## Introduction

### BMW 7 Series Saloon

The new BMW 7 Series makes a clear statement every time you take the wheel. This is the epitome of good taste: it features the longest wheelbase in its class, creating an elegant, elongated profile, a chassis that combines comfort and precise handling, optional adaptive rear-wheel steering, and a host of other driver assistance technologies such as speed limit display. With optimum safety and an exclusive interior, the BMW 7 Series offers a driving experience quite unlike anything else in its class.

Model Description	CO2 Taxband	CO2 Emission
750i	35%	NA (266.0)

Company car tax information for automatic cars is shown in brackets.

BMW EfficientDynamics delivers impressive emissions reductions and better fuel consumption without sacrificing driving pleasure. This is achieved through a combination of intelligent engine management systems, innovative new technologies and the use of lightweight materials.

### Brake Energy Regeneration.

Intelligent Alternator Control monitors battery condition, engaging the alternator only when the battery requires recharging. This reduces the demands on the engine, reducing fuel consumption and emissions. In addition, when the car's brakes are applied or when coasting downhill, this system automatically engages the alternator to charge the battery, recycling energy that would otherwise be wasted.

### Lightweight Engineering.

The overall weight of the vehicle is reduced through the use of lightweight materials such as thermoplastic, aluminium and magnesium alloy. The results are enhanced driving dynamics and improvements in both fuel economy and weight distribution.

### Accessories - Exterior styling

#### Double spoke 238

Cast alloy wheel. Available in 17, 18, 19, 20 and 21-inch sizes. Emphasizes the elegant looks of the new BMW 7 Series.

#### Cross spoke 312

Cast alloy wheel. 21-inch size. Also available in ferric grey. A design detail that speaks of supreme self-assurance.

#### Star spoke 311

Cast alloy wheel. 21-inch size. An eye-catching complement to the confident styling of the new BMW 7 Series. Available in chrome or silver.

#### Mudflaps

In body colour, available for both front and rear wheels. Protect your vehicle and the car behind you against dirt and loose chippings. \*Not available with aerodynamic package SA716. Mudflaps supplied primed, painting required.

### Accessories - Interior styling

#### Illuminated door entry strips

With BMW lettering. Available for front and rear.

#### Leather-covered steering wheel with decorative trim in anthracite variegated ash

With multifunction option. Diameter 385 mm. An exclusive and eye-catching interior detail.

#### BMW Junior Seat I-II

The BMW Junior Seat I-II with height and tilt adjustable backrest and restraint cushion is an ideal solution for children between 9 months and 7 years (9 to 25 kg body weight). The restraint cushion offers ideal protection to children from 9 months up to approx. 4 years: It reduces the impact of the forces acting on the cervical spine in the event of an accident. For children with a body weight in excess of 18 kg or approx. 4 years, the restraint cushion is no longer used. Your child is then secured in using the vehicle seat belt.

#### Avenue floor mats

This exclusive design adds a touch of elegance to the footwell. With BMW lettering. Available in beige and anthracite.

#### Leather-covered steering wheel with decorative trim in brilliant FINELINE fine wood

With multifunction option. Diameter 385 mm. The perfect finishing touch to the sophisticated fine wood trim.

### Accessories - Mobile communications

#### Snap-in adapter with USB interface\*

Supports the wireless connection of certain Bluetooth-enabled Nokia and Sony Ericsson mobile phones, as well as Apple iPhone™ devices, to the vehicle's on-board network. The interchangeable phone-specific snap-in adapter with USB interface enables drivers to make calls on their mobile phone via the hands-free kit. MP3 music files stored on the mobile phone can also be played back via the vehicle's audio system. Operation is via the iDrive controller, multifunction steering wheel or voice control.

#### Rear-seat entertainment system

Includes 8-inch colour screens built into the front seats, a DVD player in the centre console that plays all standard video and audio formats and two Aux connections. The tiltable monitors are non-reflective from every angle and offer brilliant picture quality. The rear-seat entertainment system is operated via the remote control in the rear armrest. Two stereo headphones are also supplied.

### BMW Trackstar

Car thieves are becoming more sophisticated. Fortunately for you, so is BMW's additional security. BMW is a company of constant innovation. This on-going programme includes the advancement of anti-theft devices for your vehicle. If your vehicle already has security equipment, it is likely that BMW's additional security can enhance the factory-fitted system you presently rely on. BMW's stolen vehicle recovery system is able to locate vehicles in Europe\* as well as mainland Great Britain. Once installed by BMW factory trained technicians, you may be entitled to a reduction in your vehicle insurance premiums. \*Please contact your BMW Dealer for further details.

### iPod interface

For endless musical variety while you're at the wheel. The iPod is stored safely out of sight in the glovebox, and connected directly to the car's audio system via the iPod interface. Operation is via the multifunction buttons, the iDrive controller or the BMW radio.

### Luggage rack

High load-carrying capacity. Made of lightweight, high-strength aluminium.

## Accessories - Car care

### BMW Seal & Protect

BMW Seal & Protect is the only fully approved BMW paint, interior carpet /cloth upholstery protection system. It provides an outstanding long-lasting shield against the environment and safeguards your investment by preserving the high quality finish of your car's surfaces. Utilising high-performance sealants, your purchase involves a Dealership-applied BMW Hard Wax to the exterior paintwork. As a result, exterior surface resilience and water repellence is increased by over 300%. And the long-standing protection that BMW Seal & Protect provides simultaneously has a regenerating effect on the paintwork, for a lasting shine.

The same scientific detail is also applied inside your car, with an impregnating agent for carpets and cloth upholstery to ensure that treated materials do not soak through when exposed to moisture.

Please speak to your BMW Dealer for further details.
