

MG

The new ZS

New, Bold, Confident

**COMPROMISE?
IN A WORD, DON'T.**

The new MG ZS has not just been designed to meet the needs of modern drivers. With its combination of aggressively good looks and an outstanding driving experience, it's here to exceed expectations across the board, and push the boundaries a bit further for good measure.

As with every car that wears the distinctive MG octagon, the new MG ZS delivers a virtuoso performance on demanding roads, using its advanced sports suspension and range of powerful, responsive engines. Yet the new MG ZS is about far more than just

demolishing favourite backroads. All the dynamic prowess you would expect from an MG is here, but combined with some unmistakable visual purpose. The look of the new headlights, radiator grille and deep front bumper have clearly been inspired by the MG SV. Which is appropriate when you realise the new MG ZS shares much of the same performance DNA.

Alloys are standard on all models, with the MG ZS 180 riding on seriously impressive 17-inch wheels. The MG ZS 180 comes with an even fuller workout, in the form of a

full body kit (optional on other versions) truly head-turning presence and improved aerodynamic downforce.

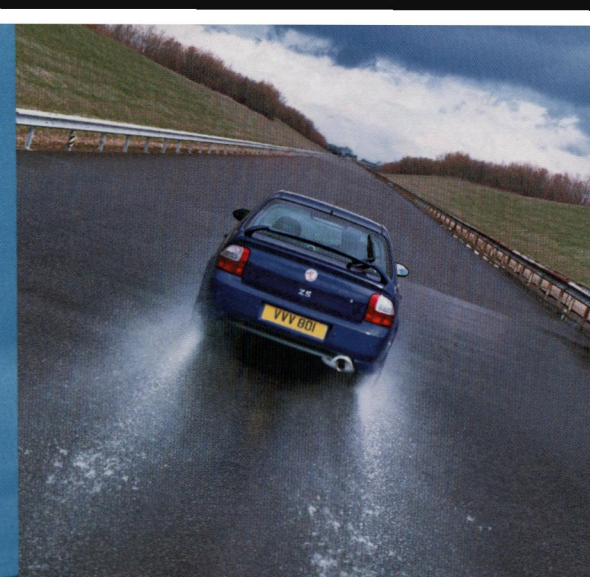

The MG ZS cabin also sticks closely to the driver-focussed design brief exemplified by the rest of the car. An ergonomically designed control layout helps you to find the switches that you need when you need them. Standard-fit sports seats hold you firmly in place to better enjoy the action. And with ATC 'climate control' air conditioning available on most models, you're very unlikely to ever lose your cool.

ZS

MEET THE TEAM.

The relationship between driver and car should always be close. In the MG ZS, it's practically intimate.

With three petrol engines, two diesels and both hatchback and saloon body styles, the **MG ZS** is offering plenty of choice as well.

The MG badge exemplifies the combination of genuine driving pleasure with everyday practicality and this year celebrates its 80th anniversary. It's a long tradition that the new MG ZS is proud to take its place in. You will find that every part of the MG has been optimised to give an uncompromising dynamic performance.

The quick ratio steering rack ensures the driver's actions become the car's immediate response. And the taut sports suspension features an extremely advanced twin wishbone layout at the front, backed up by a clever, multi-link rear axle, ensuring brilliant dynamic response in all conditions. Firm springs work with no-nonsense dampers to give excellent body control, plus a supple, rewarding ride quality

over poorer surfaces. And those standard alloy wheels are fitted with a range of advanced low profile tyres, ensuring brilliant grip.

