

The information and images in this brochure are based on the current technical data when going to print. The equipment shown is factory fitted or available as an option at extra cost, depending on the model. Where a feature is described as an option it should be assumed that it is at extra cost unless specifically stated otherwise. There may be some feature combinations that are not available in the UK and some photography may feature left hand drive vehicles. As part of a policy of continuous specification improvement, Peugeot reserve the right to modify the technical equipment, options and colours at any time. For full specification ask your local Peugeot Dealer or click on www.peugeot.co.uk. Note that current print and photographic techniques do not allow us to faithfully reproduce the full depth and tone of the colours in this brochure. This brochure is designed to provide general product information and is not a contractual document or offer of sale. For current information please contact your authorised Peugeot Dealer. The details in this catalogue cannot be reproduced without the express authorisation of Peugeot.

The New Peugeot *607*

**The Peugeot 607
shares your
priorities.**

The Peugeot 607 has all you need; a choice of state of the art engines, a multitude of advanced controls at your fingertips and an innate elegance that can only come from Peugeot.

The perfect line.

The 607's sleek lines have been made even more distinctive by the addition of a new front air scoop below the bumper giving the entire car a more assertive stance, perfectly complementing its already dynamic appearance.

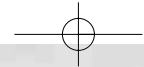

**Elegant without
compromise.**

Distinctive alloy wheels complete the overall look of the Peugeot 607. The unmistakable Tosca design of these 17 inch alloys perfectly complements the elegant lines of the car.

Sequential 6-speed automatic gearbox.

The 607 V6 incorporates the ultimate in gearbox technology, allowing you to make the most of its dynamic handling, especially with the complete control afforded by the "Porsche Tiptronic System". Nothing else combines the performance

advantages of a 6-speed gearbox with such an efficient integral electronic management system which adapts to your driving style and the road conditions, so you can always enjoy a superb drive.

The gear selected is shown on the instrument panel.

6-speed automatic gearbox

6-speed manual gearbox

Engine availability.

3.0 litre V6 automatic.

This engine incorporates a variable valve timing system (VVT) that allows more linear acceleration and a new exhaust with an active dual-mode system offering fantastic performance at high engine speeds with improved noise insulation.

HDi 136 FAP.

Available with a 6-speed manual gearbox, this engine boasts all the latest technology including an air/air intercooler, a variable geometry turbocharger and a new-generation Common Rail system. It also features our FAP particulate filter, which reduces pollution by virtually eliminating particulates and smoke. It operates under all possible conditions, constantly regenerating without affecting the performance of the car.

	Consumption mpg (litre/100km)			CO ₂ (g/km)
	Urban	Extra Urban	Combined	
3.0 litre V6 automatic	19.0 (14.9)	37.7 (7.5)	27.7 (10.2)	242
HDi 136 FAP	34.8 (8.1)	54.4 (5.0)	46.3 (6.1)	162

ESP: active safety on the road.

The **ESP** (Electronic Stability Programme) maintains your car's balance in difficult situations by combining 5 functions.

ABS. Anti-lock Braking System controls your direction by preventing the wheels locking during emergency braking.

ASR. Traction Control prevents the wheels skidding in the event of loss of grip.

EBFD. The new-generation Electronic Brake Force Distribution controls the braking of each individual wheel for more efficiency.

DSC. Dynamic Stability Control returns your vehicle to its trajectory if the ECU detects any understeer or oversteer.

EBA. Emergency Brake Assist gives your braking maximum power.

Equipped for your safety.

As well as a reinforced body structure and a high-performance braking system, the Peugeot 607 features an impressive array of passive and active safety features.

The multi-function display includes visual aids that show how close you are to parked cars or obstructions.

Parking aid

The Peugeot 607 is equipped with a number of functions to make your parking safer and simpler. The door mirrors tilt when reversing, and ultrasonic sensors located on the front and rear bumper activate a buzzer to warn you if you're too close to any unseen obstacle.

Eight air bags as standard

In the event of an accident two front air bags inflate at a speed in relation to the intensity of impact. Two front side air bags protect the pelvis and abdomen. At the rear, the curtain and side air bags specifically protect the head and chest of the passengers.

Tyre pressure sensors

Connected to pressure and temperature sensors on each wheel, the under-inflation detector reacts to two types of malfunction: under-inflation or puncture, indicated by a pictogram on the instrument panel.

