

The BMW 3 Series 320d Saloon

BMW
Great Britain

Introduction

BMW 3 Series Saloon

The 3 Series Saloon range offers a vast amount of choices:

- Four-cylinder Valvetronic engines
- Six-cylinder engines
- Striking exterior and interior design

The 3 Series Saloon is the definitive sports saloon benchmark.

Design

Introduction

From the outside, the smooth contours of the 3 Series Saloon reflect the car's dynamic performance. On the inside, it's designed to ensure you enjoy that performance to the full.

Interior

The 3 Series Saloon's interior design features include:

- Ergonomic design
- Highly supportive seats
- High quality of materials used throughout

Exterior

The 3 Series Saloon is a truly stunning vehicle. Exterior design cues include:

- Classic BMW kidney grille
- Dynamic headlight, tail light and indicator design and side repeater integrated into swage line
- 16" star-spoke alloy wheels on all four-cylinder SE models

All adding up to a 3 Series Saloon that has never looked better.

Sport Models

The exceptional Sport models create an even sportier look inside and out which includes:

- 18 inch M alloy wheels
- Sports seats and suspension settings
- M aerodynamic body styling
- Exclusive interior trim
- Available on 320i, 320d, 325i, 330i and 330d models

Chassis

The 3 Series Saloon's lightweight chassis provides both strength and driving agility, resulting in even greater dynamic performance and more direct handling without reducing driving comfort.

BMW
Great Britain

Safety

Introduction

To BMW, exceptional driving safety is a fundamental component of every car. That's why the 3 Series Saloon incorporates safety systems that react quickly enough to prevent dangerous situations arising.

Airbag system

Up to eight airbags in the 3 Series Saloon ensure optimum safety by minimising the risk of injury:

- Driver and front passenger airbags
- Inflatable Tubular Structure (ITS) head airbags
- Side airbags at the front and optional side airbags at the rear

Safety battery terminal (SBT)

In the event of a collision, the Safety Battery Terminal (SBT) disconnects the starter and alternator cables from the battery, thus reducing the risk of a fire.

Technology

Introduction

In the 3 Series Saloon, we have taken suspension technology to new levels of sophistication with an array of unique, interlinked systems that are designed to provide optimum directional control and ride comfort - even under the most adverse driving conditions.

Valvetronic

This revolutionary technology, developed by BMW and found in the 318i and 316i saloons. Valvetronic engines provide increased torque and reduced emissions by allowing the engine to 'breathe' more freely.

Cornering Brake Control

CBC works in conjunction with ABS and ASC+T to carefully regulate braking pressure on the rear wheels, thereby maintaining maximum traction and stability through corners.

Dynamic Stability Control

DSC utilises both ASC+T and CBC whilst also monitoring steering wheel movements, road speed and even lateral acceleration. It then modifies braking pressure and engine power to optimise road holding, particularly when accelerating through bends.

Engines

Introduction

Nothing demonstrates BMW's commitment to technological excellence more than its new generation four-cylinder VALVETRONIC engines, powerful six-cylinder units and the quite stunning performance of the new common rail diesel engine.

Six-cylinder in-line engines

BMW are renowned for their six-cylinder in-line engines. Thanks to detailed design changes that have increased power output and improved fuel efficiency, the latest versions are now recognised as the best ever. These engines feature in the 320i, 325i and 330i models.

Four Cylinder VALVETRONIC engines

The new generation four-cylinder Valvetronic units powering the 318i and the 316i boast an impressive advancement on the previous engines:

- 21% increase in power
- 16% reduction in fuel consumption
- Increased torque and reduced emissions

Diesel engines

BMW's 3 Series diesels have stunned the motoring world:

- The 320d offers a new common rail 4-cylinder unit with a power output of 150bhp and 330Nm of torque. The 320d is available with the automatic/steptronic transmission and comes as standard with a 6-speed manual gearbox
- The high performance of the six-cylinder 330d unit is reflected in the acceleration from 0-62 mph in 7.2 seconds and a combined fuel consumption of 42.8 mpg. Power is increased to 204bhp and torque to 410Nm

Ownership benefits

Introduction

BMW Ownership benefits provide a range of vehicle services that allow easy management of your BMW in all circumstances. From Service While You Wait and Accident management to Emergency Service and BMW Four Plus - the car care programme for BMWs over four years old - each service brings with it complete piece of mind and the knowledge that you and your car will be looked after by real experts.

