## Toyota Corolla

A car to be proud of

## The highly desirable Corolla

**Its design is radical to reflect the modern, innovative age in which we live. Its engineering is sophisticated to deliver the performance, comfort and safety we demand. And its specification is outstanding to leave its main competitors trailing.**

The new and improved Corolla has been specifically designed to make a powerful statement that not only engenders a feeling of pride in ownership, but all-round admiration as well.

It has also been engineered to cater for a range of busy and varied lifestyles. Which is why it's offered with a choice of four body styles and five highly efficient petrol and diesel engines. Choose between 3- and 5-door hatchbacks – including the exciting T Sport – an elegant saloon and a roomy estate.

All offer outstanding performance, fuel economy and low emissions, as well as refinements and standard equipment you'd expect on more expensive models. Features like air conditioning, power steering and Optitron instrumentation, plus front, side and curtain airbags are standard right across the range.

Consider, too, the superior quality and reliability, for which Toyota is world-renowned, and you have a car that not only fits your budget exactly, but one that you'll truly treasure.

The Corolla – a car to be proud of because it just keeps getting better.

3-door Hatchback

5-door Hatchback

Saloon

Estate

High-grade cloth seats for maximum comfort enhance the interior's benchmark quality feel.

## A prized possession

**Exciting design, dynamic performance and exceptional quality are the hallmarks of the Corolla, no better exemplified than by the T2 models.**

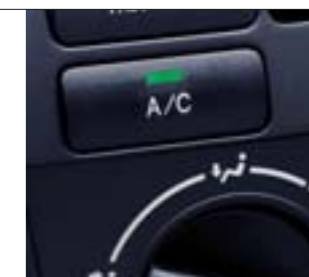

This versatile range offers 3- and 5-door hatchbacks, a saloon and a spacious, practical estate. There is a choice of four engines – an economical 1.4 litre VVT-i petrol engine, a more powerful 1.6 litre VVT-i petrol version, an efficient 89 bhp 1.4 litre D-4D diesel engine\* and an even more impressive 2.0 litre D-4D diesel version, delivering an exciting 114 bhp (available on the 5-door hatchback and estate).

Superbly equipped, all T2 models come with air conditioning, Optitron dials, telescopic/tilt steering column, speed-sensitive power steering, McPherson strut front suspension, ABS brakes with EBD (Electronic Brake force Distribution), CD player, electric front windows and front, side and curtain airbags (plus an airbag cut-off switch).

The Corolla – a delight to drive, a delight to own.

\* Available from September 2004.

**Air conditioning**  
Standard across the range – keeps the cabin at your preferred temperature whatever the weather.

**CD player**  
Powering four speakers, the Wide 2 Din radio/CD tuner is neatly integrated into the dashboard.

**Optitron dials**  
The special Optitron instrumentation provides maximum clarity for the driver.

The striking carbon effect of the centre console adds a distinctive touch to the superior, ergonomically designed dashboard area. Hatchback model shown.

## The perfect combination

**A car is a reflection of the way we live our lives and the values we cherish. With today's active lifestyles, we want a car that combines performance and practicality with style and refinement. The Corolla, epitomised by the T3 series, fits the bill exactly.**

Again with a choice of four body styles and four engines, the sportier T3 models offer outstanding versatility together with dynamic, economical performance. Add in a platform that delivers excellent handling, improved comfort and increased interior space and the T3, like all Corollas, makes driving a genuine pleasure.

In addition to the generous specification of the T2 series, the T3 offers steering-wheel-mounted audio controls\*, leather steering wheel and gearshift knob\*, electrically adjustable exterior mirrors, front fog lamps to complement the rear ones, and 15-inch five-spoke alloy wheels with locking wheelnuts.

Adding a touch of extra style, it also features side skirts\*, rear bumper extensions\* and a carbon-style fascia\* identical to the T Sport. There's even an option for Toyota's revolutionary satellite navigation system featuring Electronic Traffic Avoidance.

The Corolla – great to experience, great to be seen in.

\* Hatchback models only.

### **Steering-wheel-mounted controls\***

For safety and convenience, the leather-covered steering wheel incorporates audio controls for the sound system.

