By professionals for professionals

The instant you set eyes on the Peugeot Expert range, you know that you're buying more than something to transport your cargo from A to B. You're buying vehicles that are designed to work for your business, as well as your drivers. The Expert has everything you could want and more, combining the handling of a small van with the capacity of a much larger vehicle to make it versatile enough to meet every professional's requirements.

Because we recognise that no two businesses are the same, the Expert range offers a choice of configurations, two payload combinations plus the option of either petrol or HDi engines.

So you're sure to find one with just the right specifications for your needs. And no matter which one you choose, you can be reassured that it lives up to the same values that every Peugeot is created around – style, practicality, dynamism and innovation.

So what does that mean to you? It means form that follows function. Practical features like one of the lowest loading sills on the market, an interior that's carefully planned to help you get the optimum use from it and large doors that open up to 180° to make loading up fast and easy – all designed into in a vehicle that looks the business too. So it enhances your company's

image every time you take it out on the road.

It means vehicles that you can trust. Like all Peugeot light vans, the Expert is built to the very highest specifications, ensuring reliability, durability and safety for all your precious cargoes, including your drivers.

It also means passion. Because we're driven by the same passion whether we build a car or a van, you'll find they're just as enjoyable to drive. Making long journeys more comfortable and less stressful whatever the load.

And it goes without saying that it means intelligence – practical features that fulfil your need for smarter ways to keep your business running smoothly.

These are the strands of Peugeot DNA that you'll find running through every commercial vehicle that bears our name today, and every one that we'll build tomorrow. So whichever Expert you choose, you can be sure that it's been bred for business. Making it a very attractive proposition for you, whatever your needs.

Looks the business

The Peugeot Expert is proof on wheels that it's possible to combine practicality and good looks, usefulness and pleasure. The vehicle's dynamic lines confirm its robustness and functionality, reflecting your efficiency and expertise along with the reliability of one of today's leading manufacturers.

Your Expert says as much about your professionalism as your business card. That's why we've included protection on the rear door sills, along with side rubbing strips to safeguard your Expert from those everyday knocks – and keep your company's image as immaculate as possible.

Panel van

Twin sliding side doors

These doors are impressively wide for loading bulky goods (max. width of side sliding doors is 0.85 m).

Rear doors

The rear doors incorporate a 90° retention system, but they can also open to 180° so that you can use every square centimetre of the interior space.

Protection ladder

Fitted behind the driver's seat, this offers protection against possible load displacements.

Capacity //

The capacity of a large professional

Looks can be deceptive, especially when you're considering a vehicle as flexible as the Expert. It may handle like a compact van, but it actually has the capacity of a much larger vehicle, with a volume of 4 m³ and an impressive load height centre of

1.256 m. Giving you a width of 1.430 m and a load floor length of 2.050 m to play with.

The Expert's easy to load too: the rear doors open to up to 180°, and the twin sliding side doors have a

loading height of 0.59 m to help you fit more into your deliveries.

With so much useable space inside, the Expert is more than capable of transporting whatever you need to wherever you need it, yet its

comparatively compact exterior makes it easy to manoeuvre and practical to park, even in busy city streets.

4 tie-down hooks

Reduce the risk of damage to the load while enhancing the safety of both driver and passenger.

Strap is not supplied.

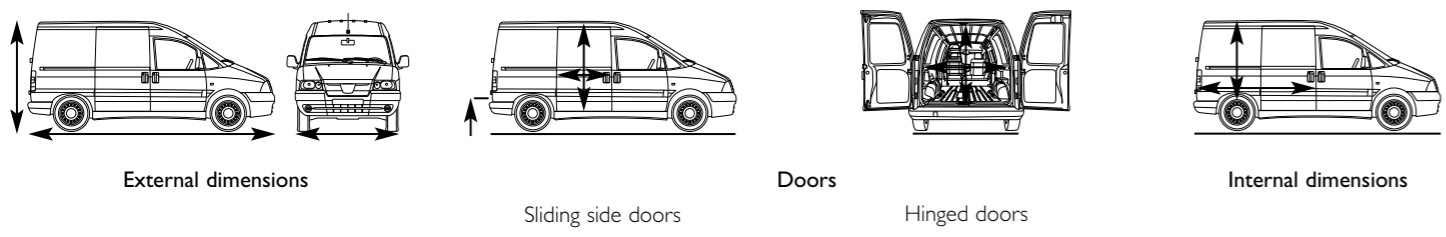

Moving Goods

With its compact dimensions and generous load volume, the Expert gets the job done with maximum efficiency.

	815 kg	900 kg

Moving People

Elegant and spacious, the Expert Combi has been specially designed to transport people to their destination in comfort, no matter how near or far. The Expert Combi's equipment meets all the requirements of professionals in this sector. Its specially designed layout guarantees comfort for every passenger. The driver's seat is ergonomically designed to be as comfortable as possible.

Model shown: Expert Combi 2.0 HDi 110.

Modular and spacious, the passenger compartment of the Expert Combi can seat up to 6 people in comfort.

