

Avensis

For Toyota,  
quality is not just a promise;  
it's a way of life

Nothing is so good that it cannot be made better. That is why we strive for constant improvement in everything we do. It is not a motto. Or a mission statement we hang on the wall and forget about. It is simply the way we do things. We have a word for it: 'kaizen'. It means 'continuous improvement' and it is the key principle that guides us in our pursuit of total quality.

*"From now on, I want everybody to put their efforts together and unite in finding a way to make superior vehicles."*

**Kiichiro Toyoda, Founder**

*Toyota Motor Corporation, May 1939*

This commitment to quality results in real benefits – benefits that enhance the quality of your life. We know this because you tell us so by consistently voting Toyota highly in independent customer satisfaction surveys. This is also evident through the excellent results Toyota achieves in the Euro NCAP safety tests. Most of all we know this because we make it our business to find out how to give you the best possible ownership experience, from when you first buy your car, right up to when you ultimately sell it.

What this means for you is that every time you get into the driving seat of a Toyota and start the engine, you will experience a feeling of complete confidence. Confidence that comes from knowing that the car you are driving is designed and engineered with the very highest standards of quality and reliability in mind.

For Toyota, quality is not just a promise;  
it's a way of life.

Toyota Avensis  
For all the right reasons

## Reaching new heights

**There are many ways of getting ahead, yet few take you there as comfortably and effortlessly as the new Avensis. Tackling steep hills or cruising along, this Toyota comes equipped with all the advanced technology and the superior level of comfort you could wish for to make your journey as exciting and stress-free as possible.**

You'll notice a whole range of fresh design features on the exterior and interior. Modern colours and trims, as well as six grades including the exclusive T180, add to the Avensis' dynamic and sophisticated feel.

Once you take to the wheel and experience the new powerful engines, with the D-4D 180 High Power at the top of the range, the Avensis keeps you in no doubt that this car was designed for people, and by people, who love to drive.

Whether you choose the sporty and spacious Tourer, the elegant Saloon or the versatile Hatchback – all three styles feature the same premium Avensis qualities.

*Avensis Tourer*

*Avensis Saloon*

*Avensis Hatchback*

## Exhilaration starts at 0 mph

**The carefully-crafted shapes act as a prelude to the sophisticated driving experience. The sharp grille, angled head and rear lamps, door mirrors with integrated turning lights and specifically-designed alloy wheels\* indicate what awaits you – a truly dynamic and pleasurable drive.**

Elegance and dynamism strike a particular balance on the Tourer. This character is further enhanced by the T180, with its 17" alloy wheels and a dark grey grille with chrome inserts, as seen on the Tourer featured here.

As our choice of refined engines shows, there's no need to compromise on fuel efficiency or low emissions. The Avensis is now available with the all-new D-4D 130 (126 DIN hp) diesel engine,

the mid range D-4D 150 (150 DIN hp) as well as the top of the range D-4D 180 High Power engine (177 DIN hp). There are also two VVT-i petrol models with an output ranging from 129 to 147 DIN hp.

There are six equipment levels to choose from: T2, T3-s, T3-x T4, T Spirit, plus the T180 – which is reserved for the top of the range D-4D 180 High Power diesel model. It features Alcantara perforated leather seats for the ultimate in refinement.

\* Entry grade comes with steel wheels as standard.

## An eye for the finer things

**Sophistication is all in the details. Every single feature has been carefully tested and engineered to meet the highest quality standards. Inside and out.**

For added safety and style, the wing mirrors are fitted with indicator lamps. They are power retractable\* and have a wide viewing range.

The grille features metallic details\* and well-defined openings for a sporty feel – enhanced by the stylish alloy wheels\*. Add to that carefully crafted rear lights, another Avensis trademark.

Inside, premium quality also abounds: you'll notice the ergonomic audio switches mounted on the four-spoke leather steering wheel with its silver-coloured stitching, the power window controls for front and back seats and the well-designed seats themselves, which can be specified with Alcantara leather\*. And to make sure you are effortlessly guided to your destination an advanced navigation system is also available.

\* Availability varies according to grade, see Specifications and Equipment for details.

## Tailored to your measurements

**Take a seat and you'll feel as if the Avensis was designed exactly to your specification. Precise driver ergonomics ensure you can fully concentrate on the road and enjoy the journey.**

The 10-way, power-adjustable driver's seat and the tilt and telescopic steering wheel can be set to suit your ideal driving position. To increase back comfort, the driver seat can also be fitted with a lumbar support. And as you'd expect from a premium car, the passenger seat is also height adjustable\*.

The instrument panel is designed to accelerate access to all essential data such as vehicle status, rev counter, speedometer and trip computer. Turn-by-turn satellite navigation is available as standard on T3-s, T4, T Spirit and T180. Full map navigation is available as an optional upgrade\* and features an optimised screen and controller. It can be operated by the ergonomic remote control or by voice commands in German or English\*.

The large 7", pop-up colour screen offers many benefits including coverage of 24 countries across Europe<sup>§</sup> and a choice of eight different languages for the audio and graphic directions.

\* Availability varies according to grade, see Specifications and Equipment for details.

§ Includes Poland from August 2006 and Russia from October 2006.

**Perfect fit:**  
On the T Spirit and T180, a 10-way, power-adjustable driver's seat and 8-way, power-adjustable front passenger's seat maximise comfort and support\*.

Image shows optional satellite navigation.

