Peugeot

The right chemistry

From the moment you discover the new Peugeot Expert Tepee range, you know that these vehicles are designed for travelling in maximum comfort. Vehicles made for those who drive them and those who ride in them.

Because everyone has different requirements, our new Expert Tepee range offers a wide choice of configurations making it ideal for carrying your family, your friends or a group of passengers. You can choose

between 2 HDi diesel engines and can be sure of finding the Expert Tepee that meets your requirements to a T. Whichever model you choose, you can be certain it embodies the qualities shared by all Peugeot vehicles: style, practicality, dynamism and innovation.

Your needs guided its design. The result: practical functions and an innovative design that reflects your personality.

Like all Peugeot vehicles, Expert Tepee is manufactured according to the strictest standards to meet your requirements in terms of reliability and safety. It's a vehicle you can trust.

Expert Tepee also means passion: the passion we put into designing vehicles that make long journeys more comfortable, simpler and more convenient.

These values are in our genes. You will find them in each of our vehicles and in those which, tomorrow, will display the Peugeot badge. That's why you can be sure that your Expert Tepee will be perfectly suited to your needs.

A travel expert

The new Expert Tepee range offers a choice of several configurations. You're sure to find the one that's right for you, that matches your personality and is tailor made for the type of journeys you make.

Your Expert Tepee is exactly what you need when travelling as a family or as a group: it is available as a 5 to 9 seater combi in short and long versions*. It comes with two levels of finish and equipment: Comfort and Leisure.

With its innovative design, Expert Tepee will fully express your appetite for travel and leisure. Bearing the hallmarks of inspired Peugeot design together with impeccable handling, genuine comfort and highly efficient

active and passive safety equipment it will reflect your personality and dynamism every time you drive it.

*4.80 m and 5.13 m.

Roof bars come as accessories at extra cost.

Comfort //

Generous and with an eye for detail

Everything in Expert Tepee has been designed to accommodate 5 to 9 people (according to versions and options) in conditions of ideal comfort. Families, professionals in the transportation of people and those who travel for leisure can be sure of offering each passenger wellbeing, brightness and tranquillity, regardless of the distance or duration of the journey. Don't have any fears concerning luggage - Expert Tepee always finds a way of accommodating it!

Visibility

Expert Tepee offers a glazed surface area of 6m² ensuring that every occupant can enjoy excellent visibility.

Driver's seat

Combining the architecture of Peugeot MPVs and saloons, Expert Tepee's driver's seat provides a particularly comfortable driving position and offers superb visibility thanks to its generous glazed surface area.

Front seat

The seats of Expert Tepee have been designed to guarantee good support, ensure comfort and lateral stability, and offer a level of ergonomics adapted to the transportation of people. Individual seats come with up to three adjustments: seat height, seat back inclination and seat travel. Armrests for the driver and passenger seats are available according to versions.

A roof that incorporates lighting and air conditioning

The roof of Expert Tepee comes with six air diffusers on versions equipped with the additional rear air conditioning unit, ensuring an exceptional level of ambient comfort.

Fascia panel. The ergonomic fascia panel has been designed to ensure maximum convenience while driving and features a three dial instrument panel.

Overhead storage unit*

Located under the roof, above the front passengers, it can accommodate documents or small hand luggage.

*Open or closed according to versions.

Car radio and CD changer*

The centre console of Expert Tepee incorporates a mono CD radio with an RT3 and RD4 compatible CDR and CDRW 5 CD changer, offering faster playback and random track selection.

*CD changer optional.

Front and rear air conditioning*

Temperature and air distribution adjustment at the front and rear* is by means of a control panel situated on the fascia panel for front air conditioning and in the roof trim for rear air conditioning.

*According to versions.

Satellite navigation system*

The satellite navigation system determines your position by GPS, calculates your best route and provides traffic information. You receive information through the speakers or on the multifunction colour display.

*Optional.

Bluetooth® hands-free kit*

This ensures the connection between your Bluetooth mobile phone and the car radio, enabling you to view telephone functions on the colour display and control menus from the radio control on the steering wheel.

*Optional.

Visibility Pack*

The visibility pack, available as an option, includes the automatic rain sensor located on the front windscreen and automatic switching on of headlamps.

*Optional.

Adaptable to every situation

Rear seats

The rear seats, in rows 2 and 3 can accommodate 3 passengers. On each row of seats, curved head restraints ensure safety and comfort without impeding rear visibility. In the second row, side armrests* enhance the comfort of passengers.

*According to versions.

Dimensions

A vehicle with the feel of an MPV, Expert Tepee is available in either short (4.80 m) or long (5.13 m) versions.

