The BMW 3 Series 330i Convertible

BMW UK

Introduction

BMW 3 Series Convertible

Driving pleasure is taken to another dimension in the BMW 3 Series Convertible, thanks to an expertly engineered balance of open-top exhilaration and the dynamic certainties and revelations the world expects of a new convertible from BMW. The elegant, assured lines of the bonnet merge into a resolute, flat shoulderline. The rear takes shape in a low-slung configuration that is both pleasing on the eye whilst giving a clear message that the car is perfectly poised. With the top down, the windscreen angle and seating position places the driver and front passenger within reach of the sky. Making it happen is a pleasure in itself due to the fully automatic opening and closing of the innovative retractable hard-top. Even when the roof is closed, the all-round view is appealing. Whatever the viewpoint, the pleasure is all yours.

Pricing

Price shown as 'on the road'

330i SE	£37,160
330i M Sport	£39,715

Company car tax

Car benefit charges for cars with an approved CO2 emissions figure

Model Description	CO2 Taxband	CO2 Emission
330i SE	25% (25%)	185.0 (187.0)
330i M Sport	25% (25%)	185.0 (187.0)

Company car tax information for automatic cars is shown in brackets.

BMW EfficientDynamics delivers impressive emissions reductions and better fuel consumption without sacrificing driving pleasure. This is achieved through a combination of intelligent engine management systems, innovative new technologies and the use of lightweight materials.

Active Aerodynamics.

Actively controlled air flaps regulate air flow to the engine and braking systems. By opening and closing these flaps, the engine is able to reach its operating temperature quicker, whilst vehicle drag is also reduced – helping the car move through the air more easily and reducing fuel consumption and emissions.

Electric Power Steering.

By using an electric motor to assist the steering, not only is the system lighter in weight than conventional hydraulic power steering, thereby reducing fuel consumption and emissions – but assistance can also be varied to aid the driver at lower speeds.

Brake Energy Regeneration.

Intelligent Alternator Control monitors battery condition, engaging the alternator only when the battery requires recharging. This reduces the demands on the engine, reducing fuel consumption and emissions. In addition, when the car's brakes are applied or when coasting downhill, this system automatically engages the alternator to charge the battery, recycling energy that would otherwise be wasted.

Lightweight Engineering.

The overall weight of the vehicle is reduced through the use of lightweight materials such as thermoplastic, aluminium and magnesium alloy. The results are enhanced driving dynamics and improvements in both fuel economy and weight distribution.

The BMW 3 Series 330i Convertible

BMW UK

Optimum Shift Indicator.

A small visual display on the car's instrument cluster shows the optimum gear for any driving situation. This gives drivers the opportunity to adopt a more fuel-efficient driving style.

The BMW 3 Series 330i Convertible

BMW UK

Accessories - Introduction

The new BMW 3 Series Convertible. Setting a new benchmark in the small executive market. With six-speed manual and automatic gearboxes the new 3 Series Convertible delivers an even more dynamic driving experience than ever before. Enhancing the latest technology has to offer, many of the engine parts are 30% lighter and the bodysell is 25% stiffer than the previous 3 Series. Increased levels of performance are achieved; the cars accelerate faster; with higher top speeds but not to the detriment of economy. These and a host of other improvements ensure that the 3 Series Convertible remains established as the defining car of its generation and market sector.

The BMW 3 Series 330i Convertible

BMW UK

Accessories - Exterior styling

Aerodynamic Package (Convertible)

Kit consists of attachments for the front and rear aprons.

Wind deflectors

Exhaust pipe covers in chrome

Powerfully designed and superbly crafted.

Locking wheel bolts

These bolts have a special inner tothing which can only be undone with the special tool provided.

Carbon Aerodynamic components - M Aerodynamic kit only

For the front apron, made from carbon fibre and developed using technology from the M3 CSL, these attachments further accentuate the powerful looks of the BMW 3 Series.

Rear boot lid spoiler

Further emphasises the sporty appearance and dynamic lines. Primed.

