THE VOLVO S60 R/V70 R

If you've been searching for a performance car then look no further – the Volvo R models are among the most advanced performance cars available. Blessed with perfectly sculpted body work and a unique interior, they certainly look the part. But it's under the surface where they really excel – take a look through this price list to find out about the R models' jaw dropping performance.

FOUR-C (CONTINUOUSLY CONTROLLED CHASSIS CONCEPT)

The R models are the world's first performance cars without compromise thanks to new Four-C chassis technology. Choose between three uniquely different driving modes that, at the touch of a button, radically alter the car's character. Comfort and Sport modes employ 'Skyhook' control technology to give either a flat comfortable ride or a firmer more sporting drive. Advanced Sport utilises 'Road Contact' control technology for an almost race car feel and ultimate speed.

300 BHP 5-CYLINDER TURBOCHARGED ENGINE

The new R turbocharged engine: 2.5 litres, 300 bhp, 0-62 mph in less than 6 seconds (manual) and 400 Nm torque make it our most powerful engine yet. But what really impresses is the way that power is delivered. Four-C chassis technology with DSTC (Dynamic Stability and Traction Control) and the latest intelligent AWD with Instant Traction™ optimise surface grip and traction to deliver that power where it matters most – the road. That means every ounce of power generated by the in-line 2.5 litre five-cylinder high pressure turbo-petrol engine contributes to the R's surging performance. And yet the engine is equally characterised by its low emissions and refined behaviour – making it ideal for everyday driving.

UNIQUE R FEATURES

It's not often you meet cars that live up to expectations – but the R models are exceptions. Wherever you look, there's evidence of the cars' pedigree – subtle styling changes like the aerodynamically redesigned front end, while the 'R' aluminium wheels and rear spoilers hint at the cars' potential. Both understated and elegant – the Volvo R doesn't need to shout about its performance to catch your attention.

Step inside and they continue to impress: 'R' embossed three spoke steering wheel, blue chronograph-inspired instruments, sports seats in a choice of three exclusive leather finishes. Other unique specifications of the R models include electronic climate control, Bi-Xenon headlamps, 17" or 18" Pegasus alloy wheels, 4 x CD player and 9 speakers, R Sports seats upholstered in Soft Leather, plus all the safety features you would expect from a Volvo. And, the most important detail of all – three chassis mode buttons on the dash giving you control over DSTC (Dynamic Stability and Traction Control), so you can tailor your ride to suit your mood. Stunning.

INSURANCE GROUPS	
Volvo S60 R/V70 R	18 A

A = Meets security requirements and group rating unaffected.

- (i) For best performance and lowest fuel consumption 98 RON is recommended. 95 RON can be used for normal driving.
- (ii) These results do not express or imply any guarantee of the fuel consumption of a particular car as there are inevitable differences between individual cars of the same model. Additionally driving style, traffic conditions, as well as the age and mileage and standard of maintenance will affect a car's fuel consumption.
- (iii) The Urban fuel consumption figure is based on typical city driving, including starting the car from cold. The Extra Urban figure is based on typical motorway driving and cruising. The Combined figure averages the consumption across both cycles.
- (iv) Unbraked towing weight must not exceed 50% of kerb weight up to a maximum of 750 kg.
- (v) Figure quoted without sunroof.

Notes

The weight of the vehicle will influence the level of CO₂ emitted. As a result, vehicles with higher levels of specification and factory fit options may emit higher levels of CO₂. Once a vehicle has been built it will be given its own specific CO₂ emission on which Vehicle Excise Duty will be charged.

A weighbridge must be used to determine specific weights.

Data valid for manual transmission unless specified.

All measurements in mm.

MAKING LIFE EASIER

Owning a Volvo should be a safe and enjoyable experience. To ensure it stays that way, we're committed to providing you with the best in support for as long as you own one.

SERVICE PROGRAMME

Your Volvo dealer has the unique know-how to tailor a service programme according to Volvo's strict recommendations and guarantees you years of safety and driving pleasure.

VOLVO ON CALL

Subscribe to Volvo On Call and you'll never be completely on your own. It's a GPS-based communication system providing 24-hour access to both emergency and roadside assistance wherever you are. See the Volvo On Call brochure for more information.

LOOKING AHEAD

You'll probably never find out just how good some of these services are. But should the unexpected happen, we'd like to think that you'd be even happier you chose a Volvo.

ROADSIDE ASSISTANCE

Every new car comes with one year's free RAC cover. You'll enjoy full breakdown and recovery assistance, anywhere in Europe, 24 hours a day. You can even extend cover for up to two more years at preferential rates.

WARRANTY

Every new Volvo comes with comprehensive protection. Our warranty covers the first three years or 60,000 miles, whichever comes first. There's a three year unlimited warranty on the paintwork, and either eight or twelve years against rust perforation. If a component fails due to a defect or material fault, your dealer will swiftly rectify the problem, free of charge.
