TOYOTA

For Toyota,
quality is not just a promise;
it's a way of life

Nothing is so good that it cannot be made better. That is why we strive for constant improvement in everything we do. It is not a motto. Or a mission statement we hang on the wall and forget about. It is simply the way we do things. We have a word for it: 'kaizen'. It means 'continuous improvement' and it is the key principle that guides us in our pursuit of total quality.

This commitment to quality results in real benefits – benefits that enhance the quality of your life. We know this because you tell us so by consistently voting Toyota highly in independent customer satisfaction surveys. This is also evident through the excellent results Toyota achieves in the Euro NCAP safety tests. Most of all we know this because we make it our business to find out how to give you the best possible ownership experience, from when you first buy your car, right up to when you ultimately sell it.

What this means for you is that every time you get into the driving seat of a Toyota and start the engine, you will experience a feeling of complete confidence. Confidence that comes from knowing that the car you are driving is designed and engineered with the very highest standards of quality and reliability in mind. For Toyota, quality is not just a promise; it's a way of life.

"From now on, I want everybody to put their efforts together and unite in finding a way to make superior vehicles."

Kiichiro Toyoda, Founder

Toyota Motor Corporation, May 1939

Choosing the right car depends on a variety of factors – lifestyle, motoring needs, budget and personality. We've taken all these and more to devise the comprehensive array of exciting cars that make up the Toyota Range.

At the heart of our philosophy is choice, not just in the different types of vehicle on offer but also within each model range. The result is Toyota can meet your exact needs and offer a car that's just right for you.

And because it's a Toyota, you know you can rely on its quality and reliability, not to mention its engineering excellence, safety features and durability.

For today and tomorrow, always choose Toyota.

Light but powerful, responsive yet economical, AYGO is the perfect way to get around the city.

Even in the business of faster, louder city life, AYGO stands out from the crowd. Sporty, accentuated curves hint at its nimble and agile performance, while its sleek aerodynamic shape suggests modern urban architecture. AYGO's compact size ensures narrow streets are no obstacle. As for parking, almost any space you like has your name on it – thanks to a tight turning circle and good all-round visibility.

AYGO's responsive 1.0 litre petrol engine makes it quick off the mark. It's available in four enticing versions – AYGO, AYGO+, AYGO Black and AYGO Blue. And colour-wise, AYGO is available in Chilli Red, whilst AYGO+ adds Ice Blue, Carbon Quartz and Crystal Silver metallic paint options. When it comes to style, performance and comfort, the AYGO is streets ahead.

With exclusive Tempest Black metallic paint as standard, the AYGO Black also sports some equally exclusive extras. The striking looks of the AYGO Blue meet with the latest Bluetooth® mobile technology for seamless, hands-free phone calls on the move.

The new AYGO by Toyota. Do something memorable.

3-door

- 1.0 litre VVT-i manual
- 1.0 litre VVT-i MultiMode

5-door

- 1.0 litre VVT-i manual

Bluetooth interface*
Air conditioning
Blue-stitched floor mats
Blue instrument-cluster surround
Air vents fitted with blue trim
Stitched leather gear knob (manual only)
Lidded glove box

* Requires a Bluetooth® compatible mobile phone.

Yaris is the compact car that's big on innovation. Take the SR, for example. An exterior welcoming light automatically bathes you on approach. Doors can be unlocked just by touching the handle. And a simple-to-use Smart Start feature enables you to start the engine at the push of a button.

No matter which grade you choose, you'll find plenty in the way of clever design, like the ability to fold the seats down, fully flat, in a second, creating truly class-leading luggage room. Sit behind the wheel and you'll also discover controls within easy reach, situated on an ergonomic, vertically aligned centre console that maximises interior space all round.

Beautifully contoured and meticulously finished, the Yaris also has the looks to match and, with a choice of powerful petrol and diesel engines, a driving performance to relish.