## Sharing has never been more enjoyable

**The Toyota Avensis has one of the most spacious cabins in its class with plenty of head and legroom, so it comes well prepared.**

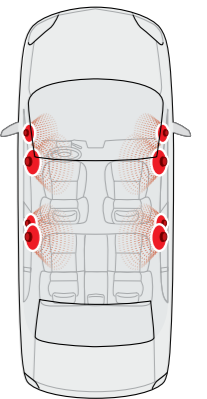

Premium quality is reflected in the smallest detail and even in the things you don't see. That's why road noise levels are kept to a minimum to help ensure you enjoy superb cabin acoustics. This has been achieved thanks to the revolutionary Ultra Light Concept (ULC) insulation material used throughout the cabin. With the Automatic Sound Levelizer (ASL)

that is incorporated in the audio system automatically controlling the volume and frequency according to noise levels from vehicle speed, you can fully appreciate the sound quality from the eight speakers that are strategically placed throughout the cabin\*. What's more, the system also has the capability to play MP3 and WMA files on CD and features ergonomic, steering wheel-mounted controls. All of which adds up to an optimum listening experience.

To add to the sophisticated atmosphere, dual-zone air conditioning is fitted as standard\*. The variable displacement compressor optimises power usage according to demand and driving conditions and so contributes to fuel efficiency.

\* Availability varies according to grade, see Specifications and Equipment for details.

*For perfect acoustics eight speakers are strategically placed throughout the cabin.*

## Sharpens the senses, smoothes the ride

**The Avensis' many intelligent solutions help ensure that you're as close to the road as you want to be, and as removed from any obstacles as possible.**

The front spoiler and bumper line as well as the underbody which covers the fuel tank are designed to enhance aero-dynamics on the Avensis, giving the Saloon and Hatchback a drag co-efficient of 0.28 and the Tourer 0.29. The use of a revolutionary Ultra Light Concept (ULC) insulation material not only minimises driving sounds, but also saves weight and hence further reduces fuel consumption.

For a smooth ride and precise steering feel, the MacPherson strut front suspension combines enhanced shock absorbers and stabilisers. At the rear, the double wishbone with toe control arm has also been further improved for

optimised reaction time and stability during cornering.

In addition, the chassis features cross members for added torsional rigidity, wide front and rear treads and a wheelbase that positions the wheels close to the corners for superior balance and stability.

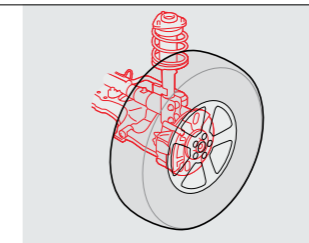

Whichever of the three body styles, two VVT-i or three D-4D engines you choose, the Avensis has plenty to offer – especially to those who share our passion for driving.

All engines create optimum balance between performance and comfort. And to prove the Avensis' commitment to quality, we have further optimised the suspension system and steering to put more feel into every bend and corner.

\* All technical data is subject to final homologation. Figures shown are for Saloon and Hatchback. Please refer to specifications for Tourer performance data.

### Front suspension

The MacPherson strut front suspension combines shock absorbers and stabilisers, giving a smooth ride and precise steering feel.

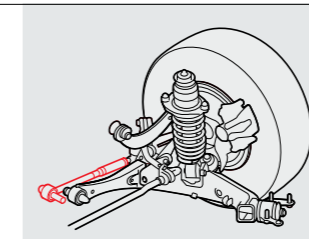

### Manual transmission

The lightweight 6-speed manual transmission (standard on all D-4D engines) contributes to enhanced fuel economy.

### Rear suspension

The toe control arm to the double wishbone rear suspension enhances reaction and stability during cornering.

### Automatic transmission\*

The 4-speed automatic transmission has a sequential shifting system to also allow manual gear changes.

## D-4D 180. High Power Diesel, by Toyota

### Introducing the state-of-the-art 2.2 litre D-4D 180 High Power engine.

Generating 400Nm of torque from 2000–2600 rpm, the 177 DIN hp engine delivers exceptional responsiveness through a 6-speed transmission, no matter what driving conditions you face. Its Variable Nozzle Turbocharger is electrically activated, increasing overall efficiency. And, with the use of piezoelectric injectors in the common rail system (which allow fuel to be injected at a much higher pressure) combustion control is made extremely precise – culminating in power and torque which outperforms any comparable diesel in its class.

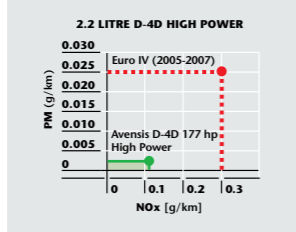

There's no compromise on emissions either. Using Toyota's D-CAT (Diesel Clean Advanced Technology) system, the highly sophisticated Diesel Particulate Nox Reduction (DPNR) technology produces the lowest combined nitrogen oxide (NOx) and particulate matter (PM) emissions of any comparable diesel engine. This is significantly below the requirements of 2005 Euro IV legislation.

The engine delivers excellent fuel economy too, at a remarkable 46 mpg. And, with a top speed of 137 mph\*, blends power, response, refinement and low emissions in a way that offers real reward for both the environment and the driver.

\* As tested on a closed circuit.

#### Toyota D-CAT system

This exhaust treatment system reduces particulate and NOx emissions significantly.