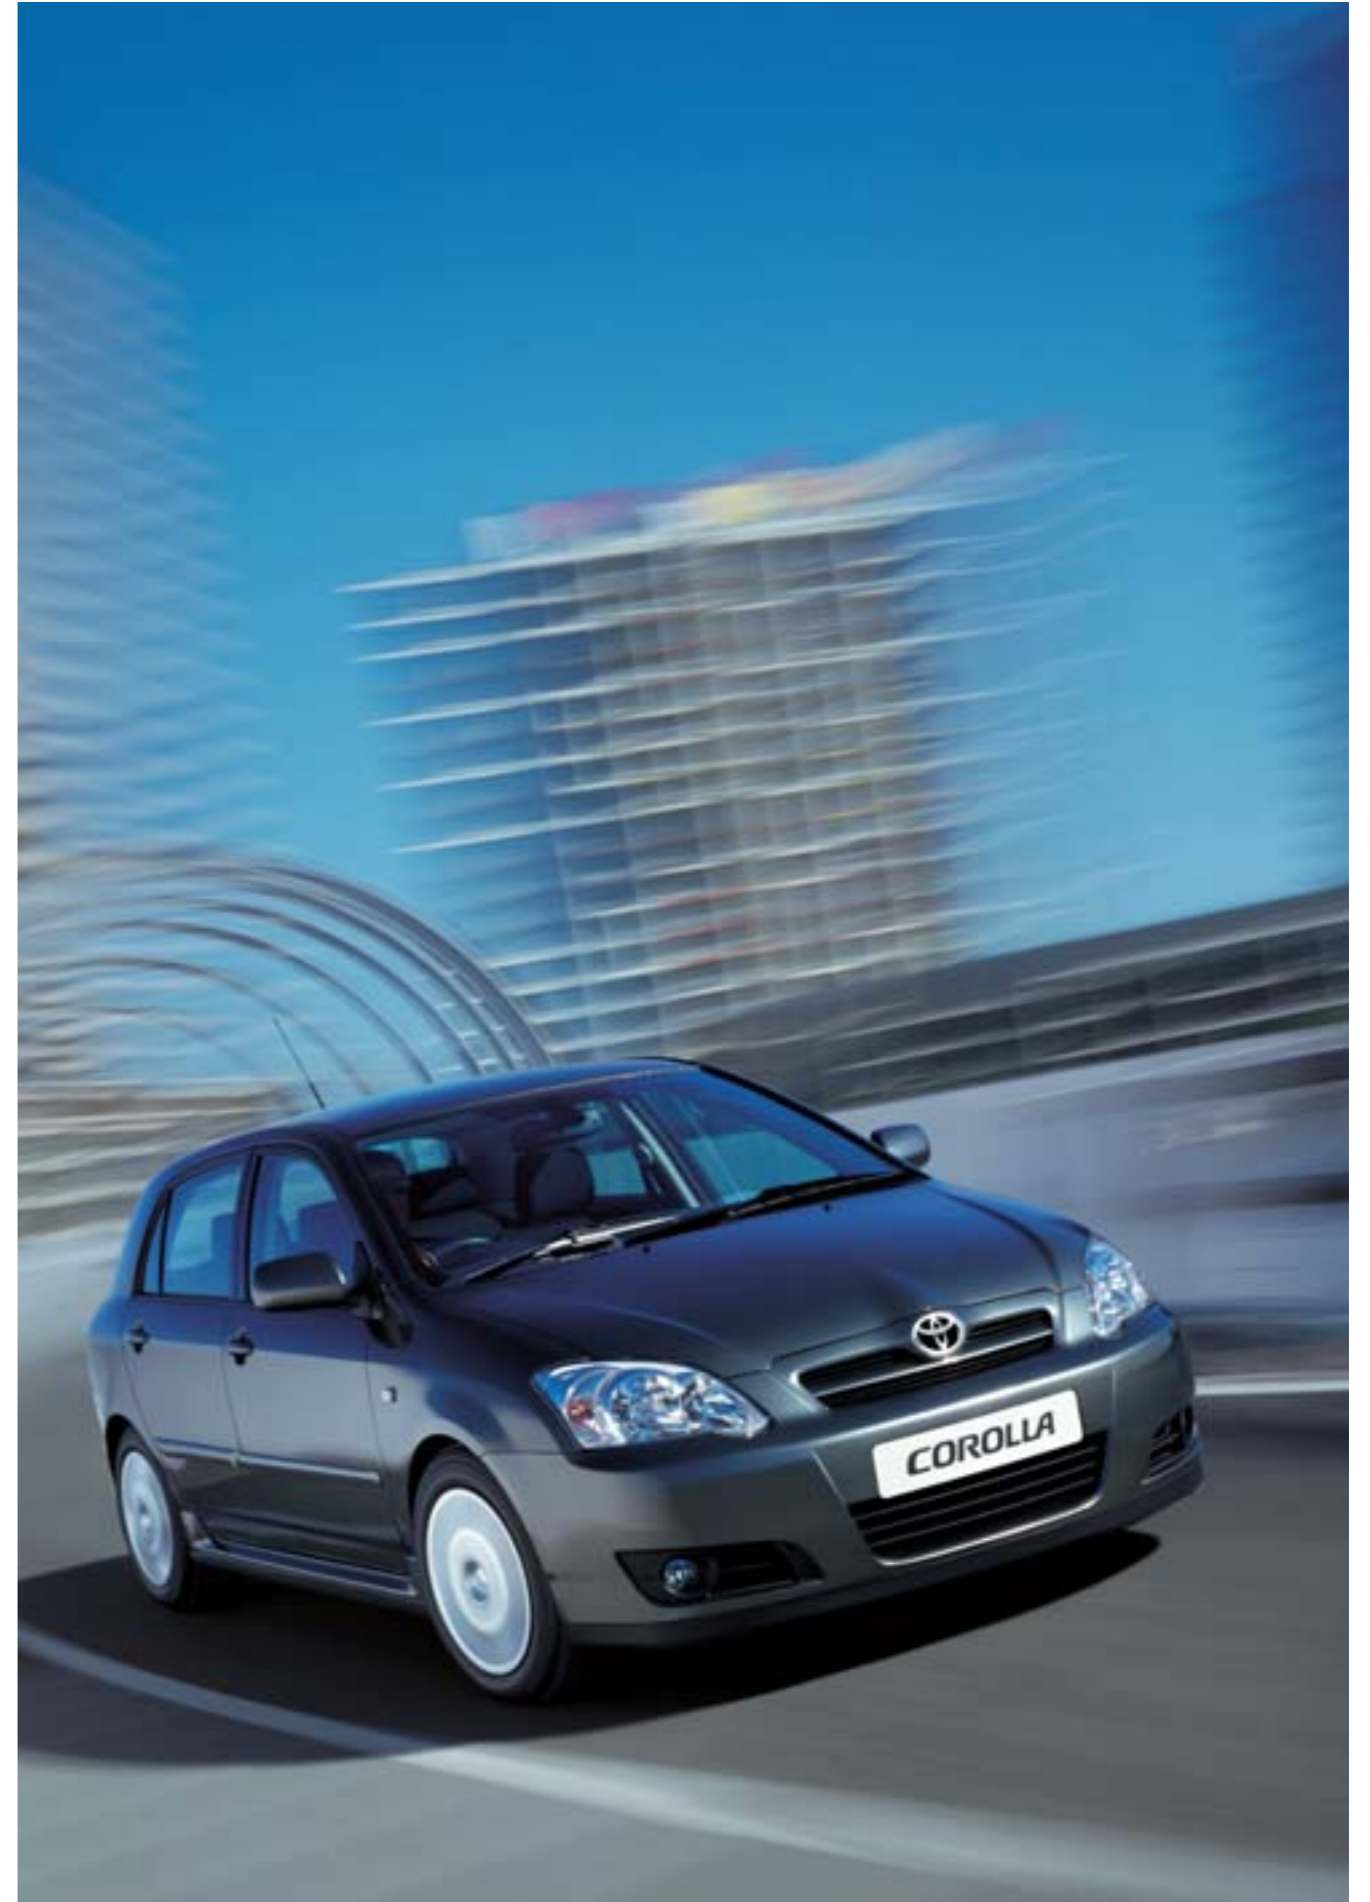

### **Multi-mode Manual Transmission**

Why not opt for Toyota's Multi-mode Manual Transmission (MMT), an innovative five-speed gearbox that enables you to choose between sequential manual and automatic modes. Available on 1.4 D-4D only.

