

Every effort has been made to ensure that the contents of this publication were accurate and up-to-date at the time of going to press (February 2005).

Vauxhall vehicles are equipped with components manufactured by various General Motors operating units and outside suppliers. The Company reserves the right to change specifications and make modifications to the vehicles described and illustrated at any time.

Any such modifications will be notified to Vauxhall retailers at the earliest opportunity; please consult your local retailer for the latest information. The specifications detailed within this brochure are not necessarily applicable to alternative models such as Special Editions. Details of any such models will be contained in specific literature or found on the Vauxhall website.

The colours reproduced in this brochure may vary slightly from the actual paint colour or trim material due to the limitations of the printing process.

Please note that Vauxhall retailers are not the agents of Vauxhall Motors Limited and are not authorised to bind the Company by any specific or implied undertaking or representation.

It is advisable to ensure that your motor insurance policy provides adequate cover for additional fitted options and accessories.

As part of Vauxhall's policy of environmental care, this brochure is printed on paper manufactured using Elemental Chlorine Free pulps from specially farmed, sustainable timber resources.

Taken care of

Want to get more out of life? Then get a Zafira. The car that's up for every occasion – whether you're battling the school run, rushing to a meeting or enjoying a fun night out with friends. With a choice of six models, Zafira gives you the flexibility to do what you want to do, when you want to do it. With Zafira, everything's taken care of.

26 | Colours and trims

Some of the models shown in this brochure include options and accessories available at extra cost. And not all of the features described are available on every model. So please check the Specification insert for further details. From time to time, we also offer alternative Zafira models such as Special Editions, which are featured in separate literature or can be found on the Vauxhall website: www.vauxhall.co.uk

Everything and everybody | You know the routine. Offer one friend a lift home and suddenly you're driving the community minibus. Why are YOUR children so popular? And why is the number of P.E. bags always far greater than the number of passengers?

Fortunately with Zafira and Flex7 Plus it's all taken care of. More seats. More space. More combinations of the two. And all from a car no bigger than the average family estate. So when the school run becomes a marathon or that mystery science project threatens to swamp the back seat, you know the answer: Zafira.

Parking problems

Comprehensive seatbelt system

When we say Zafira is passenger friendly we mean it! Proper lap and diagonal inertia-reel seat belts for all seven occupants. Front body-lock seatbelt pretensioners and front passenger seatbelt force limiter. We take safety as seriously as you do.

Complete protection

Twin front airbags. Side-impact protection from high strength beams, built into the doors. A patented pedal release system that helps protect your legs and feet in the event of a severe frontal impact. You may never need them but it's still reassuring to know they're there, right? You can even specify a host of optional safety features such as front seat side-impact and full-size curtain airbags and active-safety front seat head restraints.

ABS, ESP and traction control

Standard on all models, ABS has been shown to reduce stopping distances, especially in the wet and can even help you to steer your way out of trouble. Traction control (also widely available) helps prevent your wheels spinning under heavy acceleration on slippery surfaces, while Electronic Stability Programme (ESP) helps you maintain control of the car in difficult situations. You'll find it on GSi or as an option on most other models.

ISOFIX child seat system

All Zafira models feature special ISOFIX mountings on the outer second-row seats – allowing you to fit the new generation ISOFIX child seats. You'll find more on these and other Vauxhall accessories in the Specification insert.

However you measure it,
there's a lot of space for
you and all your gear

60 cu. ft. | 1700 litres | 1 successful business

Spacetravel | Travelling in comfort to that important business appointment, it's easy to lose sight of the fact that your compact Zafira has the luggage capacity of a large estate car! But when the pressure's on to deliver, Zafira can swallow a heavy load with ease. What's more, it switches from seven-seater people carrier to two-seater carry-all in just seconds. And the seats stay where they belong – inside the car. The surprises don't end there. With drinks holders, door pockets, even 'secret' lockers, hidden away in the luggage compartment, this car's like one big filing system on wheels!

