The BMW 5 Series 525i Touring

BMW UK

Introduction

BMW 5 Series Touring

A great idea is often the result of a challenging question. Take the 5 Series Touring, for example. The question concerned unifying the renowned sporting dynamism of BMW with spacious practicality and luxurious comfort. There was never a doubt that it could be achieved, however. The real challenge was to deliver new heights of personal satisfaction in every area. Enhanced driving pleasure on all levels. That's why this BMW offers so much when it comes to adaptable, innovative space, performance, advanced technology and elegant style. The BMW 5 series touring. An inspirational idea.

Pricing

Price shown as 'on the road'

525i SE	£32,920
525i M Sport	£36,040

Company car tax

Car benefit charges for cars with an approved CO2 emissions figure

Model Description	CO2 Taxband	CO2 Emission
525i SE	24% (24%)	183.0 (184.0)
525i M Sport	24% (24%)	183.0 (184.0)

Company car tax information for automatic cars is shown in brackets.

BMW EfficientDynamics delivers impressive emissions reductions and better fuel consumption without sacrificing driving pleasure. This is achieved through a combination of intelligent engine management systems, innovative new technologies and the use of lightweight materials.

Active Aerodynamics.

Actively controlled air flaps regulate air flow to the engine and braking systems. By opening and closing these flaps, the engine is able to reach its operating temperature quicker, whilst vehicle drag is also reduced – helping the car move through the air more easily and reducing fuel consumption and emissions.

Brake Energy Regeneration.

Intelligent Alternator Control monitors battery condition, engaging the alternator only when the battery requires recharging. This reduces the demands on the engine, reducing fuel consumption and emissions. In addition, when the car's brakes are applied or when coasting downhill, this system automatically engages the alternator to charge the battery, recycling energy that would otherwise be wasted.

Lightweight Engineering.

The overall weight of the vehicle is reduced through the use of lightweight materials such as thermoplastic, aluminium and magnesium alloy. The results are enhanced driving dynamics and improvements in both fuel economy and weight distribution.

Optimum Shift Indicator.

A small visual display on the car's instrument cluster shows the optimum gear for any driving situation. This gives drivers the opportunity to adopt a more fuel-efficient driving style.

Accessories - Introduction

Tour de force. However long the journey, the 5 Series represents sheer driving pleasure. Thanks to its use of lightweight materials, this touring marvel sets new standards among its executive peers for performance, fuel economy, accommodation and handling. And of course, its dramatic lines and immaculate cabin architecture will always stand out from the crowd. With such a brilliant starting point, it's hard to suggest ways to improve on the 5 Series. But Genuine BMW Accessories really can make it even more appealing, either for style, performance or practicality.

Accessories - Exterior styling

18" M Double spoke styling 184

Complete wheel and tyre set with Run-flat tyres. 8x18" 245/40 R18 93Y (front & rear)

18" Star spoke styling 123

Complete wheel and tyre set with Run-flat tyres. 8x18" 245/40 R18 93Y (front and rear)

17" Double spoke styling 116

Single wheel only 7.5x17".

17" Spider spoke styling 138

Complete wheel and tyre set with Run-flat tyres. 8x17" 225/50 R17 94W (front and rear)

Mudflaps

Protect the car against dirt and road chippings around the wheel arches. Available for the front and rear wheels.

Carbon aerodynamic additions - M Aerodynamic kit only

Black line rear lights

Accentuates the vehicles unique lines. (Image not shown)

Anti-theft wheel locking bolts

The bolts have a special inner tooth system and can only be undone with the special tool supplied.

18" M Double spoke styling 135

Complete wheel and tyre set with Run-flat tyres. 8x18" 245/40 R18 93Y (front & rear)

18" Star spoke styling 124

Complete wheel and tyre set with Run-flat tyres. 8x18" 245/40 R18 93Y (front and rear)

17" Star spoke styling 122

Complete wheel and tyre set with Run-flat tyres. 8x17" 245/45 R17 95W (front and rear)

17" Cross spoke styling 144

Complete wheel and tyre set with Run-flat tyres. 8x17" 245/45 R17 95W (front and rear)

Carbon rear diffuser - M Aerodynamic kit only

M aerodynamic packages (Touring)

Package consists of front and rear bumpers and side skirts.

