

Insignia

Confidently British

At Vauxhall, we believe great cars are for everyone. We're part of the fabric of British life – finding smart ways to make life better for the nation's drivers. It's a journey of progress that unites us all. And to us, the future has never looked more exciting. Take a look at the Insignia to see what we mean.

How to use this brochure

This brochure showcases some of the highlights of Insignia. Please note that some of the vehicles shown include options available at extra cost and not all of the features described are available on every model. You can click through to the Insignia Price and Specification Guide for all the latest details.

It's a no-brainer

If you need a car that looks good and performs beyond expectation, then get into the Insignia. With standout looks, superb efficiency, innovative safety and an all-round great drive.

Let's get down to business...

Insignia

Feel the business

Iconic design with a bold front and rear design, clean lines and sharp styling. Just one look and you'll be hooked.

If you're a company car driver or fleet manager, get a feel for Insignia with our **free** 3 Day Test Drive Programme.

**Your own
personal
space**

Sit down, settle in. Behind the wheel, you'll soon see what it's all about. You. An ergonomically designed cockpit with controls that fall easily to hand, front seats that can be adjusted up to 18 different ways (they can even give you a massage)*, and an infotainment touchscreen with integrated sat nav poised just a touch away.

You'll be feeling at home in no time.

*Optional on SRi Premium model.

Your comfort zone

Comfort. Space. Enjoyment. That's what you'll find inside the Insignia. Boasting front seats that can be adjusted up to 18 different ways.* You'll also find new Alcantara trim, soft-touch surfaces and the finest interior detailing throughout the cabin.

*Optional at extra cost on SRi Premium model.

Relax, we've got your back

Stretch out in the Insignia's stylish cockpit. With an ultra-comfortable driving position and ergonomic active front seats.*

They're so good, they're even approved by the AGR**, an independent committee of back health experts and medical professionals. Which means they look after you, by looking after your back.

Sitting comfortably? You will be

Ergonomic active driver's seats* include these comfort features:

- A.** Head restraint is adjustable four ways to give you perfect head support.
- B.** Tailored lumbar support is electronically adjustable for perfect back comfort.
- C.** Extendable thigh support provides perfect comfort for your legs.
- D.** 18 adjustable seating controls give you plenty of settings for the lumbar area and seat position.

Turn perfect comfort into pure luxury

On SRi premium models you can also upgrade the driver's seat to include the following luxury features†:

- E.** Pneumatically adjustable backrest side bolsters
- F.** Electro-pneumatic massage using a three-cushion system.
- G.** Seat memory that can remember six posture settings for two different people.

*Both ergonomic active front seats standard on SRi Premium model.

**Known as the Aktion Gesunder Rücken, which translates as the Campaign for Healthier Backs. Please note that seats shown are for illustrative purposes only. †Optional at extra cost.

Makes room for more

Funny thing about space. There's never enough of it.

Especially when you're packing for a trip, whether it's a work trip or a weekend away.

That's why we've designed the Insignia interior to be as roomy and flexible as possible.

Look inside and see how comfortably it welcomes people and loads of all shapes and sizes, with plenty of handy, well-thought-out places to keep things neat and tidy.

Because it's not just space – it's room to live.

Let's get down to business...

Satellite navigation

Smartphone projection

Wireless phone charger**

Work hard, play harder

Be loads more productive and relaxed with seamless, hands-free connectivity at your fingertips.

Sat nav comes as standard on every model, with an 8-inch colour touchscreen, an ultra-fast processor, dynamic mapping and embedded voice recognition for smarter hands-free control. A real plus when you spend a lot of time on the road.

And that's not all. You'll get a multimedia infotainment system too, that features full smartphone integration* and serves up smart entertainment using Apple CarPlay and Google Android Auto™.