Choose from T₂, T₃, TR, T Spirit or SR models, all generously equipped with a leather steering wheel with integral audio system controls, front electric windows and a leather gear shift knob (unique brushed alloy on SR 1.3 VVT-i and 1.4 D-4D). You'll find that the Yaris is big on driving pleasure.

Yaris. Advanced thinking by Toyota.

New from Toyota, the Auris is a distinctly different breed of hatchback. Designed from the inside out, every detail has been created with the driver in mind.

Step inside and you'll find a bridged central console that blends alluring aesthetics with intuitive ergonomics. Closer controls and a raised gear lever and handbrake make everything easier to reach and driving noticeably more comfortable and rewarding. Paddle Shift fingertip controls on some models also enable you to change gears with your hands still firmly on the steering wheel, helping you stay even more in control.

The new Auris has all the looks too, with fluid body styling and muscular wheel arches. Roomy and practical, it offers cabin space previously unmatched in its class, dual-position reclining seats and a one-touch seat tilt-down function at the rear. As for safety, its 'Joint Best In Class' Euro NCAP award rating speaks for itself. There are also two powerful petrol engines and three responsive diesel engines available, providing all the smooth, potent power you need.

Transform your driving experience from the inside out – with the new Toyota Auris.

* TR only.

The Verso is an exciting blend of style and versatility. A compact 7-seater MPV offering 30 different seating configurations, including comfortable accommodation for up to seven people.

Offered in five grades, T₂, T₃, SR, T Spirit and T₁₈₀, Verso comes with a choice of four sophisticated engines – the efficient 2.2 litre D-4D diesel unit with a 140 or 180 engine, an eager 1.6 litre VVT-i -petrol engine and a more powerful 1.8 litre petrol power train, which is also offered with the benefit of MultiMode transmission for supreme driving flexibility.

Features include air conditioning, Optitron instrumentation, remote entry and push-button start and, depending on grade, a rear-seat DVD In-Car Entertainment system, satellite navigation with Park Assist (a rear-mounted camera safety system) plus an innovative Cornering Assist Camera.

ABS braking with EBD is standard throughout the range, while T₃, SR, T Spirit and T₁₈₀ grades also come with Vehicle Stability Control, Traction Control and Brake Assist. With a full set of front, side and curtain airbags – plus a driver's knee airbag – Verso is built with safety in mind.

The Verso has it all – style, space and the promise of sheer driving pleasure.

 Privacy glass
 Unique trim
 Unique silver stitching on steering wheel and gear knob

With its refreshed new look, sophistication doesn't come any more premium than the Avensis. Advanced technology, outstanding performance and superior comfort ensure every journey is made indulgent from beginning to end.

Choose from the elegant Saloon, versatile Hatchback or the sporty Tourer and from seven grades designed to reflect your own refined tastes. There's also a choice of five responsive engines – a 1.8 or 2.0 litre VVT-i petrol engine, or a 2.0 litre or two kinds of 2.2 litre D-4D diesel options, one of which is a strong 177 DIN hp High Power engine that comes exclusively with the T180 grade.

The new advanced full colour map navigation system, which is standard on T3-S, TR, T4, T Spirit and T180, takes the stress out of finding the right way, quickly and efficiently – every step is intuitive and instructions are simple to follow.

Behind the wheel, a 4-spoke steering wheel with mounted audio controls connects to an 8-speaker audio/CD player that can play MP3 and WMA format files. And to enhance the quietness of driving, the interior has been designed with ULC (Ultra Light Concept) insulation material, which also lightens the vehicle's weight and makes for better fuel economy.

Avensis. A quality decision, in every respect.

4-door saloon

- 1.8 litre VVT-i manual T2, T3-S, T3-X, TR

 Electric lumbar support on driver's seat
 Seat trim, leather seat facings

T₁₈₀ adds

Specific 17" wheels, grille and steering wheel
 Alcantara/leather seat trim

* Not available on T_{3.x}

Simply put, Prius is the most technologically sophisticated car in the world. Bringing the goal of zero engine emissions closer than ever, its innovative Hybrid Synergy Drive® system results in an extremely ultra-low emissions output, making it the most environmentally conscious hatchback in the world.