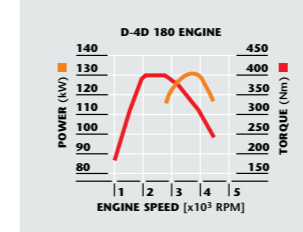

#### Piezoelectric injectors

The injectors in the common rail system are controlled piezoelectrically and operate at incredible pressure (180 MPa) to create optimum combustion conditions.

#### D-4D 180 High Power

Strong torque across the rev range combines with class-leading power output to create a driving experience unrivalled by any comparable diesel.

TOYOTA  
D-CAT

TODAY TOMORROW TOYOTA

## Drive a Toyota D-4D and nature will thank you for it

**Here is further proof that Toyota's D-4D technology delivers on powerful yet environmentally friendly diesel engines.**

The new 2.0 litre D-4D 130 diesel engine offers the latest in performance engineering. It combines optimum power with low fuel consumption and low levels of undesirable emissions. The key to this success is common rail, direct injection combined with twin overhead camshafts, four valves per cylinder and a Variable Nozzle vane-type Turbocharger.

With advanced Toyota technologies our engineers have created a best-in-class new 2.0 litre D-4D 130 engine with increased output (126 DIN hp) and a remarkable 300 Nm maximum torque whilst lowering emissions. With only 146 g/km CO<sub>2</sub> emissions, this model is amongst the cleanest currently on the road.

The D-4D 130 reaches 0–62 mph in 10.3 seconds\* and a top speed of 124 mph. Yet consumption is 51 mpg, giving an astonishing potential range of over 620 miles between fills. Thanks to the use of an aluminium cylinder head and block, engine weight has been reduced and, combined with a reduced displacement of 1998 cc, excellent fuel efficiency can be achieved.

The D-4D 150 offers flexibility while delivering 310 Nm/2000–3200 rpm of torque and 150 DIN hp output through a 6-speed manual transmission. This gives it a top speed of 130 mph<sup>§</sup> and acceleration from 0–62 mph in 9.3 seconds<sup>§</sup>. Yet fuel consumption stays low with 47.9 mpg thanks to the D-4D lightweight engine technology.

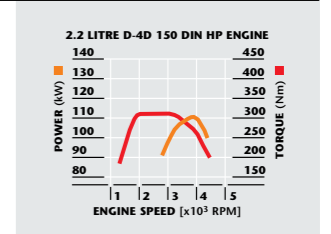

\* All technical data is subject to final homologation. Figures shown are for Saloon and Hatchback. Please refer to specifications for Tourer performance data.

§ Tested on a closed circuit.

Please refer to the back of this brochure for other model/transmission variations.

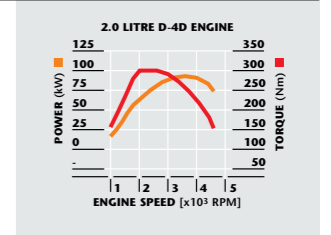

### 2.2 litre D-4D 150

*The 2.2 litre engine was developed to provide strong power right across the rev range.*

### 2.0 litre D-4D 130

*The new 2.0 litre engine delivers excellent torque with extremely low emissions.*

**D-4D**

## Your short-cut to more fun

**With two VVT-i petrol engines featuring precise engine technology to balance pure driving pleasure with low fuel consumption and low emissions there's a choice for every driver.**

The Avensis' innovative direct injection and VVT-i petrol engine technology responds to the way you drive by delivering the ideal balance of power, responsiveness, fuel economy and emission control.

VVT-i stands for Variable Valve Timing – with intelligence. It refers to the engine's ability to alter the timing and duration of the intake valve opening. This process is controlled by an electronic 'brain' that makes sure the valve timing is always optimised for every condition the driver is likely to encounter. This process is carried out dozens of time every second and cannot be detected by the car's occupants, other than in appreciating

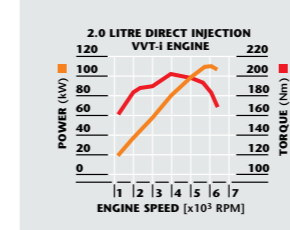

the engine's flexibility, low petrol consumption and impressive emissions. The 1.8 litre VVT-i is best-in-class with regard to fuel consumption.

The system reacts instantly to the demands being made on the engine by electronically optimising the timing of the valve opening. This delivers the power needed, when it's needed.

While all Avensis petrol engines feature VVT-i, the 2.0 comes with the added benefit of direct petrol injection. The petrol is introduced directly into the combustion chamber, resulting in a considerable increase in efficiency. Toyota has mastered the technology required to make direct petrol injection a production reality, and has created a frugal yet powerful engine as a result.

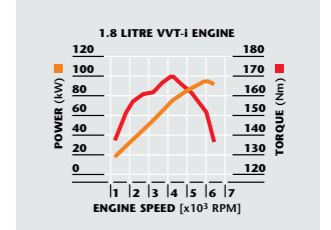

### 2.0 litre direct injection VVT-i engine

Power: 147 DIN hp/5700 rpm  
Torque: 196 Nm/4000 rpm  
0–62 mph in 9.4 seconds\*  
Top speed: 130 mph<sup>§</sup>  
Fuel consumption: 35 mpg<sup>¶</sup>

### 1.8 litre VVT-i engine

Power: 129 DIN hp/6000 rpm  
Torque: 170 Nm/4200 rpm  
0–62 mph in 10.3 seconds\*  
Top speed: 124 mph<sup>§</sup>  
Fuel consumption: 39.2 mpg<sup>¶</sup>

\* Avensis Saloon and Avensis Hatchback with five-speed manual transmission. Tested on a closed circuit.

