

Exterior

- ▶ Sideblades in Gloss Carbon
- ▶ Single-frame radiator grille with honeycomb design in Gloss Anthracite grey
- ▶ Front spoiler lip in Gloss Carbon and large air inlets in Gloss Anthracite black
- ▶ Rear diffuser insert in Gloss Carbon and air outlets in Gloss Anthracite black
- ▶ Large fixed rear spoiler in Gloss Carbon
- ▶ Exterior mirror housings in Gloss Carbon

Seats

- ▶ R8 Bucket seats
- ▶ Fine Nappa leather perforated upholstery and trim
- ▶ Electrically adjustable seat height

Inlays

- ▶ Inlays in Matt Carbon
- ▶ Extended inlays in Matt Carbon surrounding Audi Virtual Cockpit and air vents

Interior styling

- ▶ Pedals in stainless steel

Interior equipment

- ▶ R8 3-spoke, flat-bottomed, multi-function, perforated performance leather steering wheel with aluminium-look shift paddles and four operating satellite buttons

Main image. R8 V10 plus Coupé in Vegas yellow (L1). 1. Large fixed rear spoiler in Gloss Carbon. 2. Sideblades in Gloss Carbon. 3. R8 3-spoke, flat-bottomed, multi-function performance leather steering wheel with four operating satellites. 4. Inlays in Matt Carbon.

Engine	Power	Transmission	CO ₂ g/km*	Total RRP (inc VAT)**	Recommended OTR***
5.2 V10 FSI quattro	610PS	7-speed S tronic	287	£135,645	£138,330

Paint

Available in a choice of standard and optional colours.

Choose from a selection of 11 paint options including Argus brown, matt effect which is only available on the R8 Spyder, and Camouflage green, matt effect which is only available on the R8 V10 plus Coupé. For more specialist options, Audi exclusive paints are also available – see page 72.

Standard colours

Available on all models No charge

Ibis white, solid T9

Dynamite red, solid S5

Vegas yellow, solid L1

Suzuka grey, metallic M1

Floret silver, metallic L5

Tango red, metallic Y1

Mythos black, metallic OE

Standard colours

Available on all models No charge

Camouflage green, metallic 9S

Daytona grey, pearl effect 6Y

Ara blue, crystal effect K6

Optional colours

Available on R8 V10 plus Coupé £4,150

Available on R8 Spyder £4,600

Camouflage green, matt effect 7U

Argus brown, matt effect 6V

For Audi exclusive paint, see page 72.

For Audi customised paint, see page 72.

Sideblades

Choose a finish to highlight your R8.

The distinctive sideblades that house the air intakes now have a striking two-part design, and you can choose any combination of exterior paint and sideblade finish.

Standard on R8 V10 models

Available on R8 V10 plus No charge

Ice silver, metallic 6H0

Standard on R8 V10 plus

Available on R8 V10 models £2,000

Audi exclusive paint

Add a personal touch to your paint.

With unique shades and custom-mixed paints, Audi exclusive will colour your car like no other. Here you'll find a small example of what's available. If the colour you want isn't shown, we have many more available or we can mix precisely the one you want. Contact your Audi Centre to find out more.

Image shows R8 V10 plus Coupé in Audi exclusive Nardo grey paint with Audi exclusive Solar orange sideblades and optional 20" '10-spoke Y design' forged aluminium wheels in gloss Anthracite black.

Audi exclusive paint

Make your R8 truly unique.

Audi exclusive provides a range of unique colours that have been designed to set your car apart. In addition to all the colours in the Audi range, there are over 100 Audi exclusive paints to choose from, a selection of which you can see below. Or, if you have a particular colour in mind, we'll mix the exact metallic or pearl-effect shade you want. Choose from the swatches here for your paintwork, or specify any other paint colour, including matt effect, in the Audi range.

Nardo grey, solid Solar orange, solid Nogaro blue, pearl effect Aventurine orange, mica Gomera green, pearl effect Velvet purple, pearl effect

Performance and suspension

Options for ultimate handling, stability and agility.

Audi Sport Pack

Audi Magnetic Ride (2MN), Dynamic steering (1N8) and Sport exhaust system (OP8): three options that create the ultimate driving dynamics, handling, steering and sound for your R8. And when you order them as a pack, they represent even better value. Please see individual option descriptions for more information.

Dynamic steering

Improves steering precision, comfort and handling by dynamically regulating steering torque according to the driving situation and the chosen Audi Drive Select mode.