Locking wheel bolts - McGard Design

Accessories - Interior styling

M Series, door entry strips

Stainless steel strips for front and rear doors. (Image not shown)

Leather selector lever grip

City floor mats

(Image not shown)

Leather gear lever knob

Aluminium sports pedals

Rubber floor mats

Accessories - Interior styling

Halogen reading light

Anti-dazzle light for map reading. The light beam can be pointed in any direction thanks to the flexible arm.

Illuminated door entry strips

The decorative feature set into these aluminium strips has a chrome appearance in daylight. When the light fades this is subtly illuminated.

Velour floor mats

In four parts, they are dirt-repellent and water-resistant.

BMW Junior Seat I-II

The BMW Junior Seat I-II with height and tilt adjustable backrest and restraint cushion is an ideal solution for children between 9 months and 7 years (9 to 25 kg body weight). The restraint cushion offers ideal protection to children from 9 months up to approx. 4 years: It reduces the impact of the forces acting on the cervical spine in the event of an accident. For children with a body weight in excess of 18 kg or approx. 4 years, the restraint cushion is no longer used. Your child is then secured in using the vehicle seat belt.

Accessories - Mobile communications

Garmin® nüvi® 205WT

- Full turn-by-turn prompts with voice guidance, unit will prompt you to "Turn right in 500 feet".
- Pre-loaded with regional mapping (UK and Ireland).
- 2 year warranty .
- Easy-to-use, 4.3" touchscreen display .
- Full UK postal code search . Vehicle suction cup mount .
- Detailed 3D or 2D birds-eye view mapping.
- GTM 25 integrated FM TMC traffic receiver with free lifetime subscription which notifies you of traffic and automatically suggests alternative routes* .
- Includes Garmin Lock™ anti-theft feature.
- Configurable car icons.
- Built-in lithium-ion battery: lasts up to four hours depending on usage.
- Safety camera alerts enabled by Cyclops™ data (30 days free trial subscription to download updates).
- Sleek, ultra-slim design fits easily in pocket.
- Auto re-route (fast off-route and detour recalculation).
- Custom POI's (ability to add additional points of interest).
- Photo navigation (navigate to geotagged photos).

- High-sensitivity GPS receiver for improved performance and reception.
- Trip computer records mileage, max speed, total time and more.
- Built-in travel kit includes features such as picture viewer, world clock, currency and measurement converters and calculator.
- SD memory card expansion slot. Weight: 173g

CD/DVD holder

For easy attachment to the sun visor. Holds up to ten CDs or DVDs.

Bluetooth Snap-in adapters

A robust docking system is available for a selection of Nokia, Motorola and Sony Ericsson mobile phones, plus RIM BlackBerry® and Apple iPhone™ devices*. Using a phone-specific and easily interchangeable snap-in adapter, every driver can make calls on their phone via the hands-free kit. Connecting the phone to the vehicle's external aerial improves reception and minimizes radiation inside the cabin. The phone battery charges while it is connected to the adapter. * Also available for certain handsets from other mobile phone manufacturers.

Voice input

Enable operation of navigation, telephone and most iDrive commands via voice command. Only for cars with Professional Navigation System.

Accessories - Mobile communications

Professional Navigation

For vehicles with Navigation Business.

Digital roadmap update discs for your integrated Navigation systems

Using the digital road maps the computer can quickly work out the best route. Maps covering the whole of Western Europe are available on DVD.

Snap-in adaptors for vehicles equipped with Bluetooth

By using a phone-specific and easily interchangeable snap-in adaptor, every driver can make calls on their mobile phone via the hands-free kit and simultaneously charge their phone.

Bluetooth hands-free kit

Suitable for a variety of brands of mobile phone. By using a phone-specific and easily interchangeable snap-in adaptor, calls can be made via the hands-free kit whilst charging the phone at the same time. The kit is operated by the following integrated devices: voice control, the on-board monitor or the multi-function steering wheel depending on the vehicle's specification. Snap-in adaptors are available separately.

Business Navigation

Portable DVD player

A docking station integrated in the roof lining on a level with the driver and front passenger's seats accommodates the portable DVD player. The system is equipped with a 10.2" TFT colour screen and can be easily removed for use at home or on holiday. DVDs can be played in brilliant picture quality as well as audio CDs, also in MP3 format. A jack plug socket allows the effortless connection of, for example, a games console or a video camera.