### **Satellite navigation system**

Finding the right route couldn't be easier with Toyota's optional satellite navigation system, featuring Electronic Traffic Avoidance (ETA) to escape the jams.

The ultra-modern trim, accented by the metallic effect of the centre console, embodies the T Spirit's refined elegance. Optional full map satellite navigation system shown.

## More refinement, more prestige

**The Corolla is one of the best-equipped cars in its class. And when you look at the refinements of the T Spirit, it's almost certainly the most luxurious.**

This elegant 5-door hatchback has automatic climate control air conditioning, six-speaker audio system, power adjustable and heated exterior mirrors, rain-sensing wipers, electrochromatic rear-view mirror, plus electric tilt/slide sunroof and chrome and leather gear shift knob.

To add even more luxury to your T Spirit, you can opt for the opulent feel of soft black leather upholstery and full colour map DVD satellite navigation.

The T Spirit is offered with a choice of two VVT-i petrol engines, an efficient 1.4 litre power unit and a 1.6 litre version with optional automatic transmission, and a powerful but economical direct-injection, common-rail 2.0 litre D-4D diesel power unit that delivers an exhilarating 114 bhp.

Why not treat yourself to a luxurious, spirited performance?

### **Full colour map satellite navigation**

The optional DVD-based full map navigation system with touch-screen controls offers a range of functions and can guide you to your destination by the quickest route.

### **Electrochromatic rear-view mirror**

Night driving is much safer thanks to an electrochromatic rear-view mirror which cuts out glare.

### **Special alloys**

Distinctive six-spoke, 15-inch alloy wheels with locking wheelnuts mark out the T Spirit's prestige status.

Reflecting its performance, the T Sport features red seat facings and red stitching to the steering wheel and gear shift knob.

## Power and agility

**Every Corolla turns heads in admiration. But the spectacular T Sport demands exceptional respect, both for its looks and its outstanding performance.**

This powerful, agile hatchback features a six-speed gearbox and is driven by an exciting 1.8 litre VVTL-i engine which develops 189 bhp. Maximising performance while achieving excellent fuel economy, the T Sport can accelerate to 62 mph in just 8.4 seconds and onwards to a top speed of 140 mph (where permitted). Yet it can still return 34 mpg on the combined cycle.

To match its performance, the T Sport comes with extra features, such as Brake Assist for safer braking in emergency situations, Vehicle Stability Control to minimise oversteer and understeer and Traction Control which detects wheel spin and prevents loss of control by restricting the throttle and applying precise brake pressure. In addition, it has a highly engineered, lowered suspension for perfect handling and control, thereby delivering outstanding performance and superb driver enjoyment.

Included within its extraordinary specification are automatic climate control air conditioning, alloy pedals, unique scuff plates, 16-inch alloy wheels with locking wheelnuts, colour-keyed rear spoiler, special sports body kit, a sophisticated alarm, rain-sensing wipers, electrochromatic rear-view mirror, front electric windows, leather-trimmed steering wheel and gear shift knob, plus six-speaker radio/CD system and an exciting red accent and carbon finish interior. And then there's the option of unique leather/alcantara seats and full colour map satellite navigation with Electronic Traffic Avoidance.

The Corolla T Sport – not for the faint-hearted.

### **Sports dials**

*The T Sport's exciting performance is easily confirmed by its clear, sporty instrumentation.*

### **16-inch alloy wheels**

*Stylish 16-inch alloy wheels enhance the T Sport's appearance and performance.*

### **Six-speed gearbox**

*Exhilarating power – up to 140 mph where legal – is delivered through a smooth six-speed transmission, controlled by a sports-style leather-trimmed gear shift knob.*

## Where elegance combines with quality

**The first thing you notice about the Corolla's interior is its smart, contemporary design and the genuine premium look and feel throughout the cabin – from the stylish, ergonomically designed dashboard to the high-grade cloth seats and chrome door handles.**

With a fully adjustable steering wheel and column, plus driver's seat height adjuster, it's easy to find the most comfortable driving position (on 3-door models the driver's seat has a standard memory function), while the full range of instrumentation is clearly visible, thanks to Toyota's special Optitron displays which provide maximum clarity.

Extra driver peace of mind is afforded by the optional turn-by-turn satellite navigation system, featuring Electronic Traffic Avoidance, while, for even greater reassurance, full colour map DVD navigation, incorporating audio and CD, is available on T Spirit and T Sport models.

For convenience and safety, T3, T Spirit and T Sport models all feature steering-wheel-mounted audio controls. And, for added refinement and comfort, they come with a leather-covered steering wheel and leather and chrome-effect gear shift knob.

Of course, to enjoy the ultimate Corolla luxury, you can always opt for full leather upholstery on T Spirit or leather/alcantara on T Sport.

The T Spirit interior shown has optional full map navigation system.

The T Spirit interior shown has optional full map navigation system.

Image may not be to full UK specification.

## It's quiet in space

**Life may be crowded and noisy outside, but once inside a Corolla you experience space and a sense of calm.**

Its specially engineered platform has allowed the designers to create an open, roomy cabin with plenty of space for driver and passengers. In fact, the Corolla is one of the most spacious cars in its class.

For practicality, there's an abundance of storage space, conveniently situated around the cabin. In addition to the glovebox and front door pockets, there's a handy box behind the handbrake and two storage areas in the lower dashboard. What's more, there are twin cup holders in the front and, in 3-door models, twin holders in the back as well.