Audi Magnetic Ride

Adaptive damper system with three suspension settings controlled via Audi Drive Select. Sensors in the car monitor the road conditions and adjust the damping effect. This ensures improved road handling, safety, agility and handling dynamics for excellent driving comfort.

Sport exhaust system

Dual-branch design with gloss black trapezoidal tailpipe trims and further enhanced engine sound.

Ceramic brakes

Carbon-fibre reinforced ceramic brakes with specially developed cooling ducts in the ventilated and perforated brake discs. 6-piston fixed calipers at the front and 4-piston at the rear.

		V10	V10 plus
WC9	Audi Sport Pack	£3,500	£3,500
1N8	Dynamic steering	£1,200	£1,200

Image shows R8 V10 plus Coupé in Dynamic red, solid (SS) with optional LED headlights with Audi Laser Light and High-beam assist (PXF)

Lighting

Advanced headlight options that adapt to the road.

LED headlights with Audi Laser Light and High-beam assist

LED technology in the headlight, dipped beam, high-beam, static turning light and daytime-running lights. Additional Laser Light high-beam supplements the LED high-beam from a speed of 37mph, providing a light that is more intense in range and brightness. The headlights also include blue LED ambient lighting and front dynamic indicators which sweep from inside to out. The R8 is the only Audi model available with such advanced lighting.

High-beam assist

Camera-operated headlight option which detects the headlights of oncoming traffic, the rear lights of other road users and light sources in built-up areas. Depending on the situation, the high beam automatically adjusts to improve visibility for the driver.

		V10	V10 plus
PXF	LED headlights with Audi Laser Light and High-beam assist	£3,150	£3,000
8G1	High-beam assist	£175	Standard

All pricing is RRP including VAT at 20%. Options are subject to availability and may extend time taken for delivery.

Exterior styling

Striking options for the style you want.

Gloss Carbon Exterior Styling Pack

The ultimate exterior styling pack, combining Gloss Carbon sideblades (6H3) and Exterior mirror housings (6FQ). As well as enhanced value, it provides an option exclusive to this pack: a Gloss Carbon front spoiler lip and rear diffuser insert upgrade.

Audi exclusive Titanium Black Exterior Styling Pack

Includes the following items in Gloss Titanium black: radiator grille and grille frame, number plate holder front and rear. V10 models come with front spoiler lip and rear diffuser insert in Gloss Titanium black. V10 plus models come with front spoiler lip and rear diffuser insert in Gloss Carbon. The R8 Spyder comes with Gloss black air outlets on the hood and on the V10 Spyder, the air outlet surrounds go from Matt black to Gloss black. Includes trapezoidal tailpipe trims in Gloss black. Exterior mirror housings can be selected in Gloss Titanium black (6FJ) unless in combination with a Mythos black, metallic body colour (0E). Only available in combination with exhaust in Gloss black (0P9) or Sport exhaust (0P8).

Exterior mirror housings in Gloss Carbon

Available as an individual option and also as part of Gloss Carbon Exterior Styling Pack (WB1).

Gloss Carbon engine bay trim

Consisting of covers in Gloss Carbon for the air filter box, as well as the front wall and side panels in the engine bay.

Exterior mirror housings in Titanium black

Only in combination with Audi exclusive Titanium Black Exterior Styling Pack (4ZH).

Technology – Audio and Communication

Your options for music and connectivity.

Audi Phone Box with wireless charging

Enables drivers to use their mobile phone in the car by placing it in the storage compartment provided in the front centre console to create a wireless connection to the vehicle aerial, improving reception quality. Operated via the MMI control panel, the multi-function steering wheel or the voice control system. Wireless charging available (with Qi-enabled compatible phones) or via USB port. For information on compatible software versions and mobile phones, please see www.audi.co.uk/phonecompatibility

Audi Phone Box option also provides an additional Bluetooth interface for a second device, meaning two mobile phones can be connected to the vehicle simultaneously.

Audi Smartphone Interface

Connects your compatible smartphone with your R8, bringing your mobile content via USB* directly into the MMI display. Utilising Android Auto or Apple CarPlay, you can access approved apps** for navigation via your Maps app, keeping in touch via messages, phone or selected third-party apps,** like WhatsApp, listening to the music on your phone or streaming music from third-party apps,** all of which can be easily controlled via the MMI controller and via the voice control system on your phone.

