B-Class **Accessories**

Welcome to your Mercedes-Benz accessories brochure.

Inside you'll find a comprehensive range of accessories for the B-Class. All the accessories featured are suitable for right-hand-drive vehicles.

Carrier systems

Whether you're going on holiday, planning a long weekend on the ski slopes, or need to move things from A to B, we have the perfect solution. Alustyle is a flexible roof carrier system that fits your B-Class perfectly. Simply attach the basic roof bars to your B-Class, then add the accessory that suits your needs – a roof box for extra space or a specialist attachment such as a snowboard or cycle rack.

Phone cradles

If your B-Class comes with a hands-free system you simply need to add the phone cradle that's compatible with your mobile phone. We have cradles for most popular makes of mobile phone, including Nokia, Siemens and Sony Ericsson. If you swap mobile models, no problem. All it takes is the installation of a cradle that matches your new mobile phone.

If your B-Class doesn't have a hands-free system, you can have the hands-free FSE 12 system fitted with or without a vehicle docking adaptor (VDA).

Interior accessories

Mercedes-Benz is known for comfort and luxury. With this range of interior accessories, you can choose those extra details that make life perfect for you. For example, you can keep snacks fresh and drinks cold on long journeys with a coolbag. Keep cool and dazzle-free with sunblinds, and add to travelling comfort with a cushion for your back.

Travelling to a smart function? Keep your clothes crease-free by hanging them from the grab handles.

Boot storage/ luggage care

Make the most of your luggage space with our range of tubs, nets and crates. Our shallow boot tub helps to protect the interior trim of your boot, plus it is easy to clean. Luggage nets are ideal for securing fragile or awkwardly shaped items, keeping them safe and sound in transits. You can also choose a reversible mat in a colour to complement your B-Class interior. These versatile mats are rubber on one side, velour on the other.

For even more convenience the range also includes a stowage tray that fits below the load floor, a collapsible shopping crate and a storage box.

Child seats/ child accessories

From newborn to age 12, the Mercedes-Benz range of child seats gives you the peace of mind that your young passengers are protected and secure. They are engineered with both comfort and safety in mind, and are certified as complying with ECE regulations. Their hardwearing moisture-absorbing covers can easily be removed and washed. When the child seat with AKSE (Automatic Child Seat Recognition) is used in the front passenger seat, the in-built AKSE transponder automatically disarms the front passenger airbag, ensuring your child's safety. For models with ISOFIX the 'Angel & Driver' seat is quick and easy to fit.

Alloy wheels/snowchains

Mercedes-Benz light alloy wheels look beautiful and deliver superb road holding. The range for your B-Class includes a choice of 5-spoke and 10-spoke designs. For something even more unusual, take a look at the Incenio designer wheels.

You can also enhance the look of your B-Class wheels with a selection of hub caps. Plus, for additional security, we offer wheel bolts and rim locks.

Increased rim sizing may, in some cases, require an appropriate change in tyre. All prices for alloy wheels are per wheel excluding tyre fitting. For the full range of alloy wheels and AMG wheels please refer to the alloy wheel brochure.

Entertainment/ navigation/Quickparc

Take advantage of the latest navigation technology. Audio 50 APS is a navigation system and car hi-fi in one. Navigation arrows are shown on a 4.9" colour display. Not only will it keep you from getting lost, it can help you avoid jams and travel from A to B via the most efficient route. Data is available for the whole of Europe.

Why not add Smartnav to your B-Class too? At the touch of a button you'll be through to a real person. They give you directions, find your nearest cashpoint and even send flowers and champagne for you.

A CD changer (for up to 6 CDs) or an iPod interface kit means you can have your favourite music non-stop on long journeys.

TRACKER

A vehicle is stolen every two minutes in the UK and over half are never seen again. You can help to protect your Mercedes-Benz with TRACKER, the UK’s number one stolen vehicle recovery company. With TRACKER, if your Mercedes-Benz is stolen, you have an excellent chance of getting it back quickly and undamaged. There are four TRACKER systems to choose from.

TRACKER Retrieve and TRACKER Monitor both use the very latest radio wave technology. TRACKER Horizon combines radio wave and satellite Global Positioning System (GPS) technology. TRACKER Echo is a brand new addition to the TRACKER family. It combines GPS with GSM (Global System for Mobile Communication) and has a driver validation tag that immediately alerts TRACKER if someone attempts to drive the car without the tag.

Tracker Echo can track vehicles in the UK, France and Spain. An additional subscription can be purchased to cover other European countries. All four systems operate in conjunction with the UK’s 52 police forces.

Your Retailer will be happy to discuss the technical details with you.