*Compatibility and certain functions may be different depending on the type of device and operating system you're using with the multimedia infotainment system. Apple CarPlay is a trademark of Apple Inc., registered in the U.S. and other countries. Android Auto is a trademark of Google Inc., also registered in the U.S. and other countries. **Standard on certain models. Image is for illustrative purposes only. For more detail on the Insignia's infotainment, please click through to the Insignia Price and Specification Guide, vauxhall.co.uk/goinsignia

You'll look sharp in the dark

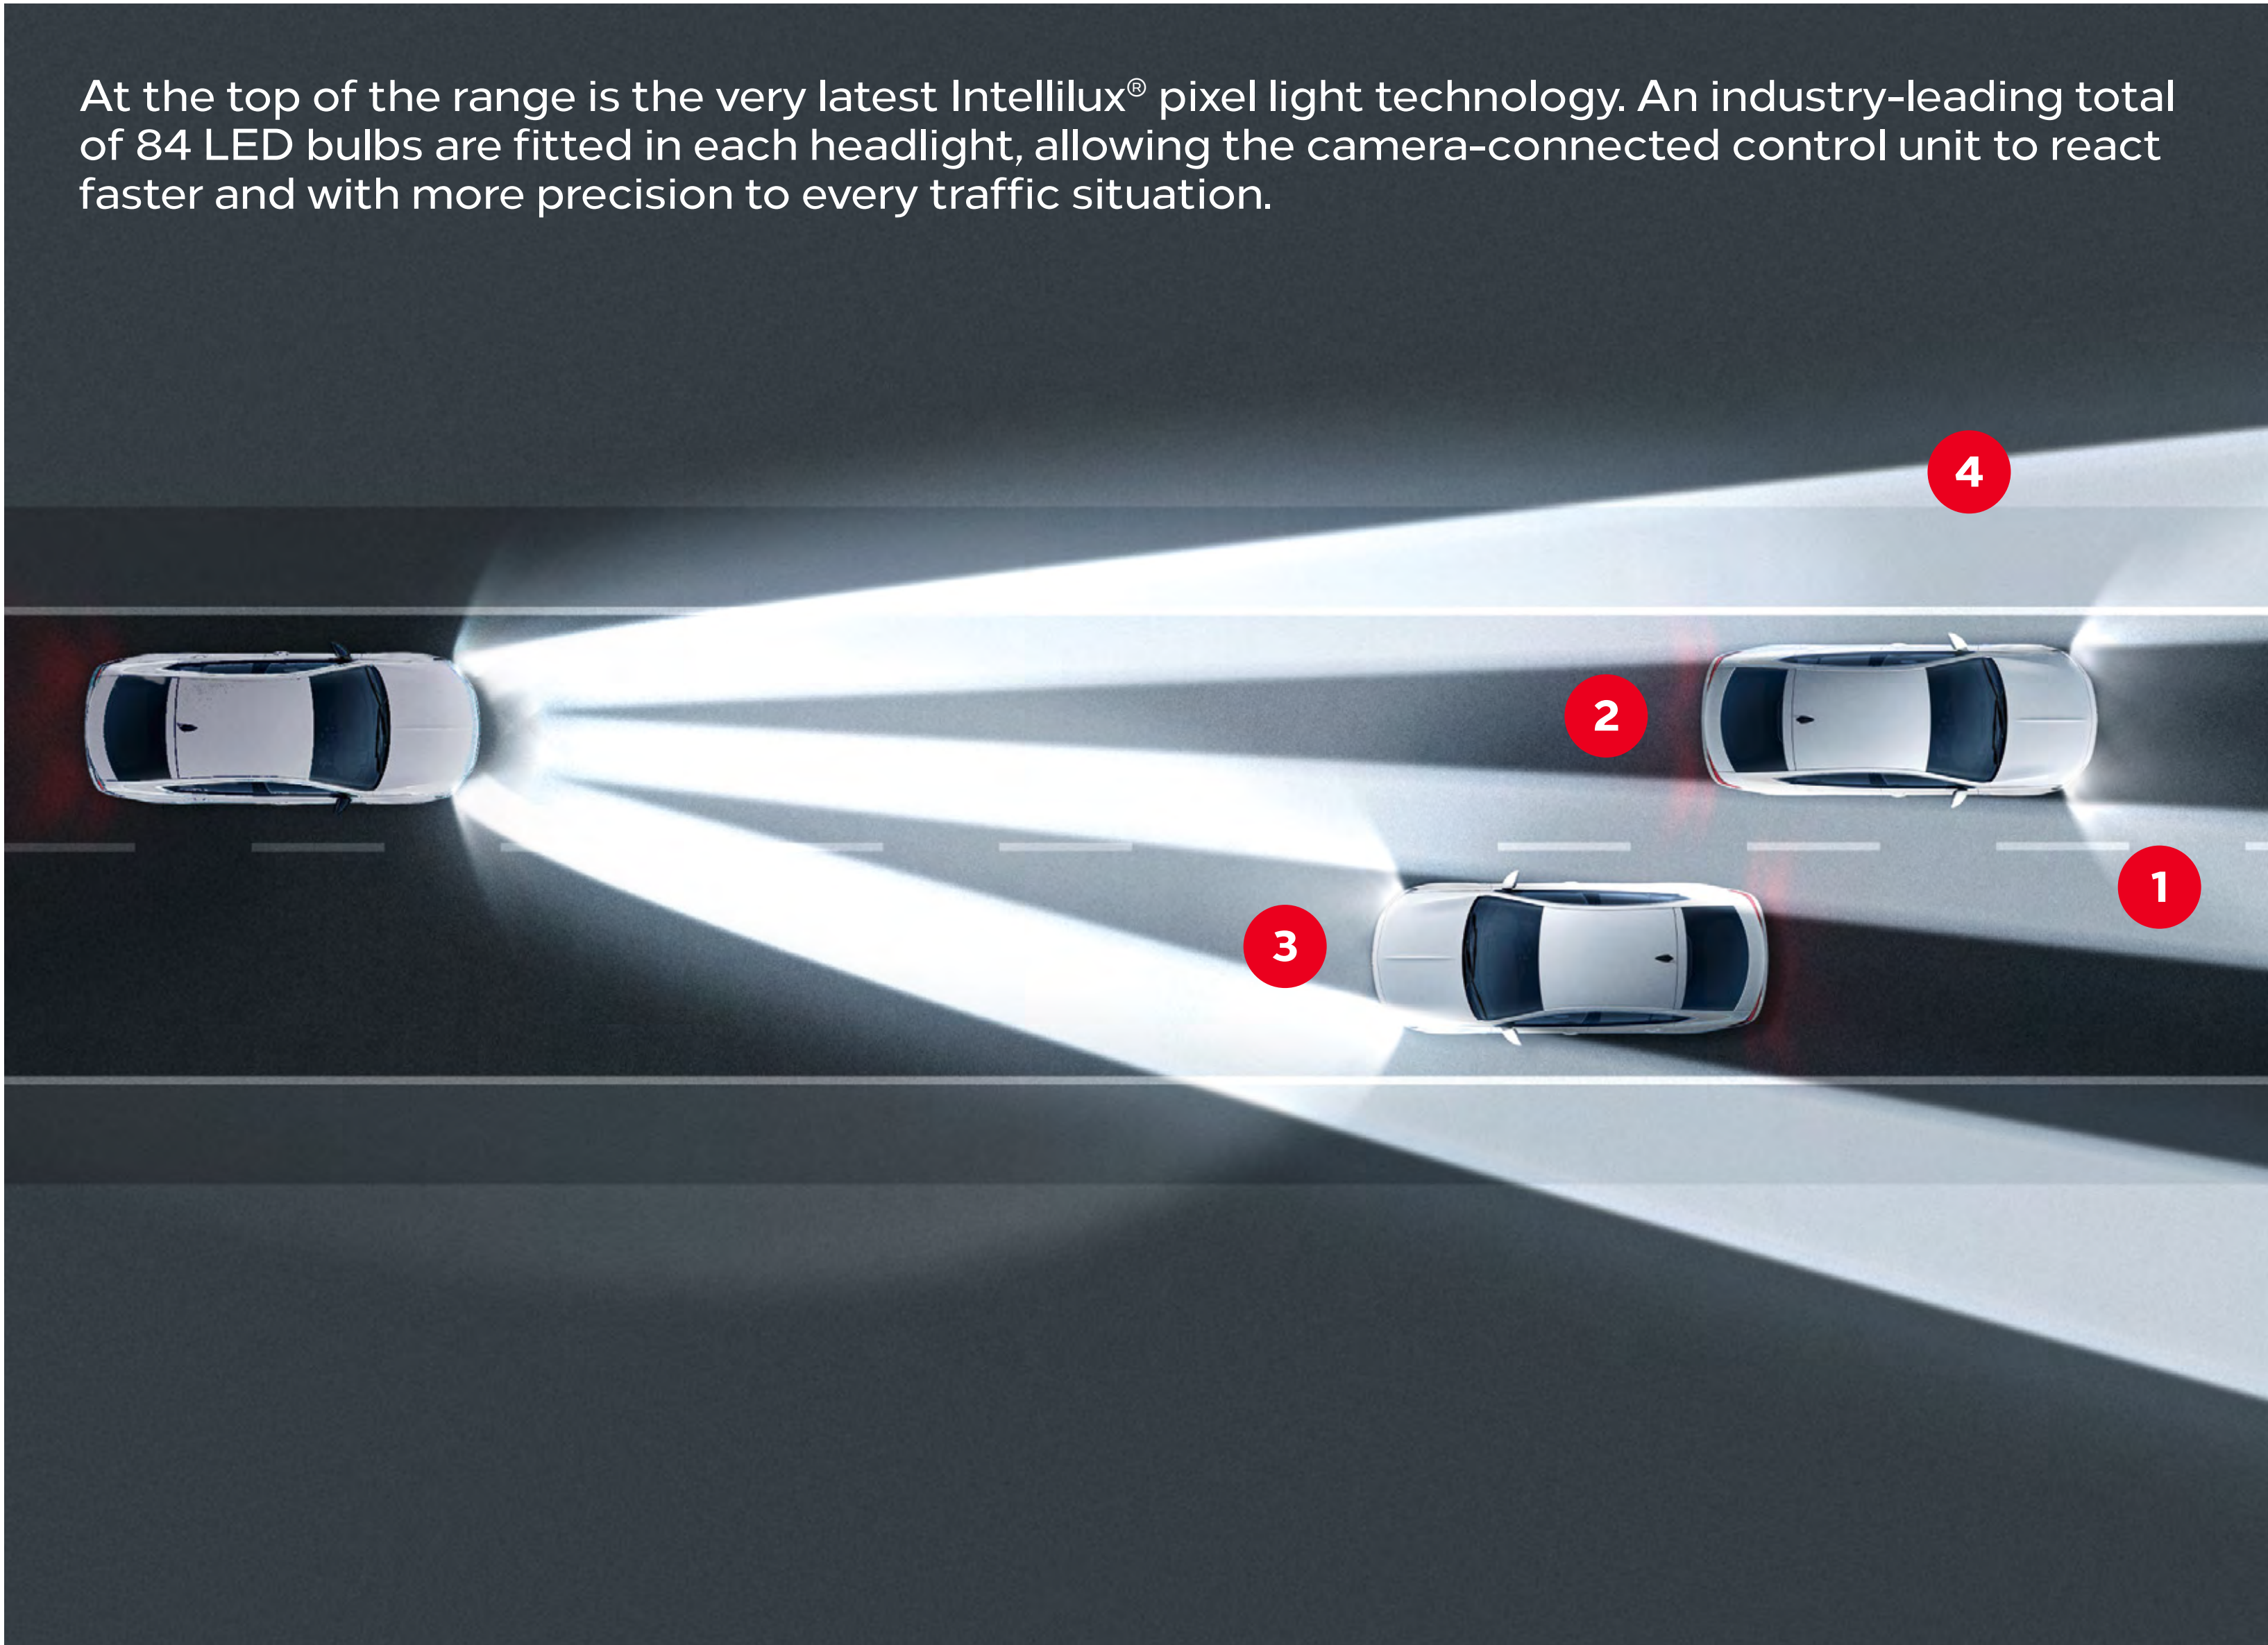

Poor visibility? Night time driving? No problem. Every Insignia comes fitted with LED headlights as standard.