Yet for all its green credentials, Prius delivers remarkable performance power too, not to mention outstanding fuel economy. Its 1.5 litre VVT-i petrol engine intelligently combines with its 50 kW electric motor, resulting in an acceleration figure of 62 mph in just 10.9 seconds and a fuel economy figure of 65.7 mpg on the combined cycle.

Of course, it isn't only the innovative design of the engine that makes the Prius stand out amongst its peers. Its aerodynamic, perfectly streamlined body also provides plenty to please the eye, including a striking front grille. And, on the inside, a leather steering wheel and dashboard featuring a soft-touch paint finish add even more to its appeal.

T₃ models offer electric power steering and an electric vehicle mode switch, T₄ models, cruise control, and T Spirit, full map satellite navigation Bluetooth® technology and a rear parking monitor with Intelligent Parking Assist.

Prius. Real life innovation.

5-door hatchback

1.5 litre VVT-i hybrid automatic E-CVT T₃, T₄, T Spirit

PRIUS

Standard safety

with Electronic Traffic Avoidance (ETA)
Rear parking monitor with IPA

The RAV4 challenges not only expectations, but convention itself. Its evolved styling, innovative technology, premium comfort and outstanding agility put it far ahead of its peers, redefining what the SUV is all about.

A sophisticated Integrated Active Drive System and choice of three powerful engines means you'll also experience more driving exhilaration than you could ever imagine. This revolutionary technology, available depending on grade, enables the RAV4 to sharpen driving performance. By giving you more precise control and increased agility no matter what the weather or road conditions, you can re-discover what the thrill of the road is all about.

RAV4 is available in four appealing models and with a range of strong, quick-respond diesel and petrol options. The XT₃ features electric power steering, a radio/CD MP3 player and 17" alloy wheels. Leather seats, climate-controlled air conditioning and refrigerated glovebox are key attractions on the XT₄, while the XT₅ offers full map satellite navigation with Bluetooth® connectivity. Finally, with the T₁₈₀, you can enjoy even more innovative features, like Run Flat tyres, which keep going after a puncture and eliminate the need to carry a spare wheel.

RAV4. Recreation redefined.

Tyre pressure warning system
Unique front grille
Wheel arch extensions

With a pedigree going back more than 50 years, the Toyota Land Cruiser is the benchmark Sports Utility Vehicle (SUV), leading its class in off-road performance, engine power, interior space, technology and safety.

The Land Cruiser is offered in three- and five-door versions powered by either a 3.0 litre D-4D common rail turbo diesel engine that delivers outstanding torque and low fuel consumption, or a 4.0 litre VVT-i V6 petrol unit for powerful efficient engine performance.

All models are fitted with ABS braking with EBD and Brake Assist, while at the top of the range, Traction Control and Vehicle Stability Control are standard, as is Hill-start Assist Control – a world first – and class-leading Downhill Assist Control.

The comprehensive specification includes (depending on model): electric power seats and seat heaters, dual-zone climate control, Optitron instrumentation, cruise control and satellite navigation system.

Wherever you explore, you can depend on the Land Cruiser.

Rain sensitive windscreen wipers
Rear seat audio controls
Rear-view monitor system
Remote central double locking and alarm
TEMS – Toyota Electronic Modulated Suspension
Tilt and telescopic steering wheel

The spacious, versatile Hiace is designed to meet a wide range of business needs.

Powered by an ultra efficient, direct-injection common rail diesel engine with a choice of power output, both of which deliver outstanding performance with low cost of ownership.

The Hiace is highly manoeuvrable, thanks to power steering, all-round independent suspension and a turning radius of just 5.5 metres (SWB). And with a 5-speed gearbox, ventilated front disc brakes and ABS on all models, it is ideally equipped for tough urban conditions.