Automatic illumination of hazard warning lights

Activated by sharp deceleration, they alert drivers behind you allowing you to concentrate on the road ahead.

Xenon headlights

Powerful and bright, these height adjustable lights won't dazzle oncoming drivers and will enhance visibility in poor conditions or if you're driving at night. They are equipped with washers for your convenience and added safety.

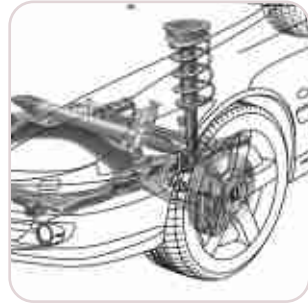

Speed limiter and cruise control

Thanks to the variable speed limiter, you can program a speed that you do not wish to exceed. The cruise control allows you to maintain a stable speed, without having to touch the accelerator.

With suspension that can 'feel' the road and its two variable power steering modes, the Peugeot 607 anticipates your driving style.

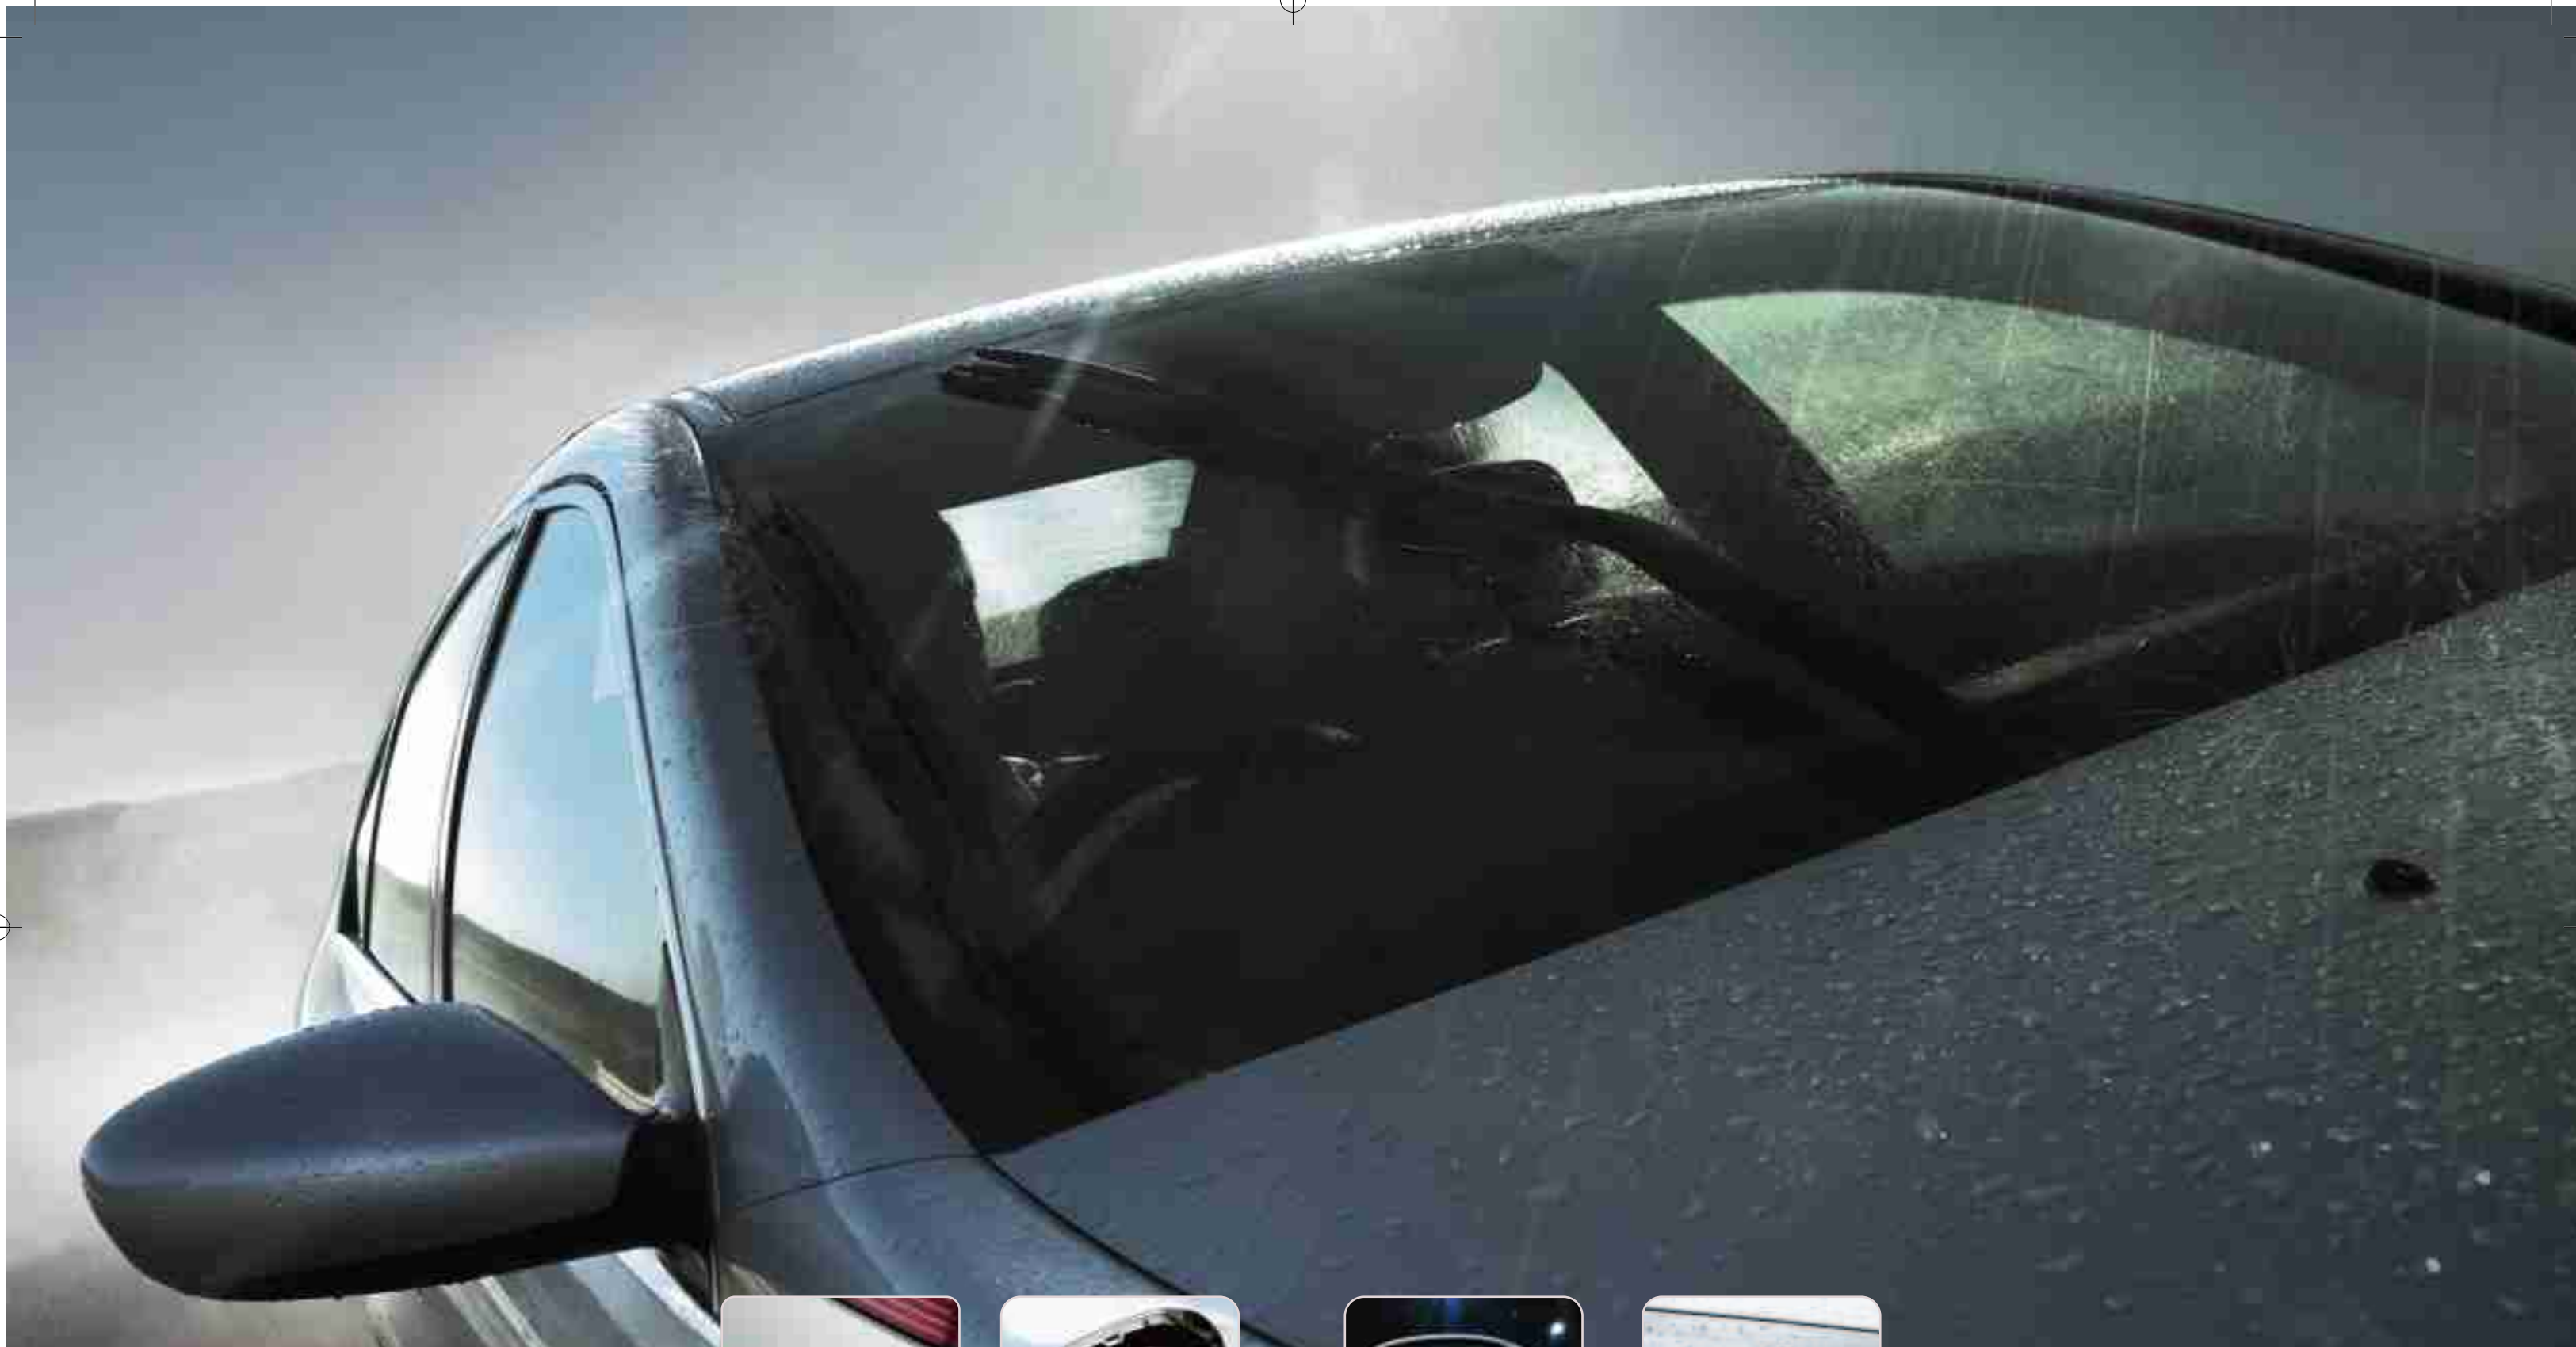

The V6 engine is equipped with the **AMVAR variable damping system**. A sensor independently controls the damping of each wheel according to 9 damping patterns. It's also connected to on-board computers and limits any pitching when you're driving in a straight line and automatically stiffens the suspension when accelerating, braking and in bends. This system can be activated either in sport mode or in automatic mode.

Hydraulic variable power steering greatly assists parking and helps you steer more precisely. On the HDi 136 FAP engine model, steering assistance varies according to increases in engine speed; while on the V6 automatic version, a valve controlled by an electronic ECU adapts the power steering according to your speed.