The generous boot space can be made bigger and more adaptable by the 60:40 split of the rear seats which, on hatchback and estate models, fold and tumble for even more room and load flexibility. Estate models also feature a retractable tonneau cover.

With increased insulation to reduce engine, road and wind noise, coupled with its quality upholstery and deep-pile carpeting, the Corolla delivers an exceptionally smooth and quiet ride – with barely a hint of vibration. For driver and passengers alike, every journey is a satisfying experience.

**Loads of options**  
On hatchback and estate models, the rear seats split 60:40, fold and tumble, giving you a useful variety of passenger and load options.

VVT-i

## Technology drives superior performance

**Toyota's engineers are driven by one central goal – to produce engines that deliver maximum performance, outstanding fuel economy and low emissions.**

With petrol power units, the main solution is provided by Toyota's VVT-i technology – Variable Valve Timing with intelligence. This advanced system automatically reacts to the way you're driving and the demands made of the engine. An on-board computer controls the timing and duration of the intake valve opening which means you get the power you want when you need it. And by maximising engine efficiency, it ensures that fuel consumption and exhaust emissions are as low as possible.

**The 1.4 litre VVT-i engine\*** – 95 bhp, maximum torque of 130 Nm, maximum speed 115 mph, acceleration to 62 mph in 12 seconds, fuel economy on the combined cycle 42.2 mpg, emissions 159 g/km.

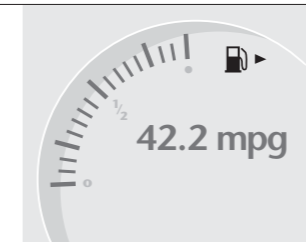

**The 1.6 litre VVT-i engine\*** – 109 bhp, maximum torque of 150 Nm, maximum speed 118 mph, acceleration to 62 mph in 10.2 seconds, fuel economy on the combined cycle 40.4 mpg, emissions 168 g/km.

**The 1.8 VVTL-i engine** – 189 bhp, maximum torque of 180 Nm, maximum speed 140 mph, acceleration to 62 mph in 8.4 seconds, fuel economy on the combined cycle 34 mpg, emissions 198 g/km.

\* Figures based on Corolla 5-door with manual transmission.

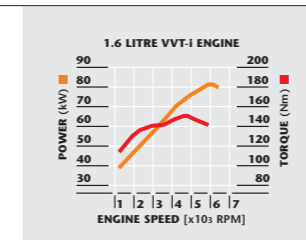

### Economical

The 1.4 litre petrol engine delivers excellent performance while achieving an impressive 42.2 mpg on the combined cycle.

### Responsive

Producing 109 bhp and maximum torque of 130 Nm, the 1.6 litre power train delivers acceleration to 62 mph in just over 10 seconds.

### Powerful

Engine efficiency is achieved by Toyota's VVT-i technology which delivers superb performance combined with low fuel consumption and low emissions. The 1.8 litre engine, which drives the T Sport, takes the technology a stage further by increasing the intake/exhaust valve lift at high engine speeds for more power and better fuel economy.

## D-4D

### Tomorrow's diesel today

**Toyota's advanced diesel-engine technology delivers the best of both worlds – the lively, responsive power you expect from a petrol engine but with the superior fuel economy and lower emissions of a diesel.**

Toyota's highly efficient 1.4 litre\* and 2.0 litre turbocharged diesel engines employ direct-injection, common-rail technology, which means that atomised fuel is injected into the combustion chamber at very high pressure and according to how the car is being driven. The result is efficient, responsive performance, low fuel consumption and minimal emissions.

The D-4D engines also incorporate a variable nozzle turbocharger, which helps boost power and torque, while other refinements reduce engine noise and vibration. A large catalytic converter helps cut emissions even further. In fact, both engines fully comply with the latest EURO STEP IV emissions regulations – which is good news for the environment and for company car drivers who will pay lower tax. Furthermore, the 1.4 litre power train, made entirely of aluminium, boasts the best power-to-weight ratio in its class.

Toyota's diesel technology leads the way in designing engines that are clean, highly efficient and, above all, outstanding performers.

\* Available from September 2004.

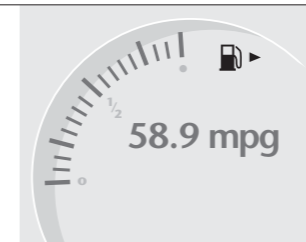

§ Figures based on Corolla 5-door with manual transmission.

**The 1.4 litre turbocharged D-4D engine**§ – 89 bhp, maximum torque 190 Nm, maximum speed 112 mph, acceleration to 62 mph 13.3 seconds, fuel economy on the combined cycle 58.9 mpg, emissions 128 g/km.

**The 2.0 litre turbocharged D-4D engine**§ – 114 bhp, maximum torque 280 Nm, maximum speed 116 mph, acceleration to 62 mph 10.6 seconds, fuel economy on the combined cycle 49.6 mpg, emissions 151 g/km.

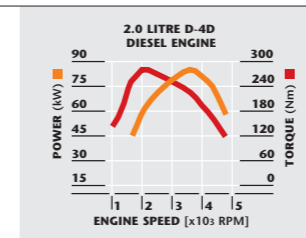

#### Efficient

With the best power-to-weight ratio in its class, the 1.4 litre D-4D power unit delivers outstanding economy – more than 58 mpg on the combined cycle.

#### Dynamic

Eager and responsive, the 2.0 litre turbocharged engine produces 114 bhp and maximum torque of 280 Nm.

#### Clean

D-4D stands for Direct injection 4-stroke common rail Diesel engine. The technology employed causes fuel to be injected into the combustion chamber at extremely high pressure, resulting in excellent performance, outstanding fuel economy and, above all, extremely low emissions.

Front and side airbags for driver and front-seat passenger, plus curtain shield airbags, are all standard equipment.