§ Avensis Saloon, Avensis Hatchback and Avensis Tourer with five-speed manual transmission. Tested on a closed circuit.

¶ Combined cycle, is Saloon, Avensis Hatchback and Avensis Tourer five-speed manual transmission.

Please refer to Specifications and Equipment for other model/transmission variations.

VVT-i

TODAY TOMORROW TOYOTA

**Vehicle Stability Control (VSC)**

VSC automatically comes into operation if it detects skidding due to a sudden change in steering or a slippery road surface. It works by adjusting brake force and engine output to reduce excessive side slippage of the tyres, helping you return your car to a comfortable zone of control. VSC is now standard on all models.

**Brake Assist (BA)\***

BA automatically supports emergency braking if the brakes are applied quickly but without sufficient pressure on the pedal. It does this by measuring how fast and how hard the brake pedal is depressed and then, if appropriate, increasing braking force. The timing and degree of assistance reflects your own braking action, when you ease the pressure on the pedal, BA similarly reduces the amount of assistance.

**Traction Control (TRC)\***

If you accelerate too hard and cause the drive wheels to lose grip and begin spinning, TRC will instantly reduce engine power to help restore traction.

**Powerful headlamps**

All Avensis models feature projector-style headlamps that deliver an excellent light pattern on the road, contributing towards safer night-time driving.

\* ABS, EBD and BA are standard on all models.

Always on the right track to safety

**The Avensis is packed with advanced active safety technology designed to help you tackle difficult situations and ensure you stay in complete control of the car.**

**High performance braking**

Front and rear disk brakes, with the front disks ventilated, plus ABS with EBD and BA\* combine to give the Avensis a high-performance, well-controlled and predictable braking characteristic.

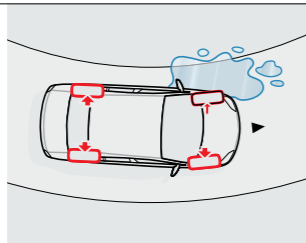

**Anti-lock Braking System (ABS) with Electronic Brake Force Distribution (EBD)**

ABS helps you maintain control during sudden heavy braking or when braking on a slippery surface by electronically balancing the braking force between all four wheels to match the level of grip of each one. EBD complements this by optimising brake force distribution between each wheel.

Together the two systems help prevent the wheels from locking and allow you to steer around obstacles as you come to a halt.

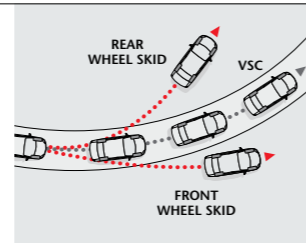

**Brake Assist**

*During sudden heavy braking, BA\* helps reinforce the braking action while ABS with EBD assists in steering around obstacles as your vehicle comes to a halt.*

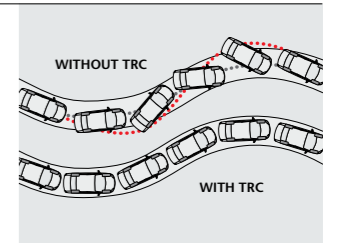

**VSC**

*VSC acts to reduce excessive side slippage of the tyres and so helps you maintain control of your car.*

**TRC**

*TRC detects wheel spin in the drive wheels and automatically reduces engine power to suppress the spin and help restore traction.*

## 9 airbags, 5 stars

**Peace of mind is standard on the Avensis. This view is shared by Euro NCAP, an independent commission backed by European governments, motoring and consumer organisations, which measures safety on new cars – it awarded the Avensis the maximum five-star rating.**

### Comprehensive driver protection

The Avensis was the first car of its type in Europe to feature a driver's SRS knee airbag. This, combined with collapsible pedals, helps minimise the risk of foot and leg injuries in a frontal collision. Similarly, the collapsible steering column works in conjunction with the seat belt and SRS airbag to help reduce the risk of head and torso injuries.

### Full SRS airbag coverage

All Avensis models are fitted with nine SRS (Supplemental Restraint System) airbags as standard. The driver's and front passenger's dual-stage inflatable SRS airbags have proximity sensors and a rate of impact sensor that allow proper deployment to help prevent injuries. There is also an SRS airbag for

the front passenger, SRS side airbags for the front seats, and SRS curtain shield airbags covering both the front and rear seats. These are inflated from the centre, offering supported protection to front and rear passengers.

### Automatic shift lock

The optional automatic transmission\* is fitted with a fail-safe shift lock system to help prevent the shift lever being accidentally moved from park to drive.

### Excellent collision resistance

Front and rear crumple zones and strengthened roof and pillars help alleviate cabin deformation in a crash and so reduce the threat of injury to the people inside. The doors also incorporate impact bars, belt-line reinforcement and energy absorbing pads for extra security in a side-on collision.

### Front and rear seat belts

Both front seat belts incorporate pre-tensioners which instantly draw the seat belt back at the moment of impact and force-limiters that release belt tension when a specific load is reached. Together with the SRS airbags, they help maximise

safety while reducing the likelihood of chest injuries. A dual-stage, two-minute audio and visual seat belt reminder system warns you if the front belts have not been fastened. The rear seats are fitted with three-point ELR (Emergency Locking Retractor) seat belts.

