A-Class

Accessories

Welcome to your Mercedes-Benz accessories brochure.

Inside you'll find a comprehensive range of accessories for the A-Class. All the accessories featured are suitable for right-hand-drive vehicles.

Carrier systems and trailer couplings

Sometimes you travel light. Sometimes you don't. When you need your Mercedes-Benz to carry that bit extra, we have a range of functional options. The Alustyle roof carrier system is the flexible solution to holiday and long-distance travelling. Simply fit the roof bars to your A-Class, then add an aerodynamic roof box or a specialist accessory such as a snowboard or cycle rack.

You can also fit your A-Class with a detachable trailer coupling. Ideal for towing boat trailers, caravans and trailer tents.

Telephone consoles and phone cradles

If your A-Class is factory-fitted with a mobile phone holder, it is quick and easy to adapt it to your mobile model. We have cradles for popular makes of Nokia, Siemens and Sony Ericsson.

If your A-Class doesn't have a pre-installed mobile phone holder, you can still enjoy the convenience of a hands-free system with our FSE 11 console. This allows you to operate your mobile phone through the steering wheel controls.

Interior accessories

Mercedes-Benz is known for comfort and luxury. This range of interior accessories lets you select quality products that will add to your individual enjoyment. Keep snacks fresh and drinks cold on long journeys with a coolbag. Sunblinds provide all-year protection against dazzle for rear seat passengers, and help to keep the interior cool in the heat of summer. There is also a choice of boxes and bags to help keep your A-Class clean and tidy.

Boot storage and luggage care

Make the most of your luggage space with our range of tubs, nets and crates. Our boot tubs help to protect the interior trim of your boot, plus they are easy to clean. Luggage nets are ideal for securing fragile or awkwardly shaped items, keeping them safe and sound in transit. For extra security on long journeys, a roller cover hides your luggage from prying eyes.

Child seats/ child accessories

From newborn to age 12, the Mercedes-Benz range of child seats gives you the peace of mind that your young passengers are protected and secure. They are engineered with both comfort and safety in mind, and are certified as complying with ECE regulations. Their hardwearing moisture-absorbing covers can easily be removed and washed. When the child seat with AKSE (Automatic Child Seat Recognition) is used in the front passenger seat, the in-built AKSE transponder automatically disarms the front passenger airbag.

Alloy wheels and safety accessories

Mercedes-Benz light alloy wheels look beautiful and deliver superb road holding. Mudflaps are a good investment because they protect the underbody and sides of your A-Class from loose chipping and dirt.

When wintry weather brings snow and ice to the roads, you can ensure a secure grip with a set of snow chains. Other safety accessories to keep to hand include a charger unit and tow rod.

Increased rim sizing may, in some cases, require an appropriate change in tyre. All prices for alloy wheels are per wheel excluding tyre fitting. For the full range of alloy wheels and AMG wheels please refer to the alloy wheel brochure.

Door sill panels help reduce wear and tear. Made from easy-to-clean stainless steel you can choose between non-illuminated panels in either black or orient beige, or panels with blue illumination that aid in entering and exiting your A-Class.

You can also personalise your Mercedes with a set of stylish chrome mirror housings. Or why not add a touch of flair with a roof spoiler?

CD changer, navigation and Quickparc

Take advantage of all the latest technology. Not only can you have standard satellite navigation equipment fitted to your A-Class, you can also benefit from Smartnav. This is a unique system that puts you through to a PA at the touch of a button. They are able to download the directions, inform you of the nearest cash machine, and can even send flowers and champagne for you.

Quickparc is a warning device that helps you park quickly and safely in awkward situations. An audible alarm lets you know if you get too close to another vehicle.

Plus, we offer a choice of CD changers so you can have non-stop music.

TRACKER

A vehicle is stolen every two minutes in the UK and over half are never seen again. You can help to protect your Mercedes-Benz with TRACKER, the UK's number one stolen vehicle recovery system. With TRACKER, if your Mercedes-Benz is stolen, you have an excellent chance of getting it back quickly and undamaged. There are four TRACKER systems to choose from.

TRACKER Retrieve and TRACKER Monitor both use the very latest radio wave technology. TRACKER Horizon combines radio wave and satellite Global Positioning System (GPS) technology.

TRACKER Echo is a brand new addition to the TRACKER family. It combines GPS with GSM (Global System for Mobile Communication) and has a driver validation tag that immediately alerts TRACKER if someone attempts to drive the car without the tag.

Tracker Echo can track vehicles in the UK, France and Spain. An additional subscription can be purchased to cover other European countries. All four systems operate in conjunction with the UK's 52 police forces.

Your retailer will be happy to discuss the technical details with you.
