

Rover Range

Look good anywhere.

The Rover 25

There's nothing like a good, vigorous workout. It's refreshing, rejuvenating and leaves you feeling great. Just like the Rover 25. Agility and response in and out of that winding short cut to the city. Energy in reserve when you feel the urge for a long, open road. And, when it's time to slow down for a moment, a calm, confident presence exclusively enjoyed by those justifiably proud of the shape they're in.

Cars shown in this brochure feature various options and accessories.

You wouldn't want to travel any other way.

The Rover 45

Only detailed workmanship can give a car real depth. No surprise then, that the closer you look at the Rover 45, the more quality you see. So appreciate it at your leisure. Without hurry. But please feel free to put your foot down and enjoy a refined performance. And if you think that the distinguished interior specification and standard of comfort would fit smoothly into your lifestyle, consider the surprisingly low cost of putting it there.

Just one of life's little luxuries.

The Rover 75

Calm assertions of superiority always sound loudest. So it is with the Rover 75. For proof, quietly offer someone a lift. Notice reactions, first to the award-winning sweep of its contours, then to the interior expanse of pure comfort. Let them take in the beautifully specified luxury that surrounds them. Then find a road on which the vigour of the engine can assert its effortless power. Where the smooth, refined ride can best be appreciated. Where a classic new driving experience can whisper for itself.

More road in front, more room behind.

The Rover 75 Tourer

If your next road leads straight to your favourite pursuit, and your cargo comprises friends, family and all the equipment you need, it's reassuring to know you have something that can carry it off beautifully. The Rover 75 Tourer opens itself up to your world and packs it away with ingenious versatility. It's intelligent conveyance in the lap of luxury. Performing to the highest standards set by its Saloon counterpart and, like all the best hosts, carefully and thoughtfully giving up more room in the back to whatever's a part of your life.

More to look at, more to enjoy.

If you're looking for a bigger small car, rest assured that being part of the Rover 25's world won't cost the earth. So settle down with the generous headroom, legroom and excellent visibility inside the cabin. Choose from a range of award-winning K-series engines from 1.1 litres of rapid economy up to 1.6 litres of potent power. Take in the wealth of handsome and practical embellishments which now include a new style steering wheel, drinkholders and CD/cassette storage. And get acquainted with new technological touches like the Traffic Master Traffic Alert system, auxillary power socket and optional ultrasonic parking aid. On a taut chassis engineered for control, and with suspension set for comfort, it's easy to see why the Rover 25 is simply a bigger personality all round.

Rover 25 key standard features.

Main items of specification (i and all other models).

Interior trim & equipment

- Geo seat facings.
- Fascia stowage shelf (where passenger airbag option is not fitted).
- 60/40 split folding rear seat.
- Full length floor mounted centre console.
- Front door bins.
- Height adjustable steering wheel.
- Tinted glass.
- Glovebox.
- Hinged rear parcel shelf.
- Internally adjustable door mirrors.
- Front door cup holders and CD stowage.

Electrical Equipment

- Traffic Master Traffic Alert system.
- Twin halogen headlamps.
- Headlamp levelling.
- Twin reversing lamps.
- Twin rear fog guard lamps.
- Loadspace lamp.
- Auxillary power socket.

- Rear wash/wipe (with auto activation in reverse gear).

Heating & Ventilation

- Four-speed fan and recirculation mode.
- Four fascia vents.

Safety

- Driver's airbag.
- Side intrusion beams in doors.
- Driver's seat belt load limiter.
- Adjustable front seat head rests.
- High mounted rear stop lamp.

Security

- Engine immobiliser with passive arming.
- Perimetric anti-theft alarm.
- Security shielding for steering column, all door and tailgate locks.

Audio

- Stereo radio/cassette with RDS. Steering
- Power assisted steering.

iE additional equipment over i

- Remote central door locking.
- Superlocking (front doors).
- Driver's seat adjustable for height and lumbar support.
- Electric sunroof.

iL additional equipment over i

- Remote central door locking.
- Superlocking (front doors).
- Driver's seat adjustable for height and lumbar support.
- Electric sunroof.

iXL additional equipment over i

- Remote central door locking.
- Superlocking (front doors).
- Electric door mirrors.
- Electric front windows.
- Body coloured door mirrors.
- Rear speakers.
- Steering wheel remote audio controls.
- Anti lock brakes with Electronic Brakeforce Distribution (on 1.6 models).

iXL additional equipment over i

- Remote central door locking.
- Superlocking (front doors).
- Driver's seat adjustable for height and lumbar support.
- Electric sunroof.
- Glovebox lamp.
- Electric front windows.
- Body coloured door mirrors.
- Rear speakers.
- Leather seat facings.
- Rear head rests.
- Rear armrest.
- Seat back map pockets.
- 15" Coronet alloy wheels.
- Air conditioning.
- Anti lock brakes with Electronic Brakeforce Distribution.*
- Passenger airbag.*
- Metallic/Pearlescent paint.

