MINI COOPER CONVERTIBLE

DESIGN

Drive a MINI Cooper Convertible and you'll stand out from the crowd thanks to its beefy styling. The details mark it out as something special, too. Elliptical headlamps, chrome door handles, Easy Load boot system and even heated glass rear window – the MINI Cooper Convertible has it all. Because it seats four, you have the option to keep it all to yourself or bring along an audience for the ride.

SAFETY

The MINI Cooper Convertible doesn't just look the part, it's solid as a rock too. Its 'wheel at each corner' design, with a single-link spring-strut front axle, a multi-link rear axle and anti-roll bars, makes it as sturdy as a bull. Cornering Brake Control improves braking in bends and prevents understeer, while Electronic Brakeforce Distribution ensures you can stop in an instant. And if that wasn't enough, it also has four disc brakes as standard, four airbags, and electronic ABS – so you really can relax and enjoy the ride.

ENGINE

Going for a quick spin or a hefty cross-country journey, the MINI Cooper Convertible is always up for it. It has a powerful 1.6 litre engine which delivers 115 hp and offers plenty of torque, too. The only thing accelerating faster will be your heart rate. Fuel consumption combined (mpg) 38.7
CO2 emission (g/km) 174

DRIVING EXPERIENCE

The MINI Cooper Convertible picks up the pace, while keeping everything that makes driving a MINI an experience like no other. Its trademark go-kart style handling offers you the control to match the power. So you can enjoy the thrill of the drive as much as the thrill of the great outdoors. What are you waiting for?

WHY BUYING A MINI MAKES SENSE

Class-leading drive, build quality and those really satisfying chrome rocker switches by the cup holders are all great reasons to buy a MINI but that's certainly not the whole story. Here are some other things you might find interesting:

LOWER EMISSIONS AND LOWER FUEL CONSUMPTION

MINIMALISM is our name for a range of engineering advances that have resulted in a reduction of between 19 and 28% in emissions and a substantial increase in fuel efficiency across the MINI range. For example the MINI Cooper D achieves 72.4mpg on the combined cycle and emits only 104g/km of CO₂. This has a positive impact on your annual car tax.

Compare your favourite MINI model against other cars on www.mini.co.uk/comparemini to see just how well we perform.

SERVICING

But won't a MINI be expensive to service you ask? Nope. We've made sure of that by offering every new MINI owner their first 5 years servicing (or 50,000 miles whichever is sooner) for a one off payment of only £150. We call this MINI tlc. And for even more peace of mind, with MINI tlc XL you can get 3 more years or 30,000 miles of servicing for just £380, that's up to 8 years or 80,000 miles servicing for £530! For further information including the full terms and conditions please contact your MINI Dealer.

DEPRECIATION

MINI's are famous for holding their value well. In fact we were officially the slowest depreciating car in 2007, awarded by Parkers, the industry experts. It's one of the factors that the car magazines take into account when looking at the 'real' ownership costs of any car, so a handy thing to check while you're researching your next car purchase.

FLEXIBLE FINANCE

It's these slow depreciation rates that allow MINI Financial Services to offer you a flexible way to get into a MINI by giving you options at the end of your agreement*. Our Select product offers you fixed regular payments at a level you can afford and the opportunity to change your MINI for a new one every 2-4 years without any hassle*. What's more, we'll guarantee what your MINI will be worth at the end of your agreement if you decide to hand your MINI back so you don't have to worry about depreciation. While we're at it we can also insure you at competitive rates, all dependent on your personal circumstances of course. All of this can be done at your dealer when you order your new MINI.

OUR DEALERS

Last but certainly not least, our lovely dealerships. Our dealers take a lot of pride in making their showrooms nice places to visit and staffing them with friendly, knowledgeable staff. Our service areas are filled with MINI specialists who know them inside out and are ready to lavish them with care.
