The BMW 3 Series 325i SE Convertible

BMW UK

Introduction

BMW 3 Series Convertible (2007)

Driving pleasure is taken to another dimension in the new BMW 3 Series Convertible. Thanks to an expertly engineered balance of open-top exhilaration and the dynamic certainties and revelations the world expects of a new convertible from BMW. The elegant, assured lines of the bonnet merge into a resolute, flat shoulderline. The rear takes shape in a low-slung configuration that is both pleasing on the eye whilst giving a clear message that the car is perfectly poised. With the top down, the windscreen angle and seating position places the driver and front passenger within reach of the sky. Making it happen is a pleasure in itself due to the fully automatic opening and closing of the innovative retractable hard-top. Even when the roof is closed, the all-round view is appealing. Whatever the viewpoint, the pleasure is all yours.
