Colour Collections

An extremely attractive proposition

Looks good, doesn't it? And, with a comprehensive equipment list, including a range of exclusive features, Yaris Colour Collection has plenty of substance to go with all that style. It's both economical and powerful. Practical and beautiful. Safe and exciting. In fact, with more style, enjoyment and a choice of five distinctive colours. Yaris Colour Collection makes complete sense

TODAY TOMORROW **TOYOTA**

Body-coloured door mirrors.

Front fog lamps.

Chrome exhaust finisher.

14" alloy wheels (1.3 litre models).

It all adds up

Take a close look at Yaris Colour Collection and right away you'll notice an array of styling cues that enhance its good looks. Get closer still and you'll discover outstanding quality design, build, ergonomics, comfort and convenience. It all adds up to a very special model indeed.

Yaris Colour Collection's specification includes a wide range of exclusive features, designed to underline its distinctive aesthetics. On the outside, there are body-coloured bumpers and door mirrors, 14" alloy wheels (1.3 litre models), fog lamps and a chrome exhaust finisher.

Open the door, get inside and you'll find features like scuff plates and carpet mats, a chrome and leather gear shift and a stitched leather steering wheel which is tilt adjustable, enabling you to get completely comfortable in the height adjustable driver's seat. To further add to the sense of user-friendliness, audio switches are steering wheel-mounted and there are personal front reading lamps.

Compact or dynamic? It depends which way you look at it

Is Yaris Colour Collection beautiful or functional? Both, actually. Its compact, aerodynamic shape belies the space within. With a 950 litres* cargo volume (with the rear seats folded down), there's plenty of room for your luggage.

* Five-door model.

Now everyone can explore space

With its impressive headroom and legroom, Yaris Colour Collection makes journeys comfortable and easy. Inside, there's plenty of storage space and either blue or red seat trims and door inserts

are available*. Driver's seat height adjustment, central locking with remote control, front power windows and a CD player are all standard.

* Depending on exterior colour.

Leather steering wheel with audio controls and blue or red* coloured stitching.

Digital meter display.

Manual air conditioning (available as an option[§]).

Blue or red fabric upholstery*.

Front power window controls with carbon-look finish.

Leather and chrome gear shift.

Radio/CD with four speakers.

Driver's seat height adjustment, scuff plates and premium floor mats.

* Depending on exterior colour.

§ Option pack consists of manual air conditioning and a rear roof spoiler.

Take your seat. The performance is about to begin

Prepare to be inspired. Whether you choose the 1.0 or 1.3 litre VVT-i petrol engine, you're in for an exciting, responsive drive. VVT-i (Variable Valve Timing – with intelligence) electronically optimises the timing of the engines intake valve opening, which means both engines combine lively acceleration, minimal emissions and outstanding fuel consumption.

Vehicle shown features Talya alloy wheels and roof spoiler which are available as accessories. Roof spoiler is also available as an option with manual air conditioning.

Four-star safety features. First-class occupant protection

In addition to delivering an exciting driving experience, Yaris Colour Collection is designed to keep you and your passengers safe. Its impressive attention to safety detail has earned it a four-star rating in the internationally-recognised Euro NCAP safety tests.

Feel protected

Yaris Colour Collection's safety specification includes active and passive technology. These are features designed to provide maximum protection in the event of a collision, and systems to help you maintain control and avoid an accident in the first place.

Maximising safety

Front seat belts incorporate pre-tensioners which instantly draw the seat belt back at the moment of impact and force-limiters that release belt tension when a specific load is reached. Together with the SRS airbags, the effect is to help maximise safety while reducing the likelihood of head and chest injuries.

Tough in all the right places

Yaris has a low centre of gravity for optimum road-holding and balance. The body shell is tough in all the right places. The doors have side impact protection bars, the central pillars are reinforced and the front and rear ends are designed to absorb or deflect energy.

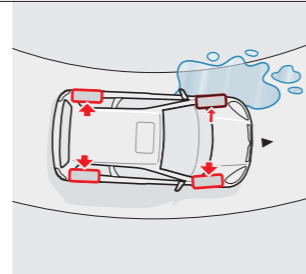

Safety structure

Yaris Colour Collection's tough body shell boasts specially designed crumple zones and side impact protection bars.

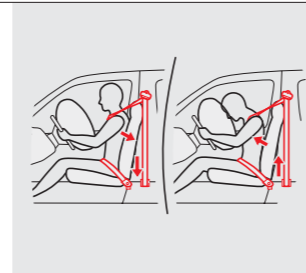

ABS and EBD

Anti-lock Braking System (ABS) with Electronic Brake force Distribution (EBD) helps enable you to steer safely around obstacles as you come to a stop.

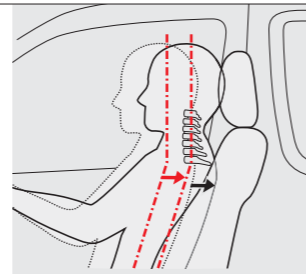

Airbags, pre-tensioners and force-limiters

SRS front airbags and side airbags are fitted as standard specification. Front seat belts with pre-tensioners and force-limiters help reduce the likelihood of chest injuries in an accident.

WIL seats

The Whiplash Injury Lessening system in the front seats minimises the risk of whiplash in low-speed rear-end collisions.

Specifications and equipment

ENVIRONMENTAL PERFORMANCE

| Fuel consumption (EU directive 80/1268-1999/100/EC) | 1.0 litre VVT-i 5 M/T | 1.3 litre VVT-i 5 M/T |
