

**DACIA**  
YOU DO THE MATHS

# NEW DACIA DUSTER

DACIA DUSTER

# MORE DUSTER THAN EVER

Iconic styling, even better design. New Duster is more than ever «the» iconic SUV. The freshly redesigned front grille reinforces its adventurous character. The brand light sports the brand's new Y-shaped design. The headlights, now LED\* at the front and rear, light up your road with even greater efficiency and increase your safety.

The restyled spoiler helps reduce CO<sub>2</sub> emissions while boosting the body's dynamic appeal. The new alloy wheels add the touch of getting away from it all, which only belongs to Duster. As for the new Arizona body colour, this is a real incentive to get on the road!

\*Except in full-beam headlight position.

# COMFORT OFF-ROAD

Many of you have been waiting for it - the **automatic gearbox** has arrived. Available now on new Duster (2-wheel drive), it makes driving even more enjoyable; just like the **8" touch screen multimedia system**, which makes it easier to use and read information. Better driving comfort, and better comfort in general: the **upholstery has a new look**, the front headrests are more comfortable, the **central armrest slides** and offers additional storage space (almost 1.1 litre).

The rear passengers are also well looked-after: 2 USB ports allow them to recharge tablets and smartphones and go on long journeys with complete peace of mind. Added to the features that have made Dacia Duster such a success - hands-free card, 4x4 mode, multi-view camera - these new «extras» mean that you have never felt so at home on board!
