How to use this brochure

This brochure showcases some of the highlights of Grandland X. Please note that some of the vehicles shown include options available at extra cost and not all of the features described are available on every model. You can click through to the Grandland X Price and Specification Guide for all the latest details.

Life just got a little more grand

Isn't it funny how a little extra ride height makes you feel so much... grander? All of a sudden, commutes feel cooler. Getaways get greater, and adventures are reinvented.

Its commanding driving position is far from the only thing that's a bit grand about Grandland X.

There's serious brains beneath the brawn, giving you powerful, on-the-go connectivity with the reassurance of smart safety technology.

Not to mention the introduction of Vauxhall's first ever plug in hybrid system, that switches effortlessly from pure electric to an electrified 225PS, or 300PS 4X4 driving experience, for high power and low emissions.

It's an electrifying new journey for Vauxhall, so let's get going...

It's got the power

The Grandland X Hybrid and Hybrid4 give you more than just another SUV. With Plug-in Hybrid technology it charges like a fully electric vehicle, with up to 300PS from the combined petrol-electric powertrain. It achieves all this while keeping your emissions low and costs down. If we're talking figures, that's up to 204 mpg with CO₂ of only 29g/km.

Combined power

225 or 300ps

Reduced CO₂*

35 – 29g/km

More miles**

192 – 204mpg

These figures were obtained using a combination of battery power and fuel. The Grandland X Hybrid is a plug-in hybrid vehicle requiring mains electricity for charging.

*CO₂ emissions figures are determined according to the WLTP test cycle however, a Government formula is then applied to translate these figures back to what they would have been under the outgoing NEDC test cycle, which WLTP replaces.

**Fuel consumption figures are determined according to the WLTP test cycle. Full data relating to WLTP test cycles can be found at: [vauxhall.co.uk/wltp](https://www.vauxhall.co.uk/wltp)

Economical and cutting-edge

Four driving modes

With two different power sources and up to four driving modes, the Grandland X Hybrid range gives you maximum flexibility. Switch easily between electric, hybrid, AWD* and Sport, depending on your needs and the driving conditions. In pure electric mode, the car has a generous range of up to 35 miles. While in hybrid mode, the car automatically selects the most efficient method of propulsion. When travelling at low speeds within cities, for example, the system switches to electric mode for zero-emission driving.

*Hybrid4 models only.

Vauxhall Connect standard with integrated sat nav.

Continuing Vauxhall's reputation for class-leading on-board technology, the Grandland X Hybrid range features the new Vauxhall Connect telematics service. This includes Live Navigation with real-time traffic information, as well as the ability to check key vehicle data via an app including a journey planner which indicates where you can re-charge along your route.

Innovations

- 1. Impressive 360° surround vision*:** Grandland X not only has your back – but your front too. Our 360° panoramic camera alerts you to objects all around your car, making reversing out of a tight space super easy.
- 2. Vauxhall Connect**:** Peace of mind when you need it, 24/7, 365 days a year. In an emergency or breakdown, you can call up help at the touch of a button. Access live navigation services, receive regular vehicle diagnostic info plus there's a host of remote convenience features available through the MyVauxhall app.
- 3. Speed sign recognition:** Detects and then displays speed limits, reducing uncertainty and the risk of speeding.
- 4. IntelliLux LED® headlights and adaptive forward lighting†:** We told you it was clever. Every Grandland X features eco LED headlights as standard. There's also the addition of an intelligent LED AFL system which shapes the beams according to your driving situation.

*Standard on certain models. **Standard on all models, excluding SE Premium. Services may require a subscription/fee and are subject to mobile network coverage and availability. Live navigation services are included for three years and thereafter are subject to an additional subscription fee. †Available as part of an extra-cost option pack on certain petrol and diesel models, standard on certain Hybrid4 models.

It gets you, so get in

Grandland X will have you looking the part, and feeling it too. Confidently poised, it's ready to take you places. That energetic SUV design fuses lavish looks with practical versatility. With plenty of space for living, and all the smart tech you need to just get up and get on with life.

Because that's the way Grandland X goes – not just to look grand, but to make life feel that bit grander too.

You're into something good

So, if you're sitting comfortably, it's probably down to Grandland X's ergonomic active sports front seats*. With full lumbar support, extendable and tiltable cushions, each seat adjusts 16 different ways for the ideal back therapy.

The soft-touch facia and controls are ergonomically designed to keep your eyes on the road. The central multimedia touchscreen helps too, reducing clutter for a calmer, more luxurious cabin that takes you to a happy place. Now that's grand.

*Standard on certain models.

British weather beaten

Frosty mornings, misty windows and days as cold as ice. Whatever the weather, life's a bit more grand inside Grandland X.