*1.6 models only.

^aManufacturer's data.

All fuel economy figures are in accordance with Directive 1999/100/EC. They have been calculated using the same test cycle as used for official exhaust emission classification. They cannot be compared with the previous steady speed/urban figures and are more representative of actual on-road fuel consumption. Under normal use a car's actual fuel consumption figures may differ from those achieved through the test procedure, depending on driving technique, road and traffic conditions, environmental factors, and vehicle condition. All Rover 25 petrol models are equipped with a 3-way controlled catalytic converter and **must** use unleaded fuel. The use of Premium (95 RON) unleaded fuel is recommended. Unleaded petrol of a higher octane can be used. Fuel tank capacity: 11 gallons (50 litres).

Subtle details, fine distinctions.

Performance, poise, and for those yet to enjoy the benefit of the stylishly presented Rover 45, please proceed for a little polite persuasion. The Rover 45 range consists of both hatchback and saloon body styles with a choice of five refined engines cradled within the sweeping front end. 1.4, 1.6 and 1.8 litre petrol, a high spec 2.0 litre V6, plus a muscular 2.0 litre Turbo Diesel. The Rover 45 has a long wheelbase for its class with double wishbone suspension at the front and a multi-link layout for the rear. Add a new lower stance, and you have control, comfort, stability, and a safety underfoot supported by four air bags and side impact bars. So that said, relax. Mould yourself into the precision-made upholstery of the driver's seat with height adjustment and lumbar support. Enjoy the ample space, the optional leather and the state-of-the-art technological options of the GPS navigation system. Marvel at the new levels of standard equipment that include ultrasonic rear parking sensors for greater parking convenience and the Traffic Master Traffic Alert system that removes stress by warning of any traffic ahead. Finally, peruse the price and question, "Would you want to travel any other way?"

Rover 45 key standard features.

Standard on iE (and all other models).

Interior Trim & Equipment

- Geo seat facings.
- Rosewood effect fascia insert.
- 60/40 split folding rear seat.

Craft in motion.

If you catch your reflection in the lustrous finish of a Rover 75, linger over it. Looking this good usually comes with a price. But as always with the higher reaches of British ingenuity, there's something different here. Long, sweeping lines and sensuous curves on the outside, mirrored by cream faced, elliptical dials on the dash. Deep reserves of power from intelligence-fed engines including a 1.8 litre 4-cylinder, 2.5 V6 and the remarkable new 1.8 litre Turbo serving up aspirational levels of performance, fuel economy and reduced CO₂ emissions. There are seats to feel at home in, however big your mansion. A panorama of

practical intelligence which, for diesel drivers, includes a choice of two highly economical Common Rail Diesel engines as well as new options, such as a programmable and remotely operated heater to pre-warm the interior on cold mornings. Rear seats which fold down as one to welcome larger loads. And, from skills honed at the cutting edge of automotive engineering, a distinguished driving experience that's a privilege to feel part of.

Rover 75 Saloon key standard features.

CLASSIC

Interior trim and equipment

- Plain velour cloth upholstery.
- Leather steering wheel rim.
- Reach and tilt adjustment of steering wheel.
- Driver's heel mat and left footrest.
- Front passenger's cupholder.
- Illuminated glove compartment.
- Front door bins and driver's and passenger's shelves with non-slip mats.
- Front centre storage compartment with padded hinged lid.
- Driver's seat height and lumbar adjustment.
- Bright front and rear door sill tread strips.
- Rear centre armrest.
- Rear seat through-load flap.

Exterior features

- Exterior body colour door mirrors.
- Variable delay intermittent wiper.
- Tinted glass.
- Solar controlled glazing for rear screen and rear side windows.
- Easy release secondary bonnet catch.
- Twin gas filled bonnet lift assisters.

Safety equipment

- Four-channel ABS.
- Electronic braking force distribution.
- Driver's and front passenger's airbags.
- Front seat mounted thorax airbags.
- Height adjustable front head restraints.
- Three rear head restraints.
- Front seat belt pretensioners.
- Door side intrusion beams.
- Laminated windscreen.
- Two-part collapsible steering column.
- Child proof rear door locks.

