Driving a compact MPV is a whole new experience.

You'll be very impressed by the performance of the Yaris Verso's 1.3 VVT-i litre engine. Its advanced engineering helps it adapt perfectly to all kinds of demands: from the school run, through winding country roads to motorway cruising.

The secret is in the intelligent Variable Valve Timing (VVT-i). This uses computerised control to ensure that intake valve timing adjusts to engine speed and accelerator pressure, to provide optimum performance and fuel economy plus low emission levels. In this way, acceleration is always responsive yet efficient. With the help of the Verso's aerodynamic body, VVT-i technology delivers the performance you want with the most sparing use of fuel.

Equally impressive, the 1.4 D-4D diesel power unit, with its advanced common-rail design and direct injection, delivers excellent performance and class-leading fuel economy of more than 56 mpg on a combined cycle.

Whichever Yaris Verso you choose, the results are impressive, offering power and response – yet still offering good fuel economy and low emissions at the same time.

Returning over 44 mpg (combined cycle) the 1.3 VVT-i manual petrol engine offers impressive fuel economy.

Digital display information above is for illustration purposes only.

The 1.4 D-4D engine is class leading, achieving more than 56 mpg on the combined cycle.

Available across the range, the powerful D-4D diesel engine features a sophisticated Direct Injection system.

Versatility that will transform your thinking about everyday cars.

The Yaris Verso represents a remarkable new concept that draws on highly original thinking in design and clever new advances in engineering. It combines interior space comparable to a Multi Purpose Vehicle (MPV) in an aerodynamic body shape that's no longer than a small family car.

You simply won't find a more versatile vehicle. A unique underfloor fold-away seating system means you can quickly convert it from a lively five-seat family transporter to a two-seat high capacity load carrier.

This compact car is also superbly equipped with remote double locking, electric front windows and power steering on all models. Excellent road holding and responsive performance give you the control and safety associated with much larger cars.

Experience the transformation of the car – with the Yaris Verso.

The flexible Yaris Verso can be tailored to fit around your lifestyle offering comfort and space for the whole family.

Electric door mirrors - one of the many standard features on the generously equipped Yaris Verso.

The lightweight seats fold away quickly and easily, converting a roomy 5-seater into a capacious load-carrier in seconds.

It changes your view of driving.

The advanced interior layout of the Yaris Verso means that you're always firmly in control. You'll find the higher seating position gives a more commanding view through the panoramic windows.

Every control is comfortably within reach. Instruments can be checked with total safety: frequently used dials are positioned on top of the dashboard close to your view of the road. And the 3D holographic instrument panel is easy to see in all light conditions.

The multi-information display comprising audio controls, trip computer and external temperature completes the stylish dashboard.

You'll see driving from a different perspective in the Yaris Verso.

Information at your fingertips: Yaris Verso's integrated audio system – and optional GPS satellite navigation – share the central multi-information display rendering the audio system useless to thieves if stolen.

Yaris Verso seats are higher than conventional cars which provide a more natural seating position and aids entry and exit from the vehicle.

The centrally-mounted, three-dimensional holographic instrument display is conveniently located to provide glare-free access to vital information.

The central rear seat converts effortlessly into a handy table for picnics or work on the move.

The key to the Yaris Verso is versatility. Its flexible seating allows you to quickly and easily tailor the interior to suit your requirements.

With its large doors, low loading height and rear seats that fold into the floor, the Yaris Verso makes an impressive load carrier.

Extra load-space appears in an instant.

The rear seats of the Yaris Verso fold away flat into the floor – extending your cargo carrying space up to 2160 litres. More than a mid-size estate car.

There are four seating options in all: giving you the choice of 2, 3, 4 or 5 seats. And the lightweight seats make conversion the simplest of procedures. So the Yaris Verso is always on standby to deliver whatever seating-to-load ratio that you want.

Big doors, low floors and full length assist grips make access no trouble at all. While the ISO-FIX system means child seats can be anchored with one click.

Whether you need outstanding load capacity or a five-seat versatile Yaris Verso.

The innovative dual glovebox provides impressive amounts of space and ensures that valuables are safely hidden from prying eyes.

Yaris Verso's centre console storage seamlessly integrates into the stylish fascia and is ideal for items such as CDs.

Overhead storage designed to keep everyday items like sunglasses or mobile phones at hand, just one of many innovative storage compartments.

All Yaris Versos feature a useful under-floor storage space in the passenger-side footwell.

It makes you feel good inside.

There's a place for everything inside the Yaris Verso. You'll find a dual glove box that provides twice as much storage as more conventional designs. Another storage tray is located beneath the front passenger seat. And map shelves are provided above driver and passenger sunvisors.

Seat-back pockets reduce the excuse for clutter still further. There's a sunglasses holder and even a built-in rechargeable torch. Clearly, inside a Yaris Verso it's a well ordered world.