Includes a power pack, an infrared remote control, two cordless stereo headphone sets and a carrier pouch as standard.

Universal hands-free kit

Snap-in adaptors have been developed specifically for use with the Universal hands-free kits. For full details of the snap-in adaptors available please speak to your BMW Dealer.

iPod Interface

The iPod interface allows the Apple iPod, iPod nano, iPod mini and iPod Photo to be connected to the car's electrical system. The music stored on the iPod is played by the audio system and the iPod is also charged at the same time. By selecting genres, artists, albums or playlists, it is possible to access your music collection at any time. Depending on the equipment in the car, operation is via the iDrive controller. All lists, tracks or artists are displayed on the on-board monitor or the radio display.

The iPod interface supports the following functions:

- Playback of all tracks stored in the iPod
 - Operation of the iPod interface via iDrive controller
 - Track search by artist, album, playlist or genre using the on-board monitor or radio display
 - Podcast playback
 - SC/SCAN: Play the tracks in the current list for 10 seconds each
 - RND/RANDOM: Random playback of all tracks stored in the iPod
 - RPT/REPEAT: Repeat the current track
 - Track jump: Jump to the next or previous track
 - Fast forward
 - Display of detailed information about the current track (artist and time index)
 - Charge the iPod battery
- Supplied package Interface
- iPod connection cable
 - Fibre optic cable
 - Multilingual owner's manual

More information on operating and general information about the iPod interface is available from you BMW Dealer. When iPod connector is fitted, CD changer function is disabled and can no longer be used.

Accessories - Mobile communications

CD changer

Fitted in the glove box to save space. Holds up to six CDs.

Garmin® nüvi® 670T Travel Pack

- Full turn-by-turn guidance with voice prompts
- Pre-loaded transatlantic mapping for Europe and North America (including Canada)
- Full UK postal code search
- FM transmitter for voice guidance and stored MP3 audio via your car radio/speakers***
- Text-to-speech announcements: prompts you to turn right in 500ft into Main Street, instead of turn right in 500ft*
- Widescreen 4.3" touch screen display
- Detailed 3D or 2D birds-eye view mapping
- Bluetooth wireless technology for hands-free calling
- GTM 21 integrated FM TMC traffic receiver with 12-volt adapter and free lifetime subscription which notifies you of traffic and automatically suggests alternative routes**
- Garmin Lock™, an anti-theft feature
- Configurable car icons
- Rechargeable li-ion battery (3-7 hours)
- Safety camera alerts enabled by Cyclops™ data (3 month free trial subscription to download updates)
- Detailed points-of-interest (POI)
- Upload custom POIs
- Detailed street level guidance
- MP3 & audio book player
- World clock
- Calculator
- Currency & measurement converter
- Picture viewer (jpeg format)
- Language translator (optional)
- Vehicle suction cup mount
- 12-24 volt adapter cable
- SD memory card expansion slot
- AC charger
- Carry case
- PC/USB interface cable
- Headphone jack/audio line out
- Owner's manual
- Quick reference guide
- Size: 12.4W x 7.4H x 2.3D cm
- Weight: 190 g

Additional Features†††

- Travel guide – included on supplied SD card with helpful and thorough reviews and recommendations for restaurants, hotels, shopping, nightlife, sporting events and tourist attractions for major European countries*

Accessories - Versatility

Snowboard holder

Lockable, for up to two snowboards.

Luggage racks

High load-carrying capacity. Corrosion-resistant tubular steel construction. A small luggage rack (not shown) enables combination with other attachments from the multifunctional BMW roof-rack system.

Bicycle lift

Bicycle lift for all BMW roof-rack systems. A bicycle can be lifted on the roof-rack and taken down again effortlessly. Suitable for different-sized bikes.

Ski and snowboard set

(Image not shown)

Base support system

Lockable. The support bars are made of high-strength aluminium tubing and are therefore particularly strong and resistant to corrosion. The supports are designed for your BMW, making them easy to fit. The anti-theft base support system using coded bolts offers a high degree of security.