		V10	V10 plus
9ZE	Audi Phone Box with wireless charging	£450	£450
UI2	Audi Smartphone Interface	£250	£250

*Android systems require the download of the Android Auto app. **Availability of applications differs by operating systems and is dependent on approval by Apple or Google. Permanent availability cannot be guaranteed as this is the responsibility of Apple or Google. Smartphone Interface uses Apple CarPlay, which is available with iPhone 5 or above, or Android Auto, which is available with phones using Android 5.0 Lollipop or above. Use of certain apps with Smartphone Interface will be subject to signal availability of the mobile network in your location and in-car usage may increase your mobile data usage. If using regularly, a mobile phone contract including an unlimited or high amount of data is recommended.

All pricing is RRP including VAT at 20%. Options are subject to availability and may extend time taken for delivery.

Technology – Driver assistance

Advanced technology options to help you on the road.

Driver Assistance Pack

We have combined two options, Cruise control (8T2) and Rear-view camera (KA2), in one simple pack for added convenience.

Cruise control

Maintains any speed above 18mph. Operated via separate steering column stalk, with set speed displayed in the Audi Virtual Cockpit. Includes selectable speed limit.

Garage door opener (HomeLink®)*

Programmable radio-operated remote control buttons incorporated in the interior lighting module. Can be used for opening and/or closing garage doors and exterior gates. Also enables you to control security and lighting systems. For information on compatible hand transmitters, please visit www.eurohomelink.com

Rear-view camera

Image of area behind the vehicle shown in the Audi Virtual Cockpit, with dynamic display modes showing the path calculated based on steering angle. Includes auxiliary lines and guidelines to support parking. Reversing camera integrated discreetly in the rear.

		V10	V10 plus
WF5	Driver Assistance Pack	£650	£650
8T2	Cruise control	£275	£275
VC1	Garage door opener (HomeLink®)*	£250	£250
KA2	Rear-view camera	£600	£600

All pricing is RRP including VAT at 20%. Options are subject to availability and may extend time taken for delivery.
 *HomeLink® is a registered trademark of Johnston Controls. Vehicle driver assistance and safety systems are not a substitute for attentive driving. Drivers retain full responsibility for providing the necessary inputs for safe control of the vehicle. System descriptions within this brochure are provided for information purposes only. System limitations and operational requirements apply.
 See manual for details. Options are subject to availability and may extend delivery.

Image shows R8 V10 Coupé in Camouflage green, metallic (9S) with sideblades in Kendo grey (6H5) and optional 19" '5-arm twin-spoke design' alloy wheels in forged matt titanium, diamond cut finish (40F)

Your R8 driving experience

Take the R8 to the limit. With our compliments.

The Audi R8 is breathtaking. Exhilarating. Thrilling. The proof, however, is in the driving. That's why, as the owner of a new R8, you'll be invited to take part in a complimentary R8 Driving Experience.

Under the expert guidance of our fully trained instructors at Silverstone, you'll discover the R8's full potential in a way that's simply not possible on the open road. You'll learn a host of techniques, from assessing risks to perfecting high-speed lane changes. And you'll complete your day as a passenger on a series of 'hot laps' driven by our professionals.

There's simply no better way to test the R8's true capabilities. Just contact us on 08000 274 787 to book your place.

Audi warranty

Protection against the unexpected.

All new Audi models come with a 3-year warranty as standard, with the option to extend this to a 4 or 5-year warranty for a one-off cost.* What's more, if you decide to sell your Audi before the warranty expires, it will be fully transferred to the new owner.

		V10	V10 plus
-	Audi warranty , covering you for unlimited mileage in the first 2 years of ownership, and up to 60,000 miles in the third year. Transferable between owners**	No charge	No charge
EA6	Audi warranty , covering you for up to 4 years or 75,000 miles, whichever comes sooner. Cover includes a 2-year unlimited-mileage warranty, and up to 75,000 miles in the third and fourth years. Transferable between owners**	£1,035	£1,035
EA9	Audi warranty , covering you for up to 5 years or 90,000 miles, whichever comes sooner. Cover includes a 2-year unlimited-mileage warranty, and up to 90,000 miles in the third, fourth and fifth years. Transferable between owners**	£2,555	£2,555

All pricing is RRP including VAT at 20%.

*3-year warranty consists of a 2-year unlimited-mileage warranty and a third year warranty with a 60,000-mile limitation.

4-year warranty consists of a 2-year unlimited-mileage warranty and two further years' coverage with a 75,000-mile limitation.

5-year warranty consists of a 2-year unlimited-mileage warranty and three further years' coverage with a 90,000-mile limitation.

**Only available before registration of your Audi R8. Please speak to your Audi Centre for full details.

R8 standard equipment

Included with every R8 model.