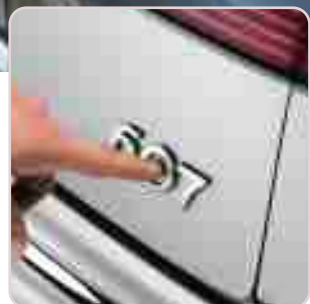

Equipped to adapt to the road.

You'll see what we mean.

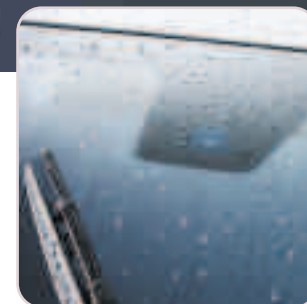

Time to switch on your headlights or windscreen wipers? The Peugeot 607 does the job first, as if it had already guessed your intentions. A rain sensor located at the top of the windscreen **automatically controls the windscreen wipers** and adapts their speed to the intensity of the rain. A dual sensor at the top of the windscreen detects failing light and switches on **the headlights** for you. For your safety, the **doors** and the boot are **locked** as soon as you go faster than 6 mph.

Simply press a button to open or close the motorised boot lock.

Electrochrome rear-view mirror stops you being dazzled from behind.

The rain sensor activates the windscreen wipers as soon as it starts to rain.

Electrochrome door mirrors and a rear-view mirror grow darker automatically so you won't be dazzled by drivers behind you. If you lock the vehicle when you get out, the door mirrors fold automatically for more protection against knocks. Another ingenious detail - the headlights stay on after you have switched off the ignition. This guide-me-home lighting can be time-delayed and is very useful for opening the garage door or locating the exit of a poorly lit parking space.

Stay in touch. Any time. Any place.

The Peugeot 607 offers the RT3 unit, which includes GSM phone and satellite navigation. From a list of key words, voice commands can activate the radio, dial a phone number, or find a destination. Also, thanks to the control under the steering wheel, you can communicate freely with the outside world while remaining focused on your driving, because you don't have to take your hands from the wheel.

The acoustics in the Peugeot 607 are particularly impressive, thanks to the efficient filtering of engine and outside noise and to the laminated side windows. The CD radio incorporates dual tuner/ antenna technology – this means that any interference is reduced to an absolute minimum. And you'll have fantastic audio reproduction from the 4 x 15 Watts output. The cabin has speakers located in the fascia panel and the front and rear doors. A 6 CD autochanger

means you can listen to your favourite music anywhere. Serious music lovers can opt for the JBL Hi-Fi system. With speakers housed in eight locations, the power amplifier provides an output of 240 Watts of music power. The acoustic power lends so much presence to each voice and every instrument, that it's almost like being on stage with the performers.

The 7" multi-function screen of the RT3 option enables you to view input from digital auxiliary equipment such as a camcorder or laptop via an input socket located in the glovebox compartment when the vehicle is stationary.

Dynamic lines inside, as well as out.

The Peugeot 607 has one of the most spacious interiors in its class and is equipped with numerous practical storage areas; a refrigerated glove box, a CD holder and a cup holder are just a few of them. The electrically adjustable front seats let you find your ideal driving position easily, especially as the driver's seat adjustment can be memorised, as can the position of the rear-view mirrors. And for maximum comfort in winter, you can choose heated front and rear seats. Air-conditioning with automatic regulation and separate right/left adjustment allows each occupant to choose their own level. Thanks to the passenger compartment filter, the air is virtually free of pollen, dust and even certain hydrocarbon odours. When the weather gets warmer, the athermic windscreen and electric rear blind prevent the car interior from overheating. Day after day, you'll discover many other standard and optional equipment details designed to make your life easier.

◀ Astrakan Black leather.

Time to choose.

There are five colours to enhance the beautiful lines of the Peugeot 607 - bright colours that will stand out on a crowded road, or darker shades for a more discreet elegance. All you have to do is choose the one that reflects your personality.

Aluminium

Lunar Mist

Onyx Black

Montebello Blue

Astor Grey

Functional and attractive accessories.

Carefully designed to add a touch of originality, making the most of your 607.

Luggage box.