Locking wheel bolts - McGard Design

Accessories - Interior styling

M Sports Leather-covered steering wheel

Leather-covered gear lever knob

With an aluminium effect.

Leather covered steering wheel

Interior trim strips titanium strips

Consist of interior trim strips for the dashboard, the centre console and the doors. (Image not shown)

Fine wood handbrake grip

Available in Burr Walnut and Variegated Poplar. Rounds off the trim perfectly.

Leather-covered selector lever grip

With Variegated Poplar decorative strip. (Image not shown)

M Sports Leather-covered gear lever knob

Leather-covered selector lever grip

With an aluminium effect. (Image not shown)

Leather-covered handbrake grip

Decorative wood trims for leather covered steering wheels

Available in Burr Walnut and Variegated Poplar. For steering wheels with and without multifunction.

Leather-covered gear lever knob

With Variegated Poplar decorative strip.

Leather-covered gear lever knob

With Burr Walnut decorative strip.

Accessories - Interior styling

Leather-covered selector lever grip

With Burr Walnut decorative strip.
(Image not shown)

Aluminium sports pedals

Only available for cars with automatic transmission.

Rubber floor mat with textile insert

Two part – dirt-repellent and water-resistant.

Illuminated door entry strips

The decorative feature set into these aluminium strips has a chrome appearance in daylight. When the light fades this is subtly illuminated.

Velour floor mats

Dirt repellent and water resistant.

Movable front armrest

Folding and individually adjustable. Including integrated storage compartment.

CD/DVD holder

For easy attachment to the sun visor. Holds up to ten CDs or DVDs.

City floor mats

In four parts, they are dirt repellent and water-resistant.

Stainless steel pedals

Only available for vehicles with automatic transmission.

Seat belt holder

Facilitates easy access to the belt from any seat height and position.

Garmin® nüvi® 205WT

- Full turn-by-turn prompts with voice guidance, unit will prompt you to "Turn right in 500 feet".
 - Pre-loaded with regional mapping (UK and Ireland).
 - 2 year warranty .
 - Easy-to-use, 4.3" touchscreen display .
 - Full UK postal code search . Vehicle suction cup mount .
 - Detailed 3D or 2D birds-eye view mapping.
 - GTM 25 integrated FM TMC traffic receiver with free lifetime subscription which notifies you of traffic and automatically suggests alternative routes* .
 - Includes Garmin Lock™ anti-theft feature.
 - Configurable car icons.
 - Built-in lithium-ion battery: lasts up to four hours depending on usage.
 - Safety camera alerts enabled by Cyclops™ data (30 days free trial subscription to download updates).
 - Sleek, ultra-slim design fits easily in pocket.
 - Auto re-route (fast off-route and detour recalculation).
 - Custom POI's (ability to add additional points of interest).
 - Photo navigation (navigate to geotagged photos).
-
- High-sensitivity GPS receiver for improved performance and reception.
 - Trip computer records mileage, max speed, total time and more.
 - Built-in travel kit includes features such as picture viewer, world clock, currency and measurement converters and calculator.
 - SD memory card expansion slot. Weight: 173g

CD changer

Holds up to six CDs and is fitted in the luggage compartment to save space.
(Image not shown)

Universal hands-free kit

Snap-in adaptors have been developed specifically for use with the Universal hands-free kits. For full details of the snap-in adaptors available please speak to your BMW Dealer.

DVD system

This compact system includes a 7" fold down screen, which is mounted onto the vehicle's headlining. Infra red headphones and an infra red remote control are also included. The system can also play audio CDs (including MP3s) and camcorders or games consoles can also be connected via an external connecting jack point.

Snap-in adaptors for vehicles equipped with Bluetooth

By using a phone-specific and easily interchangeable snap-in adapter, every driver can make calls on their mobile phone via the hands-free kit and simultaneously charge their phone.

