Peugeot & You //	30

### The right chemistry

When you choose a Peugeot, you're buying more than an elegant piece of design or a superb piece of engineering, you're buying a vision – our dream of a marque that embodies your desires and meets your expectations in every way. A vehicle that is the very personification of the Peugeot spirit.

This spirit, or essence, of our marque can be summed up in four words. Style, quality, dynamism and innovation – the values that every Peugeot is created around.

So what does that mean to you? It means beauty. Stunning design, pure Peugeot lines, the very quintessence of aesthetics as seen by top Peugeot designers. Or roughly translated, a car that makes your heart beat faster every time you look at it.

It means a car that you can trust. Every new Peugeot is built to the very highest standards, ensuring technical excellence, superb handling plus peace of mind, and is engineered to achieve optimum active and passive safety.

It also means passion. Our passion for creating cars with real poise and precision, cars that communicate with the road and connect with you, lifting your spirits on every journey. Cars that reawaken your enthusiasm for driving.

And it goes without saying that it means intelligence. Innovative designs and features that answer your demands for better, safer, more comfortable and environmentally respectful vehicles (we've reduced emissions from our engines and every new car we build is 90% recyclable).

These are the strands of Peugeot DNA that you'll find running through every vehicle that bears our name today, and every car that we'll build tomorrow – just as the four lines run through the design of every page in this brochure. Creating the perfect chemistry between you and your car. And ensuring you the drive of your life.

Indulge your senses

To see it is to want it

Every line honed to perfection, the design of the 607 speaks for itself. Assertive, elegant, dynamic... it's a classic in every sense of the word.

Watch it in motion. The wide rear lights accentuate its powerful haunches, its sleek contours emphasise its poise and precision. This is one executive saloon car that could really be named desire.

Sophistication you can touch

# Dynamic lines inside, as well as out

The Peugeot 607 has one of the most spacious interiors in its class and is equipped with numerous practical storage areas; a refrigerated glove box and a CD holder are just some of them. The electrically adjustable front seats let you find your ideal driving position easily, even if someone else has been driving, due to the fact that the driver's seat adjustment can be memorised, along with the position of the rear-view mirrors. And for maximum comfort in winter; you have heated front and rear seats. Air conditioning with automatic regulation and separate

right/left adjustment allows the driver and front seat passenger to create their own mini-climate. Thanks to the passenger compartment filter, the air is virtually free of pollen, dust and even certain hydrocarbon odours. Plus, when the weather gets warmer, the athermic windscreen and electric rear blind prevent the car interior from overheating. Day after day, you'll discover many other standard and optional equipment details designed to make your life easier.

The boot opens with a simple press button action, or by remote control via the flip key.

Press the red button in the tailgate and the boot lid closes automatically.

## Listen to the difference

### A comfortable silence

Once inside the 607, you're cocooned away from the hustle and bustle of the outside world, thanks to highly efficient sound insulation. Laminated side windows are only the beginning. The 607's front windscreen is designed to absorb low frequency sound from the engine in addition to high frequency noises from outside. The tranquil atmosphere helps you to concentrate: the journey becomes more peaceful, the road safer.

### Get on the right track

Looking for an even more entertaining drive? The RT3 system includes a radio and a 6 CD autochanger so you can listen to your favourite sounds in the format you prefer. Don't want to get lost in music? The RT3 also includes GPS satellite navigation which gives you clear verbal and visual directions to your destination.

Real music lover? Then you'll appreciate the JBL hi-fi system which delivers an incredible 240W to make it feel like the concert's come to you.

The 7" multifunction colour display on the RT3 displays your route. A special connector, located in the glove box, enables you to connect to an MP3 player or watch videos when you feel like taking a break from driving.

### Stay in constant touch

The 607 is a born communicator.

Take the wheel: right before your eyes, five dials display essential information while driving assistance and warning symbols light up discreetly behind smoked glass covers the instant their systems are activated.

And that isn't the only advantage of the RT3 Radio Telephone. It also comes with a satellite navigation system to guide you to your destination and offer alternative routes to avoid the

jams. It's voice-controlled too, so you only have to say the word and you can activate the radio, phone a friend or request a destination without moving a finger from the steering wheel.