These are the basic items of equipment you'll find in every R8 – right down to the tyre repair kit. Of course, there's much more. You'll see all the key features at the front of the guide.

Performance and suspension

- ▶ Electromechanical power steering
- ▶ Antilock Brake System (ABS)
- ▶ Anti-Slip Regulation (ASR)
- ▶ Electronic Differential Lock (EDL)
- ▶ Electronic Stabilisation Control (ESC)
- ▶ 83l fuel tank
- ▶ 73l fuel tank (V10 plus Coupé only)*

Wheels

- ▶ Tyre-pressure loss indicator
- ▶ Tyre repair kit
- ▶ Anti-theft wheel bolts
- ▶ Vehicle tool kit

Lighting

- ▶ Rear fog light

Exterior

- ▶ Heat-insulating glass
- ▶ R8 model name on the rear; V10 emblem on the side of the front hood
- ▶ Fuel cap in aluminium with R8 emblem and electric locking
- ▶ Tank inlet with capless system for refuelling without screw cap

Interior styling

- ▶ Headlining in cloth (Coupé models only)
- ▶ Carpet and floor mats

Interior equipment

- ▶ Interior mirror, automatically dimming with light/rain sensor – frameless

Safety and security

- ▶ Anti-theft alarm and immobiliser
- ▶ Driver and front-passenger airbag with front-passenger airbag deactivation
- ▶ Side airbag front
- ▶ Curtain airbag (Coupé models only)
- ▶ Integrated head restraint system
- ▶ Seat belts
- ▶ Seat belt reminder, driver and passenger (only with Sport seats)
- ▶ Seat belt reminder, driver (only with Bucket seats)
- ▶ First-aid kit with warning triangle
- ▶ ISOFIX child seat mounting for the front-passenger seat (not available on Bucket seats)

*83l fuel tank is available as an option on V10 plus (0M1) for £100 RRP inc VAT.

Audi glossary

Your guide to R8 equipment.

Advanced key

Access and authorisation system which automatically exchanges data between key and vehicle, allowing the driver to keep the key in their pocket or bag at all times. The vehicle is locked and unlocked from outside via sensors on all door handles. The engine is started and switched off via the engine start-stop button on the steering wheel.

Audi Connect

To use Audi Connect, the Audi R8 accesses the internet via an integrated data module with LTE/UMTS support. There is a reader for your SIM card in the surround of the MMI Navigation Plus with MMI Touch. An external data source is required to use Audi Connect, see pages 54–55 for more details and, for terms and conditions, please see page 119–120.

Audi cylinder-on-demand

An efficient technology that switches off engine cylinders when not needed. See pages 40–41.

Audi Drive Select

Changes your car's handling and response at the touch of a button to suit the way you want to drive. Enables the driver to alter the throttle response, the shift point of the S tronic transmission, steering feel, quattro torque distribution, suspension damper control and engine sound between three pre-set modes: Comfort, Dynamic, Auto and Individual settings.

Audi exclusive

Audi exclusive enables you to create an Audi that's unique to you, with precisely the colours, finishes and interior detailing you want. You can customise as much or as little as you like, specify just one detail or design your car's overall appearance. It's entirely up to you. Leather and stitching colours, inlays and carpets can all be tailored and, with hundreds of possible paint combinations, we're sure to find the exterior colour you have in mind. Please consult your Audi Centre for samples and more information.

Audi Music Interface

For the connection of portable media players via USB interface (including charging function) or Wi-Fi. Browse your music collection using the MMI control panel, R8 steering wheel or voice command.

Audi Sound System

5-channel amplifier with a total output of 140 watts and five loudspeakers including centre speaker.

Audi Space Frame (ASF)

The strong yet lightweight body shell of the R8. See pages 44–45 .

Audi Virtual Cockpit

Fully digital instrument cluster that displays information tailored to the driver's needs, such as vehicle speed/engine speed, map representation, Audi Connect services, radio/media information, and integration of the full MMI functionalities in the instrument cluster. The 'view' button on the multi-function steering wheel allows you to change between three differently sized representations of the dials. The display with small instruments allows the onboard computer and MMI contents to be shown on a large clear area of the display.

The Audi Virtual Cockpit is operated via the R8 steering wheel and the MMI control panel or MMI Touch. Can also show the navigation map as a 3D terrain model on the high-resolution 12.3" colour display.