- 1. Panoramic roof*:** All the heating tech inside Grandland X helps you enjoy your journeys even more, and if you treat yourself to a panoramic roof you can love the sunlight streaming in too.
- 2. Heated windscreen*:** Starting with those icy windows, ThermaTec technology quickly unfreezes the Grandland X's windscreen, making frantic morning scraping a thing of the past.
- 3. Heated seats**:** With a nice clear view outside, settle inside with the warm welcome of heated front seats.
- 4. Heated steering wheel*:** Windscreen – clear. Driver's seat – heated. How about a heated steering wheel to warm up those chilly hands on a cold morning?

*Standard on certain models.
**Optional on certain models.

Make a smart move

Driving, parking and getting around in busy towns and cities can be a challenge. Luckily, Grandland X has some moves that will make your day just that little bit less stressful. There's more info on the next page, but if you need all the detail just click on the button below.

1

1. Keyless entry and start*

For starters, getting in and out and on the road is easier with keyless entry and start, which gives you secure access to your car and its ignition without taking your keys out of your pocket.

2

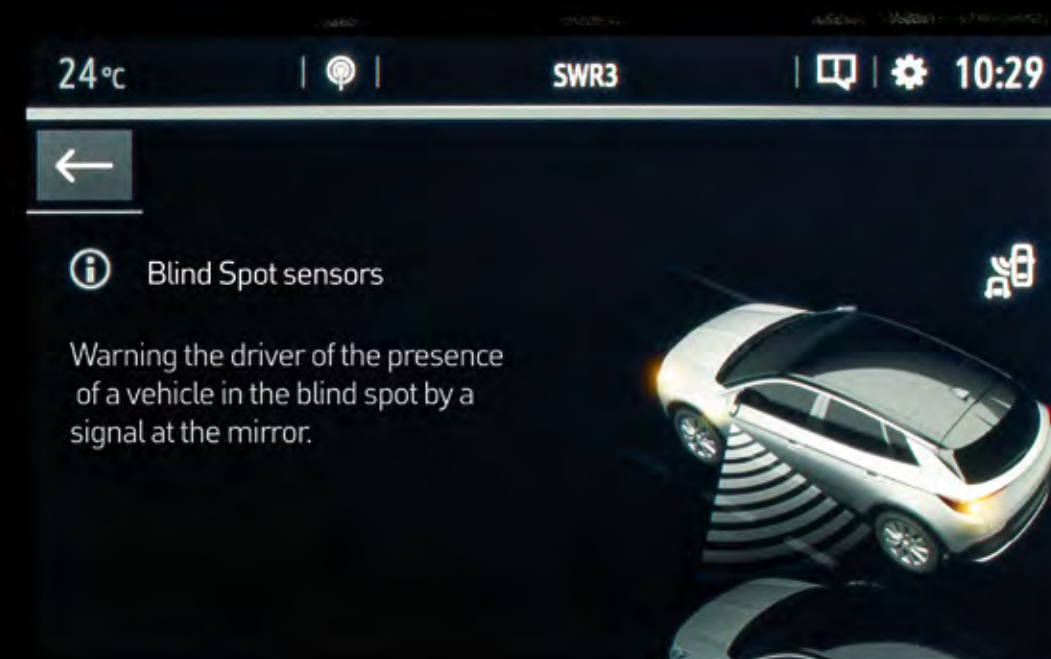

2. Rear-view camera*

If you're parking in a confined space, check the 180° rear-view camera so you can reverse into a tight spot with ease. And, on selected models, the 360° panoramic camera allows for a high and wide angle view around your car so you can move with even more confidence.

3. Side blind spot alert*

This is a real lifesaver. It helps prevent collisions by ultrasonically detecting vehicles hidden either side of you. If a vehicle moves into your blind spot, a warning light illuminates in the appropriate door mirror, making you aware of the potential hazard.

3

4. Advanced park assist*

Trying to get into a tricky space? Just switch to advanced park assist. Then watch as Grandland X steers you in. Now that's a smart move.

4

*Standard on certain models.

It looks out for you

It's nice to know you're being looked after – especially when you're busy travelling.

Based on Grandland X's front camera technology, intelligent safety assistance is built into most models, giving you a greater sense of security. It's a reassurance that makes all the difference to your journeys.

Automatic emergency braking*: No trouble ahead with automatic emergency braking. In busy traffic, it warns you if you approach a vehicle too fast, and automatically brakes for you as a fail-safe.

*Standard on certain models.

LED adaptive forward lighting*

Giving you greater visibility and safety at night, LED adaptive forward lighting headlights automatically optimise the beam shape in different driving situations, from town and country roads to motorways and adverse weather.

