

MOKKA

2016 Models Edition 2

WELCOME TO A LIFETIME OF FORWARD THINKING

1903 – Forward thinking has been in our nature from the very start. The 6HP, our first ever car, had two forward gears. And no reverse.

1922 – The Silver Arrow OE 30-98 was capable of speeds of over 100mph, this model was built for shipping magnate Sir Leonard Ropner to race at Brooklands.

1937 – The Vauxhall 10' H-type, the first British car to have integral construction.

1957 – The PA Cresta introduced Americana styling to the UK.

1984 – The MkII Astra introduced class-leading aerodynamic styling that still looks good today. The Formula Vauxhall Lotus ran a modified version of the Astra GTE's 2.0i 16v engine.

1971 – The formation of Dealer Team Vauxhall (DTV). The track car was the precursor to our enormous success in touring car racing.

1999 – The Zafira introduced the revolutionary Flex7® seating system inventing the seven-seat compact MPV.

2012 – The 'RAK e'. A radical looking electric concept car for the future. Our forward thinking continues.

2012 – Ampera. The first ever Extended-Range Electric Vehicle (E-REV) that redefined electric vehicle innovation leading to it being voted European Car Of The Year 2012.

1990 – The Calibra was the world's most aerodynamic production car.

1989 – The Lotus Carlton was the world's fastest production four-door saloon.

2015 – Introduction of Vauxhall OnStar. Your personal onboard assistant.

Scan this QR code with your smartphone for more information on the last 110 years of Vauxhall innovation. Don't forget to download a QR reader from your app store first.

The world was a very different place in 1903 when Vauxhall made its first car. We steered with tillers, not wheels. Six horsepower was considered pretty nippy. And King Edward's face was still on the stamps. But for us, one important thing hasn't changed: we started out with a philosophy of Forward Thinking and, over 110 years later, it still motivates everything we do. Who knows what innovations the next 110 years will bring?

BOLD COMES AS STANDARD

Like to think bigger? Then think Mokka. This innovative model combines the road presence of an SUV, with the dynamic handling of a sports hatchback. And, its sleek, bold design is sure to turn heads from any angle. Then there's the interior. An eye-catching cabin filled with style and outstanding specification that puts cutting-edge design and technology right in your hands and a sense of adventure back into your everyday life.

This brochure covers Mokka Exclusiv, Tech Line, SE and Limited Edition models only. Some of the models shown include options and accessories available at extra cost. And not all of the features described are available on every model. We may also offer alternative Mokka models such as Special Editions. So for all current model or equipment details visit the Vauxhall website: www.vauxhall.co.uk

URBAN RULES. OFF-ROAD ATTITUDE

Experience a true SUV with a truly sensational drive. Compact enough to be nimble in city traffic the Mokka maintains precise handling whatever you do and wherever you go, even on the most demanding of roads – or off the beaten track. Its muscular and sporty design belies the light, agile chassis, which makes the fuel and emission figures refreshingly easy on the eye too. Practical, agile and incredibly convenient, the Mokka is streets ahead of a conventional SUV.

Mokka simply delivers. Find out more about this ground-breaking model at www.vauxhall.co.uk/mokka

LOOK SMART. THINK SMART

The Mokka has the brains to go with the looks. In fact, the safety options it offers – like Adaptive Forward Lighting – are world class. The Mokka's off-road credibility comes from its intelligent four-wheel drive with descent control system, which is reassuring on the road too. Then there's the front and rear parking sensors and even a rear-view camera. The Mokka is full of intelligent ideas that make driving more fun and relaxing.

Plaza del Mar

CAPABILITY WITHOUT COMPROMISE

The Mokka is a car that can handle anything your life throws at it. There are four distinctive models available to explore: Exclusiv, Tech Line, SE and Limited Edition. All seat five friends or family with more than enough room to stretch your legs. Advanced ergonomically designed seats provide supreme comfort, while clever storage options keep the spacious interior neat and tidy. Plus, you can stay in touch while on the move with state-of-the-art infotainment systems. And with a boot that stretches to 1372 litres with the rear seats folded, the Mokka gives you a real sense of space.