The MG ZS 110 and 120 are both powered by four-cylinder versions of the award-winning 'K' series engine, combining plenty of punch with frugal fuel consumption. The MG ZS 180 features an exhilarating 2.5 litre V6, the

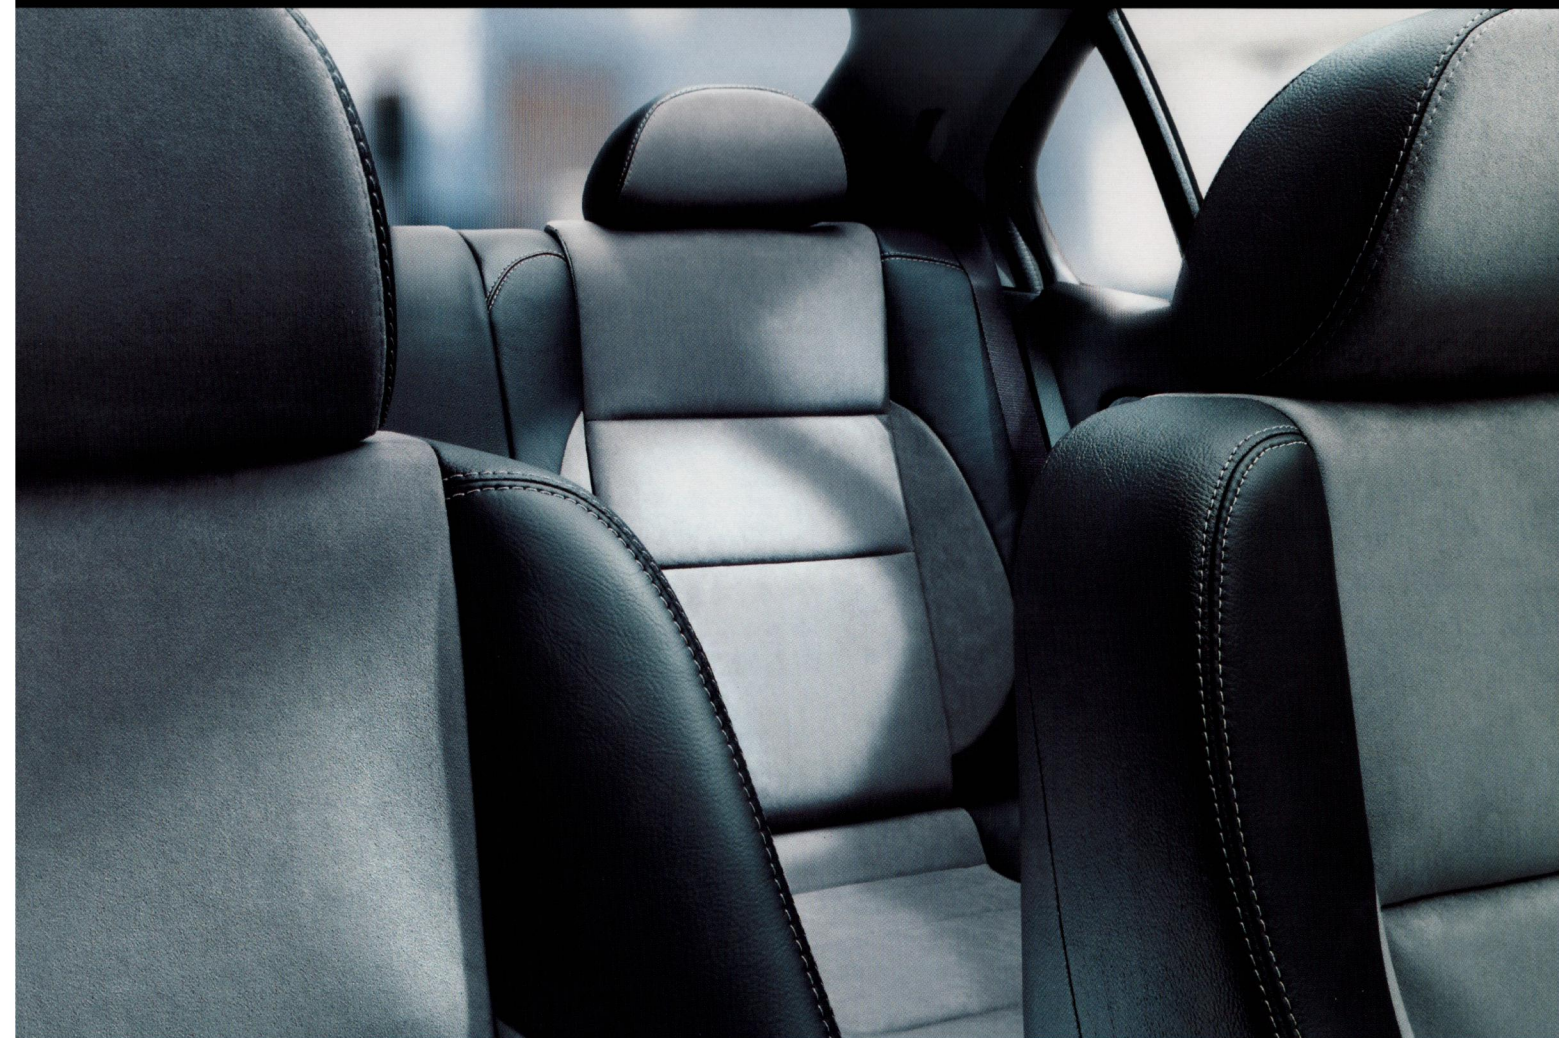

most powerful V6 in its class, which uses 177Ps to hit 60mph from rest in just 7.3 seconds, heading onto a maximum speed of 139mph – because you never know when you might take a wrong turn onto an Autobahn. Two powerful diesel engines complete the range, in 101Ps and 113Ps states of tune. Both combine prodigious torque with impressively low fuel consumption.

A GREAT PLACE TO SPEND TIME

The new ergonomically designed interior combines outstanding practicality with contemporary design. Dashboard finishes can be in either Technical Grey, or the new option of Black Oak effect. Rotary air vents with a satin chrome effect help to give the dashboard its modern look. All versions of the MG ZS come with sculpted sports seats for extra grip, available in a choice of individual colours and materials. The overall effect is one of absolute driver focus and underlying sporting intent, ensuring that inside as well as out, the new MG ZS stands distinct from the crowd. Your car says a lot about you – make sure it doesn't mumble.

MG ZS KEY STANDARD FEATURES

Interior

- Sports styled and shaped seats
- Matrix fabric seat facings (Grey, Blue or Green colourways)
- Technical Grey fascia inserts and console/switch surrounds
- Rotary styled air vents with satin chrome finish
- Silver-finish instrument dials with orange needles
- Alloy and leather gearknob
- Sports steering wheel with MG badge