### ISOfix seat fixings

The Avensis incorporates special anchor points – including a top tether that helps prevent the seat tipping forward – for a safe and convenient way of correctly securing ISO fix child seats (available from your Toyota retailer).

### Whiplash Injury Lessening (WIL)

Front seats have been specifically designed and positioned to help reduce injury to the vertebrae in the neck in a rear-end collision.

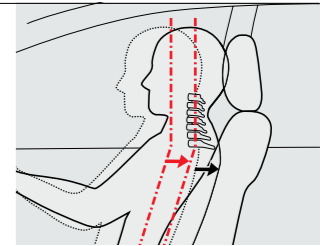

### Security

All Avensis models are fitted with an engine immobiliser, central power door locking and remote keyless entry.

\* Four-speed automatic transmission is available depending upon engine type.

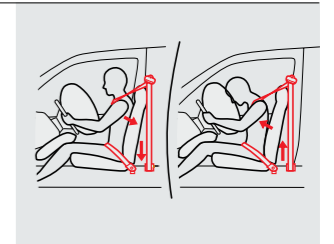

#### WIL seats

The WIL front seat design helps minimise the risk of neck whiplash injuries in low-speed, rear-end collisions.

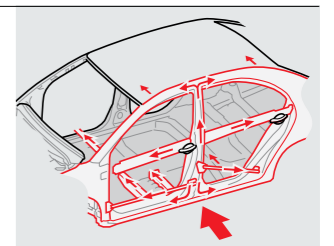

#### Seat belt tensioner system

Front seat belts with pre-tensioners and force-limiters help reduce the likelihood of chest injuries in an accident.

#### Excellent collision resistance

The Avensis cabin offers excellent protection to its passengers in a side-on collision.

#### Euro NCAP

Scoring 34 out of a possible 36 points, the Avensis was awarded the maximum five-star Euro NCAP rating as a further testament to the design, engineering and build quality of this Toyota. It remains one of the safest cars in its class. Euro NCAP is an independent safety assessment programme that provides realistic, expert and reliable measurement for the safety performance of new cars.

## Designed to fit more in

**All three models – Saloon, Hatchback and Tourer – are designed with plenty of room for you and your passengers and lots of space for luggage and possessions.**

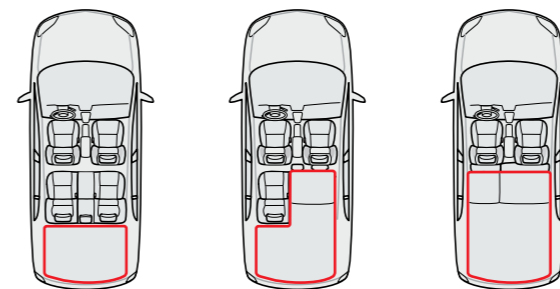

The Hatchback offers the best of both worlds – with a luggage compartment size similar to the Tourer and a package tray enhancing the Saloon feel.

The luggage capacity is 520 litres in the Saloon and Tourer, and 510 litres in the Hatchback. In all the models, the rear seat back splits 60:40 and each element will fold to create a larger luggage area. With both seats folded down this increases to

1320 litres in the Hatchback and 1500 litres in the Tourer. To ease loading and unloading, the lip of the boot is lowered.

Equal attention has been given to incorporating boxes\*, pockets, shopping bag hooks and trays for those personal items that everyone likes to keep close at hand. For added security, there's underfloor storage built into the boot.

\* Tourer only.

### 60:40 folding

From 520 litres to 1500 litres to suit your needs.

### Tonneau cover

With the tonneau cover in place, the contents of the boot are hidden from prying eyes.

### Storage tray

A handy storage tray is located in the floor of the boot to store the tonneau cover when not in use.

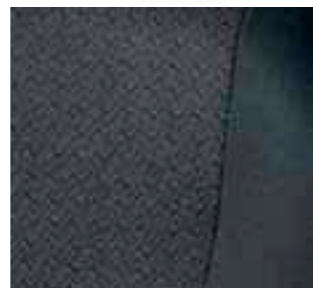

### Luggage restraint

The lid of the storage tray in the boot of the Tourer also acts as a useful restraint to stop items sliding.

**All equipment systems on the new Avensis have been further enhanced to give you an instant upgrade, starting with the T2. It features intelligent solutions and superior quality finishes to make driving this Toyota a truly rewarding experience.**

There are many details to look out for, inside and out. Starting with the colour-keyed bumpers, door handles and wing mirrors with new indicator lights.

Inside the cabin, the new interior trim combined with dark grey fabric adds to the sleek contemporary feel. Also, the combi meter design offers optimum legibility, especially at night.

To complete the comfortable atmosphere, a manual air conditioning system comes as standard as well as the new sophisticated audio system with eight speakers and advanced bass quality. It can play MP3 and WMA files that are burned to CD and features an Auto Sound Levelizer that automatically adjusts the volume according to the engine speed.

Versatility is another strength of the T2, proven by added storage boxes and 60:40 folding rear seats that make loading your belongings that little bit easier.

#### Optitron combi meter

The Optitron combi meter offers optimum legibility, especially at night.

#### Audio system

The audio system features an Auto Sound Leveliser.

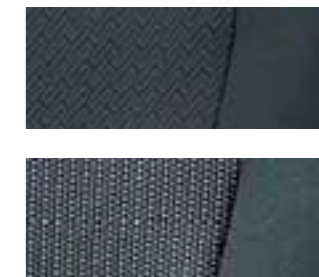

#### Air conditioning

The standard manual air conditioning optimises power usage for greater fuel efficiency.