➤ SEE FURTHER. DRIVE SAFER

Sophisticated driver aids set the Mokka apart. It's the first car in its class to offer adaptive bi-xenon headlights, in the shape of the optional Adaptive Forward Lighting (AFL) system. Intelligent features like tyre pressure monitoring and hill start assist complete the safety agenda.

Electronic Stability Programme (ESP-plus). Every Mokka features the latest ESP-plus with Traction Control reducing oversteer or understeer.

Tyre Pressure Monitoring System (TPMS). The standard TPMS is a convenient way of checking your tyre pressures. If any of them start to deflate, a visual indication displays within the instrument panel and, depending on the model, the precise pressure of each individual tyre is shown.

The Mokka's passive safety systems are uncompromising and comprehensive. It's difficult to imagine how you could be better protected inside your Mokka. You are surrounded by a high-strength steel rigid passenger cell as well as front, side and full-length curtain airbags. On the outside, pedestrians are protected by bumpers that use low-density foam, designed to reduce the risk of leg injuries should the unthinkable happen.

Hill Start Assist (HSA). Standard on all models HSA will stop you rolling back unintentionally on steep hills, by automatically releasing the brake at just the right moment when pulling away on a gradient.

Advanced Adaptive Forward Lighting.

Pedestrian area light. Wider spread of light (an extra eight degrees left and right) illuminates potential hazards (up to 20mph).

Town light. Wider and lower spread of light. Activated by vehicle speed together with street lighting (20-35mph).

Country road light. Wider spread and brighter light than normal low beam. 70 metre range without dazzle (35-70mph).

Motorway light. 140 metre range, higher and brighter than normal low beam, without dazzle (over 60mph).

Adverse weather light. Wiper or rain sensor activated for better vision in bad weather conditions (up to 45mph).

High beam assist. Automatically switches from high to low beam as it detects oncoming or preceding vehicles (over 25mph).

Dynamic curve light. Activated by steering angle and speed, the headlights swivel up to 15 degrees into the curve (any speed).

Static cornering light. Throws light 90 degrees left or right for enhanced lateral vision (up to 25mph, also when reversing).

➤ INNOVATIVE FEATURES

The Mokka's advanced ergonomics mean you couldn't wish for a more comfortable compact SUV. Or one with more room – there are up to 19 storage compartments to free-up space. And with features like the driver's seat armrest, Electronic Climate Control, electric glass sunroof and heated front seats – everywhere you look you'll see well thought out, ergonomic design, for your comfort.

1. Ergonomic sports front seats. The perfect choice for long-distance comfort, the front seats adjust to suit your posture by letting you fine tune the lumbar adjustment and extend the seat cushion, giving your upper body and legs greater support where it's needed most. The seats have won the coveted AGR* seal of approval for helping to prevent the back pain and tension suffered by some car occupants. Standard on SE models.

*AGR (The Campaign for Healthier Backs) is an independent centre of excellence for ergonomics, based in Germany.

2. Driver's seat armrest. Practical, comfortable and supportive, the armrest can be flipped up to provide easier access to the centre console.

3. Rear-view camera and display. This optional system gives you a clear view of the area behind the car on the colour infotainment screen. Working in conjunction with the rear parking distance sensors, you'll quickly realise just how easy it becomes to reverse the car safely. Available in conjunction with CD 600 IntelliLink and Navi 950 IntelliLink satellite navigation system.

4. Winter Pack and Electronic Climate Control (ECC).

Heated front seats and even a heated steering wheel. Order yourself the optional Winter Pack* and stay warm no matter how the temperature dips outside. All models feature ECC as standard, a bonus whatever the weather. While the dual-zone settings mean you can set a different temperature for each side of the car. How cool is that?

*Standard on SE models.

➤ IMPROVE YOUR DRIVETIME

The Mokka is robust and ready to rock with features like digital radio and Bluetooth® standard on all models and the availability of a sat nav system. With two IntelliLink units that have the ability to access news, sport, podcasts and internet radio music through the built-in apps, Stitcher™ and Aupeo, the Mokka has all the technology you need to keep you entertained and in touch while on the move too.

1. CD 450 stereo. The CD 450 audio unit features digital radio. This means digital quality sound, a broader range of stations, easier to find by name, and improved track display info on certain stations. Together with a CD player it also features 20 watts per channel output with six speakers and a graphic information display, plus an aux-in socket for external portable music players. Wherever your Mokka takes you, it has the power and precision to fill the car with fantastic sound.