Just as impressive is its load capacity. The Hiace Standard Wheelbase can accommodate up to six cubic metres of cargo, while the Long Wheelbase adds a useful extra cubic metre and increased payload. Both wheelbases are offered with a choice of swing-out rear doors or tailgate, plus a sliding side door on all models. A rear loading height of less than 21 inches makes loading and unloading so easy.

With a high level of equipment and safety specification and low cost of ownership, the Hiace is a great business asset.

Standard Wheelbase

280 1 rear door 95 or 120 DIN hp
280 2 rear doors 95 or 120 DIN hp

Long Wheelbase

300 1 rear door 95 or 120 DIN hp
300 2 rear doors 95 or 120 DIN hp

HIACE

Standard safety

- ABS brakes
- Crumple zones and side impact beams
- Driver's airbag and optional passenger airbags
- Energy absorbing steering wheel
- Seat belt pre-tensioners (outboard seats) and force-limiters
- Ventilated front disc brakes
- Full bulkhead with window

Features include

- Adjustable driver's seat
- Driver's armrest
- Height-adjustable seat belt
- Electrically adjustable and heated mirrors
- Electric front windows
- Central storage box and clipboard
- Power steering
- RDS stereo with CD player
- Rear tailgate door or twin opening doors

- Solar tinted glass
- Twin 12V batteries
- Mud flaps and load area floor protector
- Tachometer
- Tilt-adjustable steering column
- Rear window de-fogger

Hilux delivers whatever you need it to, both off-road and on. Its rock solid chassis is designed to be supremely robust, with a TOP frame (Toyota Outstanding Performance Platform) that requires fewer welding joints.

Available in three tough body styles – the resilient Single, flexible Extra and roomy 5-seater Double Cab – the Hilux gives you all the options you need. A powerful 2.5 litre D-4D common rail turbo diesel engine is standard on all HL₂ grades, producing 325 Nm of torque at 2000 rpm mode, making towing no obstacle and shifting any payload seem utterly effortless.

Optional on HL₃ and standard on Invincible is the mighty 3.0 litre D-4D producing 171 DIN hp and 343 Nm of torque at 1400–3400 rpm. Available in a choice of 5-speed manual or 4-speed automatic, the engine ensures responsive and refined acceleration in all gears, whatever the cargo.

All Hilux models come with air conditioning, CD player, electric windows, ABS and remote central door locking as standard. The Invincible adds 16" metallic-finish alloys, stainless steel side bars, front fog lamps and privacy glass.

Hilux – truly unbreakable.

Electronic Traffic Avoidance (ETA)
Leather-covered gear shift knob
Leather-covered steering wheel
Rear privacy glass
Stainless steel side running bars

The Toyota Dyna is a versatile chassis cab vehicle with an enviable record of success throughout the world. It is offered with a choice of three chassis, the 300 SWB or the larger 350 MWB and LWB models along with a variety of body configurations to suit need and budget – Dropside, Tipper plus built to order Box Van or Single Car transporter to name but a few.

The Euro IV turbocharged common rail, direct injection 3.0 litre diesel engine develops 109 DIN hp and 286 Nm of torque. The Dyna provides power in tough circumstances, while returning excellent fuel economy.

With power-assisted steering, excellent visibility and a turning radius of just 4.5 metres, this practical workhorse is very manoeuvrable, light to drive and comfortable, too. There's room for three occupants, plenty of storage compartments and cup holders, plus a two-speaker stereo radio/CD player.

For reassurance, all Dynas are fitted with central locking, immobiliser and cab tilt security as standard and its safety features include ABS, driver's airbag, strong cabin structure and side-impact beams.

Dyna – loads more ways to the get the job done.

- RDS CD/tuner
- Remote central locking with engine immobiliser
- Roof crown storage lockers
- Tachometer
- Twin rear wheels on 350 models

Body options standard

- Dropside
- Tipper

Built to order options

- Box Van or Curtain Side
- Car Transporter
- Steel Dropside
- Tipper Cage

Drive Plans from Toyota Financial Services

We want to make acquiring and maintaining your Toyota as easy as driving one. Our range of Toyota Drive Plans have been designed specifically with this in mind, to offer you a choice of affordable ways to finance, service and maintain your new car. Above all our plans offer flexibility, easy budgeting and peace of mind and can be arranged as a one-stop-shop when you select your Toyota.