#### T2

- Turning signal in exterior mirrors
- New dynamic 16" wheel cap
- Revised combi-meter
- 60/40 rear seat folding standard on Saloon
- Twin front and side airbags
- Roof airbags
- Knee airbag
- ABS with EBD
- Optitron instruments
- 8 speaker radio/cassette/CD tuner with MP3, auto sound leveliser and New DSP (extended bass, reception quality)
- Steering wheel audio controls
- Glass integrated audio aerial
- Electric boot release
- ISOFIX fixings
- 16" steel wheels and wheel cover

**Moving up to T3 grades, choose from more refinement or the convenience of turn-by-turn satellite navigation with Electronic Traffic Avoidance.**

Available in two options T3-S and T3-X, the T3 grades come with a leather steering wheel and a new sophisticated trim with metallic-style inserts combined with refined dark grey seat fabric.

To keep personal belongings safely stowed away, the T3 also has a handy storage box in the centre of the dashboard.

The T3-S has exclusive 8-spoke 16" alloy wheels and turn-by-turn satellite navigation with Electronic Traffic Avoidance. This feature alerts you to heavy traffic conditions, suggesting alternative routes, enabling you to reach your destination with minimal delay.

The T3-X is offered with a height-adjustable front passenger seat, cruise control on D-4D models, automatic air conditioning, power rear windows, automatic headlamps and 16" 5-spoke alloy wheels.

Whichever T3 you choose, Optitron combi meters have the added benefit of a trip computer, providing you with useful data on route including average speed, fuel consumption and driving range.

#### Trip computer

The trip computer informs you about fuel consumption, average speed and overall distance.

#### Driver and passenger seat

For your convenience, both front seats are height adjustable\*.

#### T3-S

- 16" alloy wheels
- Turn-by-turn satellite navigation and Electronic Traffic Avoidance
- Leather gear shift knob

#### T3-X

- Cruise control (D-4D)
- Automatic headlamps
- 16" alloy wheels
- Automatic air conditioning
- Power rear windows
- Front fog lamps
- Enhanced trim with metal inserts
- Rain sensor wipers
- Electrochromatic rear-view mirror
- Leather steering wheel and gear shift knob
- Heated retractable mirrors

**The T4 grade combines the sophisticated features of both T3 grades and adds the dynamic styling of 17" alloy wheels.**

Turn-by-turn satellite navigation comes as standard as does cruise control, automatic air conditioning and an electrochromatic rear-view mirror.

On the exterior the 2.2 litre D-4D model comes with 5-spoke 17" alloy wheels whilst all other engine models feature 7-spoke 17" alloy wheels which have been specifically designed for this grade to further enhance the dynamic look.

**Toyota navigation system (TN310)**

Wherever you go, finding your way is easy with the innovative Toyota TNS310 (Traffic) Plus DVD navigation system.

**Leather steering wheel**

The T4 grade comes with a leather steering wheel and shift knob.

**Style, performance, but above all, quality are the hallmarks of the Avensis, a superbly refined and engineered car that delivers what it promises. And there's no more rewarding a model than the Avensis T Spirit.**

Exuding quality in every detail – performance, handling, comfort and safety – the prestigious T Spirit has extra refinements such as cruise control\*, multi-adjustable electric front seats and driver's lumbar support, plus the opulence of high-grade leather seat facings.

The T Spirit is offered with dual-zone, automatic air conditioning and, as an option, a sophisticated full-colour map DVD satellite navigation system. What's more, as with all Avensis models, the T Spirit comes with a reassuring range of long-term mechanical, paint and anti-corrosion warranties.

The Avensis T Spirit – quality that endures.

**Full map navigation**

The optional full map navigation system features a 7" colour screen.

**Cruise control**

The steering wheel-mounted cruise control allows for fingertip efficiency.

**T4**

- Automatic headlamps
- Cruise Control
- 17" 7-spoke alloy wheels
- Automatic air conditioning
- Power rear windows
- Front fog lamps
- Enhanced trim with metal inserts
- Rain sensor wipers
- Electrochromatic rear-view mirror
- Leather steering wheel and gearknob
- Heated retractable mirrors
- Turn-by-turn satellite navigation and Electronic Traffic Avoidance

**T Spirit**

- 6 CD autochanger
- Leather trim
- Seat lumbar support
- Power seats
- Cruise control
- 17" 10-spoke alloy wheels (17" 5-spoke alloy wheels on 2.2 D-4D)

\* Cruise control is also available on T3 (D-4D) and T4.

**T180**

**The T180 is the most exclusive way to drive an Avensis, reserved for our top-of-the-range D-4D 180 engine. It offers the optimum in comfort and refinement, to match the truly dynamic characteristics of this car.**

That's why you'll find specific 17" alloy wheels and a dark front grille with chrome inserts on the exterior.

Inside, the finest suede-look, Alcantara-style and leather trim makes this Avensis especially inviting. You'll instantly notice fine details like the beautiful metallic-style inserts and silver-coloured stitching on the steering wheel and gear lever. To increase your comfort even further there is full leather trim throughout.

Add to that intelligent technology like the optional advanced full map navigation and you are guaranteed to get to your destination as effortlessly as possible.