Intense driving pleasure

Passion //

Your Peugeot 607 comes with a choice of three superb engines.

#### 3.0 litre V6 petrol

This engine incorporates a variable valve timing system (VVT) for improved straight line acceleration and a new exhaust with an active dual-mode system which combines fantastic performance at high engine speeds with improved noise insulation.

#### 2.0 litre HDi 136

Equipped with the latest technology, this engine has an air/air intercooler plus a variable geometry turbocharger which works on the latest-generation Common Rail system. It comes with a 6-speed manual gearbox.

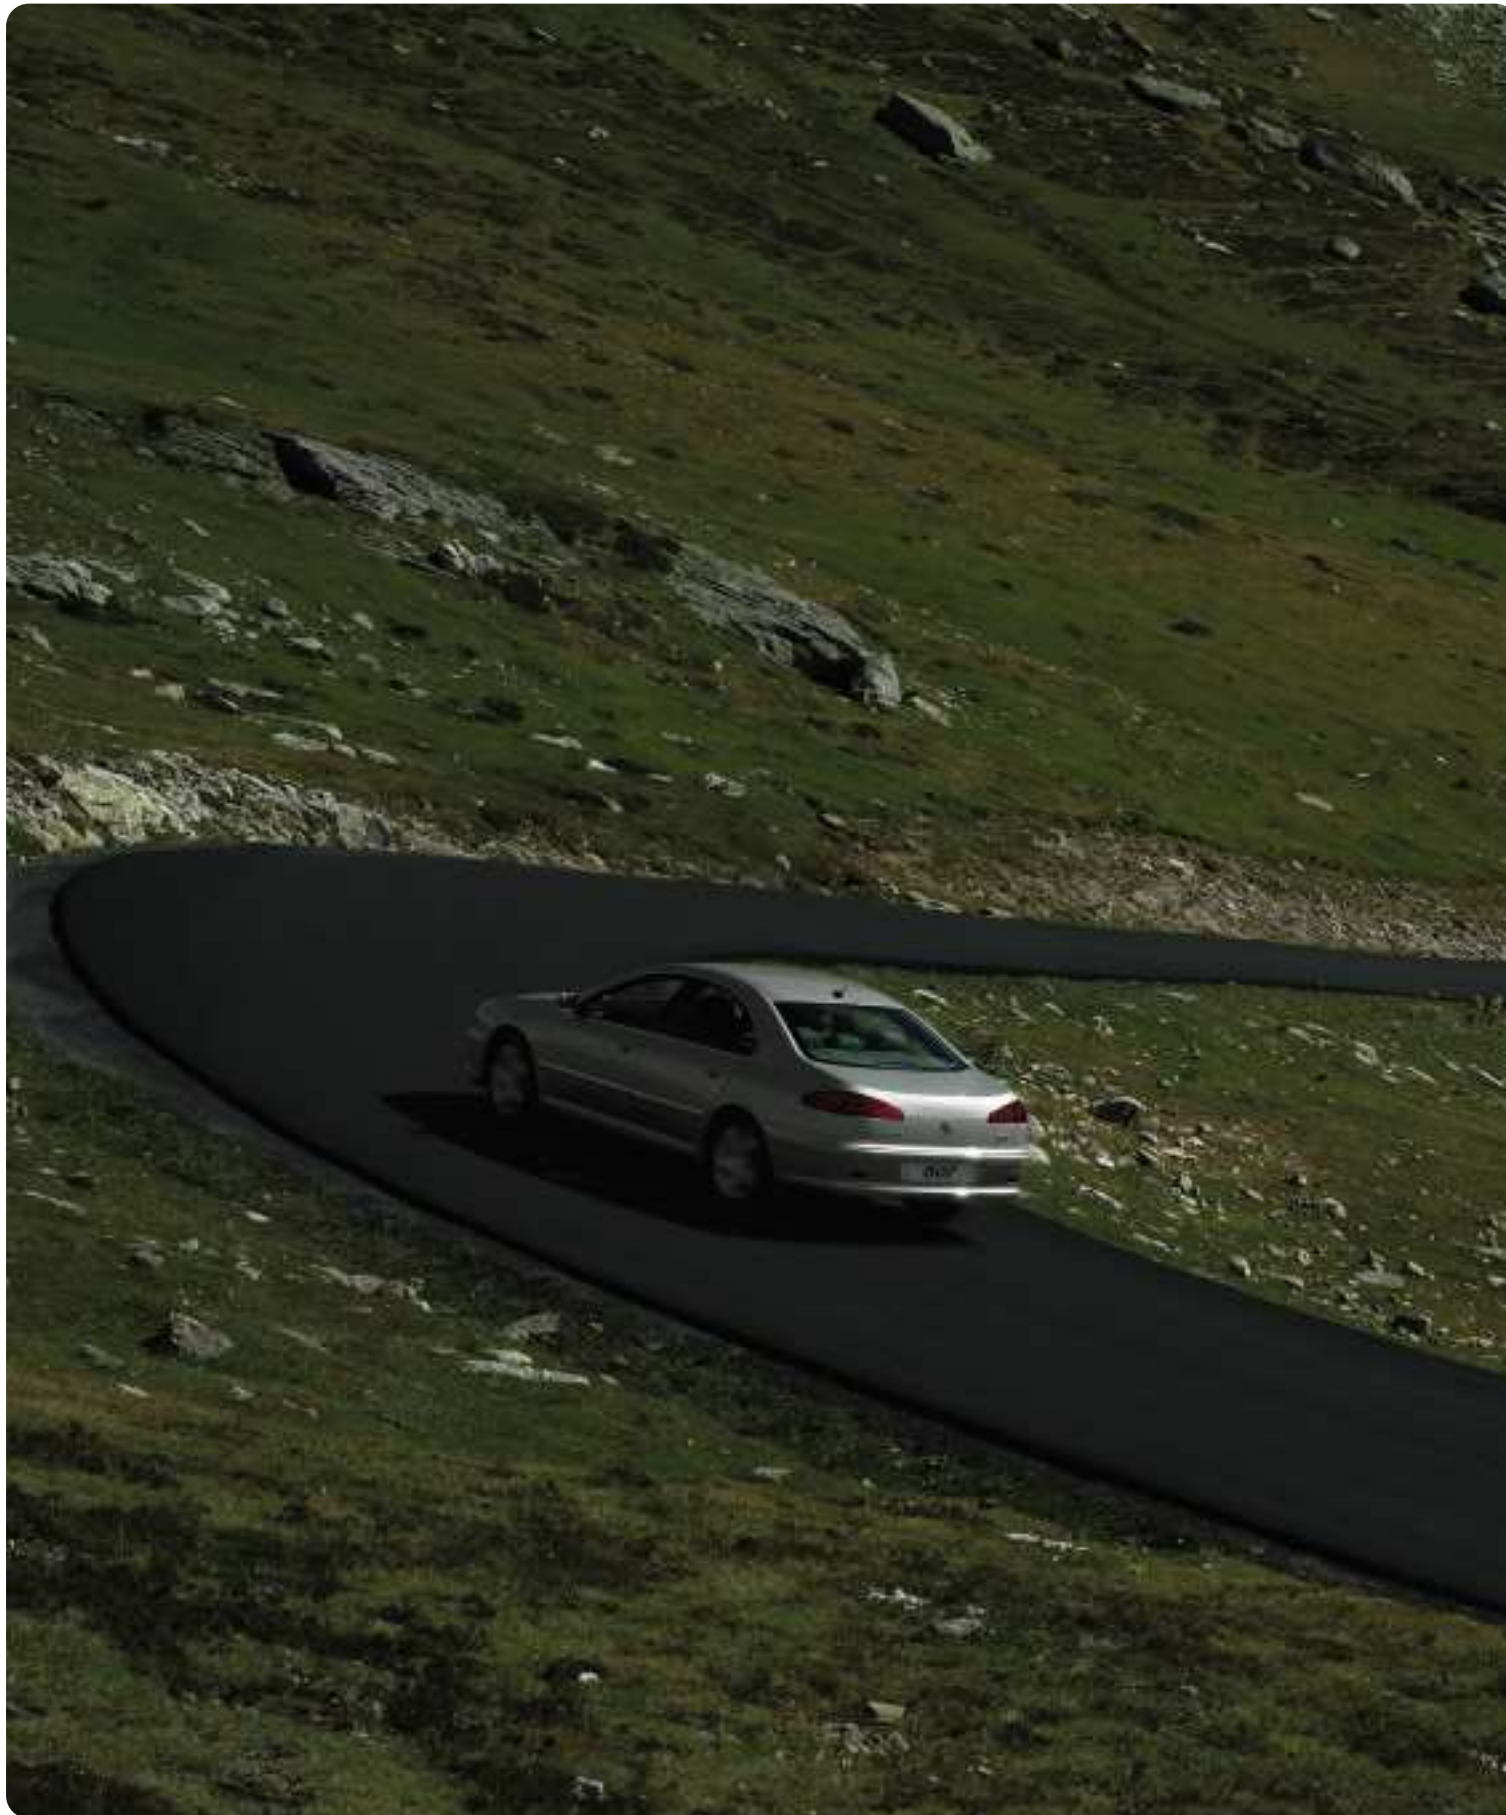

#### 2.2 litre HDi 170 twin turbo

The 607 is the world's first diesel car to be powered by sequential twin parallel turbochargers. Controlled entirely by the engine's electronic control unit (ECU) the system employs just one turbocharger at low engine speeds, with the second cutting in between 2600 and 3200 rpm. The result? Increased torque at low speeds and reduced fuel consumption.

#### FAP (particulate filter)

A feature on all 607 HDi models, the FAP particulate filter reduces pollution by virtually eliminating particulates and smoke. It's designed to operate under all possible conditions without affecting the performance of the car.