- Driver's heel mat and left footrest
- Driver's sunvisor pocket
- Passenger's sunvisor with vanity mirror
- Cloth headlining with one front and two rear grab handles
- Lockable glovebox with lamp
- Front door bins
- Console stowage tray with rubber mat
- Front and rear ashtrays
- Auxiliary power socket
- Driver's cubby box
- Centre console cubby box with lid, removable cupholders and pen clip
- Driver's seat height and lumbar adjustment
- 60/40 split folding rear seat
- Carpeted loadspace

Instruments and Controls

- Tilt adjustable steering column
- LCD odometer/tripmeter
- Rev counter
- Low fuel warning lamp
- Low coolant level warning lamp
- Door/boot open warning light

Audio

- 4 x 45w Kenwood radio cassette
- 6 Speakers (two front, two rear and two front tweeters)

Body and Exterior Features

- MG styled front grille
- Deep front bumper incorporating integrated lip spoiler and mesh grille
- Rear tailgate/bootlid integrated lip spoiler
- Body-coloured front and rear bumpers
- Body-coloured sill finishers
- Body-coloured door mirrors, door handles and side mouldings
- Green-tinted glass
- Large bore exhaust and exhaust heatshield (except ZS 110 and ZS+ 110)
- White rear lamp lenses
- MG tailgate/bootlid badge
- Rear ZS badge
- Chequered Flag and Union flag badges on D posts
- Clear lens twin halogen headlamps
- Clear side repeater lamps
- 16" Hairpin alloys (except ZS 110 and ZS+ 110)
- Instant tyre repair system

Electrical Features

- Powered door mirror adjustment with heating
- Single front centrally mounted interior lamp with wake up and delay functions
- Glove compartment, loadspace and ashtray lamps
- Electric headlamp levelling