**17" alloy wheels**

*A distinctive design to enhance the dynamic character of the T180.*

**Steering wheel**

*The leather steering wheel has sophisticated stitching details.*

*Image shows optional full map satellite navigation.*

**New steering wheel inserts**

*For better grip and enhanced styling; the T180 has new inserts on the steering wheel.*

**Gear lever**

*Beautifully crafted leather stitching also features on the gear lever.*

**Grille**

*The dark front grille with chrome inserts is exclusively available for the T180.*

**T180**

- Specific 17" alloy wheels
- Specific grille
- Standard Alcantara/leather seat trim
- Specific steering wheel inserts and stitching

## Option packs

Toyota Parking Aid (TPA400)

### Protection pack

**Featuring the Toyota Parking Aid (TPA400), mud flaps, a rear bumper protection plate and boot liner, the Protection pack will help to ensure your new Avensis stays in pristine condition.**

The Toyota Parking Aid is a great help in car parks and when reversing close to low objects. Its rear sensors automatically activate when reverse gear is engaged and then link to an interior alarm that becomes progressively louder as you approach an obstacle. A cancellation switch is included to deactivate the sensors when towing.

#### Front and rear mud flaps

*Specially designed to protect from excessive spray and to reduce stone damage to paintwork.*

#### Rear bumper protection plate

*To protect rear bumper paintwork against everyday scuffs and scratches when used for transporting family pets or loading and unloading luggage, shopping, etc. from the boot.*

#### Boot liner

*Featuring an anti-slip surface to help prevent luggage sliding around, the tailored, waterproof boot liner will protect your boot from wear and tear.*

DAB radio

### Technology pack

**Keeping in touch with your world is made easy in the Avensis with Toyota's top quality audio and Toyota Bluetooth® phone system.**

#### Bluetooth® kit

*The Toyota Bluetooth® phone system features comprehensive voice recognition controls for the ultimate in ease of use. The system links through steering wheel switches and has audio connectivity for enhanced sound quality and a directional microphone to maximise pick-up.*

#### DAB radio

*For truly dynamic listening you can add Digital Audio Broadcasting (DAB) to your pre-fitted audio. DAB offers near CD quality (depending on signal strength) and an extensive range of stations, services and programmes. In addition, a time shift function allows the user to replay songs and information up to 30 minutes after the initial live broadcast.*

# Spoilt for choice

Whichever you choose, the interior trims offer timeless beauty whilst the unique body colours are backed by a three-year guarantee against imperfections.

## Drive Plans from Toyota Financial Services

**We want to make acquiring and maintaining your Avensis as easy as driving one. Our range of Toyota Drive Plans have been designed specifically with this in mind, to offer you a choice of affordable ways to finance, service and maintain your new car. Above all our plans offer flexibility, easy budgeting and peace of mind and can be arranged as a one-stop-shop when you select your Avensis.**

### Easy Start

With Easy Start finding a large deposit is not an issue. Just the equivalent of one monthly payment in advance is all that is needed to drive away in a Avensis. This simple and innovative plan, based on our popular PCP Drive Plan, is ideal for younger customers or families on a tight budget.

### Easy Drive

Easy Drive is a comprehensive finance package, with one monthly payment taking care of most of your motoring needs for two or three years. The plan includes the cost of a Avensis on a PCP Drive Plan and an Easy Care servicing plan covering routine, major and intermediate services.

### Easy Care

For those who value the peace of mind of a pre-paid servicing package we can offer Toyota Easy Care. The plan ensure that your Avensis will receive the very best maintenance and servicing. Easy Care covers routine major services (including routine servicing, parts and labour) and intermediate oil and filter services.

### Business Drive

Business Drive offers the security of a fully maintained Contract Hire package, ideally suited for VAT registered businesses. The package offers a host of benefits including reduced capital outlay, all-inclusive monthly rentals and no depreciation, disposal or administration problems.

### Flexible Finance

However, Drive Plans are about more than just these four schemes. Whatever your needs, Toyota has a full range of finance options to offer you. Whether you're a private motorist or a business customer, just discuss your individual requirements with your Toyota Centre, who will be pleased to help you choose a Drive Plan to suit you.

## Customer services

### Club Toyota

When you buy a Toyota you automatically become a member of Club Toyota, for 12 months free of charge. This entitles you to take advantage of a host of benefits including free RAC Roadside Assistance in the UK and Europe, 5% discount on Toyota Insurance for your car and specially negotiated rates for travel insurance, plus exclusive offers and promotions through our quarterly customer magazine.

### Toyota Drive Plans

Toyota Drive Plans make acquiring and maintaining your new car as easy as driving it. They offer a choice of affordable ways to help you buy, finance, service and maintain your Toyota.

The range of plans has been structured to offer you flexibility, easy budgeting and peace of mind.

- Easy Start is an exciting new low deposit plan.
- Easy Care offers the complete reassurance of prepaid servicing.
- Easy Drive is a comprehensive plan which takes care of most of your motoring needs for two to three years with one monthly payment.
- Business Drive is a fully maintained contract hire package most suited to small business customers.

Whatever your personal preference, your Toyota Centre can tailor a Drive Plan to suit your needs perfectly – driving a new car has never been so easy. Written quotations available on request. All agreements subject to status. Indemnities may be required.

### Toyota Insurance

Toyota Insurance is available for Toyota owners at competitive premiums. To obtain details of the benefits included and to arrange a quotation, please contact your local Toyota Centre or call 0800 350 500.