Find out how BMW Driver services can take the stress out of car ownership and what we can do to make your life that little bit simpler.

Technical Specification 320d Saloon

Note - Figures in brackets represent Automatic transmission

Engine

Cylinders/valves 4/4
Capacity cml 1,995
Stroke/Bore (mm) 90.0/84.0
Max output (kW/bph/rpm)
Max torque (Nm/rpm) 330/2,000

Wheels

Tyre size front 205/55 R16
Tyre size rear 205/55 R16
Wheel size front 7J x 16
Wheel size rear 7J x 16

Fuel consumption

Urban (mpg) 35.8 (29.1)
Extra-urban (mpg) 62.8 (52.3)
Combined (mpg) 49.6 (40.9)
Urban (ltr/100km) 7.9 (9.7)
Extra-urban (ltr/100km) 4.5 (5.4)
Combined (ltr/100km) 5.7 (6.9)
CO2 emissions (g/km) 153 (185)
Tank capacity (ltr) 63

Dimensions

Wheelbase 2,725
Vehicle length 4,471
Vehicle width 1,739
Vehicle height 1,415
Track, front 1,471
Track, rear 1,483

Performance

Drag (cw) 0.31 (0.32)
Top speed (mph) 137 (132)
Acceleration 0-62 mph (sec) 8.9 (9.1)
Acceleration 50-75 mph in 4th (sec) 7.2

Weight

Unladen (EU) 1,490 (1,505)
Max permissible 1,915 (1,930)
Permitted load 500
Permitted axle load, front/rear 915/1,060

Company car tax information for automatic cars is shown in brackets.

Accessories - Introduction

Freedom of expression. For people who love driving, a BMW 3 Series Saloon is more than a car; it's a means of self-expression. And with the vast range of BMW accessories contained in these pages - all designed and manufactured to the same exacting standards as your car - you're free to make whatever statement you choose. In short, an even more individual BMW begins here.

Accessories - Exterior styling

Accessories - Versatility

Bicycle lift

For all BMW roof rack systems. A bicycle can be lifted on the roof rack and taken down again effortlessly. Suitable for different sized bikes.

Ski holder

Easy-use ski holder and standard ski holder for up to four or six pairs of skis.

Profil 2000 base support system, lockable

The support bars are made of high-strength aluminium tubing and are therefore particularly strong and resistant to corrosion. The supports are designed to be a perfect fit for your BMW, making them easy to fit.

Touring cycle holder, lockable

Sturdy attachment for transporting a bicycle with frame tube diameter of up to 80mm. Also suitable for mountain bikes. Single locking set for fitting up to four touring cycle holders on the base support system.

Trailer towing hitch

Suitable for higher trailer loads of up to 2275kg (with a nose weight of up to 75kg). The trailer tow hitch is invisible when the towball is removed. Also available in a fixed version.

Skibag

Easy storage through the opening in the rear bench seat (accessed via the boot). The ski bag folds up and is stored behind the centre armrest when not in use.

Luggage rack

High load capacity. Corrosion-resistant tubular steel construction. A small luggage rack allows you to combine other attachments from the multifunctional roof rack system.

Racing cycle holder

Suitable for racing cycles with quick-release skewers on the front wheel. A holder to secure the front wheel to the base support is also available.

Luggage compartment floor net

Secures to existing eyelets using S-hooks.

Ski and luggage boxes

For up to six pairs of skis including accessories or luggage. Has a capacity of approximately 450 litres and can be locked. Available in body colours or white.

Snowboard holder

To be used in conjunction with Profil 2000 base support system. For up to two snowboards.

Accessories - Safety and security

BMW Baby Seat 0+

Available in a choice of colours. Available as ISOFIX or non-ISOFIX. For children aged 0 - 18 months (up to 13kg)

BMW Junior Seat I-II

Available in a choice of colours. ISOFIX from 9 months - 3.5 years (up to 18kg - after this weight the seat must be connected with the seat belt, not with ISOFIX). Non-ISOFIX from 9 months to 7 years

Park distance control, rear

Makes parking and manoeuvring the car easier. Obstacles at a distance of approximately 1.5m are detected and signalled by an acoustic warning.

BMW Junior Seat III

Available in a choice of colours. 6 - 12 years

Tracker

Tracker Retrieve, Monitor and Horizon all of which locate your BMW once theft is reported and are available for all models.

BMW Junior Seat II

Available in a choice of colours. 3.5 - 7 years