- High centrally mounted rear brake lamp
- Lights on warning buzzer
- Heated rear screen with timed switch-off
- Two-speed wipers with intermittent wipe
- Rear wash-wipe with intermittent and automatic operation (5-door only)

Locks and Security

- Remote central door locking
- Plip controlled remote boot release function
- Internal tailgate/boot release
- Internal fuel filler flap release
- Locking wheel nuts (one per wheel)
- Thatcham Category I alarm system with perimetric and volumetric protection
- Passive engine immobilisation
- Visible second VIN label
- Security shielding for steering column, all doors and tailgate locks
- Auto-relocking and speed locking functions
- Master locking/unlocking switch including personal panic attack alarm mode
- Childproof rear door locks

Heating and Ventilation

- Air blending heater unit with 4-speed blower, re-circulation control, side window demist

Suspension and Steering

- Low ride height
- Sports springs and dampers
- Front and rear anti-roll bars
- Sports tuned power steering
- Quick ratio steering rack

Unique ZS 110 and ZS+ 110 Features

- 15" Mirage alloy wheels
- Concealed rear exhaust, no rear exhaust heatshield

ZS + models Additional Specification

- CFC-free on/off air conditioning including pollen filter
- Electric front windows with driver's one shot open
- Leather steering wheel
- 4 x 50w Kenwood CD-Tuner

ZS 180 Additional Specification over ZS + models

- Large front and rear disc brakes (282mm front, 260mm rear)
- Sports ratio gearbox with modified linkages and short throw gearshift
- Axis fabric seat facings with horizontal fluting and leather side bolsters (Grey, Blue or Green colourways)
- Leather gear lever gaiter
- Front fog lamps
- 180 badge mounted on side fender
- Automatic temperature control air conditioning
- 4 x 45w Kenwood radio cassette
- 6-disc CD autochanger
- Front and rear wheel arch spats
- Integrated side sill finisher
- Front fender vents
- 17" 11 Spoke alloys

Manufacturer's data. All fuel economy figures are in accordance with Directive 99/100/EC. They have been calculated using the same test cycle as used for official exhaust emission classification. They cannot be compared with the previous steady speed/urban figures and are more representative of actual on-road fuel consumption. Under normal use a car's actual fuel consumption figures may differ from those achieved through the test procedure, depending on driving technique, road and traffic conditions, environmental factors, and vehicle condition.

MG Distributors

All MG Distributors in the UK have factory trained technicians and immediate access to over 70,000 approved parts. They're fully equipped to deal with today's sophisticated MG cars, and offer competitively priced servicing with a guarantee of workmanship on every job they do. With 280 Distributors UK wide, there is extensive coverage never too far away.

Buying an MG isn't just about satisfying your heart's desire – there are plenty of reassuring features that your head will appreciate too.

• WARRANTY

During the first three years of ownership you'll enjoy the protection of one of the most comprehensive extended warranties in the industry.

All MG models purchased from MG Rover Distributors in the UK are covered by a three year/60,000 mile warranty.* Included within this extended three year warranty is an array of guarantees and services designed to offer complete peace of mind motoring.

Roadside Assistance is provided in the UK for the first year by the Automobile Association whose fleet of 3,500 patrol vehicles provide a service of Roadside Repair or Homestart. In the event that the vehicle cannot be repaired at roadside it will be taken to the nearest MG Distributor or to a destination of the customer's choice.

MG Rover customers can purchase AA 5 Star European Services at preferential rates from the Automobile Association and 2nd and 3rd year Roadside Assistance options can be purchased from your supplying Distributor.

• SERVICE INTERVALS

12 months/15,000 miles for petrol models, then every 12 months/15,000 miles thereafter. 12 months/12,000 miles for Turbo Diesel models, then every 12 months/12,000 miles thereafter.

* Made up of a 12 month unlimited mileage warranty plus MG Rover's 2nd and 3rd year 60,000 mile extended warranty, subject to terms and conditions. The extended warranty is provided by MG Rover as a no cost option to purchasers of MGs from approved UK MG Rover Distributors. The extended warranty will only apply to the extent that the 12 month unlimited mileage warranty has not exceeded 60,000 miles.