The 607 luggage box is carefully designed to be aerodynamic, yet its profile conceals a 370 litres capacity. Dimensions: 1750mm (L) x 820mm (W) x 370mm (H). Weight 14 kg.

Isofix child seat.

Suitable for children from 9 to 18 kg, this forward facing seat uses the Isofix system, which allows the seat to be attached directly to the Isofix anchorage points.

Satellite navigation system.

This user-friendly GPS navigation system will help you to get where you're going with vocal instructions and pictograms, while continuously showing your position on the 16/9 colour display.

Portable DVD player with 7" integrated screen.

The player is suitable for mounting to the back of one front seat or centrally between the front seats. Supplied with two sets of headphones. With its own battery, the player is fully portable and can be used anywhere.

Carpet mats.

Moulded to the shape of the floor to remain perfectly positioned, these carpet mats effectively provide added protection.

Tow bar.

Equipped with a tow ball that can be removed without tools and an anti-theft key system, this tow bar lets you pull up to 1800 kg for a nose weight of 72 kg.

Ski-carrier.

This lockable ski-carrier can accommodate 4 pairs of downhill skis or 2 pairs of skis with 2 snowboards, and adapts to all types of roof bars.

Roof bars.

Sleek and aerodynamic, these lockable roof bars allow the attachment of a range of accessories, including a ski-carrier. They have undergone the most rigorous endurance tests and come with UTAC and TUV approval. The maximum roof load is 75 kg.

The Peugeot Customer Promise

When you buy a new Peugeot vehicle from a Peugeot Dealer in the UK and entrust your vehicle to one of them for servicing or repair, they promise:

to give you the best people, with the best training and diagnostic tools, Peugeot Original Equipment Parts and the best aftersales backup, all at a competitive price.

• 12 Year Anti-Perforation and 3 Year Paint Warranty

Also automatically transferable on sale of the vehicle, this will maintain and enhance the resale value of your vehicle. (The Anti-Perforation Warranty is limited to 6 years and the Paint Warranty to 2 years on 206 Van, Partner, Expert and Boxer vans.)

▶ PEUGEOT ASSISTANCE

For the first year of ownership you will automatically receive Peugeot Assistance cover for complete peace of mind. Additional Peugeot Assistance may be purchased for the second and third years. Operated by the RAC, it includes roadside assistance, vehicle recovery, free replacement vehicle or hotel accommodation and chauffeur provision in case of certain medical disabilities. Peugeot Assistance is available within the UK and Europe.

Your local Peugeot Dealer has full details of terms and conditions.

▶ PEUGEOT SERVICE CARE

Peugeot petrol engine vehicles need servicing every 20,000 miles (10,000 miles or 1 year on 107, 12,000 on 2.0 litre 180 bhp engines) or every 2 years. Drivers of HDi diesel versions also benefit from extended servicing with 12,000 miles (20,000 on 2.0 litre HDi 206, 407 & Expert and 1.4 HDi 206) or 2 year intervals. With less time spent in the maintenance bay and fewer service visits, Peugeot have passed on the benefits of technology in engine design and lubrication. In between scheduled services your Peugeot Dealer offers you a complementary intermediate visit (level check/top up) provided the appropriate, previous full service has been carried out at an authorised Peugeot Dealership.

In order to minimise the inconvenience associated with normal servicing, Peugeot UK Dealers promise to offer you the choice of:

- while you wait servicing with a timed appointment;
- or local vehicle collection from your home or place of work;

- or alternative transport to the railway station, home or place of work; - or by arrangement, a hire vehicle at a concessionary rate.

In addition they will aim to ensure that your vehicle is washed before it is returned.

▶ PEUGEOT INSURANCE

Peugeot Insurance has been designed specifically for Peugeots and offers tailored cover at a competitive price. If you are unfortunate enough to have an accident, one of our Peugeot Approved Accident Repair Centres will repair your car, using only Peugeot original parts, guaranteed for 3 years. Plus we'll give you a courtesy car while yours is being repaired (subject to availability when you use an approved repairer).

When the time comes to renew your insurance cover, why not try Peugeot Insurance?

You can call Peugeot Insurance for a quote on 0870 0240 206.

Lines open 8am-8pm weekdays, 9am-5pm Saturdays. Calls may be recorded.

Peugeot Insurance is underwritten by UK Insurance Limited. Conditions apply.