Sitting pretty

There's just something about sitting high above the traffic that makes you feel good about life. 'High' is a whole lot safer, too: you have a better view of the road ahead and other drivers can see you coming! Zafira's fascia design is also a model of what the engineers call 'ergonomic efficiency' (in other words, all the important controls fall readily to hand!) Adjustable steering on most models and a height adjustable driver's seat add to the feeling of being in control.

Hands off!

Wherever you're heading, wherever you're going to be parked up, there's no need to worry about security. That's because Zafira is protected by some of the toughest anti-theft devices around. Remote central locking with deadlocks. An alarm system on some models. Not to mention our most effective immobiliser ever. Simply pull the key out of the ignition and the car is effectively out of action.

Tune in and turn on!

With a fully-featured stereo radio/CD player – complete with steering wheel mounted controls – on most models, Zafira makes it easy to catch the coolest tracks or access 24hr news updates. Our optional satellite navigation system takes the guesswork out of unfamiliar journeys or choose the optional DVD system and those in the back can watch a movie, connect to a games console or even watch that favourite holiday clip through a camcorder!

Loads of sun and fresh air

Sunroofs are great for letting a little extra light in – or some extra fresh air if you're parked up for a while. Zafira drivers can specify two – one at the front and one at the back – complete with sliding sun blinds to keep the glare out. If you really want to chill out, Zafira's air-conditioning system is great at taking the heat out of long journeys. Electronic Climate Control does much the same job, but in a more controlled and sophisticated way.

Time 4 u

Simply stylish | Whether you're enjoying a fun night out with friends or simply revisiting a favourite restaurant (without the children, naturally!) there's something about Zafira's neat yet purposeful character that blends seamlessly into the smartest background. Little things, like the sweep of the bonnet line, the chrome grille, the discreet styling cues – even the colours we offer. And when you're driving home, spare a thought for those whose MPV may not be quite as stylish and compact as your model. Come to think of it, they're probably still struggling with that tricky parking space.

Great engines

Zafira's engines score top marks for performance, economy and sheer, unadulterated driveability. And we're not just talking about the awesome 200PS GSi Turbo unit. With petrol, diesel and state-of-the-art dualfuel models, there's a Zafira unit to satisfy the hardened enthusiast. Even the entry-level 1.6i 16v is no slouch! Indeed, with multi-valve cylinder heads, 'drive by wire' throttle control and all the latest environmental goodies, Zafira engines are ahead of the game in most areas.

Classy chassis

Zafira handles nothing like the way most people would expect an MPV to handle. It's all thanks to a brilliantly sorted chassis. Specially tuned to give you the best possible combination of agility, ride comfort and secure roadholding, Zafira sticks to the road, even with seven on board. For a more detailed technical account, look in the Specification insert.

Electro-hydraulic power steering

You'd expect a car like Zafira to come with power steering. What you might not expect is the 'electro-hydraulic' bit. Essentially this does everything you'd expect of power steering – lots of assistance at low speeds, easier parking, that sort of thing – but it uses less fuel into the bargain. It's all down to an electric motor which replaces the usual mechanical pump. So you get maximum power assistance and lower fuel bills.

Slick transmissions

Every one of Zafira's outstanding power units is matched with the optimum choice of transmission. Choose from five-speed manual and – with most engines – a four-speed electronically controlled automatic unit, the latter complete with Economy, Sport and Winter driving modes. It lets you vary your driving style to suit your mood – or accommodate the Great British weather!

GSi Turbo

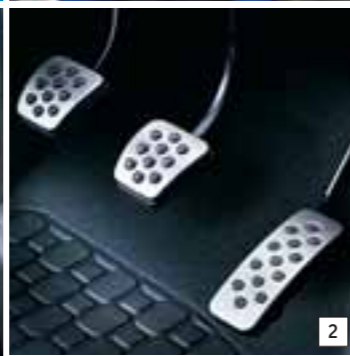

With its powerhouse 200PS 2.0i 16v turbocharged engine and uprated sports suspension – set off by a stunning body kit – GSi Turbo makes other MPVs seem a bit tame.