Bluetooth hands-free kit

Suitable for a variety of brands of mobile phone. By using a phone-specific and easily interchangeable snap-in adaptor, calls can be made via the hands-free kit whilst charging the phone at the same time. The kit is operated by the following integrated devices: voice control, the on-board monitor or the multi-function steering wheel depending on the vehicle's specification. Snap-in adaptors are available separately.

Accessories - Mobile communications

Digital roadmap update discs for your integrated Navigation systems

Using the digital road maps, the computer can quickly work out the best route. DVDs containing updated information are released twice a year and contain RDS-TMC traffic information, directory of BMW Dealers and Falk travel guide with new points of interest.

Each release includes up to 15% of changes to the road network each year.

The BMW 3 Series 330i Convertible

BMW UK

Accessories - Versatility

Protective rear cover

Interface for Apple iPod

The iPod interface allows the Apple iPod, iPod mini and iPod Photo to be connected to your vehicle's audio system. By selecting genres, artists, albums and playlists it is now possible to access your entire music collection at any time in your car.

The music stored on the iPod is played by the audio system and the iPod is also charged at the same time. To ensure that you do not lose control of this volume of music, the audio display integrated in the dashboard shows the current track or your position in the selection menu. The maximum number of folders that can be displayed is 255 and 1 folder equates to 1 artist or 1 album (non SA6FL). When iPod connector is fitted, CD changer function is disabled and can no longer be used.

Compatibility is dependent on vehicle specification. Please contact your local dealer for further information.

iPod is a trademark of Apple Computer, Inc

Coat hanger

Attaches easily and securely to the head restraint.

Umbrella bag

With matching BMW umbrella. Installed in the front passenger footwell for ease of use.

Accessories - Safety and security

BMW Approved Stolen Vehicle Recovery products

Car thieves are becoming more sophisticated. Fortunately for you, so is BMW's additional security. BMW is a company of constant innovation. This on-going programme includes the advancement of anti-theft devices for your vehicle. If your vehicle already has security equipment, it is likely that BMW's additional security can enhance the factory-fitted system you presently rely on. This includes the availability of the ultimate BMW Approved, stolen vehicle recovery systems, which are now able to locate vehicles in Europe* as well as mainland Great Britain. Once installed by BMW factory trained technicians, the products may entitle you to a reduction in your vehicle insurance premiums.

*Please contact your BMW Dealer for further details.

Reversing camera

Ensures maximum safety when reversing. As soon as reverse gear is selected the area behind the car is filmed with a wide angle of 131° by a camera in the luggage compartment lid. The image is then shown on a display which is integrated in the ventilation duct in the upper area of the centre console.

Front camera

For safe turning at road junctions with poor visibility. The camera is located in the middle of the car under the front bumper. A camera and a special prism glass record the cross-traffic and show the image on a colour display which is integrated in the ventilation duct in the upper area of the centre console. Requires retrofit kit switchbox and retrofit kit monitor (monitor will be integrated into the ventilation nozzle).

Car cover, outdoor

This breathable and washable car cover is easy to handle. Heat reflective and completely waterproof, it has a silver-coloured, dirt-repellant surface with a BMW logo.

Protective outdoor cover

Protective outdoor cover. For windscreen and front side windows.

Halogen reading lamp

An anti-dazzle light for map reading. The bendy arm allows you to adjust the beam in any direction.

Dog safety harness

Suitable for securing dogs on the rear bench seat and thereby enhances passenger protection. A lead can also be secured to a metal ring. Available in three sizes.

Rechargeable torch

This small torch with a magnifying lens has a rechargeable battery and can be connected to the cigarette lighter socket for recharging.

Accessories - Safety and security

Jump leads in Genuine BMW pouch with protective circuit

Tow-bar

Powder-type fire extinguisher

Located under the driver's seat for easy access.

Warning jackets

Neon-colour safety jackets.

Warning triangle with holder

Tow-cable

First aid pouch

Rear-view mirrors

Automatic anti-dazzle when light from vehicles travelling behind hits the mirrors. They are available with a digital compass which indicates the direction in a 45° scale or with a universal remote control which activates most garage doors. Fitting is dependent on the specification of your car. Your BMW Dealer will be pleased to advise you.