Licensed credit broker. Indemnities may be required. All finance subject to status to over 18s only. Toyota Financial Services (UK) PLC, Great Burgh, Burgh Heath, Epsom, Surrey, KT18 5UZ. Toyota Financial Services is authorised and regulated by the Financial Services Authority.

### Toyota Fleet

Toyota Fleet provides complete business solutions for companies that run a fleet of vehicles. For more information on how Toyota Fleet can deliver your fleet requirements either contact your local Toyota Centre or the Toyota Fleet Business Centre on 0845 271 2712.

### Toyota Warranties

Every new Toyota comes with a three-year/60,000-mile manufacturer's warranty, covering your car against the unlikely event of a manufacturing defect causing a mechanical fault. It includes coverage for paint and surface rust for three years, unlimited mileage and a 12-year anti-perforation warranty. After the initial warranty period has ended, you can choose to extend your warranty until the vehicle is seven years old – choosing from a range of packages to suit your vehicle and your needs. All of our warranties cover the main component parts of the vehicle\*, meaning that you pay for nothing beyond routine servicing and maintenance, so there are no unexpected bills to pay.

### Toyota Accident Assistance

Toyota provides a comprehensive accident management service to all Toyota drivers, giving advice, assistance and practical help free of charge in the event of an emergency.

### Toyota Approved Used Car Scheme

All Toyota Approved Used vehicles come complete with a delivery pre-check, a mileage check, a free 600-mile or one-month inspection, 12 months Club Toyota membership and a 14-day no-quibble exchange plan.

\* With the exception of batteries, corrosion of exhaust, and damage or wear to the interior.

For more information about end-of-life vehicles, please refer to [www.toyota.co.uk](http://www.toyota.co.uk)

## Advanced peace of mind

**The new Avensis is designed for all those who want to get a little extra out of life. That's why you can expect a lot more than a sophisticated driving experience. Owning a Avensis means you enjoy the peace of mind afforded by Toyota's global reputation for quality and integrity.**

On the day you purchase your Avensis, your retailer will present you with the 'Avensis Passport'. It's a guide to getting the best out of your Avensis and its comprehensive range of features. Of course, your retailer will explain the Avensis to you in detail – and always be available should you require any assistance.

### Intelligent design

The Avensis is designed and engineered to minimise the maintenance overhead. There are fewer parts that require servicing and those that do are inherently

durable to extend service intervals. Equally important is that Avensis technology is made easily accessible so that maintenance labour time can be minimised. These features combine with the highly competitive pricing of Toyota spares to ensure the lowest cost of maintaining your Avensis in an ideal working condition.

### Toyota quality service

Your Toyota retailer will talk you through the Avensis 'Health and Safety' maintenance programme. The programme is very straightforward and designed for your convenience. In effect, your Avensis needs a full Health and Safety check, dependant on driving style and conditions, up to once every two years or 20,000 miles (whichever comes sooner). An intermediate Health and Safety check is necessary every year or 10,000 miles.

## Toyota warranty

### Comprehensive terms

The warranty covers any defect caused by a manufacturing or assembly fault. It is valid for three years of normal use or 60,000 miles, whichever comes first, with no mileage limitation for the first year.

If the car is immobilised due to a breakdown (as a result of a defect covered under warranty), you will also be covered for the cost of towing your vehicle to the nearest authorised Toyota repairer.

### Rust and paint defects

The warranty also covers surface rust and paint defects appearing on any of the painted body panels as a result of a fault in material for a period of 3 years, regardless of mileage.

### Corrosion cover

The warranty offers 12 years' coverage, regardless of mileage, against perforation of the bodywork (from inside to outside) that develop due to corrosion caused by faults in material or workmanship.

### Toyota genuine parts

The Avensis is designed to minimise the cost of accident repair. Energy absorbing elements are built into the bumpers, expensive to replace parts are located away from damage zones, and commonly damaged body parts are bolted rather than welded. As a result, the extent of damage is limited and damaged parts are easy to remove, replace or repair. Ultimately, this means very low part and labour charges.

### Added security

The Avensis's security system withstands the insurance industry's rigorous five-minute attack test and provides excellent protection. Both the alarm system and engine immobiliser are approved by Europe's major insurance companies.

### Toyota accessories

Toyota accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. Tailor-made for your Toyota, they fit perfectly and add a personal touch of style, comfort or practicality. And because they've been tested under the most severe conditions, you can have complete confidence in their reliability and durability. To add to the reassurance, every genuine Toyota accessory has a three-year warranty\*.

\* Check with your retailer for specific warranty details.

## Using the navigation bar

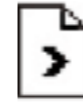

A navigation bar is provided at the bottom of each page of this e-brochure to make browsing it easy. Please follow the simple instructions on the right to navigate through this e-brochure.

Takes the document back to the beginning.

This will take the document back to the previous page.

This will take the document back to the next page.

Takes the document to the Index page.

This will allow the Acrobat toolbar to be visible if pressed once and it will also make it disappear if already visible.

This will zoom in on the document so smaller text etc will be easier to read. To zoom in further, click the icon again. If the menu bar is not visible then use your mouse by clicking the left hand button and moving it.

This will zoom out of the document. To zoom out further, click the icon again. If the menu bar is not visible then use your mouse by clicking the left hand button and moving it.

This will print out the full brochure to your printer. Please note that if you have a colour printer this document will print in full colour.

This will save the whole document to your computer.

To close this document press *esc* and then close the document normally.
