Introduction

BMW 3 Series Saloon

Power. Refinement. Performance.

We have developed powerful free-revving engines, extremely precise transmissions and a finely balanced chassis. But we didn't stop there. We also made sure that in the new BMW 3 Series, the thing that strikes you is not any one of these parts but the perfect integration of them.

Accessories - Introduction

With six-speed manual and automatic gearboxes the new BMW 3 Series delivers an even more dynamic driving experience than ever before. Enhancing the latest technology has to offer, many of the engine parts are 30% lighter and the bodyshell is 25% stiffer than the previous 3 Series. Increased levels of performance are achieved; the cars accelerate faster; with higher top speeds but not to the detriment of economy.

TRACKER Horizon

This system includes TRACKER Monitor with GPS/GSM technology. Combined with TRACKER Monitor technology this system allows the TRACKER Control Centre to track your vehicle with GPS/GSM on a computer-based road map. This allows the control centre to communicate this information to the police. In conjunction with the on-board homing device, the police are able to ensure a safer and faster recovery of your vehicle, thus reducing the damage risk to your vehicle. £499.00, plus fitting and annual subscription.

xenon and bi-xenon headlights

Throw a bright, far-reaching and uniform beam onto the road without dazzling the oncoming traffic. Includes automatic headlight range adjuster. Dipped beam headlights with maximum luminous power and long service life.

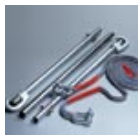

Safety rear-view mirror

Automatic anti dazzle, large mirror surface, chrome plated.

Tow bar

Warning jackets

Neon-colour safety jackets for adults.

Jump Leads

In original BMW pouch with electronic protective circuit.

First aid box or first aid pouch

On-board computer

The on-board computer provides information on the average fuel consumption, average speed, range, outside temperature, time and date. These functions vary according to the series and model.

Car cover

These breathable, machine washable protective covers are tailor-made for the individual models and are easy to fit.

TRACKER Monitor

This system includes a movement sensor which alerts the TRACKER Control Centre for you. Any attempt to move the car without the key will result in TRACKER staff contacting you to ascertain that the vehicle's movement is illicit. If the suspicion of theft is concerned, the homing signal is activated for the police to locate. £299.00, plus fitting and annual subscription.

TRACKER Echo

This system is the leading category 5 tracking product in the UK. Driver validation tags are used to confirm authorised vehicle movement. This means that in the unlucky event of the thief stealing the vehicle keys, TRACKER Echo will monitor the vehicle movements. Once moved without the use of Driver Validation tags, the system will contact the TRACKER Control Room. Vehicle key theft is a rapidly growing crime and this feature will enable faster access to your vehicles position.

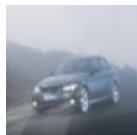

Headlight washer system

The headlight washer system prevents dirt accumulation on the headlights. This ensures better illumination of the road.

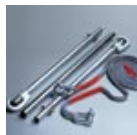

Fog light

These fog lights throw a wider beam onto the road and also reduce backglare.

Tow cable

Warning triangle

Torch with rechargeable battery

Recharges from the standard socket in the glove box.

Dog harness

Dogs fitted with this harness are safely restrained by the three-point seat belt, even in the event of sharp braking. Available in three sizes.

Multi-function steering wheel retrofit kit

Park Distance Control

Makes parking and manoeuvring the car easier. Obstacles at a distance of approximately 1.5m are detected and signalled by an acoustic warning.

Accessories - Safety and security

Baby Seat 0+

The ideal seat for the smallest of children weighing up to 13kg (approx. 18 months). The system consists of a fram installed in the vehicle and a portable baby shell. The BMW baby Seat 0+ is fitted in the opposite direction of travel. This significantly reduces the pressure exerted on the child's cervical spine in the event of a frontal collision. With the optionally available seat size reducer, the BMW Baby Seat 0+ can be ergonomically adapted to fit newborns.

Junior Seat II

The BMW Junior Seat II is offered without restraint cushion for children over 15kg and approx. 3.5 years. The ISOFIX preparation may only legally be used for children up to 18kg. Accordingly, the BMW Junior Seat II and the BMW Junior seat III are not available in the ISOFIX version.

Junior Seat I-II

The BMW Junior Seat I-II with height and tilt adjustable backrest and restraint cushion is an ideal solution for children between 9 months and 7 years (9 to 25kg body weight). The restraint cushion offers ideal protection to children from 9 months up to approx. 4 years: It reduces the impact of the forces acting on the cervical spine in the event of an accident. For children with a body weight in excess of 18kg or approx. 3.5 years, the restraint cushion is no longer used. Your child is then secured in using the vehicle seat belt.

Junior Seat III

Ideal comfort for passengers over 22kg and approx. 6 years. The seat cushion provides the necessary restraint with optimal belt fitting layout whilst also providing a better round view. The simple positioning of the seat belt also allows "big kids" the ability to buckle themselves in.
