## Child seats/ child accessories

From 8 months to age 12, the Mercedes-Benz range of child seats gives you the peace of mind that your young passengers are protected and secure. They are engineered with both comfort and safety in mind, and are certified as complying with European regulations. Their hardwearing moisture-absorbing covers can easily be removed and washed. ISOFIX is a one-click fastening system that makes the 'Angel & Driver' seat quick and easy to fit. The Automatic Child Seat Recognition (ACSR) device automatically disarms your car's airbag when the child seat is used in the front passenger seat. This is an essential safety feature if you wish your child to travel in the front with you.

## Alloy wheels/safety accessories/snow chains

High-performance alloy wheels will further enhance the sporty style of your C-Class and offer you the best driving dynamics – superb road holding and superior lateral stability. Snow chains are also available to give you ultimate reassurance when driving conditions aren't perfect.

Increased rim sizing may, in some cases, require an appropriate change in tyre. All prices for alloy wheels are per wheel excluding tyre fitting. For the full range of alloy wheels and AMG wheels please refer to the alloy wheel brochure.

## Audio/navigation/Quickparc

Entertainment and information. The Audio 50 APS navigation unit can guide you to your destination using vocal instructions and graphic symbols on a central display. Plus the unit has a radio and CD drive. Why not add Smartnav to your C-Class too? At the touch of a button you'll be through to a real person.

They can give you directions, find your nearest cashpoint and even send flowers and champagne for you.

Quickparc helps you park quickly and safely in awkward situations. As you reverse an audible alarm warns you if you get too close to another vehicle or object.

## TRACKER

A vehicle is stolen every two minutes in the UK and over half are never seen again. Even with insurance, victims of vehicle crime face an increase in insurance premiums and it has been estimated that the average direct cost of having your vehicle stolen is £4,700, even with fully comprehensive insurance, not to mention hassle and disruption

to daily life, travel rearrangements and finding a replacement vehicle. Should the unthinkable happen to you, you'll be glad you chose TRACKER, the UK's number one stolen vehicle recovery company, offering an extensive and competitively priced range of products that brings peace of mind to vehicle owners.