2. Plug-and-play USB and Bluetooth® connectivity. All Mokka audio units feature a USB interface allowing you to hook up most MP3 players, smartphones or USB sticks to your Mokka's infotainment system and access music, podcasts and other files via the steering wheel remote controls. With Bluetooth® technology you get hands-free operation of most mobile phones.

3. CD 600 IntelliLink. The CD 600 IntelliLink features a seven-inch high-resolution colour display that also functions as a screen for the optional rear-view camera and can show individual pictures uploaded via USB. The IntelliLink system includes audio streaming via Bluetooth® and features the Stitcher™ and Aupeo apps* as standard. When connected via USB, Gracenote® – a music database – identifies and manages your audio files for perfect enjoyment. The CD 600 IntelliLink is standard on Limited Edition models and optional on Exclusiv and SE models.

4. Navi 950 IntelliLink. The Navi 950 IntelliLink is a satellite navigation system that features a seven-inch colour display with bird's eye view in 3D and steering wheel control. The navigation software for more than 30 European countries and a comprehensive travel guide with pictures is stored in the internal memory for fast access. Navigation can be started by one-shot destination entry via voice control. The system also features two built-in apps* – Stitcher™ and Aupeo. The Navi 950 IntelliLink is standard on Tech Line models and optional on Exclusiv, SE and Limited Edition.

*Requires Stitcher™ and Aupeo apps downloaded to your Smartphone.

YOUR PERSONAL ON BOARD ASSISTANT

Many car brands talk about innovation as soon as they improve their cup holders, but this one-of-a-kind system is revolutionary: 24/7, 365 days a year, Vauxhall OnStar puts you in touch with an individual, not a machine.

With Vauxhall OnStar you have access to a host of innovations, from Vehicle Diagnostics and Smartphone Function to a fully integrated Wi-Fi Hotspot. In the event of an accident, Vauxhall OnStar even automatically calls for help¹.

Best of all, OnStar services are free of charge on Mokka Limited Edition models* for the first 12 months!

What's more, this unique service doesn't stop at national borders. You can access it virtually anywhere in Europe².

Motoring re-imagined.

➤ WHAT ONSTAR CAN DO FOR YOU¹

SOS

Automatic Crash Response.

We hope, this won't ever happen to you, but in the event of a crash, built-in vehicle sensors automatically alert an OnStar advisor. The expert will be immediately connected to your car to assess the situation and, if needed, notify the emergency services, providing them with your exact GPS location.

Wi-Fi Hotspot².

Cyberspace now comes on wheels. Thanks to the extra powerful OnStar aerial, you have a stable and quick Internet connection. Your Vauxhall Mokka creates a mobile Wi-Fi Hotspot for up to seven devices.

Smartphone App.

Referring to Murphy's Law your car keys will be in the locked car at least once in a lifetime. No problem, just start the OnStar app and remotely lock/unlock your door with your smartphone. Or use the remote control to sound the horn and flash the lights. The app also checks the oil life by the touch of a button.

Stolen Vehicle Assistance.

"Where is my...? NO WAY!?!?" A stolen car is a nightmare – but from now on you can call our Vauxhall OnStar advisors to track and recover it together with the police.

Vehicle Diagnostics.

Hey Mokka, how are you doing today? You can ask OnStar to remotely check some of the key systems of your car like engine, transmission, emissions or airbags. If you prefer a newsletter, Vauxhall OnStar will automatically send you a monthly e-mail with this key data.

Destination Download.

Hungry? Thirsty? Need an alternative route? Just Press the Service Button and our advisors will provide you with the information and locations you need. No need to waste time searching; OnStar automatically downloads the location to your Vauxhall's navigation system².

➤ YOUR PRIVACY. YOUR CALL

One person alone decides what Vauxhall OnStar can and cannot do: YOU.

- Once you've registered and activated OnStar, you can access every OnStar Service. To ensure security, several services will ask for your PIN. For example, Remote Door Lock/Unlock or Stolen Vehicle Assistance.
- Press and hold the Privacy Button for approximately five seconds to mask your car's location at any time. If you change your mind, press the Privacy Button again for approximately five seconds to reveal your location. Only in emergencies³ can OnStar override this.

