Every effort has been made to ensure that the contents of this publication were accurate and up-to-date at the time of going to press (August 2005).

Vauxhall vehicles are equipped with components manufactured by various General Motors operating units and outside suppliers. The Company reserves the right to alter specifications and withdraw products from sale without notice.

Any such alterations will be notified to Vauxhall retailers at the earliest opportunity; please consult your local retailer for the latest information.

The specifications detailed within this brochure are not necessarily applicable to alternative models such as Special Editions. Details of any such models will be contained in specific literature or found on the Vauxhall website.

The colours reproduced in this brochure may vary slightly from the actual paint colour or trim material due to the limitations of the printing process.

Please note that Vauxhall retailers are not the agents of Vauxhall Motors Limited and are not authorised to bind the Company by any specific or implied undertaking or representation.

It is advisable to ensure that your motor insurance policy provides adequate cover for additional fitted options and accessories.

As part of Vauxhall's policy of environmental care, this brochure is printed on paper manufactured using Elemental Chlorine Free pulps from specially farmed, sustainable timber resources.

Corsa

Put the fun
back into driving

CORSA REAL LIFE

How do you see yourself? Do you look forward to each day or worry about what you didn't get done yesterday? And do you see attitude as a positive or a negative? If you've got things to do and people to meet, then we've designed Corsa to suit the life you lead. It doesn't matter whether you're young or young at heart. On a mission, or taking it easy. This one's for you. Exciting. Fresh. Real. And above all, ready to put the fun back into driving.

CONTENTS

2 Real life | 4 Real style | 6 Real freedom
8 Real care | 12 Real choice | 14 Expression & Life
16 Design | 18 SXi | 20 SXi+ | 22 Vauxhall by Design
26 Colours and trims

This brochure covers only those models listed in the contents. Some of those shown include options and accessories available at extra cost. And not all of the features described are available on every model. So please check the enclosed Specification insert for further details. From time to time, we also offer alternative Corsa models such as Special Editions, featured in their own separate literature or found on the Vauxhall website: www.vauxhall.co.uk

CORSA REAL STYLE

The way you look is important, right? Our designers feel the same way. They believe that if something looks right, it is right. Corsa style is athletic and dynamic, with clean edges and brilliant colour choices. Check out the detailing too – the jewel-effect headlights, clear indicator lenses and dark-style tail lights. Fact is, Corsa looks great from any angle. Choose three doors or five and you've got yourself a hatchback with attitude.

CORSA REAL FREEDOM

The only way you're ever going to know what Corsa is like to drive is to try it for yourself. But in the meantime, have a think about this. We've carefully tuned the chassis for a comfortable ride and secure, agile roadholding. The steering has speed-sensitive power assistance, giving you more help when you need it most. And every Corsa engine – petrol or diesel – matches plenty of punch with remarkable fuel economy. So book yourself a test drive. And put the fun back into driving.

Think technology

At the risk of getting all technical on you, each Corsa engine – petrol or diesel – uses multi-valve technology with two overhead camshafts. The Twinport petrol engines combine a variable intake manifold with a high rate of exhaust gas recirculation for strong power delivery and outstanding fuel economy. And the 1.3CDTi 16v common rail diesel uses ultra-high pressure fuel injection to produce high power and torque, incredible fuel efficiency and Euro 4 emissions control. If you'd rather talk about figures, models fitted with the 1.3CDTi 16v engine have achieved an incredible 76.3mpg in government tests! And every Corsa can run up to 20,000 miles or one year between services, keeping running costs even lower.

Keep control

If your wheels lock up under emergency braking, your tyres simply slide on the road out of your control. By preventing your wheels locking up, anti-lock brakes can reduce your stopping distance, particularly on slippery road surfaces, and help you keep control of the steering too. So you can steer out of danger. You can see why we've fitted it as standard on all models.

Steer clear

Corsa power steering is speed-sensitive, so you get more help at slow speeds – like parking or manoeuvring – and better feedback once you're out on the road. A high steering ratio gives the car a dynamic feel and sharp handling. And because the Corsa system is powered by a small electric motor rather than the car's engine, it won't harm your fuel economy either, so it's good for your bank balance; and good for the environment too!