As children grow older, the 12v rear power point can be used for electronic games to help the miles fly by on longer journeys. It's amazing the difference these design features make – inside the Yaris Verso.

ABS braking with EBD improves braking efficiency and control, especially in poor road conditions.

Both the driver and the passenger enjoy the reassurance of front and side SRS airbags as standard across the range.

In an accident, Yaris Verso's occupants are protected by a structure optimised using Computer-Aided Engineering to provide excellent frontal and side impact protection

Well developed protective instincts.

The safety of you and your family is paramount aboard a Yaris Verso. As the best protection is prevention, our designers have ensured superb road handling qualities by ensuring excellent weight distribution and a low centre of gravity.

Ventilated front disc brakes and electronic brake force distribution with ABS ensure controlled braking – whatever the condition. For ultra-safe night driving, the powerful beam of multi-reflector halogen headlamps provide excellent visibility through the dark.

If an impact should occur, the Yaris Verso's front and side airbags, front/rear side impact bars and front seat belt pretensioners with force limiters help to protect occupants – your most valuable cargo.

The Yaris Verso: the compact family car that makes a big contribution to road safety.

Drive Plans from Toyota Financial Services

We want to make acquiring and maintaining your Yaris Verso as easy as driving one. Our range of Drive Plans have been designed specifically with this in mind, to offer you a choice of affordable ways to finance, service and maintain your new car. Above all our plans offer flexibility, easy budgeting and peace of mind and can be arranged as a one-stop-shop when you select your Yaris Verso.

As part of the Drive Plans range we have developed four customised schemes, based on specific customer requirements. These Drive Plans are:

Easy Start

With Easy Start finding a large deposit is not an issue. Just the equivalent of one monthly payment in advance is all that is needed to drive away in a Yaris Verso. This simple and innovative plan, based on our popular PCP Drive Plan, is ideal for younger customers or families on a tight budget.

Easy Drive

Easy Drive is a comprehensive finance package, with one monthly payment taking care of many of your motoring needs for 2 or 3 years. The plan includes the cost of a Yaris Verso on a PCP Drive Plan, an Easy Care servicing plan covering routine major and intermediate services.

Easy Care

For those who value the peace of mind of a pre-paid servicing package we can offer Toyota Easy Care. The plan ensures that your Yaris Verso will receive the very best maintenance and servicing. Easy Care covers routine major services (including routine servicing, parts and labour) and intermediate oil and filter services.

Business Drive

Business Drive offers the security of a fully maintained Contract Hire package, ideally suited for VAT registered businesses. The package offers a host of benefits including reduced capital outlay, all-inclusive monthly rentals and no depreciation, disposal or administration problems.

Flexible Finance

However, Drive Plans are about more than just these four schemes. Whatever your needs, Toyota has a full range of finance options to offer you. Whether you're a private motorist or a business customer, just discuss your individual requirements with your Toyota dealer, who will be pleased to help you choose a Drive Plan to suit you.

Licensed credit broker. Indemnities may be required. All finance subject to status to over 18's only. - Prices correct at time of going to press and include VAT, delivery charge, number plates, one years road fund licence and £38 first registration fee. Toyota Financial Services, Great Burgh, Burgh Heath, Epsom, Surrey KT18 5UX.

Yaris Verso accessories

Whether you are looking for extra comfort convenience, or just extra style, Yaris Verso comes with a range of genuine Toyota accessories designed to fine-tune your Yaris Verso to the way you live your life.

The Yaris Verso - below - is fitted with 14" Catila alloy wheels, roof spoiler and tow bar.

Child Seat

Designed to meet the most stringent safety standards, this seat ensures that even the smallest members of the family travel in comfort and safety.

Toyota Hands-Free telephone kit

Make mobile communications safer and more convenient by fitting a sophisticated Hands-Free telephone kit. (Left hand drive shown)

Active Subwoofer

Specifically matched to the acoustic properties of your Yaris Verso, the active subwoofer optimises bass to bring a new dimension to in-car hi-fi.

Shift knob

Available in three different colour combinations, the leather covered shift knob adds a subtle, luxurious touch to the interior.

Cross bars

Bespoke designed to fit onto the roof rails of your Yaris Verso, Cross bars allow you to carry even more luggage. Special holders for bicycles, surfboards and skis are also available

Front fog lamps

See and be seen in poor weather conditions by fitting high intensity front fog lamps (standard on T Spirit)

Rear parking corner sensors

Enjoy easier parking. An audible signal from the rear parking sensor tells you just how close you can get. (2-sensor system)

Alloy wheels

Our range of dynamic alloy wheels are custom designed to perfectly compliment the styling of your Yaris Verso (Mariana 14" alloy shown, standard on T Spirit).