Rear compartment

In addition to the high-capacity boot, Expert Tepee can carry luggage in the rear compartment made available by folding the third row bench seat. A rear parcel shelf and a retractable load space cover* conceal the contents of the boot and the rear compartment in the long version. An increased payload is available as an option on 8/9 seat versions.

*Optional.

It changes according to your requirements

Exceptional modularity

To give you the very best in versatility, Expert Tepee is available in two versions, short or long, and offers exceptional interior modularity.

It is for this reason that Expert Tepee is so well liked by professionals in the field of tourism, but is also chosen for family use and by those who travel for pleasure.

Rear space

According to levels, the rear compartment of Expert Tepee offers a wide choice of finishes and interior modularity. The seats are removable,

or can be folded into a table or concertina fashion. Rows 2 and 3 comprise a bench seat and an "easy entry" seat. The bench seat is folding according to levels.

Expert Tepee is available with 5 to 9 seats. Leaving you free to choose your preferred configuration.

Here are a few examples:

Exactly what you need!

Alloy wheels are optional.

A choice of two engines

For your Expert Tepee you can choose between two impressive HDi Diesel engines, both equipped with a Common Rail direct injection system. One of these is sure to provide the ideal solution for your professional requirements or for the way you intend to use your Expert Tepee

while travelling with the family and making the most of your leisure time. The engines of Expert Tepee have been designed to make your journeys as enjoyable as possible whilst maximising efficiency. Both achieve the same objective by offering important fuel savings and environmentally-friendly performance.

HDi technology

A source of performance and economy, the Common Rail injection system is featured on both HDi engines in the Expert Tepee range. By injecting high-pressure fuel directly into the combustion chamber, this system reduces fuel consumption and procures additional power while conforming with Euro 4 anti-pollution standards.

1.6 HDi 90

This 4 cylinder Diesel engine with a capacity of 1560 cm³ features 16 valves, a dual overhead camshaft and a fixed geometry turbo. Lively and efficient, it is highly economical and therefore perfectly adapted to urban driving.

2.0 HDi 120

Compared to the 90 bhp version, the 2.0 HDi 120 features a variable geometry turbo. With the power developed by its 120 bhp, its characteristics make it the ideal engine both for small trips in town and longer journeys on the open road.

Gearboxes

Expert Tepee offers two manual gearboxes adapted to its different engines:

- a 5-speed gearbox for the 90 bhp HDi,
- a 6-speed gearbox for the 120 bhp HDi engine.

Pneumatic suspension

Specifically developed by Peugeot for Expert, the pneumatic suspension offers a number of benefits:

A constant ride height

Regardless of vehicle load, the ride height remains constant for enhanced driveability and even greater comfort.

An overall height of 1.90 m

Expert equipped with the pneumatic suspension allows you to park in car parks where access is restricted to a height of 1.90 m.

The load sill

A button in the Expert's boot lets you lower the load sill. It is then the lowest on the market, ensuring optimal ease of loading.

Intelligence that protects

A vehicle's safety can be assessed in two ways: active safety dependent on its handling, and passive safety assured by its structures and its equipment. Because maximum safety is the least you expect, Expert Tepee incorporates a range of innovations to protect both driver and passengers.

Available on Expert Tepee as an option or as standard, several technologies play a part in preserving your safety:

ABS, EBA

- The Anti-lock Braking System (ABS) controls your trajectory during emergency braking.
- Emergency Brake Assist (EBA) provides extra assistance in the event of vigorous braking by amplifying the braking pressure and reducing the stopping distance to a minimum.

ESP (TC, ROM, DSC)*

- Traction Control (TC) prevents wheel slip in the event of loss of traction.
- The ROM (Roll Over Mitigation) module, by acting on the brakes, reduces the risk of vehicle rollover in situations of extreme transverse acceleration.
- Dynamic Stability Control (DSC) continuously compares information transmitted by the steering wheel sensor and the yaw sensor to detect any incipient understeer or oversteer. It then deploys corrective actions to preserve the trajectory initially taken by the driver.

*Available as an option later in 2007.

Main brake

To optimise braking efficiency, endurance and reliability, all Expert Tepee models are equipped with four disc brakes.

Reinforced structure

Design of the body frame ensures energy absorption in the event of impact to protect the occupants. Integrity of the passenger compartment is guaranteed as a result of attachment of the engine to the sub-frame. The doors are reinforced by a capping and an "impact" tube. The front bumper has a high absorption capacity thanks to a beam mounted on dampers screwed to the chassis legs.

Front impact

Reinforced seat fittings and controlled retraction of the pedal bracket and steering column (allowing the steering wheel to retract by 80 mm), reduce injury in the event of front impact. Particular attention has been paid to the displacement of hard incompressible masses in the engine compartment so as to limit intrusion into the passenger compartment.