Heating and ventilation

- Four-speed fan.
- Recirculation facility.
- Four fascia vents.
- Side window demisters.
- Rear compartment heating ducts.
- Pollen filter.
- Heated rear window auto on and timed switch-off.

Audio

- 'Harmony' six-speaker sound system.
- AM/FM radio with RDS.
- Cassette player.
- Steering wheel mounted volume and mode controls.
- Integrated rear screen aerial.

Electrical features

- Electric front windows with one-shot down operation.
- Heated door mirrors with powered adjustment.
- Twin front directional/reading lamps and central dome lamp.
- Twin rear directional/reading lamps.
- Courtesy lamp 'wake-up' operation and switch-off delay with fade.
- Pathway illumination facility.
- Parking lamps.
- Twin halogen headlamps with automatic return to dip at engine restart.
- Twin reversing and rear fog guard lamps.
- Instrument light rheostat.

- Loadspace lamp.
- Cigar lighter.
- Lights-on warning chime.

Security

- Single point entry facility.
- Remote central locking.
- Superlocking.
- Shielded door locks.
- Central locking controlled fuel flap access.
- Master locking switch in console.
- Passive immobiliser arming and disarming.
- Perimetric alarm protection.
- Visible second VIN label.
- Internal bonnet release.

Additional features on Saloon

- One-piece folding rear seat backrest.
- Storage compartment in rear seat centre armrest.
- Internal bootlid release.
- Double-hinged bootlid mechanism for easy boot access.

CLASSIC SE

Classic SE (Special Equipment) introduces Air Conditioning and the same distinctive 15" 8-spoke Contour alloy wheels as featured on the Club.

CLUB – additional equipment

Interior trim and equipment

- 'Speckle' velour cloth upholstery.
- Tilting front head rests.
- Twin rear cupholders.

Heating and ventilation

- Separate temperature controls for driver and passenger.
- Twin rear compartment outlets with flow and direction controls.

Electrical features

- Electric rear windows.
- One-shot up operation for driver's window with anti-trap function.

Exterior

- 15" 'Contour' alloy wheels, each with one locking bolt.

CONNOISSEUR – additional equipment

Interior trim and equipment

- Leather seat facings.
- Leather covered front centre storage compartment lid.
- Leather trimmed gear knob and handbrake grip.
- Front passenger's seat lumbar adjustment.
- Front seatback map pockets.

Electrical features

- Heated front seats.

- Powered driver's seat rake, travel, height and tilt adjustment.
- Powered front passenger's seat rake and travel adjustment.
- Twin illuminated vanity mirrors.
- Front fog lamps.

Exterior

- 15" 'Comet' alloy wheels, each with one locking bolt.
- Chrome capped door mirrors.

CONNOISSEUR SE

Connoisseur SE (Special Equipment) is fully equipped and includes the following additional specification: cruise control*, Symphony Alpine audio upgrade with CD autochanger, Drivers Intelligence Pack (rain sensor, highline instrumentation, ultrasonic parking aid, auto-dimming rear view mirror) and driver's seat memory. Saloon bodystyles also feature the electric rear sunblind, whilst Tourer models come equipped with the integral net cassette system.

*Not available on 1.8 and 1.8T models.

CLUB SE

Club SE (Special Equipment) benefits from the addition of climate control air conditioning integrated front fog lamps and 16" Union multispoke alloy wheels.

17" Serpent alloy wheels with 225/45 R 17 radial ply tyres.

Luxury and versatility that'll get you anywhere.

There's always more to a loaded statement than meets the eye. Fully loaded, the Rover 75 Tourer is the epitome of life lived to the full. It has the ability to effortlessly take you to your chosen pursuits with the quality of drive and levels of comfort that only Rover 75 Saloon can equal. You'd be forgiven for thinking that with the family and a whole lot of luggage and equipment behind you, there'd be a concession or two to the way it

performs and handles. Not so. Torsional rigidity of the Rover 75 Tourer's chassis ensures refinement and ride quality of the highest standards. At the back, some inventive thinking means that things are pleasantly easy to load, to secure safely and to get to. You can either fully open the tailgate or just lift its innovative tailgate window to access the rear. A rollerblind covers what you don't want on show. 60:40 split rear seats adapt to the size of your load. The rear seat load-through easily accommodates those longer items. There's underfloor stowage. The list goes on and on. But, as it's a Rover 75 Tourer, long distances don't.

^aManufacturer's data.