Combi 5 seater

Combi 6 seater

The greatest care has been given to the design of the seat cushions to ensure the comfort of the driver and passengers. For comprehensive occupant protection, all seats come with a 3-point seat belt.

The practical seat fixtures of the Expert Combi make it easy to install and remove the 3-seater bench seats, which can be done in three quick steps. (2 people are needed for this operation).

Boot volume

	Rear seat in place	Rear seat removed
5/6 seat configuration	2.25 m ³	3.95 m ³

Engine availability

The Expert's engines combine power, driveability and economy, making your journeys easier and more efficient, regardless of vehicle load.

A choice of 2 engines

The Expert van comes with either the 1.9 diesel (payload 815 kg) or the HDi 110 (payload 900 kg) engine. The Combi is only available with the HDi 110 engine.

HDi technology

On diesel HDi 110 engine, the Common Rail system injects fuel at high pressure into the combustion chamber, reducing fuel consumption and emissions and providing additional power.

Road holding

The suspension system fitted to Expert vans has been designed to provide optimal road holding, whatever the road conditions.

Combi	Combined consumption mpg (litres/100km)			Emissions
	Urban	Extra Urban	Combined	CO ₂ (g/km)
HDi 110	32.4 (8.7)	50.4 (5.6)	42.1 (6.7)	180

Consumption figures vary according to usage, payload and number of passengers. To find out more please ask your Peugeot Dealer.

Protecting driver... and load

Professionals take to the road every day. Which is why they expect maximum safety from their vehicle for themselves, their passengers and the goods they are carrying.

Active safety

To optimise braking efficiency, the Expert is equipped with ventilated front discs. ABS* with four sensors enables you to control your trajectory during emergency braking.

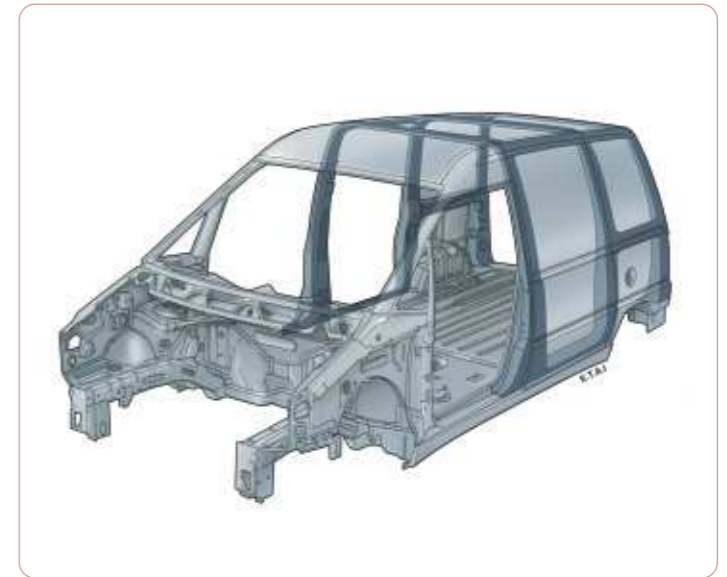

Passive safety

To protect its occupants in the event of impact, the Expert has driver and passenger air bags* and head and chest air bags*.

Pre-tensioning and force limiting 3-point seat belts on all front seats are height-adjustable.

Also, the reinforced body structure provides added protection in the event of impact.

*Available as standard or option depending on model.

Retractable head restraints in row 2 on the Combi for enhanced visibility.

Comfort and practicality

Model shown: Expert 2.0 HDi 110 with air conditioning and cruise control (both options at extra cost).

When you're at the wheel of a commercial vehicle every day, comfort is a necessity, not a luxury. That is why the Expert comes with a specially designed driver's seat which is as ergonomic and as comfortable as possible.

Nearly as relaxing as a saloon car, the Expert combines interior comfort with practicality thanks to useful, everyday features such as a writing shelf, overhead storage, lined and padded head restraints.

In addition, equipment such as the ergonomic height-adjustable steering

wheel, steering wheel-mounted radio controls and cruise control have been designed to improve the driving experience.

In-depth research has helped our designers and engineers to reduce road noise, so your drivers feel less tired at the end of the day. Similarly,

the seats have been designed with the well-being of every occupant in mind. Two passengers can accompany the driver on the bench seat available as standard with the Expert. An optional individual passenger seat with armrest can accommodate a single passenger.

Foldaway writing shelf*
Situated on the front passenger bench seat, it's like having an on-board office.

*Not available with the individual passenger seat option.

Electric windows*
The control buttons are situated overhead.

*Option at extra cost.

Overhead storage
To keep essential items within arm's reach. Spacious and practical, it is available as standard throughout the Expert range.

Front seats

The driver's seat has extended seat cushions, a raised seat back and a reinforced side support. It is height, length, and tilt-adjustable to ensure an optimal driving position and is equipped with an armrest* to ensure that the miles go by in complete relaxation.

*Not available with a dual passenger seat.