Lane departure warning

Keep on the straight and narrow with lane departure warning. If you drift out of your lane without signalling, the system alerts you with a sound. On certain models, the addition of lane keep assist gently nudges the steering wheel as a further reminder.

Driver drowsiness system*

This potentially life saving safety feature monitors your driving time and behaviour to help prevent accidents if you seem tired.

*Standard on certain models.

Touchscreen sat nav*

Keeping you on the right track, the Multimedia Navi Pro system gives you an 8-inch colour touchscreen with fully integrated European navigation and route planning.

Wireless charging dock*

Oh yes, and there's a handy wireless charging dock to keep your smartphone charged, hands-free and ready when you're on the go.

Smartphone integration

Every Grandland X features Bluetooth® connectivity and USB connection**. You can also connect your smartphone using Apple CarPlay or Android Auto™ to project your phone onto the multimedia† display. Simple access to your phone, music and apps, complete with voice control.

*Standard on certain models. **The majority of phones, MP3 players and tablets can be connected by either Bluetooth®, USB connection or aux-in. Please note you may need to change your connection method (i.e. from Bluetooth® to USB cable) if you want to access another function on your device. †Compatibility and certain functions may be different depending on the type of device and operating system you're using with the multimedia systems. Apple CarPlay is a trademark of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc. also registered in the U.S. and other countries. For more detail on the Grandland X's infotainment systems, please click through to the Grandland X Price and Specification Guide, vauxhall.co.uk/gograndlandx

Open to ideas

Space. Like time, it's something we can never have enough of.

Thing is, with a bit of clever thinking, there's always ways to make more. Grandland X starts off with a generous 514 litres* of rear storage, but with a simple flip of the rear seats, space expands to 1652 litres*. Perfect for storing extra kit, luggage and loads of all sizes.

Power tailgate**

Complementing Grandland X's keyless entry and start system**, a sensor-operated power tailgate gives you hands-free access when you're carrying and loading luggage. Just swipe your foot under the rear bumper to spring open the tailgate – grand.

*Capacities for Hybrid range models are smaller. See Price and Specification Guide for more detail.
**Standard on certain models.

Flexible space

Perfect for long loads, the seats feature a pass-through space* so you can safely store anything from ski gear to fishing tackle inside your car.

*Standard on certain models.

Split-folding rear seats

Make space work your way with seats that fold down flat in one easy hand movement. They've got a 60/40 split ratio too, so they adapt for all sorts of tasks.

Lean, mean and clean

A powerful range of super-efficient petrol and diesel turbo engines give you a choice of manual or automatic transmissions, all with our Start/Stop fuel saving system. All diesel engines feature BlueInjection, our next generation NOx emission control technology, using AdBlue® to reduce nitric oxide levels and improve emissions.

Provisional fuel economy and CO₂[#] results for the Grandland X. Combined mpg (l/100km): 40.4 (7.0) – 54.3 (5.2). CO₂ emissions: 158 – 136g/km. Provisional results for the Grandland X Hybrid. Combined mpg (l/100km): 192 (1.5) – 204 (1.4). Combined electric energy consumption kWh/100km: 15.9 – 16.1 (WLTP). CO₂ emissions 34 – 29g/km. These figures were obtained using a combination of battery power and fuel. The Grandland X Hybrid is a plug-in hybrid vehicle requiring mains electricity for charging.

[#]WLTP Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; personal driving style; vehicle load and route characteristics. For more information, contact your local Vauxhall Retailer.

Grip those curves

Who doesn't love the confidence of control? That feeling of knowing what you can do, and just being able to do it. That's exactly what makes Grandland X gripping stuff on every stretch, turn and curve. It's engineered to be efficient too, with innovative plug-in hybrid technology that keeps your running costs low and your drive dynamic.

1. Hybrid technology

A powerful powertrain comprises a 1.6 litre turbocharged direct injection petrol engine and on Hybrid4 models, two electric motors, producing up to 300PS and 520Nm of torque combined. An electrified rear axle provides true AWD capabilities on-demand. Standard Hybrid models operate in FWD only producing up to 225PS. While in electric mode, drive up to 35 miles on AWD models (34 miles on FWD models) with zero emissions.

2. Four driving modes

A sophisticated 8-speed electrified auto transmission operates up to four different driving modes: standard Hybrid mode, Sport mode for a more dynamic drive, Electric-only for zero emissions and on Hybrid4 models, 4X4 for difficult driving conditions.