All fuel economy figures are in accordance with Directive 99/100/EC. They have been calculated using the same test cycle as used for official exhaust emission classification. They cannot be compared with the previous steady speed/urban figures and are more representative of actual on-road fuel consumption. Under normal use a car's actual fuel consumption figures may differ from those achieved through the test procedure, depending on driving technique, road and traffic conditions, environmental factors, and vehicle condition. All Rover 75 petrol models are equipped with a 3-way controlled catalytic convertor and must use unleaded fuel. The use of Premium (95 RON) unleaded fuel is recommended. Unleaded petrol of a higher octane can be used. Fuel tank capacity: 14.3 gallons (65 litres).

Wheel Trims

15" steel wheels with 195/65 R 15 radial ply tyres and full width wheel covers.

15" 8-spoke Contour alloy wheels with 195/65 R 15 radial ply tyres.

15" Comet alloy wheels with 195/65 R 15 radial ply tyres.

16" Union multispoke alloy wheels with 215/55 R 16 radial ply tyres.

17" Meteor alloy wheels with 225/45 R 17 radial ply tyres.

17" Serpent alloy wheels with 225/45 R 17 radial ply tyres.

Cars with more to give.

Throughout the Rover range, you'll find a comprehensive list of accessories designed to perfectly complement the car and your lifestyle. The selection is too long to list here – your Dealer can tell you all you need to know – but as you can appreciate, there's something for everyone. For the Rover 25, ski clips and a dog guard look after both your equipment and your best friend with a minimum of fuss, while mud flaps help keep that pristine exterior feel. Why not give your Rover 45 an extra touch of style both inside and out with floor mats and a chrome exhaust finisher? An aerodynamic roof box or cycle carrier will handsomely increase the carrying capacity of your Rover 75. As it will for the Rover 75 Tourer, for which there's also an integral net to help keep that extra load secure in transit.

Be you.

The Rover 25 can be every bit as much of an individual as you are. Rover's innovative Monogram program allows you to build and specify a car around your personal preferences and tastes. Choose your own seat trim from a range of luxury leathers. Select your own paint finish from Rover's range of eye-catching colours, including stunning paints that give dramatic colour shifts. With Monogram, you really can create a car that's as unique as you are.

Always at your service.

MG ROVER DEALER

No-one is better equipped than an MG Rover Dealer to look after your Rover, where you'll find everything you require to keep it in peak condition at competitive prices.

Our Dealers have the know-how and the training. They have the right diagnostic equipment and tools and they have MG Rover approved parts and materials to hand.

WARRANTY

All Rover models purchased from MG Rover Dealers in the UK are covered by a three year/60,000 mile warranty.* Included within this extended three year warranty is an array of guarantees and services designed to offer complete peace-of-mind motoring.

SERVICE INTERVALS

Rover 25: - 12 months/15,000 miles for petrol models, then every 12 months/15,000 miles thereafter.
12 months/12,000 miles for diesel models, then every 12 months/12,000 miles thereafter.

Rover 45: - 12 months/15,000 miles for petrol models, then every 12 months/15,000 miles thereafter.
12 months/12,000 miles for diesel models, then every 12 months/12,000 miles thereafter.

Rover 75: - 12 months/15,000 miles for petrol and diesel models, then every 12 months/15,000 miles thereafter.

MG ROVER INSURANCE

MG Rover Insurance complements your new Rover perfectly. Very competitive premiums are supported by the fact that should you ever need to make a claim, your car will be repaired by one of MG Rover's Approved Body Shops using only genuine parts and manufacturer approved paints. See how competitive we are when you next need to renew your motor insurance.

ROADSIDE ASSISTANCE

Roadside Assistance is provided in the UK for the first year by the Automobile Association whose fleet of 3,500 patrol vehicles provide a service of Roadside Repair or Homestart. In the event that the vehicle cannot be repaired at roadside it will be taken to the nearest MG Rover Dealer or to a destination of your choice. MG Rover customers can purchase AA 5 Star European Services at preferential rates from the Automobile Association and 2nd and 3rd year Roadside Assistance options can be purchased from your supplying Dealer.

MG ROVER APPROVED BODY SHOPS

In the unfortunate event that your Rover requires body and/or paint repairs, our comprehensive network of MG Rover Approved Body Shops has all the necessary expertise and specialist equipment needed to restore your Rover to its original glory.

Fitting only genuine parts and using only MG Rover specified paints, you can be assured that any repair will be completed with the level of professionalism you expect from an MG Rover Approved Body Shop.

*Made up of a 12 month unlimited mileage warranty plus MG Rover's 2nd and 3rd year/60,000 mile extended warranty, subject to terms and conditions. The extended warranty is provided by MG Rover as a no cost option to purchasers of Rover cars from approved UK MG Rover Dealers. The extended warranty will only apply to the extent that the 12 month unlimited mileage warranty has not exceeded 60,000 miles.