BMW roof-boxes

With anti-theft five-part lock. Available in three sizes in silver (320, 350 and 450) and two sizes in black (320 and 450).
Capacity: 320 litres approx. L x W x H: 2260 x 550 x 350mm
Capacity: 350 litres approx. L x W x H: 1400 x 900 x 390mm
Capacity: 450 litres approx. L x W x H: 2300 x 830 x 350mm

The BMW 5 Series 525i Touring

Accessories - Versatility

Ski and luggage box

Lockable. For up to six pairs of skis including accessories or extensive luggage (capacity: approx. 450 litres). Available in BMW car paint finish or white. (L x W x H: 2280 x 810 x 310mm)

Luggage boxes

Luggage compartment floor net

Secures to existing eyelets using S-hooks.

Anti-slip mat

Touring cycle holder, lockable

Sturdy attachment for transporting a wheel with frame tube diameter between 25 and 57mm. Single locking set for fitting up to four touring cycle holders on the base support system.

Trailer tow hitch

Suitable for higher trailer loads of up to 2275kg (with a noseweight of up to 75kg). The trailer tow hitch is invisible when the towball is removed. Also available in a fixed version.

Ski holders, lockable for six pairs

The standard ski holder can carry up to six pairs of skis. If used on one side of the base support system, they can be combined with other attachments.

Racing cycle holder, lockable

Suitable for racing cycles with quick-release skewers on the front wheel. A holder for securing the front wheel to the base support system is also available.

Umbrella bag

With matching BMW umbrella. Installed in the front passenger footwell for ease of use.

Universal lift for roof-boxes

The simple way to fit and remove all BMW roof-boxes. Can be used to save space by storing the roof box under the garage roof.

Luggage compartment tensioning straps

Two tear-resistant nylon straps which are secured to the fixing eyelets in the luggage compartment. The easy way to secure items of all shapes and sizes both quickly and safely.

Luggage compartment tray

The tray completely fills the luggage compartment floor. Shatter-proof, acid-proof and impact resistant.

Fitted boot mat

Fitted non-slip luggage compartment mat made of heavy-duty plastic. Resistant to oil and solvents.

Universal protective rear cover

Cover made of waterproof leatherette which is simply hooked over the head rests. Protects the door panels on both sides.

Dog guard

Black anodised grille partition, permanently secured. (Image not shown)

Surfboard carrier

With board supports made of impact-resistant plastic, an integral mast carrier, strap eyelets and tensioning straps. An anti-theft kit for both surfboard and mast is also available.

Coolbag

CFC-free, electric cooler which cools its contents. Capacity: 12 litres.

Cool bag

CFC-free electric cooler which cools its contents to approximately 20 degrees centigrade, below the temperature inside the car. Capacity: 12 litres.

Accessories - Safety and security

BMW Approved Stolen Vehicle Recovery products

Car thieves are becoming more sophisticated. Fortunately for you, so is BMW's additional security. BMW is a company of constant innovation. This on-going programme includes the advancement of anti-theft devices for your vehicle. If your vehicle already has security equipment, it is likely that BMW's additional security can enhance the factory-fitted system you presently rely on. This includes the availability of the ultimate BMW Approved, stolen vehicle recovery systems, which are now able to locate vehicles in Europe* as well as mainland Great Britain. Once installed by BMW factory trained technicians, the products may entitle you to a reduction in your vehicle insurance premiums.

*Please contact your BMW Dealer for further details.

Headlight washer system

The headlight washer system prevents dirt accumulation on the headlights. This ensures better illumination of the road.

Torch with rechargeable battery

Recharges from the standard socket in the glove box.

Park Distance Control

Accessory-PDC: sensors are mounted to licence plate holder. (Requires licence plate holder and if necessary an adapter).

Rear view mirrors, automatic anti-dazzle

Automatic anti-dazzle when light from cars travelling behind hits the mirror. Available with a digital compass, which indicates the direction in a 45° scale.

Or with a universal remote control, which activates the garage door opener, alarm or door locking systems at the touch of a button.

Your BMW Dealer will be happy to advise you on suitable accessories for your car.

Tow-bar

Warning jackets

Neon-colour safety jackets.

Reversing camera

Ensures maximum safety when reversing. With the aid of a camera integrated in the boot lid, the area of the rear of the car is filmed and displayed on the on-board monitor.

Exterior mirror for trailer towing

A special mount ensures vibration-free vision.

Outdoor protective cover

Thermoreflective, fully waterproof, dirt-repellent surface.