## For safety's sake

**Safety and security are key considerations when it comes to choosing a car. Which is why the Corolla comes with such a comprehensive range of features and equipment.**

Every Corolla has Anti-lock Braking System (ABS) with Electronic Brake force Distribution (EBD) for maximum braking efficiency, while the T Sport adds Brake Assist to boost braking power in an emergency, as well as Vehicle Stability Control (VSC) which automatically minimises oversteer and understeer, and Traction Control which detects and controls wheel spin for maximum road grip.

The Corolla's whole body structure has been specially designed to absorb energy, thereby reducing the effects of front, side and rear impacts, while on all models, the driver and front-seat passenger have the added protection of front, side and curtain airbags. What's more, a cut-off switch has been added to the front passenger airbag, enabling it to be 'turned off' when a child restraint system is used.

For further peace of mind, every Corolla comes with engine immobiliser, remote central locking, double locking and security window etching. What's more, there's a three-year/60,000 mechanical warranty, three-year paint warranty and 12-year anti-corrosion perforation guarantee.

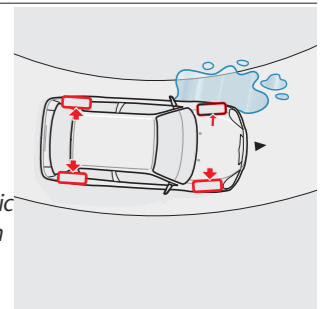

Just as you'd expect with such an object of desire.

Excellent handling is achieved by the McPherson strut front suspension and enhanced suspension geometry.

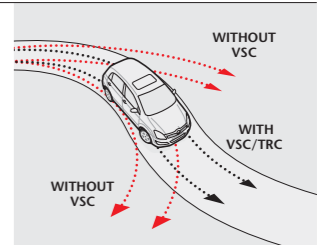

### **Anti-lock Braking System (ABS) with Electronic Brake force Distribution (EBD)**

Risk of the wheels locking is minimised thanks to the ABS braking system with Electronic Brake force Distribution which automatically applies the correct braking force to each wheel.

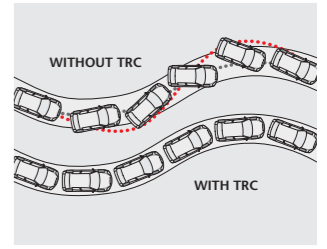

### **Vehicle Stability Control (VSC)**

VSC detects when the car is about to understeer or oversteer and adjusts brake performance and engine output to compensate.

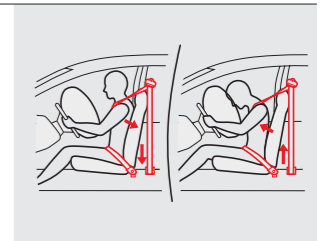

### **Traction Control (TRC)**

TRC senses when the car is about to skid or spin its wheels and helps to regain control by adjusting brake performance and engine output.

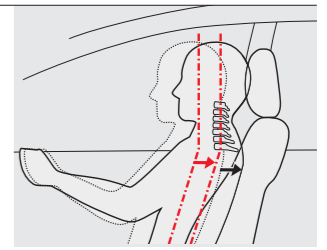

### **Advanced seatbelts**

For the most effective protection, all the seatbelts have pre-tensioners and force-limiters.

### **Whiplash injury protection**

Toyota's special safety system helps to reduce whiplash neck injuries. There's also a specific structure to minimise head impacts.

### **Crash-resistant bodyshell**

Continuous testing has fine tuned the design of the energy-absorbing bodyshell to provide maximum protection from front, side and rear collisions.

## Drive plans from Toyota Financial Services

**We want to make acquiring and maintaining your Corolla as easy as driving one. Our range of Toyota Drive Plans have been designed specifically with this in mind, to offer you a choice of affordable ways to finance, service and maintain your new car. Above all our plans offer flexibility, easy budgeting and peace of mind and can be arranged as a one-stop-shop when you select your Corolla.**

### Easy Start

With Easy Start finding a large deposit is not an issue. Just the equivalent of one monthly payment in advance is all that is needed to drive away in a Corolla. This simple and innovative plan, based on our popular PCP Drive Plan, is ideal for younger customers or families on a tight budget.

### Easy Drive

Easy Drive is a comprehensive finance package, with one monthly payment taking care of most of your motoring needs for 2 or 3 years. The plan includes the cost of a Corolla on a PCP Drive Plan and an Easy Care servicing plan covering routine major and intermediate services.

### Easy Care

For those who value the peace of mind of a pre-paid servicing package we can offer Toyota Easy Care. The plan ensures that your Corolla will receive the very best maintenance and servicing. Easy Care covers routine major services (including routine servicing, parts and labour) and intermediate oil and filter services.

### Business Drive

Business Drive offers the security of a fully maintained Contract Hire package, ideally suited for VAT registered businesses. The package offers a host of benefits including reduced capital outlay, all-inclusive monthly rentals and no depreciation, disposal or administration problems.

### Flexible Finance

However, Drive Plans are about more than just these four schemes. Whatever your needs, Toyota has a full range of finance options to offer you. Whether you're a private motorist or a business customer, just discuss your individual requirements with your Toyota Centre, who will be pleased to help you choose a Drive Plan to suit you.

Licensed credit broker. Indemnities may be required. All finance subject to status to over 18's only. Toyota Financial Services (UK) PLC, Great Burgh, Epsom, Surrey, KT18 5UZ.

## Take more pride

**The Corolla has been specifically designed for people who live life to the full. They're energetic – one minute shopping or socialising, the next out for entertainment or adventures with the family. What they want is a car that's as practical as it is stylish. And, above all, a car that reflects their personality.**

Our extensive range of quality, bespoke accessories gives every new Corolla owner the chance to make their car even more distinctive and even more suited to their lifestyle needs. Add more style, more convenience, but especially – add more individuality.