Bluetooth interface

Hands-free calls using the microphone and, depending on software versions and mobile phone compatibility, Bluetooth audio streaming. Includes seat belt microphones for driver and passenger to increase sound quality during hands-free conversations. To check the compatibility of your mobile phone and software version, please visit www.audi.co.uk/phonecompatibility

Deluxe 1-zone climate control

Deluxe 1-zone climate control with integrated digital displays electronically regulates the air temperature, air flow rate and air distribution. Automatic recirculation mode uses an air quality sensor, combined filter, and humidity regulation for more efficient climate control. Includes defroster vents for windscreen and side windows, footwell air vents and activated carbon filter.

Diamond cut finish alloy wheel

Diamond cut is a special finish on aluminium wheels. It is also sometimes referred to as 'polished' or 'partly polished'. Special aftercare should be taken when driving in extreme wintry road conditions. For manufacturing reasons, these wheel surfaces do not have sufficient corrosion protection for such use and they can be permanently damaged by road salt or similar.

Diffuser

Diffusers were first used in motorsport. They create a vacuum underneath the vehicle, allowing it to hug the road surface. This enables higher cornering speeds and sportier handling.

Dual injection

An innovation that provides more power and enhanced efficiency. See pages 40–41.

Electromechanical power steering

Electromechanical power steering combines precision and comfort with energy-saving technology. The electromechanical steering system ensures stability at high speeds whilst also being light and precise when parking and manoeuvring.

Exhaust system

The dual-branch R8 exhaust system has an impressive, distinctive sound and a striking look with large trapezoidal tailpipe trim sections. Standard with chrome-plated tailpipe trims on the R8 V10 models, and with black tailpipe trims on the R8 V10 plus Coupé. Alternatively, you can choose a Sport exhaust system with black tailpipe trims for enhanced sound.

Exterior mirrors

Exterior mirrors, electrically adjustable, heated, folding and automatically dimming with integrated LED indicator including automatic kerb-side function for exterior mirror on the passenger side. The automatic kerb-side function tilts the exterior mirror on the passenger side downwards when reverse gear is selected, giving the driver a better view of the kerb.

Interior light pack, including engine compartment lighting

Interior lighting with delayed switch-off and contact switches on the doors; anti-glare lighting for the passenger compartment with energy-saving and long-lasting LED technology, comprising:

- ▶ Interior lights including reading lights at front
- ▶ Glove compartment lighting
- ▶ Luggage compartment light
- ▶ Lighting of inside door handles
- ▶ Entrance light
- ▶ Footwell lighting on the driver and front-passenger side
- ▶ Lighting for door pockets
- ▶ Ambient lighting underneath the switch panel in the centre console
- ▶ Engine compartment lighting (Coupé models only)

Audi glossary

Your guide to R8 equipment.

LED headlights

LED lights with dipped beam, high-beam, daytime-running lights, indicator and static turning light with LED technology. Enables a near daylight illumination of the road, minimal energy consumption, a long service life and better visibility.

LED rear lights with dynamic indicators

Brake, tail, indicator, reversing and number plate lights with LED technology. Third brake light above the rear window. Dynamic rear LED indicators sweep from inside to out.

MMI Navigation plus with MMI Touch

MMI Navigation plus with MMI Touch navigation system integrated in the 12.3" Audi Virtual Cockpit.

- ▶ Map update via myAudi
- ▶ 3D map display
- ▶ MMI search: free text search with intelligent destination suggestions during entry
- ▶ MMI Touch for rapid, intuitive operation – handwriting recognition and ability to move and zoom freely on the map
- ▶ Detailed route information: map preview, choice of alternative routes, POIs, lane recommendations, motorway exits, detailed junction maps etc.
- ▶ Dynamic route guidance with Audi Connect traffic information online
- ▶ Vehicle support based on navigation data and speed limit display
- ▶ Country information, e.g. speed limits, toll requirements
- ▶ Voice control using natural language
- ▶ MMI radio
- ▶ Access to smartphone voice control
- ▶ Flash memory for music (10GB)

- ▶ AUX-IN + Audi Music Interface (2 USB ports with charging function)
- ▶ DVD drive (MP3, WMA, AAC and MPEG-4 compatible) for music CDs and video DVDs
- ▶ 2 SD card readers

The map version delivered can be updated with the first five updates which are issued at intervals of six months. The most current navigation data is available for download on the myAudi platform at www.audi.com/myaudi and can be installed in the vehicle using an SD card. It is also possible to have the new navigation data installed by an Audi Centre at extra cost.

Parking System Plus, front and rear

Indicates acoustically how far away the vehicle is from an object detected in front or behind. Measurement by ultrasonic sensors integrated discreetly in the bumpers. Displayed in the Audi Virtual Cockpit. Activated when reverse gear is selected or via the button on the centre console.