Easy Start

With Easy Start finding a large deposit is not an issue. Just the equivalent of one monthly payment in advance is all that is needed to drive away in a Toyota. This simple and innovative plan, based on our popular PCP Drive Plan, is ideal for younger customers or families on a tight budget.

Easy Drive

Easy Drive is a comprehensive finance package, with one monthly payment taking care of most of your motoring needs for two or three years. The plan includes the cost of a Toyota on a PCP Drive Plan and an Easy Care servicing plan covering routine, major and intermediate services.

Easy Care

For those who value the peace of mind of a pre-paid servicing package we can offer Toyota Easy Care. The plan ensures that your Toyota will receive the very best maintenance and servicing. Easy Care covers routine major services (including routine servicing, parts and labour) and intermediate oil and filter services.

Business Drive

Business Drive offers the security of a fully maintained Contract Hire package, ideally suited for VAT registered businesses. The package offers a host of benefits including reduced capital outlay, all-inclusive monthly rentals and no depreciation, disposal or administration problems.

Flexible Finance

However, Drive Plans are about more than just these four schemes. Whatever your needs, Toyota Financial Services have a full range of finance options to offer you. We also have a range of insurance products including Guaranteed Asset Protection and Payment Protector to help you protect you and your investment in your car. Whether you're a private motorist or a business customer, just discuss your individual requirements with your Toyota Centre, who will be pleased to help you choose a Drive Plan to suit you.

Licensed credit broker. Indemnities may be required. All finance subject to status to over 18s only.

Toyota Financial Services (UK) PLC, Great Burgh, Burgh Heath, Epsom, Surrey KT18 5UZ.

Toyota Financial Services is authorised and regulated by the Financial Services Authority.

Advanced peace of mind

Your Toyota is designed for all those who want to get a little extra out of life. That's why you can expect a lot more than a sophisticated driving experience. Owning a Toyota means you enjoy the peace of mind afforded by Toyota's global reputation for quality and integrity.

On the day you purchase your vehicle, your retailer will present you with the 'Vehicle Passport'. It's a guide to getting the best out of your Toyota and its comprehensive range of features. Of course, your retailer will explain the vehicle to you in detail – and always be available should you require any assistance.

Intelligent design

Your Toyota is designed and engineered to minimise the maintenance overhead. There are fewer parts that require servicing and those that do are inherently durable to extend service intervals. Equally important is that vehicle technology is made easily accessible so that maintenance labour time can be minimised. These features combine with the highly competitive pricing of Toyota spares to ensure the lowest cost of maintaining your vehicle in an ideal working condition.

Toyota quality service

Your Toyota retailer will talk you through the vehicle 'Health and Safety' maintenance programme. The programme is very straightforward and designed for your convenience. In effect, your Toyota needs a full Health and Safety check, dependent on driving style and conditions, up to once every two years or 30,000 km (whichever comes sooner). An intermediate Health and Safety check is necessary every year or 15,000 km.

Toyota warranty

Comprehensive terms

The warranty covers any defect caused by a manufacturing or assembly fault. It is valid for three years of normal use or 100,000 km, whichever comes first, with no mileage limitation for the first year.

If the car is immobilised due to a breakdown (as a result of a defect covered under warranty), you will also be covered for the cost of towing your vehicle to the nearest authorised Toyota repairer.

Rust and paint defects

The warranty also covers surface rust and paint defects appearing on any of the painted body panels as a result of a fault in material for a period of 3 years, regardless of mileage.

Corrosion cover

The warranty offers 12 years' coverage, regardless of mileage, against perforation of the bodywork (from inside to outside) that develop due to corrosion caused by faults in material or workmanship.