It's so Easytronic

When it comes to transmissions, Corsa goes for a three-way choice – five-speed manual, four-speed automatic or five-speed Easytronic, a manual and automatic all rolled into one: you just nudge the lever left to switch modes on the move. In Automatic mode it has all the main features of a regular automatic, right down to the kickdown function. And in Manual, you just nudge the lever forward or back to shift gears up or down.

With Easytronic, there's no need for a clutch pedal – so you can drive it on an automatic-only licence.

Talk about smart. Pull up sharply and it won't stall. Press the 'Winter' button, and it helps you avoid wheelspin in slippery conditions. The fascia display tells you what gear you're in – 1 to 5 or (A) for Auto. And in Neutral (N), it even warns you if you open the door without the brake pedal depressed or handbrake on.

CORSA 2006 REAL CARE

We reckon you're going to be spending a lot of time in your Corsa, so we've spent a lot of time on the interior design. And it's not just the sophisticated mix of textures and fabrics, it's the fact that it works so hard to keep you in the comfort zone. The seats are easy on your back and there's plenty of room for long legs and broad shoulders. The stereo's got all the latest features in easy-to-reach places. And there's no need to worry about safety and security, either. We wouldn't settle for less. And we certainly don't expect you to.

Reach out

Ergonomics is a long word for a very simple concept. Basically it means that Corsa was carefully designed around real people. It means you can find a safe, comfortable seating position – and keep it. You can see the instruments without straining your neck. And reach the heating controls without... well... reaching. And the best bit? Because we've worked it all out so beautifully, you won't even realise it. Which is how it should be.

Stay cool

We all know air-conditioning helps you stay cool on hot days, but did you know that it dehumidifies the atmosphere inside your car? So your windows demist faster on wet days and your interior feels fresher the whole year round. If you add optional Electronic Climate Control (ECC) – as part of the Plus pack on Design models – you can set your preferred interior temperature right down to the last degree. The fact that ECC also comes with a Solar Reflect® windscreen shows a little more lateral thinking on our part.

Take care

How often did your parents tell you to be careful? We've got your best interests at heart, too. We don't believe that buying a small car should mean short measures when it comes to safety – or security for that matter. So every Corsa has anti-lock brakes, a driver's airbag, our unique pedal release system and full lap and diagonal seatbelts for all three rear seat passengers. When it comes to security measures, there's remote control central locking on virtually every model and an engine immobiliser as standard throughout.

Listen up

We know in-car audio is important to you. That's why every Corsa comes with a quality audio system. Our CD 30 stereo radio/CD player is standard on virtually every model. And the optional systems add even more exciting features, like MP3 playback and DAB (Digital Audio Broadcast), a fascia-mounted six-disc CD autochanger and intelligent satellite navigation functions. Design, SXi and SXi+ models (and all optional systems) also come with steering wheel mounted audio controls. The ability to change the station, volume, CD track or more without taking your hands off the wheel – or your eyes off the road – wasn't only designed to impress your friends. But it probably will.

CORSA 2006 REAL CHOICE

So which Corsa choice fits the life you lead? Three or five-door models. Some with the accent on value, others with the emphasis on upmarket style and sporty features. All this with efficient engines, brilliant colour and trim, and loads of options, new option packs and accessories. The fun starts here.

EXPRESSION
LIFE
DESIGN
SXi
SXi+

Corsa SXi+ (illustrated above left) features Black Sapphire two-coat pearlescent paint and Plus pack optional at extra cost. Plus pack consists of 16-inch nine-spoke alloy wheels, stereo radio/CD with MP3 capability, cruise control and remote control ultrasonic security alarm system.

Corsa Life (illustrated above right) features Lilac two-coat metallic paint optional at extra cost.

CORSA EXPRESSION

Expression features include:

- Stereo radio/cassette player
- Driver's airbag and seatbelt force limiter
- Front body-lock seatbelt pretensioner system
- ABS
- Electronic engine deadlock immobiliser
- Rev counter
- Speed-sensitive electric power-assisted steering
- Flush wheel covers
- Door-to-door illumination
- Green-tinted glass

Model illustrated features Atlantis Blue solid paint.