Dog safety harness

Suitable for securing dogs on the rear bench seat and thereby enhances passenger protection. A lead can also be secured to a metal ring. Available in three sizes.

Jump leads in Genuine BMW pouch with protective circuit

Powder-type fire extinguisher

Located under the driver's seat for easy access.

TRACKER Response

This system is the leading tracking product in the UK. Driver Validation tags are used to confirm authorised vehicle movement. This means that in the unlucky event of the thief stealing the vehicle keys, TRACKER Response will monitor the vehicle movements. Once moved without the use of Driver Validation tags, the system will contact the TRACKER control room. Vehicle key theft is a rapidly growing crime and this feature will enable faster access to your vehicle's position. System features an innovative customer website so that your vehicles location can be identified day or night. (Image not shown)

Accessories - Safety and security

TRACKER Horizon

This system includes TRACKER Monitor with GPS/GSM technology. Combined with TRACKER Monitor technology this system allows the TRACKER Network Control Room to track your vehicle with GPS/GSM on a computer-based road map. This allows the Control Room to communicate this information to the police. In conjunction with the on-board homing device, the police are able to ensure a safer and faster recovery of your vehicle, thus reducing the damage risk to your vehicle. (Image not shown)

Baby Seat 0+

The ideal seat for the smallest of children weighing up to 13-kg (approx. 18 months). The system consists of a frame installed in the vehicle and a portable baby shell.

The BMW Baby Seat 0+ is fitted in the opposite direction of travel. This significantly reduces the pressure exerted on the child's cervical spine in the event of a frontal collision. With the optionally available seat size reducer, the BMW Baby Seat 0+ can be ergonomically adapted to fit newborns.

Junior Seat II

The BMW Junior Seat II is offered without restraint cushion for children over 15 kg and approx. 3.5 years.

The ISOFIX preparation may only legally be used for children up to 18 kg. Accordingly, the BMW Junior Seat II is not available with the ISOFIX option.

TRACKER Monitor

TRACKER Monitor is a small electronic homing device hidden in your vehicle. It has no tell-tale antennae or aerials to give its presence away and is also intelligent enough to detect the possible illegal movement of your vehicle. Therefore, either when you report a theft or the TRACKER Network Control Room contact you to advise you of a possible illegal movement, the unit is activated via a network of radio transmitters. Once activated, the unit emits a silent signal which allows computers fitted in Police cars and helicopters to track your vehicle - and anyone driving it - down to their exact location. (Image not shown)

Junior Seat I-II

The BMW Junior Seat I-II with height and tilt adjustable backrest and restraint cushion is an ideal solution for children between 9 months and 7 years (9 to 25 kg body weight). The restraint cushion offers ideal protection to children from 9 months up to approx. 4 years: It reduces the impact of the forces acting on the cervical spine in the event of an accident. For children with a body weight in excess of 18 kg or approx. 3.5 years, the restraint cushion is no longer used. Your child is then secured in using the vehicle seat belt.

Junior Seat II-III

The BMW Junior Seat II - III has a size scale for up to 150 cm which allows optimum setting of the headrest and upper belt guide. With side, height and seat back adjustments the Junior seat II-III has been designed with optimum safety and comfort in mind.

ISOFIX preparation may only legally be used for children up to 18 kg. Accordingly, the BMW Junior Seat II-III is not available with the ISOFIX option. The seat is secured by the vehicle's own three-point seat belt with belt guides for simple mounting.

Accessories - Car care

BMW Seal & Protect

BMW Seal & Protect is the only fully approved BMW paint, interior carpet /cloth upholstery protection system. It provides an outstanding long-lasting shield against the environment and safeguards your investment by preserving the high quality finish of your car's surfaces.

Utilising high-performance sealants, your purchase involves a Dealership-applied BMW Hard Wax to the exterior paintwork. As a result, exterior surface resilience and water repellence is increased by over 300%. And the long-standing protection that BMW Seal & Protect provides simultaneously has a regenerating effect on the paintwork, for a lasting shine.

The same scientific detail is also applied inside your car, with an impregnating agent for carpets and cloth upholstery to ensure that treated materials do not soak through when exposed to moisture.

Please speak to your BMW Dealer for further details.

Wheel rim cleaner, 500ml

For Genuine BMW alloy and steel wheels.

Engine and cold-cleaner, 500ml