TRACKER Response

This system is the leading tracking product in the UK. Driver Validation tags are used to confirm authorised vehicle movement. This means that in the unlucky event of the thief stealing the vehicle keys, TRACKER Response will monitor the vehicle movements. Once moved without the use of Driver Validation tags, the system will contact the TRACKER control room. Vehicle key theft is a rapidly growing crime and this feature will enable faster access to your vehicle's position. System features an innovative customer website so that your vehicles location can be identified day or night. (Image not shown)

TRACKER Monitor

TRACKER Monitor is a small electronic homing device hidden in your vehicle. It has no tell-tale antennae or aerials to give its presence away and is also intelligent enough to detect the possible illegal movement of your vehicle. Therefore, either when you report a theft or the TRACKER Network Control Room contact you to advise you of a possible illegal movement, the unit is activated via a network of radio transmitters. Once activated, the unit emits a silent signal which allows computers fitted in Police cars and helicopters to track your vehicle - and anyone driving it - down to their exact location. (Image not shown)

Junior Seat I-II

The BMW Junior Seat I-II with height and tilt adjustable backrest and restraint cushion is an ideal solution for children between 9 months and 7 years (9 to 25 kg body weight). The restraint cushion offers ideal protection to children from 9 months up to approx. 4 years: It reduces the impact of the forces acting on the cervical spine in the event of an accident. For children with a body weight in excess of 18 kg or approx. 3.5 years, the restraint cushion is no longer used. Your child is then secured in using the vehicle seat belt.

TRACKER Horizon

This system includes TRACKER Monitor with GPS/GSM technology. Combined with TRACKER Monitor technology this system allows the TRACKER Network Control Room to track your vehicle with GPS/GSM on a computer-based road map. This allows the Control Room to communicate this information to the police. In conjunction with the on-board homing device, the police are able to ensure a safer and faster recovery of your vehicle, thus reducing the damage risk to your vehicle. (Image not shown)

Baby Seat 0+

The ideal seat for the smallest of children weighing up to 13-kg (approx. 18 months). The system consists of a frame installed in the vehicle and a portable baby shell.

The BMW Baby Seat 0+ is fitted in the opposite direction of travel. This significantly reduces the pressure exerted on the child's cervical spine in the event of a frontal collision. With the optionally available seat size reducer, the BMW Baby Seat 0+ can be ergonomically adapted to fit newborns.

Junior Seat II

The BMW Junior Seat II is offered without restraint cushion for children over 15 kg and approx. 3.5 years.

The ISOFIX preparation may only legally be used for children up to 18 kg. Accordingly, the BMW Junior Seat II is not available with the ISOFIX option.

Accessories - Safety and security

Junior Seat II-III

The BMW Junior Seat II - III has a size scale for up to 150 cm which allows optimum setting of the headrest and upper belt guide. With side, height and seat back adjustments the Junior seat II-III has been designed with optimum safety and comfort in mind.

ISOFIX preparation may only legally be used for children up to 18 kg. Accordingly, the BMW Junior Seat II-III is not available with the ISOFIX option. The seat is secured by the vehicle's own three-point seat belt with belt guides for simple mounting.

Accessories - Car care

BMW Seal & Protect

BMW Seal & Protect is the only fully approved BMW paint, interior carpet /cloth upholstery protection system. It provides an outstanding long-lasting shield against the environment and safeguards your investment by preserving the high quality finish of your car's surfaces.

Utilising high-performance sealants, your purchase involves a Dealership-applied BMW Hard Wax to the exterior paintwork. As a result, exterior surface resilience and water repellence is increased by over 300%. And the long-standing protection that BMW Seal & Protect provides simultaneously has a regenerating effect on the paintwork, for a lasting shine.

The same scientific detail is also applied inside your car, with an impregnating agent for carpets and cloth upholstery to ensure that treated materials do not soak through when exposed to moisture.

Please speak to your BMW Dealer for further details.

Wheel rim cleaner, 500ml