Performance mode

Part of the R8 3-spoke, flat-bottomed, multi-function, performance leather steering wheel with four operating satellite buttons. Enables the driver to actively adjust the R8 to the particular road conditions for improved driving dynamics. Three additional setting options can be set directly from the steering wheel: dry, wet or snow.

Preparation for tracking system

Fitting to connect a tracking assistant (available from Audi Genuine Accessories) that enables you to locate your R8 in case it's stolen.

quattro permanent all-wheel drive

Our legendary all-wheel drive system. See pages 42–43.

R8 steering wheel with two operating satellites

R8 3-spoke, flat-bottomed, multi-function, performance leather steering wheel with two operating satellite buttons. Includes R8 emblem, grip area in perforated leather and shift paddles. Two satellite buttons control Audi Drive Select and engine start-stop function. The Audi Virtual Cockpit and infotainment features can also be controlled. Adjustable in height and reach, with full-size airbag.

Sport/V10 plus Sport suspension

On the R8 V10 models: Sport suspension with dynamically tuned spring and damper combination. On the R8 V10 plus: Sport suspension with stiffer spring and damper combination or more direct road contact and sportier handling.

S tronic 7-speed transmission

S tronic can be manually operated using the shift paddles behind the steering wheel or via the selector lever. In automatic mode, programmes D (Drive) and S (Sport) can be selected. Includes hill-hold assist.

Tyre-pressure loss indicator

Monitors individual tyre air pressure and temperature throughout the journey. Information displayed in the Audi Virtual Cockpit.

Wave brake discs

Lighter than conventional brake discs, with a characteristic wave-like shape. Internally ventilated with 6-piston fixed calipers at the front and 4-piston fixed calipers at the rear. Front and rear brake calipers in high-gloss black with R8 emblem. Brake disc diameter: 365mm at front and 356mm at rear.

R8 Coupé technical data

Key information about your car.

The essential facts and figures behind our most powerful road-going production vehicle yet.

	R8 V10	R8 V10 plus
Engine	5.2 FSI quattro	5.2 FSI quattro

Audi Difference

There's no single factor that makes an Audi Centre the right place to bring your car for servicing or maintenance. Really, it's the sum of many different parts. Together, we call them the Audi Difference.

Servicing by Audi

Regular servicing is key to the smooth running of your Audi. So we offer Audi service schedules designed with your car in mind. There are two main types: fixed, where servicing is due after a set time or mileage, and flexible, where sensors will monitor your driving style and alert you when a service is needed.

Fixed Inspection Service Schedule

Vehicle Usage	
Mileage	Less than 10,000 miles per annum. Mainly city/town centre driving. Short journeys.
Service Intervals	
Oil-Change Service	Fixed to every 9,000 ¹ miles/one year
Inspection Service	Fixed to every 19,000 ¹ miles/two years

Flexible Service Schedule

Vehicle Usage	
Mileage	More than 10,000 miles per annum. Motorway and main road driving. Mainly longer distance journeys. Constant speeds.
Service Intervals	
Oil-Change Service	Variable to a maximum of every 19,000 ¹ miles/two years
Inspection Service	Fixed to every 19,000 ¹ miles/two years

When a vehicle is frequently used in the following conditions, we recommend a Fixed Inspection Service Schedule, regardless of mileage: Uneconomical driving styles, e.g. heavy acceleration and braking, constant use of high revs. High engine-loading conditions, e.g. frequent towing and hill climbs. ¹As indicated by the service interval display. Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement. ²Charges and further terms, conditions and exclusions may apply.

Everything you need

Book a 'service while you wait' appointment, or leave your car with us and take advantage of a courtesy car,² which we can even deliver to you. We will also ensure your car is returned to you with a full valet.

Genuine parts, genuine prices

When we work on your car, we'll only use Audi Genuine Parts, which come with a two-year guarantee.³ So you know they'll be of the same high standards as the originals.

We'll keep you updated

Whenever we see your Audi, we'll connect it directly to our headquarters in Ingolstadt for the latest software updates. These can be applied immediately, enhancing everything from your car's efficiency to the precision of its parking system.

Audi Roadside Assistance

For even more reassurance, your Audi comes with three years' complimentary roadside assistance provided by the Automobile Association Insurance Services Limited. It means you'll be covered across the UK and throughout Europe in the unlikely event of a breakdown.

Financing your Audi R8

A range of finance plans designed to suit you.