Add a little extra dynamism
to your business
www.peugeot.co.uk

So now you've been introduced to the Peugeot Expert. Its expressive style has no doubt aroused your interest. Its interior comfort and performance on the road is sure to have captured your attention. And its safety specification has doubtless left you impressed.

But that's only the beginning. Because at Peugeot, we believe that nothing comes close to the experience of discovering the Expert for yourself.

The best place to start is to go to www.peugeot.co.uk to find out more about your future Expert, configure it

exactly as you would like and calculate its cost according to the level of finish and the options you'd like. You will also find information there about our network of dealerships, our service offers, the Peugeot marque and all the latest news.

Or if you're already convinced, visit your nearest Peugeot Dealer to experience the Expert's commercial benefits first hand. And find out how you could add a little extra dynamism to your business.

Peace of Mind Expert

When you choose Peugeot, you have the reassurance of knowing that your vehicle has been designed and manufactured to give you years of worry-free motoring. What's more, as a Peugeot owner, you can rely on a comprehensive range of customer care services from your Dealer. So you can be sure that you're talking to a specialist who'll listen to you, understand your problems and respond efficiently – someone who also has the expertise to maintain your Peugeot correctly, using trained technicians, Peugeot Diagnostic Equipment and Peugeot Original Equipment Parts.

Peugeot Warranties

As well as the 2 year unlimited mileage manufacturer's Warranty, all vehicles first registered in the UK and purchased from a UK Peugeot Dealer come with a free, optional additional year of Warranty through the Peugeot UK Dealer network. The mileage limit on this additional Warranty is 60,000 miles (100,000 miles for Boxer vans excluding Motorhomes and other converted vehicles) from first registration. At the end of the 3 year Warranty period (or after 60,000 miles) you have the option to purchase a Peugeot Platinum Extended Warranty. Our cars also come with a 12 Year Anti-Perforation and 3 Year Paint Warranty (6 and 2 years on vans). For full terms and conditions on all of these, please contact your Peugeot Dealer.

Peugeot Assistance

All new Peugeots come with 12 months' Peugeot Assistance – our breakdown assistance service (36 months for the 607). This covers all incidents involving vehicle-based faults for you and anyone else driving your car with your permission. It is available 24/7, 365 days a year.

Peugeot Assistance includes European cover, homestart, roadside assistance, vehicle recovery and a free replacement car or hotel accommodation if required. It can be extended for a further 12 months, or 24 months, and to protect you against non-vehicle faults (such as punctures) at specially discounted rates, by calling **0870 752 7050**.

Peugeot service care

Peugeot vehicles benefit from extended service intervals of up to 20,000 miles or 2 years (12,000 miles for 1.6 HDi diesel and 2.0 litre 180 bhp petrol engines; 10,000 miles or 1 year on the 107). Please refer to the maintenance book for details of the service intervals for specific models.

To minimise the inconvenience often associated with servicing, our Dealers promise to offer you a number of options.

- A while-you-wait service, with a timed appointment.
- Local vehicle collection from your home, or from your work.
- Alternative transport to a train station, home, or work.
- By arrangement, a hire car at a concessionary rate.

What's more, they will aim to ensure that your vehicle is cleaned before you get it back.

Peugeot Insurance

Peugeot Insurance is designed specifically for Peugeots. It offers tailored cover at a competitive price. Should you be unfortunate enough to be involved in an accident, one of our Peugeot Approved Accident Repair Centres will repair your car, using only Peugeot Original Equipment Parts. We'll even give you a courtesy car while yours is being repaired (depending on availability) when you use an approved repairer. **Why not call Peugeot Insurance now for a quote at 0870 0240 206.**

Peugeot Insurance is underwritten by UK Insurance Limited. Conditions apply.

Peugeot and the Environment

Our website has full details on all Peugeot products, and offers available in the UK. You'll also find information about our environmental and recycling policies.

Peugeot Boutique

The Boutique offers a wide choice of original Peugeot merchandise designed to suit your Peugeot and your lifestyle. Be sure not to miss our **Ligne de style** Peugeot merchandise catalogue – it's a great place to look for treats or gifts for any Peugeot owner. To download the latest catalogue visit www.peugeot.co.uk/merchandise

About this brochure

The information and images in this brochure are based on the technical data available at the time of printing. All equipment shown is factory fitted, or available as an option at extra cost (depending on model). Where you see a feature described as an option, you should assume that it is available at extra cost, unless specifically stated otherwise. Some feature combinations may not be available in the UK. Also, some photography may feature vehicles which are left hand drive. As part of our policy of continuous specification improvement, Peugeot reserve the right to modify technical equipment, the options available, and colours at any time. For full specification ask your Peugeot Dealer, or click on www.peugeot.co.uk. Please note that current print and photographic techniques do not allow us to accurately represent the full depth and tone of the colours available in this brochure. This brochure is not a contractual document or offer of sale. For current information please contact your authorised Peugeot Dealer. The details in this brochure cannot be reproduced without the expressed authorisation of Peugeot.