GSi TURBO FEATURES INCLUDE:

- Anti-lock braking system
- 17-inch alloy wheels
- Uprated sports suspension
- Electronic stability programme
- Six airbags
- Remote control ultrasonic security alarm system
- Recaro sports front seats with part-leather trim
- Aluminium pedals
- Charcoal metallic-effect centre console
- CDR 500 stereo radio/CD player
- Cruise control

Vauxhall by Design

Create a Zafira that reflects **your** personality

At Vauxhall, we recognise that everyone is different. Indeed, we actively celebrate this diversity. It's what makes life interesting! That's why we introduced Vauxhall by Design. Using our comprehensive line-up of options and accessories, you can create a Zafira that is totally in tune with your personal and professional needs. And whether you need to carry your bicycle or simply protect your carpets from muddy shoes, Vauxhall accessories have the answer.

You'll find further details about option and option pack availability and more information on the extensive range of Zafira accessories in the Specification insert. Alternatively, check out our website www.vauxhall.co.uk/accessories

Model illustrated features Daytona pack, cross hatch grille with Irmscher 'i' logo badge, front lower spoiler, side sills, rear skirt extensions and rear roof spoiler.

BE SPORTY

Looking for just a little more style, a little extra sporting appeal? Sit tight. The Sports pack can make it happen.

Sports pack

- Sports front seats with lumbar adjustment, in Texas cloth trim
- 16-inch five-spoke alloy wheels
- Front fog lights

BE STYLISH

Want to stand out from the crowd as well as sitting above it? Our Daytona pack does the job for Elegance owners.

Daytona pack

- Daytona beige seat trim with leather-covered side bolsters
- Dark-tinted Solar Protect® glass
- White sports instruments with chrome edging
- 17-inch seven-spoke alloy wheels
- Alloy-effect roof rails
- Sports suspension

OPTIONS & OPTION PACKS

Zafira options are available individually or in special option packs at great prices. The enclosed Specification insert has more details. Individual options include:

- Electronic Stability Programme
- Electronic Climate Control
- Electrically operated glass front and rear sunroofs
- Integrated overhead DVD console system **1**
- Rear parking distance sensor

BE COMFORTABLE

The ultimate in front seat comfort. The ultimate in luxury. It's got to be leather. Just sit back and enjoy the journey.

Leather pack

- Leather seat facings and door trim insert panels **2**
- Electrically heated sports front seats
- Front seat lumbar adjustment
- Front passenger's seat height adjuster
- Leather-covered steering wheel

BE PAMPERED

If you're the driver, this pack's for you! Maximum seat adjustment plus an armrest for good measure. Go on spoil yourself!

Convenience pack

- Driver's seat with tilt and lumbar adjustment **3**
- Driver's armrest with storage facility **4**

BE SAFE

Zafira's already an incredibly safe place to be, but why leave anything to chance? This pack comes with peace of mind built-in.

Protection pack

- Front seat side-impact airbags **5**
- Full-size curtain airbags (front and second-row seating)
- Active-safety front seat head restraints

ACCESSORIES & STYLING

From child seats and roof carrier systems to towing equipment and load liners, Vauxhall accessories are rigorously tested and backed by a full 12-month warranty.

So when you feel the urge to get on your bike and ride – or head off to the coast for some well-deserved R&R – there's certain to be a Vauxhall accessory with your name on it. Only a small selection of what's available is shown here. The Specification insert features the complete offer.

Our styling products are developed in conjunction with the renowned auto design specialists Irmischer International, and are designed to add extra personality and presence to any Zafira model.

- Base carrier system fitted with two side loading bicycle carriers **6**
- Velour floor mats with Zafira logo **7**
- Mudflaps **8**
- Electrically chilled 12-litre cool bag **9**
- Sports silencer with split oval design chrome-plated tailpipes **10**
- 16-inch Softstar alloy wheels **11**

 Styling by Irmischer

100+ varieties

Colours and trims

With so many paint options and interiors, choosing the right Zafira can be a colourful experience in itself! Just a cautionary note: due to the limitations of the printing process it's not so easy to choose the right colour and trim match just by looking at a brochure. Fortunately your Vauxhall retailer has the actual colour and trim samples (excluding leather) on display which will give you a much better idea of what the various combinations look like in real life.