### Audio

6-disc CD autochanger & fitting kit (in-dash)  
6-disc CD autochanger (under seat)  
Front tweeters  
Subwoofer

### Body style

Aero front skirt – hatchback  
Aero roof spoiler  
Chrome exhaust finisher  
Mini side skirts (primered) – 3-dr hatchback only  
Mud flaps (front) – not suitable with side skirts fitted  
Mud flaps (rear) – estate, saloon & hatchback T2  
Rear chrome garnish – hatchback & estate  
Side skirt – 3-dr T2, 5-dr T2 & T Spirit. Please check compatibility with your Toyota Centre  
Sport front skirt – hatchback  
Sport rear spoiler – hatchback T2, T3 & T Spirit

### Bumpers

Bumper corner protectors  
Rear bumper protection film

### Convenience

Cool/hot box  
TNS300 satellite navigation system  
Europe DVD for use with TNS300 satellite navigation  
Toyota Hands Free kits  
Toyota Parking Assist (TPA400) – black or colour coded  
TPA400 – optional cancellation switch when a tow bar is fitted  
Wind deflectors – front pair

### Interior Trim

Carpet mats, anthracite  
Scuff plate – 3-dr & 5-dr hatchback  
Shift knob – all manual models

### Instrumentation

Dual controls – hatchback only

### Lights

Fog lamp kit – T2 only  
Headlamp cover and beam converter

### Load-space

Barrier net, grey – estate  
Boot liner  
Dog guard – estate, 3-dr & 5-dr hatchback  
Horizontal cargo net – hatchback & estate  
Vertical cargo net – hatchback

### Locks

TVSS alarm kit Inc. siren & radar – T2, T3 & T Spirit

### Roof

Roof rack – 3-dr & 5-dr hatchback, saloon  
Cross bars – estate

*The following accessories can only be fitted with roof rack or cross bars:*

Bicycle holder (roof mounted)

Luggage box

Sailboard holder – estate

Ski holder – holds 4 pairs of skis

Ski holder – holds 6 pairs of skis

### Safety

G0 Child seat – birth to 13 kg

(approx. birth to 15 months)

G1 ISOFIX Child seat – 9 to 18 kg

(approx. 8 months to 4 years)

G2/3 Child seat – 15 to 36 kg

(approx. 3 to 12 years)

### Storage

Coat hanger – universal headrest mounted

Seat storage bag

### Towing

Detachable tow bar – hatchback

Fixed tow bar

Tow bar wiring 12s

Tow bar wiring 7+ 12n

Rear bicycle holder & lamp set – requires tow bar

### Ventilation

Deodorant filter (replacement)

### Wheels

Arica 16" alloy wheel

Pekea 16" alloy wheel

Sandu 15" alloy wheel

Surmi 15" alloy wheel

Tamyr 15" alloy wheel

Tupelo II 16" alloy wheel

Ycana 15" alloy wheel

Zamba 15" alloy wheel

Locking wheel nuts – for all accessory alloy wheels

*The accessories listed are applicable to all models unless otherwise stated.*

*The Corolla pictured features roof spoiler, rear chrome garnish, chrome exhaust finisher, front skirt, side skirts, bumper corner protectors (painted), rear mud flaps, fixed tow bar and roof rack with luggage box.*

*The Corolla (right) features 16" Arica alloy wheels, fog lamps, headlamp covers, front & rear mud flaps and cross bars fitted with a ski holder.*

### Child seat

*This specially designed ISOFIX child seat, conforming to the latest safety standards, offers maximum protection. Available for three age groups.*

### Toyota Hands Free telephone kit

*Keeping in touch is easier and safer with a Toyota Hands Free telephone kit. Compatible with most branded mobile phones.*

### Alloy wheels

*Personalise your Corolla with Toyota's exciting range of alloy wheels. These Tupelo II 16" wheels are one of eight styles available. See your Toyota Centre for the full range.*

## A colourful choice

However you like to express your individuality, the Corolla offers you the choice of nine exciting colours and six interior trims. What's more, every model grade features its own highly distinctive wheels.

040 Pure White

Full size spare wheel	•	•	•	•

• = Standard      ◦ = Optional      – = Not available

## Peace of mind

**Toyota's global reputation for quality and integrity means the Corolla can add peace of mind to its own highly individual range of attributes.**

On the day you purchase your Corolla, your Toyota Centre will present you with the 'Corolla Passport'; a guide to living with your Corolla and making the most of its considerable range of features. Your Toyota Centre will explain the car to you, and always be there, should you require any assistance.

### Health and Safety

Your Toyota Centre will also talk you through Corolla's very own 'Health and Safety' programme. It's very simple. Your Corolla will only need a full 'Health and Safety' check once every two years, or 20,000 miles if you enjoy driving it as much as we think you will. An intermediate oil change with additional 'Health and Safety' checks are also required every year or 10,000 miles.

\* Occurring as the result of a manufacturing default.

### Warranty

We're so confident each and every Corolla is so well built that it comes with a three-year or 60,000 miles warranty against any mechanical failure\*. In addition, the paintwork, no matter what colour you select, is guaranteed against defects and surface rust\* for three years too. Finally, the body is guaranteed for 12 years against corrosion perforation\*.

## Customer Services

### Club Toyota

When you buy a Toyota, you automatically become a member of one of the most exciting and innovative clubs for car owners in the UK – Club Toyota. As well as giving you one year's free RAC Roadside Assistance in the UK and Europe, Club membership provides a host of other valuable benefits. These include special rates for car and travel insurance plus an exclusive travel service designed to save you time and money. Club Toyota also offers you family membership and the opportunity to participate in a variety of special offers and promotions. You'll find all the details in the quarterly magazine written specifically for Toyota drivers: if. To find out more about Club Toyota call 0845 275 5555.

### Toyota Drive Plans

Toyota Drive Plans make acquiring and maintaining your new car as easy as driving it. They offer a choice of affordable ways to help you buy, finance, service and maintain your Toyota. The range of plans has been structured to offer you flexibility, easy budgeting and peace of mind.

- Easy Start is an exciting new low deposit plan.
- Easy Care offers the complete reassurance of prepaid servicing.
- Easy Drive is a comprehensive plan which takes care of most of your motoring needs for 2 to 3 years with one monthly payment.
- Business Drive is a fully maintained contract hire package most suited to small business customers.

Whatever your personal preference, your Toyota Centre can tailor a Drive Plan to suit your needs perfectly – driving a new car has never been so easy.

