

THE TOUAREG.
SPECIFICATION AND PRICE GUIDE.

VEHICLE EXCISE DUTY (VED).

Manufacturer's Recommended 'On the road' Retail Price Band 'G' – Petrol

The 'On the road' retail prices for petrol engines with a CO₂ emission figure above 225 g/km include the following:-

Delivery to retailer	£388.51
Number plates	£20.00
VAT	£71.49
Vehicle excise duty	£210.00
Vehicle first registration fee	£38.00
Total	£728.00

Manufacturer's Recommended 'On the road' Retail Price Band 'G' – Diesel

The 'On the road' retail prices for diesel engines with a CO₂ emission figure above 225 g/km include the following:-

Delivery to retailer	£388.51
Number plates	£20.00
VAT	£71.49
Vehicle excise duty	£215.00
Vehicle first registration fee	£38.00
Total	£733.00

The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.0139.

The weight of a vehicle will influence the level of CO₂ emission it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO₂. The CO₂ figure quoted for each vehicle is the maximum possible. The unladen weight of the vehicle is calculated by range at the time of manufacture and the maximum possible CO₂ emission for that weight range is applied according to the Council Directive 80/1268EEC as amended by Commission Directive 1999/100/EC on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.

Please Note: We have tried to ensure that all price and product information is correct at the time of going to print. However, the specifications contained in this brochure are for information purposes only and are subject to change.

Model shown is Altitude 3.0 V6 TDI with optional parking sensors and metallic paint.