At Audi, we offer a range of ways to finance your new Audi R8. With most finance agreements, you just need to choose your annual mileage and the length of the term, then pay an initial deposit which could be as little as one monthly payment.* For more details, see the accompanying Audi Finance booklet, or speak to your local Audi Centre.

Solutions Personal Contract Plan

A flexible finance plan designed to give you a number of options, making it ideal if you want to change your car more regularly. At the end of the agreement, you have three choices:

1. Exchange the car for a new Audi.
2. Pay the option to purchase fee and optional final payment, then take full ownership of the car.
3. Simply return the car to Audi (fees may be payable).

Hire Purchase

If you know you'd like to keep your Audi, Hire Purchase could be right for you. And as you're making your payments with a view to owning the car, there's no restriction on how far you can drive each year.

Contract Hire

If you don't want to own your Audi, Contract Hire could be a great option. You can add a service, maintenance and tyres plan and, for VAT-registered businesses, an element of the VAT on rentals may be recoverable. You simply need to commit to a regular monthly payment and hand your car back at the end of your agreement (subject to our return standards).

Online Finance Calculator

To get an idea of your repayments on a finance scheme, enter a few details online at www.audi.co.uk and you'll see what you can expect to pay for your new Audi.

Audi Insurance

We want you to start enjoying your new car from day one and, thanks to Audi complimentary five-day insurance,[†] you can. To activate it, simply call 0330 303 6900, give us a few details and you can drive it away as soon as you take delivery.

Telephone lines are open Monday to Friday 8am–8pm, and Saturday 9am–4pm. For details of our full range of insurance products, visit www.insurewithaudi.co.uk

*An offer of finance depends on certain conditions. Finance subject to status. Available to 18s and over. Terms and conditions apply. Audi Financial Services.

[†]Subject to eligibility criteria. Audi Motor Insurance is sold and administered by Ageas Retail Limited. Audi Financial Services is a trading name of Volkswagen Financial Services (UK) Limited ("VWFS UK"). Registered in England and Wales No. 2835230. Registered Office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Financial and consumer credit services are provided by VWFS UK. Volkswagen Financial Services (UK) Limited is authorised and regulated by the Financial Conduct Authority, registration number 311988. Audi Motor Insurance from Audi Financial Services is sold and administered by Ageas Retail Limited, registered in England and Wales No. 1324965. Registered office: Ageas House, Hampshire Corporate Park, Templars Way, Eastleigh, Hampshire SO53 3YA. Ageas Retail Limited is authorised and regulated by the Financial Conduct Authority (FCA), registration number 312468. Volkswagen Financial Services (UK) and Ageas Retail Limited are not part of the same corporate group.

Important information

Welcome to Audi.

By placing an order for your Audi, you're choosing to drive a car created in the spirit of Vorsprung durch Technik. And because we believe the service we offer should reflect the quality of our cars, we want to let you know exactly what you can expect from us, now and in the future.

Audi customer care

Every new Audi includes these reassuring features as standard:

- ▶ 3-year Audi warranty (unlimited mileage in the first 2 years, with a full mechanical and electrical warranty up to 60,000 miles in the third year)
- ▶ A 3-year paint warranty
- ▶ A 12-year anti-corrosion warranty
- ▶ 3-year UK roadside assistance and recovery
- ▶ 3-year accessories warranty on any accessories purchased with your car (2-year warranty if purchased separately from your new Audi)*

You also have the option when ordering your new car of choosing a 4-year or 5-year Audi warranty. Speak to a member of the sales team for more information. Warranty terms and conditions apply. Please see www.audi.co.uk/warrantyterms for further details.

Information in this guide

We've done all we can to make the specifications and technical details and all other information you see in this brochure accurate at the time of publication. However, as our products are constantly being updated, we recommend checking the details with your Audi Centre.

You'll find full pricing information in the pricelist, which can be downloaded from www.audi.co.uk/pricelist

The images featured in this brochure are for illustrative purposes only. They may feature left-hand drive vehicles and include equipment that is not UK specification.