3. Simple to charge, simple to save

Charges just like a fully electric vehicle. An i-booster system recovers energy to partially recharge the battery whilst on the move. Fully charge in 3 hrs 30 mins* using the on-board 3.7kW charger or in only 1 hr 45 mins* with the optional 7.4kW version.

*When charging with a 7.4kW wallbox.

4. Simple to use

A menu of easy to understand information displays in either the infotainment display or the instrument cluster. This includes energy usage and range, charging information and driving modes.

Grandland X choices

What are you chasing? Something smart, seriously sporty, or totally top-of-the-range? It's up to you.

We've got you a range of fantastic models to choose from, each one brimming with all the clever features and premium touches you'd expect and more. So you won't just have a higher ride. You'll have a heightened sense of well-being too.

Take your pick – and let the adventure begin.

Let's go bolder

What's the colour that makes you feel that little bit grander inside? It's different for everyone. Could be a pristine white or perhaps something moodier. Or maybe the seduction of a premium or tri-coat finish*. Whichever you fancy, there's plenty of ways to stand out that little bit more.

Black on top

Oh yes, on top of all this you can match your body colour with a jet black roof* (with black door mirrors) for even more dynamism.

*Standard on certain models.

White Jade
Brilliant

Quartz Grey
Two-coat Metallic

Diamond Black
Two-coat Metallic

Moonstone Grey
Two-coat Metallic

Topaz Blue
Two-coat Premium Metallic

Dark Ruby Red
Two-coat Premium Metallic

Pearl White
Tri-coat Premium

Please refer to the latest Grandland X Price and Specification Guide available from vauxhall.co.uk/gograndlandx for details of colour availability by model and price. The colours reproduced may vary slightly from the actual paint colour and trim material. As a result, they should be used as a guide only. Your Vauxhall Retailer has a comprehensive display of paint samples.

Give your drive a little extra

Having just the right little extra makes a big difference to your journeys. We've only shown a small selection here and on the next page but click the button below to see the full range online.

- 1. Treat your feet:** Your car floor stays protected and comfortable with a set of four high-quality mats, available in durable black velour or toughened, anti-slip rubber, they're styled with the Grandland X logo.
- 2. Clean getaway:** Keep your paintwork pristine with front and rear splash guards designed for superior protection against mud and water splashes and stone chips. Available in classic black with an easy clean finish.
- 3. Screen time:** Keep your rear seat passengers entertained with this FlexConnect tablet holder that securely adjusts for every viewing angle. Other FlexConnect attachments are available for holding shopping bags, jackets and drinks.
- 4. Nice footwork:** Add an even more stylish and sporty look to your Grandland X's interior with the racing glitz of alloy pedal covers, available for either manual or automatic transmissions.

Furry good idea: If you have a four-legged friend, a fitted dog guard is the perfect way to separate the passenger and luggage compartments to keep your furry pal happy and safe (and your rear seats tidy!).

Big up your adventures

Aerodynamic Thule® roof boxes, available in a range of stylish finishes complement Grandland X's shape. There's a range of sizes, which use a Power-Click quick mounting and safety locking system, increasing your load capacity by up to 460 litres for even grander escapes.

Tidy travels

Drive smart with a Grandland X cargo liner. Available as a velour carpet load liner (illustrated left) or a custom moulded tray with a raised lip to keep loads and spills contained, both are designed to keep your boot floor clean, tidy and protected.

Get more with MyVauxhall

MyVauxhall is your one-stop shop for everything Vauxhall. From service schedules and owners' manuals to online service booking and product updates – MyVauxhall is your digital passport to the world of Vauxhall. One login gives you access to both the website and the app.

- **Manage your Vauxhall** – Book a service online with your chosen Retailer
- **Vauxhall Connect** – Access any connected services available for your vehicle via the MyVauxhall app
- **Owner documents and tutorials** – Access to your vehicle's owners' manual, infotainment tutorials and 'how to' videos

How to get MyVauxhall

Registering for MyVauxhall is simple:

1. When you order your Grandland X, your Retailer will help you pre-register for MyVauxhall.
2. We'll send you an e-mail invitation to activate your MyVauxhall account and complete your registration.
3. MyVauxhall is ready to go – use it through any web browser, or the MyVauxhall app on your mobile device, available to download the from Google Play or Apple App Store.

Let's go grand

Riding high, in the zone and effortlessly in control. Life's a little bit larger in the new Grandland X. You can drive more safely than ever, see more of the road ahead, and enjoy every journey in comfort with the reassurance of smart connectivity.

Available with intelligent safety assistance, Adaptive Forward Lighting LED headlights and ergonomic active front seats (to name just a few goodies), Grandland X takes you to grander places.

So go on and get into a drive that's more efficient and more exciting than ever.