3-door	1.0i 12v Twinport	1.3CDTi 16v
Insurance Group (ABI)	1E	2E

CORSA LIFE

CORSA 2006 Vauxhall by Design

create a Corsa that reflects **your** personality

Life would be pretty weird if we all liked the same things. Wore the same things. And did the same things. So let's hear it for individuality – Corsa style. Vauxhall by Design is all about choice – selecting your new car, then personalising it to suit yourself. Maybe you fancy a sunroof? Or simply protect your carpets from muddy shoes. Whatever you're into, Vauxhall by

Design makes it easier with a choice of individual options and accessories, and special option packs available at highly attractive prices. You'll find further details in the Specification insert. For more information, ask your Vauxhall retailer for the Car Accessories brochure and the Car and Accessory Price Guide. Alternatively, visit our website at www.vauxhall.co.uk/accessories

1] Corsa seats are already built to accommodate drivers of all sizes, but a tiltable steering column is the final ingredient for the perfect driving position – with better control of the car and improved seat comfort, especially on long journeys.

2] Options are all about getting exactly the features you want, and Electronic Climate Control is a feature well worth wanting! You can set your preferred interior temperature right down to the last degree, and maintain it regardless of what's happening outside.

irmscher

If you want to stand out from the crowd, get yourself some designer gear. We went to design specialist Irmischer International for the full range of Corsa styling products that includes body styling kits, steering wheels, alloy wheels and much more. Designed and manufactured exclusively for Vauxhall to the highest quality, they're quite simply the best styling accessories for your Corsa. Check out the Specification insert for more information.

Model illustrated features Irmischer front air dam with fog lights and integral cross hatch grille with 'i' logo badge, side sills, B-pillar trim kit and Sport Star alloy wheels.

OPTIONS & OPTION PACKS

Corso options can be ordered in a variety of ways. They come individually (most of which are listed below), or in special option packs – either the Protection pack highlighted on this page, or the new Corso Plus packs detailed on each model page. As usual, the choice is all yours.

- Electrically operated slide/tilt glass sunroof with interior blind [1]
- Stereo radio/six-disc CD autochanger
- Stereo radio/CD with MP3 capability/TMC satellite navigation system [2]
- Two-coat metallic/pearlescent paint
- Four-speed automatic or five-speed Easytronic transmissions [3]
- Remote control ultrasonic alarm [4]
- Tilttable steering column

PROTECT

It's not every day you invest in something you hope to never use, but with this pack it's not all about the features, it's about the peace of mind they bring.

Protection pack

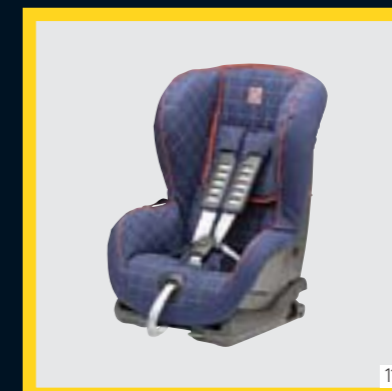

- Front seat side-impact airbags
- Full-size curtain airbags [5]
- Active-safety front seat head restraints
- Automatic seat occupancy detection for front passenger's airbags
- ISOFIX child seat restraint system for front passenger's seat (does not include child seat)

ACCESSORIES

Life's better with Vauxhall accessories. You can add more safety, security, storage and load carrying capacity. Upgrade your audio. And a whole lot more. We've only highlighted a small selection of the range here, so check out the Specification insert for full details.

- [6] Spare bulb kit
- [7] MS 3200 satellite navigation system
- [8] Warning triangle
- [9] Carpet floor mats
- [10] Speaker upgrade kit
- [11] Vauxhall DUO ISOFIX child seat
- [12] Fuel can

www.vauxhall.co.uk/accessories

Do you see yourself in blue this season? Or is red your new black? No matter. Corsa comes in 14 brilliant colours, including metallics and pearlescents, so whatever your fancy, we've got you covered. And if you look at the chart opposite, you'll see which trim fabrics come with which model and paint colour. Choose carefully. We have.

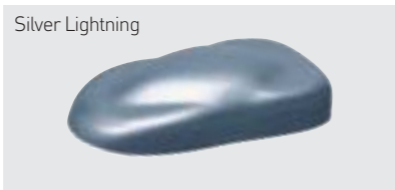

Due to the limitations of the printing process the colours reproduced may vary slightly from the actual colour. As a result they should be used as a guide only. Your Vauxhall retailer has a comprehensive display of all our trim swatches and paint samples – like the ones in our pictures, but real, so you can see exactly what you're getting. It's well worth a look.