	Consumption mpg (litre/100km)			CO <sub>2</sub> (g/km)
	Urban	Extra Urban	Combined	
3.0 V6 petrol automatic	19.0 (14.9)	37.7 (7.5)	27.7 (10.2)	242
2.0 diesel HDi manual	34.8 (8.1)	56.4 (5.0)	46.3 (6.1)	162
2.2 diesel HDi manual	33.2 (8.5)	54.3 (5.2)	44.1 (6.4)	170

# Automatic gearbox 6 speeds: sequential and intelligent

The 607 V6 incorporates the ultimate in gearbox technology, allowing you to make the most of its dynamic handling and switch to the "Porsche Tiptronic System" sequential mode when you really want to take control. Nothing else combines the performance advantages of a 6-speed gearbox

with such an efficient integral electronic management system, designed to adapt to your driving style and the road conditions, so you can always be sure of a superb drive.

6-speed automatic gearbox

The gear engaged is indicated on the instrument display.

# Imbued with a sixth sense

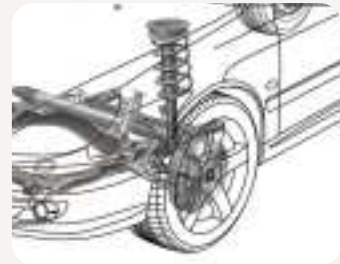

## A gifted performer

The 607 was made to be driven. A chassis that really communicates with you means you always feel at one with the car, whatever your driving style.

Choose the V6 version and you'll discover it features the intuitive AMVAR variable damping system. A sensor located in each damper transmits information to the system, which controls the suspension of each wheel independently, changing

it in an instant to any one of nine different damping settings – smoothing out bumps before you know it. Also connected to the 607's other on-board computers, the AMVAR system literally keeps you going straight on the straights and automatically stiffens the suspension when you're accelerating, braking or cornering. This system can be activated either in sport mode or in automatic mode.

The variable assistance hydraulic steering is designed to take even more of the strain out of driving. It gives you maximum assistance when you're parking, and more discreet aid when you're on the road. The amount of assistance the system provides varies continuously to match your speed, so you always feel completely in control.

## About to park? Let the 607 guide you.

The 607 makes light work of parking too, thanks to several, easy-to-use features.

To start with, the door mirrors are cleverly designed to change their orientation when you put the 607 into reverse, giving you a good view of the lower body sill and rear wheels.

