# Show of strength

The moment you set eyes on the new CLC Sports Coupé you know that this is a car created with power, dynamism and the pure joy of driving in mind.

The challenge for our design engineers was to build on this display of strength by creating a range of ways for customers to individualise their vehicle.

Why not test drive some of the genuine Mercedes-Benz accessories pictured in this brochure and assert your own personal style?

# TELEMATICS

### Audio 20 CD

Hi-fi RDS tuner for FM, MW, LW and SW, 4-channel amplifier, CD drive and CD changer controls. Can be operated via the multifunction steering wheel

### CD changer

Compact 6-CD changer for the glove compartment

### Audio 50 APS

Top-class car hi-fi combined with intelligent navigation technology, e.g. dynamic route guidance using free traffic information supplied by RDS/TMC. Navigation arrows shown on 4.9" TFT colour display. Audio part equipped with double-tuner receiver for FM, MW, LW and SW, 4-channel amplifier, CD drive for audio CDs or navigation CD plus CD changer controls. Can be operated via the multifunction steering wheel

# Leading technology

Sometimes taking a trip in a car like the Mercedes-Benz Sports Coupé is purely about the joy of driving. But if you're looking for the quickest way to get from A to B, our navigation units are the perfect choice, helping you to arrive relaxed and unruffled.

They offer far more than traffic information too: they also function as a hi-fi system and – if you choose – as a telephone exchange. All are perfectly integrated into your car's interior and many functions can be operated via your multifunction steering wheel.

Ensuring that nothing disrupts your enjoyment of driving the CLC.

### Europe navigation CDs for Audio 50 APS

5 CDs for navigation throughout Europe

*The data for the Mercedes-Benz navigation systems is regularly updated. Please ask your Mercedes-Benz partner for the latest version*

### Europe navigation DVD for COMAND APS

Can be operated using multifunction steering wheel. 6.5" TFT colour display, double tuner for FM, MW, LW and SW, 4-channel amplifier (4 x 50 W) for outstanding sound quality, CD changer controls. The integral drive reads both audio CDs and navigation DVDs (for map-based navigation throughout Europe). Dynamic route guidance possible, taking into account traffic information supplied by radio

**TELEMATICS**

## Mercedes-Benz Bluetooth® telephone module

Supports Bluetooth SAP<sup>1</sup> mobile phones approved by Mercedes-Benz. A wireless connection is established between your mobile phone and the Mercedes-Benz hands-free system. Simply leave your telephone in your jacket pocket - it couldn't be more convenient

<sup>1</sup> SAP (SIM Access Profile) allows the module to read your mobile phone's SIM card

### Mobile-phone holders

When it comes to selecting a mobile for your Mercedes-Benz, you've never had so much choice. One "click" is all it takes to replace the system's intelligent mobile-phone holder. It takes a matter of seconds and is as straightforward a process as inserting the mobile into the holder itself. Changing your mobile and even alternating between different models of mobile no longer presents a problem. There are no compromises when it comes to convenience-enhancing technology either: the telephone can be operated via the multi-function steering wheel, and the telephone status and call information are displayed in the central multifunction display - as you would expect.

To use a mobile-phone holder, your car must be factory-fitted with the following optional extra:

Code 386 Pre-installation for mobile phone with universal interface

Holders are available for popular Nokia and Sony Ericsson mobile phones.

For further information about using the phone while in your car, see our Mercedes-Benz telematics brochures. Ask your Mercedes-Benz partner for a copy

## iPod/iPhone holder<sup>2</sup>

Black plastic holder for the glove compartment. Holds your iPod in place. Soft, flock surface protects the player from scratches and prevents it sliding around. For the iPod Interface Kit

<sup>2</sup> The Mercedes-Benz Interface Kit allows you to listen to the music on your iPhone. It does not support the phone function

The iPod Interface Kit and the iPod holder are compatible with the following models:  
iPod (from 3<sup>rd</sup> generation) | iPod video | iPod photo | iPod U2 | iPod mini | iPod nano, generations 1, 2 and 3 | iPod classic | iPod touch | iPhone

## Mercedes-Benz iPod® Interface Kit<sup>2</sup>

It's never been easier to take your favourite music with you when you're on the move. The Mercedes-Benz Interface Kit provides an elegant and functional way to integrate your iPod into your CLC's audio system. The iPod is connected to the system inside the glove compartment, where it is hidden from prying eyes. While you're on the move, you can scroll through the playlists, select songs and adjust the playback volume using the buttons on the multifunction steering wheel. Your iPod's battery is also recharged. The current status of your iPod appears in the central driver's display, helping you to keep your attention focused on the traffic

It's easy to control your iPod via the multifunction steering wheel:

- A | Select the iPod menu and scroll through the options
- B | Adjust the volume, playback
- C | Display current artist/title

# CARGO & CARE

# Powerhouse

While the designation “Sports Coupé” is primarily intended to refer to your CLC itself, your Mercedes-Benz is ideally equipped to help you with your own sports activities.

The carrier systems which we offer as part of the genuine accessories range are precision-tailored to the contours of your car. Which is little surprise since the engineers who designed them had access to your car’s original CAD data.

## **Alustyle basic carrier bars**

The Alustyle system opens up a wealth of flexible options when it comes to transporting sports equipment and luggage. Simply combine the Alustyle basic carrier bars with a variety of different roof-mounted carriers which you can see here and on the following pages. The basic carrier bars are precisely tailored to the body of your CLC, ensuring the highest degree of safety and optimum aerodynamics

## **Transport and stowage bag**

Robust bag, made from a high-quality nylon fabric. Protects the basic carrier bars and makes it easier to transport them

Please note: changes may have been made to the products since this brochure went to press (01.06.2008). The manufacturer reserves the right to make changes to the design, form, colour and specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser. Where the vendor or the manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations may show accessories and items of optional equipment which are not part of standard specification. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. This brochure has been compiled by Daimler of Germany and is distributed internationally. It provides a general indication of the range of models, features, optional extras and/or colours available in various countries. Some of the models, features, optional extras and/or colours may not be available in your country or may only be available in a different specification. Additionally some models, features, optional extras and/or colours may only be available in combination with others. For current and more specific information in relation to the range of models, features, optional extras and/or colours available in your country, and their pricing, you should contact your nearest authorised Mercedes-Benz Passenger Car Dealer.