In addition, Insignia features the latest Intellilux adaptive LED[®] pixel headlights.* They illuminate the road and adapt the range and direction according to the driving situation and surroundings. What a bright idea.

When it comes to safety, the Insignia really means business. The advanced safety systems work tirelessly to watch the road around you and keep you alert, with standard features including:

- Forward collision alert
- Lane departure warning with lane assist
- Automatic emergency braking with pedestrian detection
- Speed sign recognition
- Front and rear parking distance sensors

At the top of the range is the very latest Intellilux® pixel light technology. An industry-leading total of 84 LED bulbs are fitted in each headlight, allowing the camera-connected control unit to react faster and with more precision to every traffic situation.

1. See more of the road ahead

An industry-leading total of 84 LED bulbs are fitted in each headlight, instead of the previous 16, for a safer, more relaxed drive at night.

2. More time to react

A brighter, sharper beam means you can spot hazards earlier and react quicker.

3. No need to switch your beam

Individual LEDs independently switch on and off to instantly shape the beam around approaching vehicles, so you don't have to switch beams.

4. See better around corners

On slow, tight bends, the headlights automatically shine a beam into the corner you're taking, giving you greater visibility.

Intellilux adaptive LED® pixel headlights

It's serious about safety

When it comes to safety, Insignia really means business. Its advanced safety systems work tirelessly to watch the road around you and keep you alert.

1. Forward collision alert

When you're in busy traffic, forward collision alert warns if you approach the car in front too fast, and will automatically brake for you as a fail-safe.

