

New Grandland

Expect great things from the new Grandland

Our brilliant SUV has been given a bold new exterior look that reflects our all-new design language.

The interior has not been overlooked. As sophisticated as ever, it now features a new fully digital colour display with a combined screen size of up to 22 inches.

And the engine line-up delivers advanced hybrid technology that switches automatically between fully electric drive and efficient petrol power with up to 225PS available.

A host of innovative driver assistance features, including a new night vision option, mean driving a Grandland has never been safer or more satisfying.

The new Vauxhall Grandland. Now even grander.

Exterior Styling

Grand in more ways than one

New Grandland looks simply brilliant. From every angle.

First, you'll notice the new Vauxhall vizor, giving the Grandland a much more commanding road presence. Then there's the new body-colour detailing for Elite and Ultimate models which gives an all-round sleeker look.

Or make a statement and choose the sportier SRi (pictured) for contrasting gloss black styling, complete with matching black alloy wheels and Vauxhall badging.

Interior Design

It's seriously smart...

Inside, the star of the show is the new fully digital PurePanel display, that puts a 10-inch infotainment touchscreen and a 12-inch digital cluster right in front of you. This gives you easy access to everything you need, from your phone contacts to your driving speed, all without distracting you from the road ahead. And on most models, you'll get an integrated sat nav just a touch away.

Interior Comfort

And stylish too

The Grandland is quite simply a joy to be in. Not only because of its head-turning good looks and premium touches, but because of its outstanding comfort features. Both driver and passenger are spoiled with ergonomic active sports front seats that can come heated for extra comfort. And speaking of seats, they come finished in a new Alcantara trim on Ultimate models.

Then there's great features like dual-zone electronic climate control and heated steering wheel. And how about a heated windscreen to match?

Safety & Driver Assistance

Made to make your life easier

New Grandland is packed with innovative features that make your driving experience safer and stress-free.

Highlights include:

- Night Vision Technology
- IntelliLux LED® Pixel Headlights
- Active Drive Assist
- Front Camera System
- 360 Degree Panoramic Parking Camera
- Advanced Park Assist
- Side Blind Zone Alert

Driving Dynamics

Ready for action

New Grandland comes with advanced hybrid technology, that delivers up to a mighty 225PS from the combined petrol-electric powertrain. This is met with a sophisticated automatic transmission with three driving modes for a drive that's smooth and enjoyable. You can also opt for efficient petrol or diesel engines too.

Get into the New Grandland

New Grandland completes the new and improved Vauxhall SUV range, that brings bolder looks and even smarter technology. And an exciting driving experience to match. Now all that's left to do is choose your model, from our simplified new 4 car line-up.

So go on and get into the New Grandland.