Ultrasonic sensors located in the lower front and rear panels let you know the instant you're in danger of bumping into an obstacle, even if you can't see it. The audio alarm gives off a series of acoustic beeps –

the frequency increases as you get nearer to the obstacle.

The 607 even looks after you once you've parked. As soon as you lock the doors, the door mirrors fold down automatically to protect against possible knocks. And if it's dark, the headlights will stay on for a few seconds to see you safely to your door.

Parking assistance is also displayed in the form of graphic bars on the multifunction display.

## You drive... the 607 anticipates your needs

Time to switch on your headlamps or the windscreenwipers? You'll find the 607 has just taken care of it, as if it could read your mind...

Wondering how the 607 does it? Well, for a start there's a dual sensor located at the top of the windscreen which detects falling light levels outside the car and switches on the headlamps automatically when it gets too dark or you enter a tunnel.

The windscreen wipers are controlled by a clever little rain sensor that's located at the top of the front windscreen.

This automatically controls the operation of the front windscreen wipers and alters their speed to match the intensity of the rain.

Additionally, the electrochrome interior rear-view mirror and door mirrors are equipped with glass that darkens and brightens under the effect of excessively intense light to make sure you're not dazzled by cars behind you.

Plus, for your safety, the doors and the boot are locked automatically as soon as you exceed a speed of 6 mph.

The rain sensor activates the windscreen wipers as soon as it starts to rain.

The electrochrome rear-view mirrors prevent you from being dazzled by the headlamps of following vehicles.

## Intelligence that protects

Optimised suspension, efficient braking, ESP-optimised stability, high-performance lighting... When it comes to active safety, the 607 uses its intelligence to protect you.

The 607 has been designed to give you confidence from the second you pull away. Start to put it through its paces... take it through a few twisting bends... and you'll really start to appreciate its exemplary road-holding.

McPherson type front suspension, anti-roll bars and hydraulic dampers help keep you firmly glued to the road. Excellent body rigidity plus powerful and durable braking gives you a sense of reassurance. In addition to that, variable electric power steering gives you precision on the open road and extra assistance when you're parking.

But that's not all. To retain optimal balance and preserve your driving pleasure in difficult situations, the 607's braking system combines several functions:

- Anti-lock braking system (ABS) controls your trajectory during emergency braking.
- Electronic Brake Force Distribution (EBFD) controls braking wheel by wheel for greater efficiency, particularly when braking in corners.
- Emergency Brake Assist (EBA) enhances the effectiveness of your braking if necessary.

The ESP (Electronic Stability Program), available as an option, offers two additional functions:

- Traction control (ASR) acts on the brakes and the engine management to limit wheel slip if grip is lost.
- Dynamic Stability Control (DSC) continuously compares information transmitted by the steering wheel sensor and the yaw sensor to detect any incipient understeer or oversteer and returns your 607 to its initial trajectory.

As well as a reinforced body structure and a high-performance braking system, the Peugeot 607 features an impressive array of passive and active safety features.

With 4 stars in the Euro NCAP tests to protect adult occupants of the vehicle (ADULT OCCUPANT PROTECTION), the 607 protects you in a number of ways.

### Eight air bags as standard

In the event of an accident two front air bags inflate at a speed which reflects the intensity of impact. Two front side air bags protect the pelvis and abdomen. At the rear, the curtain and side air bags specifically protect the head and chest of the passengers.

### Tyre under-inflation detector

Connected to pressure and temperature sensors on each wheel, the under-inflation detector reacts to two types of malfunction: under-inflation or puncture. Both are indicated by a pictogram on the instrument panel.

### Automatic illumination of hazard warning lights

Activated by sharp deceleration, your hazard warning lights come on automatically to alert drivers behind, leaving you free to concentrate on the road ahead.

### Xenon headlights

Powerful and bright, they won't dazzle oncoming drivers and offer enhanced visibility in poor conditions or if you're driving at night.

### Speed limiter and cruise control

Thanks to the variable speed limiter, you can program a speed that you do not wish to exceed. The cruise control allows you to maintain a stable speed, without having to touch the accelerator.

### Fasten seat belt indicator

Visual and audible warning signals inform the driver and front passenger that they have forgotten to fasten their seat belts and remind the rear passengers to put their belts on too.