OnStar Europe Ltd t/a Vauxhall OnStar will never sell your information on. Your information will only be disclosed to OnStar and GM Holdings LLC (USA), its affiliate companies (i.e. Adam Opel AG and General Motors UK Limited), your selected/preferred retailers, companies involved in providing or carrying out the OnStar Services and, at your request, to other service companies.

Privacy Policy – General Motors UK Ltd, General Motors Holdings LLC (Michigan, USA) and OnStar Europe Ltd may process your data for marketing, market research, tracking sales data and to contact you. On request, you can stop the processing of your personal data for marketing at any time.

Your personal details may be shared within the General Motors Group and suppliers, retailers and agents for the above purposes – we will not share your personal details with third parties for their independent use. The data may be transferred outside the European Economic Area (EEA). All steps reasonably necessary will be taken to ensure that your data is treated securely and in accordance with applicable laws. Please read our privacy policy – www.vauxhall.co.uk/privacy for more detail.

¹Optional on all other Mokka models. ²The Vauxhall OnStar services rely on wireless communication networks and satellite positioning systems. ³Some features may not be available in certain foreign countries. Please check the comprehensive specifications and technical data available in the Mokka price/specification guide PDF for an overview of any restrictions at www.vauxhall.co.uk under 'Request a brochure'.

³In events such as a crash or if your vehicle is stolen.

➤ HOW CAN I GET ONSTAR?

Vauxhall OnStar is standard on Mokka Limited Edition and is available as an extra cost option on all other models.

To get it:

1. Request OnStar when you order your new Vauxhall Mokka.
2. OnStar will send you an e-mail invitation so you can activate your account.
3. Complete your registration and set up your preferences.
4. OnStar is ready to go!

After the 12-month free trial period, you can decide to order a continuation of the OnStar services. This will be subject to a fee.

To find out more, visit www.vauxhall.co.uk/onstar

➤ HOW MY VAUXHALL SERVICES DO MORE FOR YOU

My Vauxhall is your one-stop shop to manage everything to do with your Vauxhall – from your Vauxhall OnStar account to organising your vehicle's next service to rewards and exclusive offers. Everything is targeted to you and the Vauxhall you drive.

- Manage your Vauxhall – take care of your Vauxhall online, book a service
- Access your Vauxhall OnStar Services – get diagnostics reports, manage your subscription and more
- Exclusive offers – stay up to date on special offers, latest news and current events
- Dealer locator – find your nearest Vauxhall retailer

If you already are a Vauxhall OnStar customer, you can access all the My Vauxhall services. Otherwise, you can register for My Vauxhall by following these easy steps:

1. When you order your car, your retailer will go through a simple pre-registration with you.
2. We will send you an e-mail invitation so you can activate your account.
3. Complete your registration.
4. My Vauxhall is ready to go!

To easily access My Vauxhall from your smartphone, just download the app from the Google Play Store or from Apple iTunes App Store.

➤ FEEL THE GRIP

From a steep off-road descent to a fast commute in a cloudburst at dusk. Packed with high-end technology like Descent Control System and intelligent four-wheel drive, the Mokka 4X4 can comfortably handle whatever comes its way.

Grip on demand. With the intelligent four-wheel drive system you can look forward to increased driving stability and improved handling in the toughest of conditions. The 4X4 system uses sensors to monitor a range of conditions including steering angle and the relative speed of the wheels. A sophisticated torque transfer device then automatically distributes drive between the front and rear wheels for optimum traction and superior safety in the prevailing road conditions.

Descent Control System (DCS). Take your Mokka 4X4 off-road and you can use DCS to safely control your speed on extreme downhill gradients without having to brake.

➤ THE POWER TO PLEASE

The Mokka boasts a lively range of engines with characteristics to suit your life. Choose from multi-valve petrol or turbocharged diesel models complete with a five- or six-speed manual gearbox and Start/Stop as standard. Plus, the Mokka combines the responsiveness and low fuel consumption of a turbo diesel with the comfort of an automatic transmission and the convenience of front-wheel drive.