Written quotations available on request.

All agreements subject to status. Indemnities may be required.

### Toyota Insurance

Toyota Insurance is available for Toyota owners at competitive premiums. To obtain details of the benefits included and to arrange a quotation, please contact your local Toyota Centre or call 0800 350 500.

### Toyota Fleet

Toyota Fleet provides complete business solutions for companies that run a fleet of vehicles. For more information on how Toyota Fleet can deliver your fleet requirements either contact your local Toyota Centre or the Toyota Fleet Business Centre on: 0845 271 2712.

### Toyota Warranties

Every new Toyota comes with a three-year/60,000 mile manufacturer's warranty. Toyota offers you the opportunity to renew your warranty annually after the initial warranty period expires until the vehicle is 7 years old. No unexpected bills or concerns. In fact, nothing to pay beyond routine servicing and maintenance. Toyota warranties offer equivalent cover to the manufacturers warranty, covering all of the main components of your vehicle (with the exception of batteries, corrosion of exhaust and damage or wear to interior trim). Our warranty range offers you choice and flexibility, based on the vehicles age and engine size. All allow for an unlimited annual mileage and special low user discounts are available for those covering less than 10,000 miles a year. Warranty cover also includes Club Toyota membership including RAC Roadside Assistance, car hire up to 5 days after the first 24 hours, hotel expenses and free MOT test cover.

For further information please contact your local Toyota Centre.

### Toyota Accident Assistance

In the event of an emergency Toyota offers free of charge to Toyota owners a comprehensive management service which includes advice, assistance and practical help. Please contact your local Toyota Centre for further details.