# Colours and Dimensions

The 607 comes in a range of metallic colours to show off its contours to best effect. Which colour matches your personality?

Metallic colours :

Aluminium Lunar Mist Astor Grey

Onyx Black Montebello Blue

4902 mm

1442 mm

Width - 1800 mm (with mirrors folded)

# Finishes and trims

## Titan Ambience

Aluminium, modern, progressive, for lovers of performance.

Astrakan leather\*.

This ambience is enhanced by 17" Tosca wheels.

\*The leather interior includes all-leather trim on the front and sides of front and rear seat cushions and seat backs, the rear surround of front seats, front and rear head restraints, front and rear central armrests, front and rear door trims.

# Peace of mind 607

When you choose Peugeot, you have the reassurance of knowing that your vehicle has been designed and manufactured to give you years of worry-free motoring. What's more, as a Peugeot owner, you can rely on a comprehensive range of customer care services from your Dealer. So you can be sure that you're talking to a specialist who'll listen to you, understand your problems and respond efficiently – someone who also has the expertise to maintain your Peugeot correctly, using trained technicians, Peugeot Diagnostic Equipment and Peugeot Original Equipment Parts.

## Peugeot Warranties

As well as the 2 year unlimited mileage manufacturer's Warranty, all vehicles first registered in the UK and purchased from a UK Peugeot Dealer come with a free, optional additional year of Warranty through the Peugeot UK Dealer network. The mileage limit on this additional Warranty is 60,000 miles (100,000 miles for Boxer vans excluding Motorhomes and other converted vehicles) from first registration. At the end of the 3 year Warranty period (or after 60,000 miles) you have the option to purchase a Peugeot Platinum Extended Warranty. Our cars also come with a 12 Year Anti-Perforation

and 3 Year Paint Warranty (6 and 2 years on vans). For full terms and conditions on all of these, please contact your Peugeot Dealer.

## Peugeot Assistance

All new Peugeots come with 12 months' Peugeot Assistance – our breakdown assistance service (36 months for the 607). This covers all incidents involving vehicle-based faults for you and anyone else driving your car with your permission. It is available 24/7, 365 days a year.

Peugeot Assistance includes European cover, homestart, roadside assistance, vehicle recovery and a free replacement car or hotel accommodation if

required. It can be extended for a further 12 months, or 24 months, and to protect you against non-vehicle faults (such as punctures) at specially discounted rates, by calling **0870 752 7050**.

## Peugeot service care

Peugeot vehicles benefit from extended service intervals of up to 20,000 miles or 2 years (12,000 miles for 1.6 HDi diesel and 2.0 litre 180 bhp petrol engines; 10,000 miles or 1 year on the 107). Please refer to the maintenance book for details of the service intervals for specific models.

To minimise the inconvenience often associated with servicing, our Dealers

promise to offer you a number of options.

- A while-you-wait service, with a timed appointment.
- Local vehicle collection from your home, or from your work.
- Alternative transport to a train station, home, or work.
- By arrangement, a hire car at a concessionary rate.

What's more, they will aim to ensure that your vehicle is cleaned before you get it back.

## Peugeot Insurance

Peugeot Insurance is designed specifically for Peugeots. It offers

tailored cover at a competitive price. Should you be unfortunate enough to be involved in an accident, one of our Peugeot Approved Accident Repair Centres will repair your car, using only Peugeot Original Equipment Parts. We'll even give you a courtesy car while yours is being repaired (depending on availability) when you use an approved repairer. **Why not call Peugeot Insurance now for a quote at 0870 0240 206.**

Peugeot Insurance is underwritten by UK Insurance Limited. Conditions apply.

## Peugeot and the Environment

Our website has full details on all Peugeot products, and offers available

in the UK. You'll also find information about our environmental and recycling policies.

## Peugeot Boutique

The Boutique offers a wide choice of original Peugeot merchandise designed to suit your Peugeot and your lifestyle. Be sure not to miss our *Ligne de style* Peugeot merchandise catalogue – it's a great place to look for treats or gifts for any Peugeot owner. To download the latest catalogue visit [www.peugeot.co.uk/merchandise](http://www.peugeot.co.uk/merchandise)