CO₂ emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO₂) a vehicle emits, measured in grams per kilometre (g/km). First-year VED rates apply to the first year of ownership. Annual VED rates apply thereafter. The DVLA has created thirteen categories:

Vehicles registered on or after 1 April 2017

Petrol and diesel engines	First year	Standard rate* (second year onwards)
A - 0g/km	£0	£0
B - 1 to 50g/km	£10	£140
C - 51 to 75g/km	£25	£140
D - 76 to 90g/km	£100	£140
E - 91 to 100g/km	£120	£140
F - 101 to 110g/km	£140	£140
G - 111 to 130g/km	£160	£140
H - 131 to 150g/km	£200	£140
I - 151 to 170g/km	£500	£140
J - 171 to 190g/km	£800	£140
K - 191 to 225g/km	£1,200	£140
L - 226 to 255g/km	£1,700	£140
M - over 255g/km	£2,000	£140

Vehicle Excise Duty (VED) rates correct at time of going to print, but these may alter to reflect any change in the applicable VED rate. *Vehicles with a list price exceeding £40,000 (including factory installed options, delivery charge, number plates and VAT) will pay an additional £310 plus the standard annual rate for a 5-year period. After the 5-year period only the standard rate will apply.

Audi tax-free sales

If you are entitled to purchase a vehicle free of VAT, normally through military or diplomatic privilege, please contact your local Audi Centre for full details. Should you have any difficulty obtaining the information you require, please call 0870 241 5663.

Audi Connect Terms and Conditions

The Audi Connect Online Services ("Connect Services") are provided by Audi AG, and are included as standard in certain models within the Audi range of vehicles and are also available within some optional packs, such as the Audi Technology Pack. Audi AG is a company within our corporate group.

The Connect Services include:

- ▶ Audi Connect Infotainment Services ("Infotainment Services").

Some services require additional activation steps. In order to enjoy these services customers must register, accept the terms and conditions and follow the activation steps instructed on myAudi (please visit <https://login.audi.com>).

Some services also require the download of the Audi MMI App on a compatible phone or tablet (always check latest phone and software compatibility).

Whilst correct at the time of publication, the content and scope of the Connect Services offered may vary from time to time. Features vary by model. Audi AG may add, change, replace or remove individual services or features at any time during your subscription for the Connect Services.

Enhancements in vehicle technology, information technology and web-based services sometimes require the Connect Services to be adapted and enhanced in line with new forms of technology or changes in user behaviour. In this context, Audi AG reserves the right at any time to enhance, reduce or change the functional scope of the Connect Services in a manner that it considers is reasonable for the customer.

For full details of the specific Connect Services on your vehicle, together with complete and up-to-date terms and conditions for those Connect Services, please visit www.audi.co.uk/connectterms

Audi Connect Infotainment Services

An external data source is required to enable the Audi Connect Online Infotainment Services ("Infotainment Services").

One of two can be used:

- ▶ A separate SIM card with data option (which can be inserted into the vehicle SIM card reader). If 4G usage is required the SIM card will also need a 4G option. When a separate SIM card is used, hands-free phone calls are possible by connecting a different mobile telephone via Bluetooth hands-free profile. For mobile phone and software compatibility, please visit www.audi.co.uk/phonecompatibility or your local Audi Centre; or
- ▶ On capable mobile phones, the phone's data connection can be shared with the vehicle via personal hotspot/tethering, although using this method may result in high consumption of your mobile phone battery.

Important information

Infotainment Services will only be available within the coverage area of your mobile phone network and there may be additional costs to you for the use of Connect Services (charges and billing correspond to your personal mobile phone contract or SIM card contract). Due to high data volumes, a mobile phone contract including an unlimited or high usage data plan is strongly recommended.

The Infotainment Services enable access to certain search, social media and other online services provided by third parties. Features vary by model. Permanent availability cannot be guaranteed as this is the responsibility of the relevant third party provider.

You may not use the Connect Services for any purpose other than the provision or receipt of services in accordance with these terms.

The subscription is activated from the point of vehicle registration. Should you wish to continue to use the Connect Services after your subscription expires, please consult your local Audi Centre for details (including the latest subscription fees). Charges will apply upon renewal.

MMI Navigation Plus – online map updates and myAudi Special Destinations

The map version delivered with vehicles with MMI Navigation Plus can be updated free of charge for the first five updates after vehicle delivery (which are generally issued at intervals of 6 months). The current navigation data can be downloaded from the myAudi platform at www.audi.com/myaudi and embedded in the vehicle via SD card. In conjunction with Audi Connect Infotainment Services, the update can be carried out online in the vehicle (subject to mobile reception and an active data connection). For further navigation updates, it is possible to purchase new navigation data maps from your local Audi Centre at extra cost – please contact them for details.

With myAudi Special Destinations, you can download your favourite POI lists available on the internet (such as favourite restaurants) and have these displayed on your navigation map. In order to enjoy this service, customers must register, accept the terms and conditions and follow the instructions given on myAudi. Please visit <https://login.audi.com/login>