### Toyota Approved Used Cars

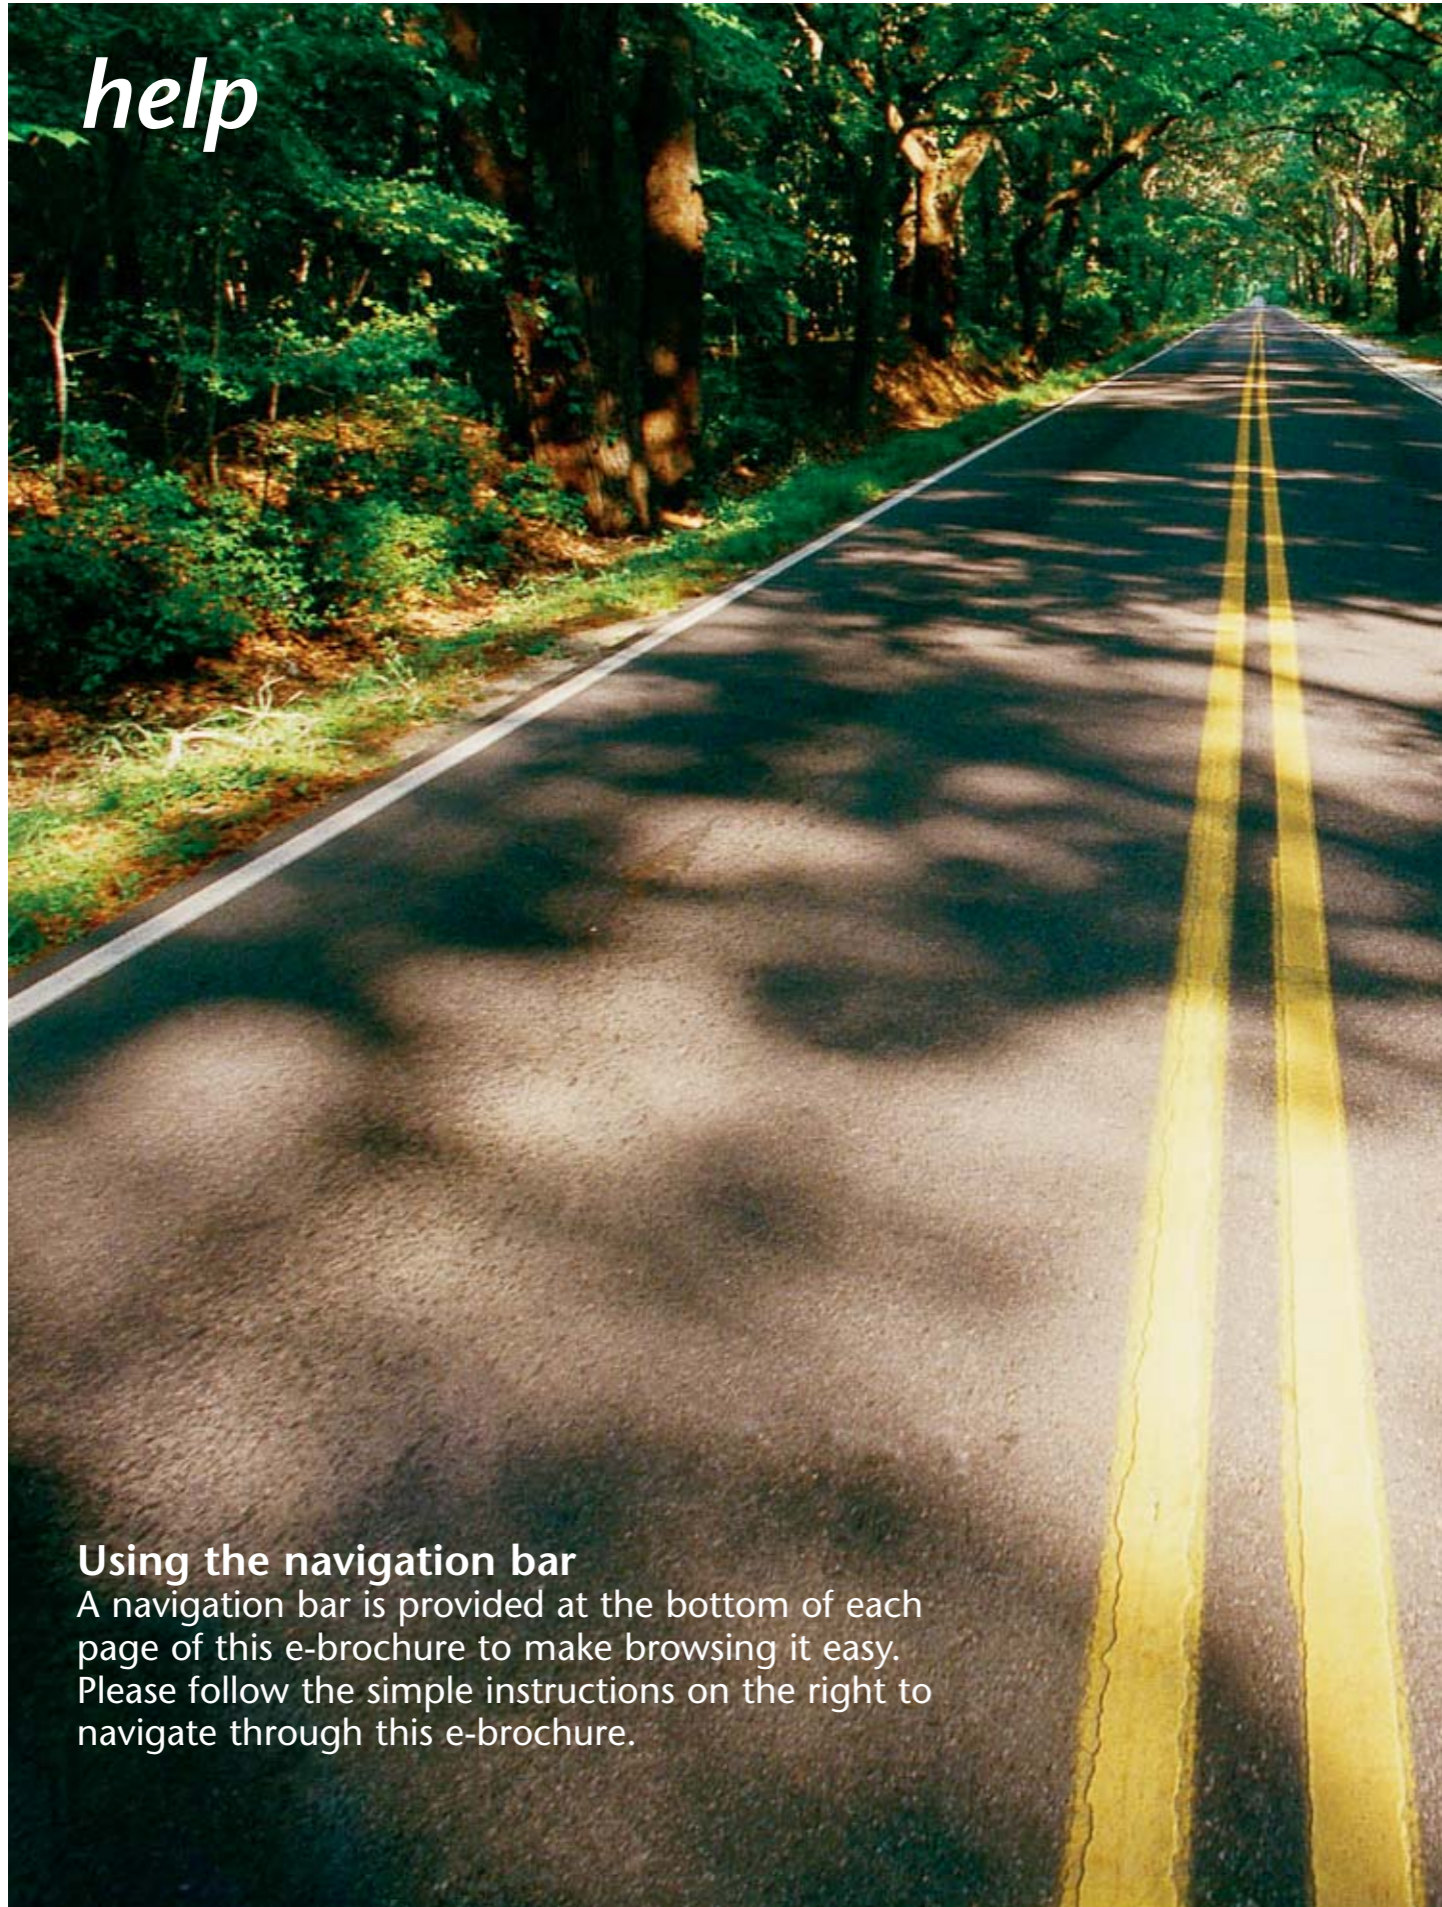

Toyota Approved Used Car Scheme. Please contact your local Toyota Centre for details.

Please refer to [www.toyota.co.uk](http://www.toyota.co.uk) for environmental information.

### Using the navigation bar

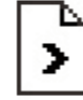

A navigation bar is provided at the bottom of each page of this e-brochure to make browsing it easy. Please follow the simple instructions on the right to navigate through this e-brochure.

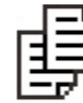

Takes the document back to the beginning.

This will take the document back to the previous page.

This will take the document back to the next page.

Takes the document to the Index page.

This will allow the Acrobat toolbar to be visible if pressed once and it will also make it disappear if already visible.

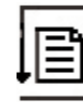

This will zoom in on the document so smaller text etc will be easier to read. To zoom in further, click the icon again. If the menu bar is not visible then use your mouse by clicking the left hand button and moving it.

This will zoom out of the document. To zoom out further, click the icon again. If the menu bar is not visible then use your mouse by clicking the left hand button and moving it.

This will print out the full brochure to your printer. Please note that if you have a colour printer this document will print in full colour.

This will save the whole document to your computer.

To close this document press *esc* and then close the document normally.

Whilst every effort is made to reproduce accurate information, we reserve the right to change specifications, equipment and availability without prior notice. This brochure cannot be regarded as infallible, (some of the vehicles shown may not be to exact UK specification), and as such does not constitute an offer for sale of any particular vehicle or specification. For the latest specification and availability we ask that you contact your local Toyota Centre.