Air bags

As standard, the front driver's air bag located in the steering wheel cushion protects the chest and head. A front passenger air bag, designed to cover both the individual passenger seat and the 2-seater bench seat configuration, can also be installed, as well as 2 side air bags* and curtain air bags* in rows 1, 2 and 3.

Seat belts

At the front, height-adjustable 3-point seat belts are equipped with pretensioners and force limiters to reduce the physical force to which side occupants may be exposed.

Fasten seat belt indicator

A visual alarm, supplemented by an acoustic alarm once Expert Tepee exceeds 9 mph, indicates that a seat belt is not fastened. These signals stop as soon as the seat belt is fastened.

Head restraints

The removable head restraints are height-adjustable to adapt to the size of the occupants.

*According to versions.

Get away from it all www.peugeot.co.uk

You've just discovered Expert Tepee. Did you find its innovative design appealing? Its safety equipment is sure to have convinced you. While its engines and level of comfort have confirmed what you guessed to be the case: with Expert Tepee, you can be sure of making the right choice.

Peace of mind Expert Tepee

When you choose Peugeot, you have the reassurance of knowing that your vehicle has been designed and manufactured to give you years of worry-free motoring. What's more, as a Peugeot owner, you can rely on a comprehensive range of customer care services from your Dealer. So you can be sure that you're talking to a specialist who'll listen to you, understand your problems and respond efficiently – someone who also has the expertise to maintain your Peugeot correctly, using trained technicians, Peugeot Diagnostic Equipment and Peugeot Original Equipment Parts.

Peugeot Warranties

As well as the 2 year unlimited mileage manufacturer's Warranty, all vehicles first registered in the UK and purchased from a UK Peugeot Dealer come with a free, optional additional year of Warranty through the Peugeot UK Dealer network. The mileage limit on this additional Warranty is 60,000 miles (100,000 miles for Boxer vans excluding Motorhomes and other converted vehicles) from first registration. At the end of the 3 year Warranty period (or after 60,000 miles) you have the option to purchase a Peugeot Platinum Extended Warranty. Our cars also come with a 12 Year Anti-Perforation and 3 Year Paint Warranty (6 and 2 years on vans). For full terms and conditions on all of these, please contact your Peugeot Dealer.

Peugeot Assistance

All new Peugeots come with 12 months' Peugeot Assistance – our breakdown assistance service (36 months for the 607). This covers all incidents involving vehicle-based faults for you and anyone else driving your car with your permission. It is available 24/7, 365 days a year.

Peugeot Assistance includes European cover, homestart, roadside assistance, vehicle recovery and a free replacement car or hotel accommodation if required. It can be extended for a further 12 months, or 24 months, and to protect you against non-vehicle faults (such as punctures) at specially discounted rates, by calling **0870 752 7050**.

Peugeot service care

Peugeot vehicles benefit from extended service intervals of up to 20,000 miles or 2 years (12,000 miles for 1.6 HDi diesel and 2.0 litre 180 bhp petrol engines; 10,000 miles or 1 year on the 107). Please refer to the maintenance book for details of the service intervals for specific models.

To minimise the inconvenience often associated with servicing, our Dealers promise to offer you a number of options.

- A while-you-wait service, with a timed appointment.
- Local vehicle collection from your home, or from your work.

- Alternative transport to a train station, home, or work.
- By arrangement, a hire car at a concessionary rate.

What's more, they will aim to ensure that your vehicle is cleaned before you get it back.

Peugeot Insurance

Peugeot Insurance has been designed specifically for Peugeots and offers tailored cover at a competitive price. If you are unfortunate enough to have an accident, one of our Peugeot Approved Accident Repair Centres will repair your car, using only Peugeot original parts. Plus we'll give you a courtesy car while yours is being repaired (subject to availability when you use an approved repairer).

When the time comes to renew your insurance cover, why not try Peugeot Insurance?

You can call Peugeot Insurance for a quote on 0870 0240 206. Lines open 8am – 8pm weekdays, 9am-5pm Saturdays.

Max call charge from a BT landline is 8p per minute. Calls from other networks may vary. Calls may be recorded.

Peugeot Insurance is underwritten by UK Insurance Limited. Conditions apply.

Peugeot and the Environment

Our website has full details on all Peugeot products, and offers available in the UK. You'll also find information about our environmental and recycling policies.

Peugeot Boutique

The Boutique offers a wide choice of original Peugeot merchandise designed to suit your Peugeot and your lifestyle. Be sure not to miss our **Ligne de style** Peugeot merchandise catalogue – it's a great place to look for treats or gifts for any Peugeot owner. To download the latest catalogue visit www.peugeot.co.uk/merchandise