Locking wheel nuts	○	●
Space saver spare wheel	●	●

Standard ● Option ○ Not available -

Peace of mind

Yaris Verso is not just about a new car. It's not even just about a new way of designing cars. Yaris Verso also offers a completely new approach to looking after your car, once it is yours. Toyota's global reputation for quality and integrity means Yaris can add peace of mind to its own highly individual range of attributes.

On the day you purchase your Yaris Verso, your dealer will present you with a 'Yaris Verso Passport'; a guide to living with your Yaris Verso and making the most of its considerable range of features. Your dealer will explain the car to you, and always be there, should you require any assistance.

Health and Safety

Your dealer will also talk you through Yaris Verso's very own Health and Safety programme. It's very simple. Your Yaris Verso will only need a full 'Engine service' check once every two years, or 20,000 miles if you enjoy driving it as much as we think you will. An intermediate oil change with additional 'Health and Safety' checks are also required every year or 10,000 miles.

Warranty

We're so confident each and every Yaris Verso is so well built that it comes with a three-year or 60,000 miles warranty against any mechanical failure. In addition, the paintwork, no matter what colour you select, is guaranteed against imperfections for three years too.

Also, the body is guaranteed for 12 years against corrosion perforation.

Customer services

When you buy a Toyota, you automatically become a member of one of the most exciting and innovative clubs for car owners in the UK – Club Toyota. As well as giving you one year's free RAC Roadside Assistance in the UK and Europe, Club membership provides a host of other valuable benefits. These include special rates for car and travel insurance plus an exclusive travel service designed to save you time and money. Club Toyota also offers you family membership and the opportunity to participate in a variety of special offers and promotions. You'll find all the details in the quarterly magazine written specifically for Toyota drivers: if. **To find out more about Club Toyota call 0845 275 5555.**

Toyota Insurance is available for Toyota owners at competitive premiums. To obtain details of the benefits included and to arrange a quotation, please contact your local Toyota Centre or call 0800 350 500.

Toyota Fleet provides complete business solutions for companies that run a fleet of vehicles. For more information on how Toyota Fleet can deliver your fleet requirements either contact your local Toyota Centre or the Toyota Fleet Business Centre on 0845 271 2712.

Toyota Drive Plans make acquiring and maintaining your new car as easy as driving it. They offer a choice of affordable ways to help you buy, finance, service and maintain your Toyota. The range of plans has been structured to offer you flexibility, easy budgeting and peace of mind.

- **Easy Start is an exciting new low deposit plan.**
 - **Easy Care offers the complete reassurance of prepaid servicing.**
 - **Easy Drive is a comprehensive plan which takes care of most of your motoring needs for 2 to 3 years with one monthly payment.**
 - **Business Drive is a fully maintained contract hire package most suited to small business customers.**
- Whatever your personal preference, your Toyota Centre can tailor a Drive Plan to suit your needs perfectly – driving a new car has never been so easy.
Written quotations available on request. All agreements subject to status. Indemnities may be required.

Every new Toyota comes with a three year/60,000 mile manufacturers warranty. Toyota offers you the opportunity to renew your warranty annually after the initial warranty period expires until the vehicle is 7 years old. No unexpected bills or concerns. In fact, nothing to pay beyond routine servicing and maintenance.

Toyota warranties offer equivalent cover to the manufacturers warranty, covering all of the main components of your vehicle (with the exception of batteries, corrosion of exhaust and damage or wear to interior trim).

Our warranty range offers you choice and flexibility, based on the vehicles age and engine size. All allow for an unlimited annual mileage and special low user discounts are available for those covering less than 10,000 miles a year. Warranty cover also includes Club Toyota membership including UK RAC and Eurocare Roadside Assistance, car hire up to 5 days after the first 24 hours, hotel expenses and free MOT test cover.

For further information please contact your local Toyota Centre.

In the event of an emergency Toyota offers free of charge to Toyota owners a comprehensive management service which includes advice, assistance and practical help. Please contact your local Toyota Centre for further details.

Toyota Approved Used Car Scheme. Please contact your local Toyota Centre for details.

Please refer to www.toyota.co.uk for further environmental information

Using the navigation bar

A navigation bar is provided at the bottom of each page of this e-brochure to make browsing it easy. Please follow the simple instructions on the right to navigate through this e-brochure.

Takes the document back to the beginning.

This will take the document back to the previous page.

This will take the document back to the next page.

Takes the document to the Index page.

This will allow the Acrobat toolbar to be visible if pressed once and it will also make it disappear if already visible.

This will zoom in on the document so smaller text etc will be easier to read. To zoom in further, click the icon again. If the menu bar is not visible then either use your mouse by clicking the left hand button and moving it.

This will zoom out of the document. To zoom out further, click the icon again. If the menu bar is not visible then either use your mouse by clicking the left hand button and moving it.

This will print out the full brochure to your printer. Please note that if you have a colour printer this document will print in full colour.

This will save the whole document to your computer.