2. Lane departure warning with lane assist

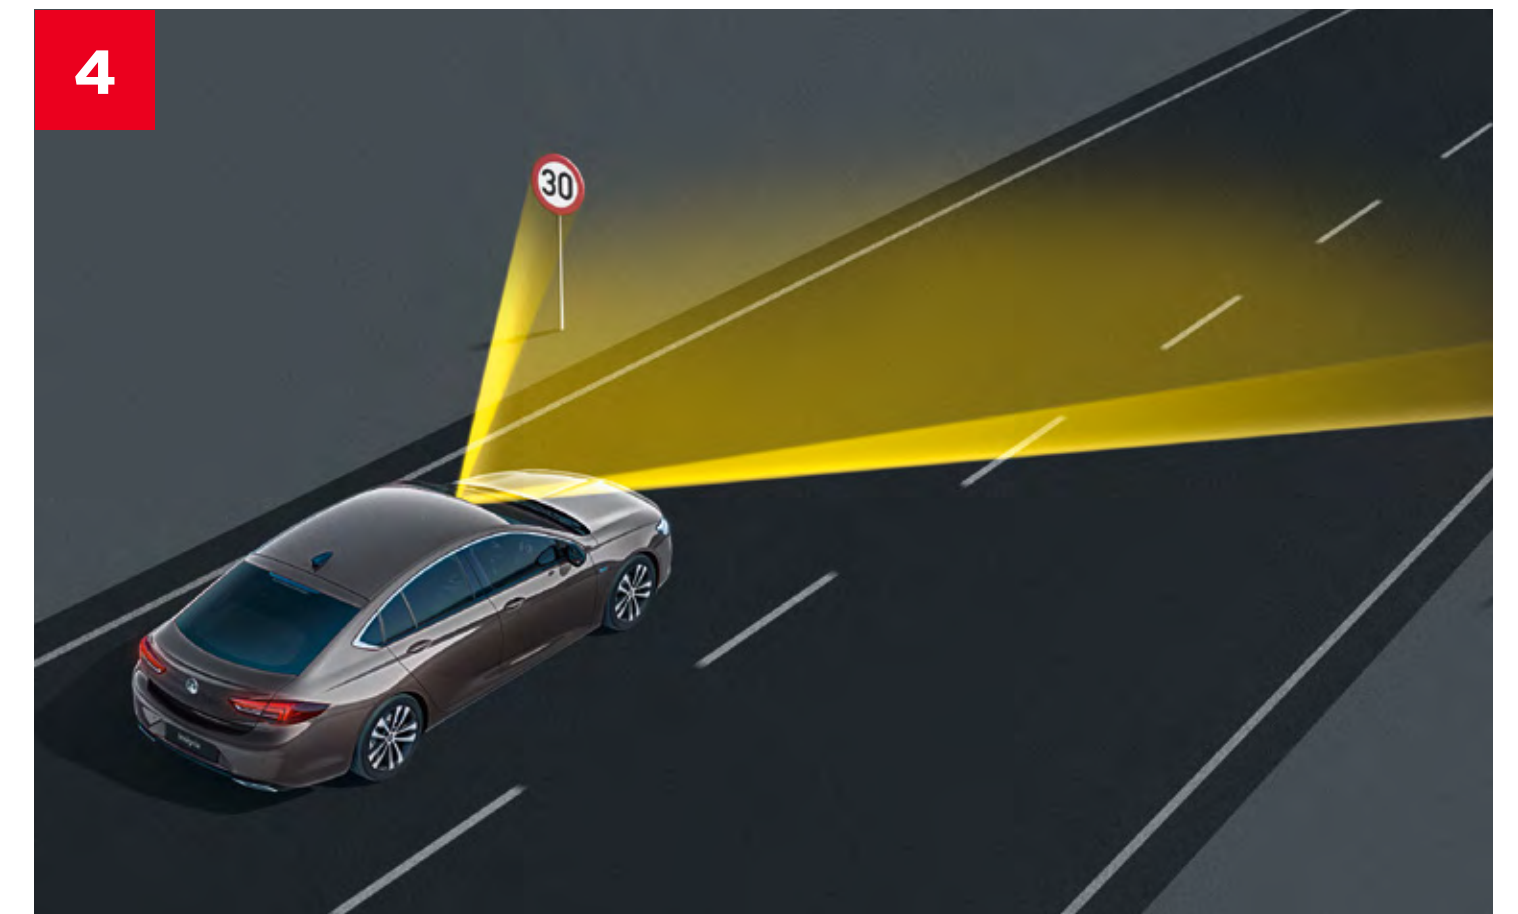

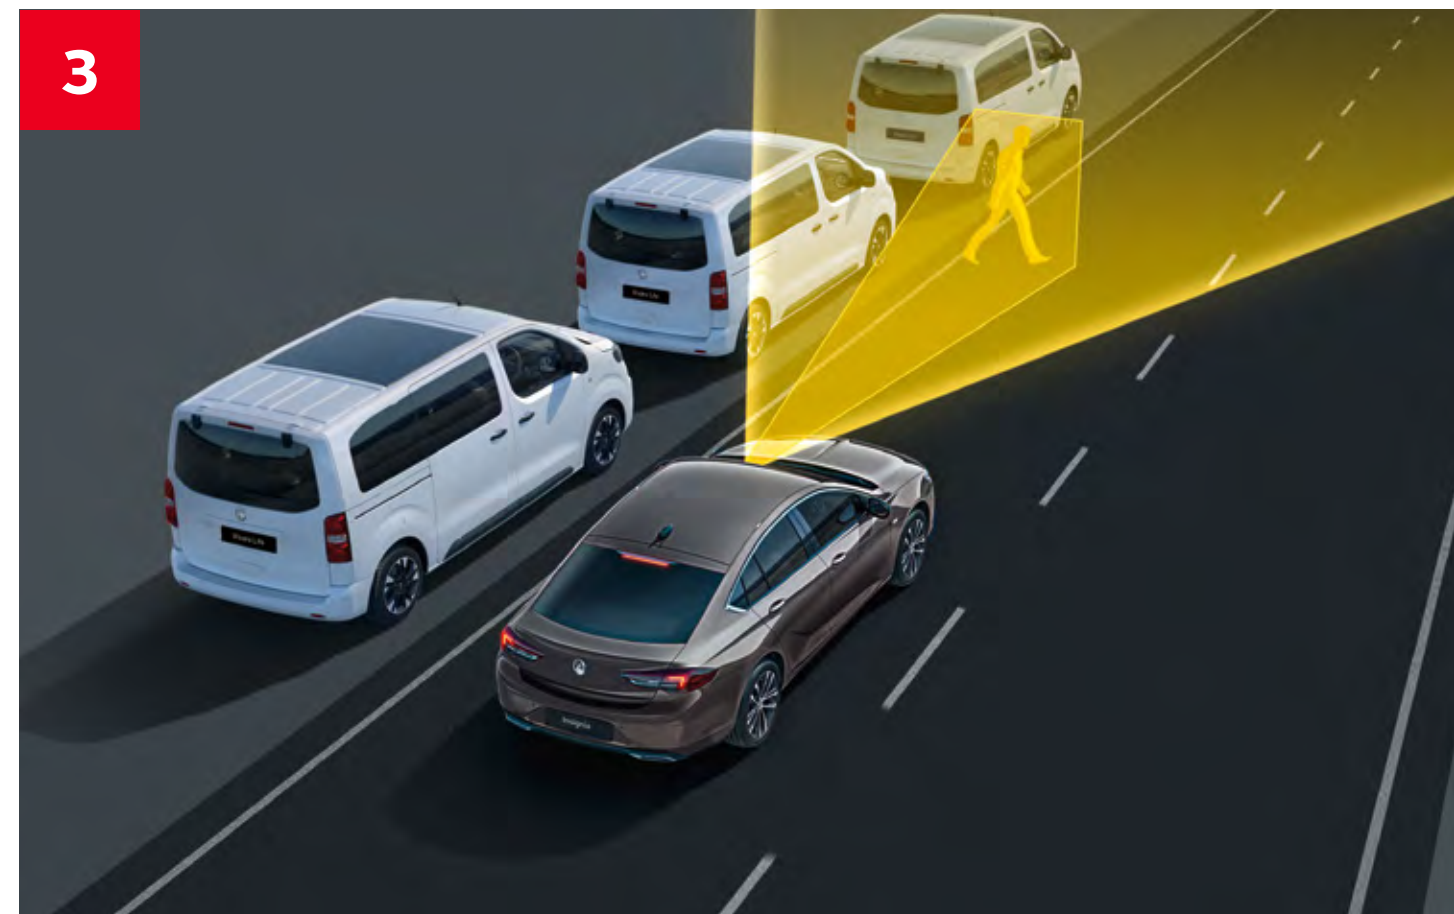

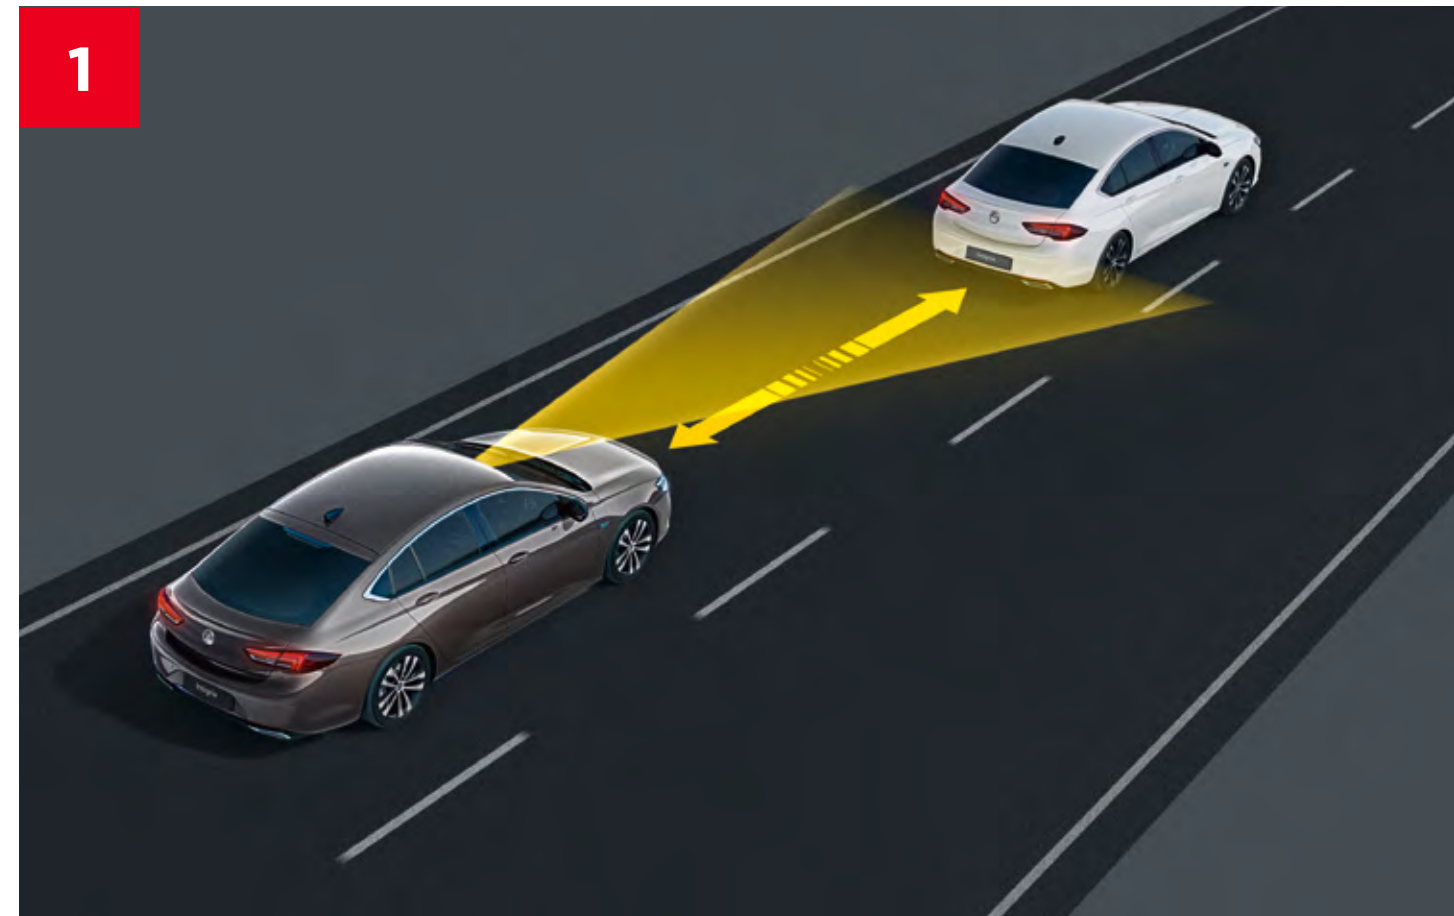

If you drift out of your lane without signalling, the lane departure warning system alerts you with a gentle nudge of your steering wheel.

3. Automatic emergency braking with pedestrian detection

If a pedestrian is detected in your car's path, the system pre-boosts the brake for greater stopping power, and is ready to fully apply the brakes if you don't react. A true lifesaver.

4. Speed sign recognition

Get speed limit alerts to help you drive legally and avoid fines. Traffic sign recognition reports important road signs for safer travel.

Even better to drive

Insignia is one of the most efficient cars in its class, due to a new generation of engines which mean improved fuel economy and lower emissions.

The powertrain portfolio features an ultra-efficient, 1.5 litre Turbo diesel with 122PS and up to 300Nm of torque.

The 174PS, 2.0 Turbo diesel engine features variable camshaft control. When less power is required, two cylinders automatically shut off, significantly reducing fuel consumption.

There's also a choice of low-friction automatic transmissions in 8- or sophisticated 9-speed.

Together with improved driving dynamics, it all adds up to give you the best of both worlds.

Get into a Insignia and feel it for yourself.

Provisional fuel economy and CO₂[#] results for the Insignia range: Combined mpg (l/100km): 37.2 (7.4) – 61.4 (4.7). CO₂ emissions: 171 – 120 g/km.

#Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. The CO₂ figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification.

Raise the bar

Whichever you choose the SE Edition or the SRi Premium, you're guaranteed style, sophistication and heaps of smart technology. The premium-class interior takes it to the next level.

Take your pick – and let the adventure begin.

Best dressed