Toyota genuine parts

Your vehicle is designed to minimise the cost of accident repair. Energy absorbing elements are built into the bumpers, expensive to replace parts are located away from damage zones, and commonly damaged body parts are bolted rather than welded. As a result, the extent of damage is limited and damaged parts are easy to remove, replace or repair. Ultimately, this means very low part and labour charges.

Added security

Your vehicle's security system withstands the insurance industry's rigorous five-minute attack test and provides excellent protection. Both the alarm system and engine immobiliser are approved by Europe's major insurance companies.

Toyota accessories

Toyota accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. Tailor-made for your Toyota, they fit perfectly and add a personal touch of style, comfort or practicality. And because they've been tested under the most severe conditions, you can have complete confidence in their reliability and durability. To add to the reassurance, every genuine Toyota accessory has a three-year warranty*.

* Check with your retailer for specific warranty details.

Customer Services

Club Toyota

When you buy a Toyota you automatically become a member of Club Toyota, for 12 months free of charge. This entitles you to take advantage of a host of benefits including free RAC Roadside Assistance in the UK and Europe, specially negotiated rates for travel insurance, plus exclusive offers and promotions through our quarterly customer magazine.

Toyota Drive Plans

Toyota Drive Plans make acquiring and maintaining your new car as easy as driving it. They offer a choice of affordable ways to help you buy, finance, service and maintain your Toyota. The range of plans has been structured to offer you flexibility, easy budgeting and peace of mind.

- Easy Start is an exciting new low deposit plan.
 - Easy Care offers the complete reassurance of prepaid servicing.
 - Easy Drive is a comprehensive plan which takes care of most of your motoring needs for two to three years with one monthly payment.
 - Business Drive is a fully maintained contract hire package most suited to small business customers.
-

Whatever your personal preference, your Toyota Centre can tailor a Drive Plan to suit your needs perfectly – driving a new car has never been so easy. Written quotations available on request. All agreements subject to status. Indemnities may be required.

Toyota Motor Insurance

Toyota Motor Insurance is available for Toyota owners at competitive premiums. To obtain details of the benefits included and to arrange a quotation, please contact your local Toyota Centre or call 0800 350 500.

Toyota Fleet

Toyota Fleet provides complete business solutions for companies that run business vehicles. For more information on how Toyota Fleet can deliver your fleet requirements, either contact Toyota Fleet on 0845 271 2712 or find your

local Toyota Business Centre by calling 0845 275 5555. (Calls to Toyota may be monitored or recorded to improve customer service).

Toyota Warranties

Every new Toyota comes with a three-year/60,000-mile manufacturer's warranty, covering your car against the unlikely event of a manufacturing defect causing a mechanical fault. It includes coverage for paint and surface rust for three years, unlimited mileage and a 12-year anti-perforation warranty. After the initial warranty period has ended, you can extend your warranty until the vehicle is seven years old – choosing from a range of packages to suit your vehicle and your needs. All of our warranties cover the main component parts of the vehicle* meaning that you pay for nothing beyond routine servicing and maintenance, so there are no unexpected bills to pay.

* With the exception of batteries, corrosion of exhaust, and damage or wear to the interior.

Toyota Accident Assistance

Toyota provides a comprehensive accident management service to all Toyota drivers, giving advice, assistance and practical help free of charge in the event of an emergency.

Toyota Approved Used Car Scheme

All Toyota Approved Used Vehicles come complete with a delivery Pre-check, a mileage check, a free 600-mile or one-month inspection, 12 months Club Toyota membership* and a 14-day no-quibble exchange plan.

* Except on non-Toyota vehicles.

Toyota End-Of-Life Vehicles

The legislation on End-Of-Life Vehicles offers Toyota drivers a new and innovative way of returning their old vehicle to the producer. For more information about End-Of-Life Vehicles please refer to www.toyota.co.uk/environment

The pulp used in this paper is chlorine free and comes from sustainable sources. Please refer to www.toyota.co.uk for further environmental information.