Engine choice. Mokka drivers can select from a range of powerful yet efficient engines. From the highly flexible 115PS 1.6 litre and 140PS 1.4 litre turbo petrol units. To the fuel-efficient 1.6 litre turbo diesel units producing 110PS and 136PS. Automatic front-wheel drive variants of the 1.4 petrol and the 1.6 136PS diesel are available. In addition, all engines comply with the rigorous Euro 6 emissions standard. So, if performance, responsiveness, low emissions and affordability are high on your agenda, there's an engine that'll put a big grin on your face.

Start/Stop. Standard on all manual transmissions, our innovative system switches the engine off when you stop at the lights or in traffic, then restarts it automatically once the clutch is depressed; saving you fuel and reducing emissions. A huge range of built-in checks ensures passenger and vehicle safety at all times, of course. Engine stop is indicated by the rev counter needle in the AUTOSTOP position and the system can be deactivated with the push of a button.

➤ ACCESSORIES

The Mokka has the looks and technology you need every day in the city, plus the room you need to take friends and family away on a trip. Whatever you want to do with your Mokka, check out the range of Genuine Vauxhall Accessories to find out how they can make life easier.

1. Roof base carrier with Thule roof box. If you're into sports and like to make the most of your time outdoors, even the Mokka's ample interior might not be enough to load all your outdoor gear. A kayak/surfboard carrier or this sporty Thule roof box should take care of that.

1. 2. VXR Styling Pack. Cool and sophisticated or just plain exciting? The VXR Styling Pack includes a front skirt, side sills and rear skirt for maximum visual impact. Also available individually. Mokka illustrated also features 19-inch alloy wheels, optional at extra cost.

3. VXR Styling rear spoiler. In addition a rear roof spoiler is available separately to complete the dynamic look.

4. Hard cargo tray. When you have lots of little items to load, this made-to-measure tray is a must. High-edged, flexible and washable, the cargo tray also has a non-skid surface to prevent loads from slipping – and help you keep the boot area clean and tidy.

5. Cargo organiser. This collapsible organiser stops items moving about on twisty roads. It's just one of several practical accessories available that let you easily load, organise and unload your stuff.

6. Side steps. Stylish but functional, the side steps enable easier access to roof-carried loads, or just help you and especially the kids, get in and out. They look good too, in aluminium with stainless steel top and anti-slip rubber strips.

7. Fixed tow bar. Tow in confidence with Mokka's fixed tow bar featuring a 50mm ball and 13-pin electrical harness. The system can also be used in conjunction with the factory-fitted rear parking distance sensors.

Child seats. Vauxhall offers a full range of child seats for kids of all ages. The DUO ISOFIX child seat can also be attached using the ISOFIX child seat restraint fittings, standard on the outer rear seats.

Look for what you need. For the full range of Mokka accessories, take a trip to www.vauxhall.co.uk/accessories

Smarter driving tips

- **Drive at an appropriate speed:** Staying within the speed limit increases driver safety, reduces CO₂ emissions and saves fuel. At 70mph you could be using up to 9% more fuel than at 60mph and up to 15% more fuel than at 50mph
- **Drive smoothly at all times:** Anticipate the ebb and flow of the traffic to avoid harsh acceleration and braking
- **Reduce your revs:** Change gear earlier to help reduce fuel consumption – try 2500rpm with petrol engines and 2000rpm with diesel
- **Idling is wasting fuel:** If you're likely to be at a standstill for more than three minutes, switch off the engine to save fuel
- **Regularly check your tyre pressures:** Under inflated tyres increase CO₂ emissions whilst incorrectly inflated tyres can be unsafe. Always check your handbook for the correct tyre pressure. This will also help to increase the life of your tyres
- **Remove unnecessary items from the car:** Extra weight increases the engine's workload, whilst roof racks and bike carriers increase wind resistance. All burn more fuel and increase CO₂ emissions

Weights and towing data kg

	Gross vehicle weight	Max. towing weights Trailer with brakes (without brakes)
1.6i FWD	1764	1200 (500)
1.4i Turbo FWD	1828	1200 (500)
1.4i Turbo FWD automatic	1843	1200 (500)
1.4i Turbo 4X4	1879	1200 (500)
1.6CDTi 110PS ecoFLEX FWD manual	1883	1500 (500)
1.6CDTi 110PS FWD manual	1883	1500 (500)
1.6CDTi 136PS ecoFLEX FWD manual	1883	1500 (500)
1.6CDTi 136PS FWD manual	1883	1500 (500)
1.6CDTi 136PS FWD automatic	1896	1500 (500)
1.6CDTi 136PS 4X4	1938	1500 (500)

FWD = Front-wheel drive.

Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. The **maximum roof rack loading** should not exceed 100kg. The **maximum towing weights** are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, **maximum noseweight** should not exceed 75kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee.

Trust Vauxhall

Company Car Driver 3 Day Test Drive

Our free* 3 Day Test Drive programme is open to all Company Car Drivers which allows you to choose any model in the current Vauxhall line-up (excluding all VXR models and Commercial Vehicles), with full insurance cover provided, to give you a meaningful length of time to make an informed decision about your next company car. Our tax efficient Tech Line models have been specifically developed for Company Car Drivers, see page 30 for more details.

To book your free* test drive just log on to www.vauxhall3dtd.co.uk or call **0870 240 4848****

Fleet Customer Services

Our dedicated support services for fleet decision makers include factory demonstrators and information on whole life costs, company car taxation and finance.

For further information please call **0870 010 0651**.

E10 Fuel

E10 fuel is cleared for use in all petrol-engined Vauxhall vehicles excluding models with the 2.2 litre direct injection petrol engine (code Z22YH) used in Vectra, Signum and Zafira models. Owners of these vehicles should continue to use regular unleaded or premium unleaded petrol.

Proud Sponsor of Home Nations Football

OnStar Europe Ltd t/a Vauxhall OnStar will never sell your information on. Your information will only be disclosed to OnStar and GM Holdings LLC (USA), its affiliate companies (e.g. Adam Opel AG and General Motors UK Limited), your selected/preferred retailers, companies involved in providing or carrying out the OnStar Services and, at your request, to other service companies.

Privacy Policy – General Motors UK Ltd, General Motors Holdings LLC (Michigan, USA) and OnStar Europe Ltd may process your data for marketing, market research, tracking sales data and to contact you. On request, you can stop the processing of your personal data for marketing at any time. Your personal details may be shared within the General Motors Group and suppliers, retailers and agents for the above purposes – we will not share your personal details with third parties for their independent use. The data may be transferred outside the European Economic Area (EEA). All steps reasonably necessary will be taken to ensure that your data is treated securely and in accordance with applicable laws. Please read our privacy policy – www.vauxhall.co.uk/privacy for more detail.

*The free 3 Day Test Drive programme is open to Company Car Drivers and excludes fuel and lubricants, congestion charges, parking and speeding fines and the £250 insurance excess (if applicable). It features a wide selection of models from the Vauxhall range (excluding all VXR models and Commercial Vehicles and subject to availability). Drivers must be aged 25 years or over, have held a full driving licence for at least a year and hold a major credit card. You will need to have your driving licence (and proof of identity (i.e. passport) where the driving licence is not a photocard licence) when your car is delivered. While every effort will be made to ensure that at least 3 days are provided for the test drive, this cannot always be guaranteed due to delivery and collection dates and timings. Available for UK Mainland only. Terms and conditions apply. **Telephone lines open Monday-Friday 9.00am to 5.00pm excluding Bank Holidays. Calls may be recorded or monitored for quality and/or training purposes.

Every effort has been made to ensure that the contents of this publication were accurate and up-to-date at the time of going to press (March 2016). Vauxhall vehicles are equipped with components manufactured by various General Motors operating units and outside suppliers. The Company reserves the right to alter specifications and withdraw products from sale without notice. Any such alterations will be notified to Vauxhall retailers at the earliest opportunity, please consult your local retailer for the latest information. The specifications detailed within this brochure are not necessarily applicable to alternative models such as Special Editions. Details of any such models will be contained in specific literature or found on the Vauxhall website. Please note that Vauxhall retailers are not the agents of General Motors UK Limited and are not authorised to bind the Company by any specific or implied undertaking or representation. It is advisable to ensure that your motor insurance policy provides adequate cover for additional fitted options and accessories. Please note accessories shown are for illustrative purposes only. As part of Vauxhall's policy of environmental care, this brochure is printed on paper manufactured using Elemental Chlorine Free pulps from specially farmed, sustainable timber resources.
