

PEUGEOT AND YOU.

Peace of mind

Bipper Tepee

When you choose Peugeot, you have the reassurance of knowing that your vehicle has been designed and manufactured to give you years of worry-free motoring. What's more, as a Peugeot owner, you can rely on a comprehensive range of customer care services from your Dealer. So you can be sure that you're talking to a specialist who'll listen to you, understand your problems and respond efficiently – someone who also has the expertise to maintain your Peugeot correctly, using trained technicians, Peugeot Diagnostic Equipment and Peugeot Original Equipment Parts.

FOR YOUR PEACE OF MIND

Peugeot Warranties

As well as the 2 year unlimited mileage manufacturer's Warranty, all vehicles first registered in the UK and purchased from a UK Peugeot Dealer come with a free, optional additional year of Warranty through the Peugeot UK Dealer network. The mileage limit on this additional Warranty is 60,000 miles (100,000 miles for Boxer vans excluding Motorhomes and other converted vehicles) from first registration. At the end of the 3 year Warranty period (or after 60,000 miles) you have the option to purchase a Peugeot Platinum Extended Warranty. Our cars also come with a 12 Year

Anti-Perforation and 3 Year Paint Warranty (6 and 2 years on vans). For full terms and conditions on all of these, please contact your Peugeot Dealer.

Peugeot Assistance

All new Peugeots come with 12 months' Peugeot Assistance – our breakdown assistance service (36 months for the 308 CC). This covers all incidents involving vehicle-based faults for you and anyone else driving your car with your permission. It is available 24/7, 365 days a year. Peugeot Assistance includes European cover, homestart, roadside assistance, vehicle recovery and a free replacement car or hotel accommodation if required. It can be extended for a further 12 months, or 24 months, and to protect you against non-vehicle faults (such as punctures) at specially discounted rates, by calling 0870 752 7050.

Peugeot service care

Peugeot vehicles benefit from extended service intervals of up to 20,000 miles or 2 years (12,000 miles for 1.6 HDi diesel ;

24,000 miles or 2 years on Boxer, 10,000 miles or 1 year on 107). Please refer to the maintenance book for details of the service intervals for specific models and vehicles operating in arduous conditions.

Finance – Let the Specialists help.

Peugeot Financial Services offer a number of flexible finance plans that make owning a new Peugeot easy. We specialise in car finance and can provide you with choice, convenience and flexibility directly through your local dealer. Written quotations are available on request from Peugeot Financial Services, Quadrant House, Princess Way, Redhill RH1 1QA. Over 18's only, a guarantee may be required.

Peugeot Insurance

Peugeot Insurance has been designed

specifically for Peugeots and offers tailored cover at a competitive price. If you are unfortunate enough to have an accident, one of our Peugeot Approved Accident Repair Centres will repair your car, using only Peugeot original parts. Plus we'll give you a courtesy car while yours is being repaired (subject to availability when you use an approved repairer). When the time comes to renew your insurance cover, why not try Peugeot Insurance?

You can call Peugeot Insurance for a quote on 0870 0240 206. Lines open 8am-8pm weekdays, 9am-5pm Saturdays. Max call charge from a BT landline is 8p per minute. Calls from other networks may vary. Calls may be recorded. Peugeot Insurance is underwritten by UK Insurance Limited. Conditions apply.

PEUGEOT AND THE ENVIRONMENT

Our website has full details on all Peugeot products, and offers available in the UK. You'll also find information about our environmental and recycling policies.

FOR YOUR ENJOYMENT

Peugeot Accessories

Peugeot Accessories are designed specifically for each model which means there are no compromises on fit or function. In addition they are rigorously tested to our own high standards giving you complete confidence and peace of mind.

Bipper Tepee

Attract all the right attention

A unique style

With a compact body, taut, rounded lines and expressive front aspect the Bipper Tepee is packed with original style. It's a fun and economical family car, friendly and practical – small in size but big on possibilities. And it's always ready and willing to take the whole family to school, to work or on holiday.

Modernity and robustness

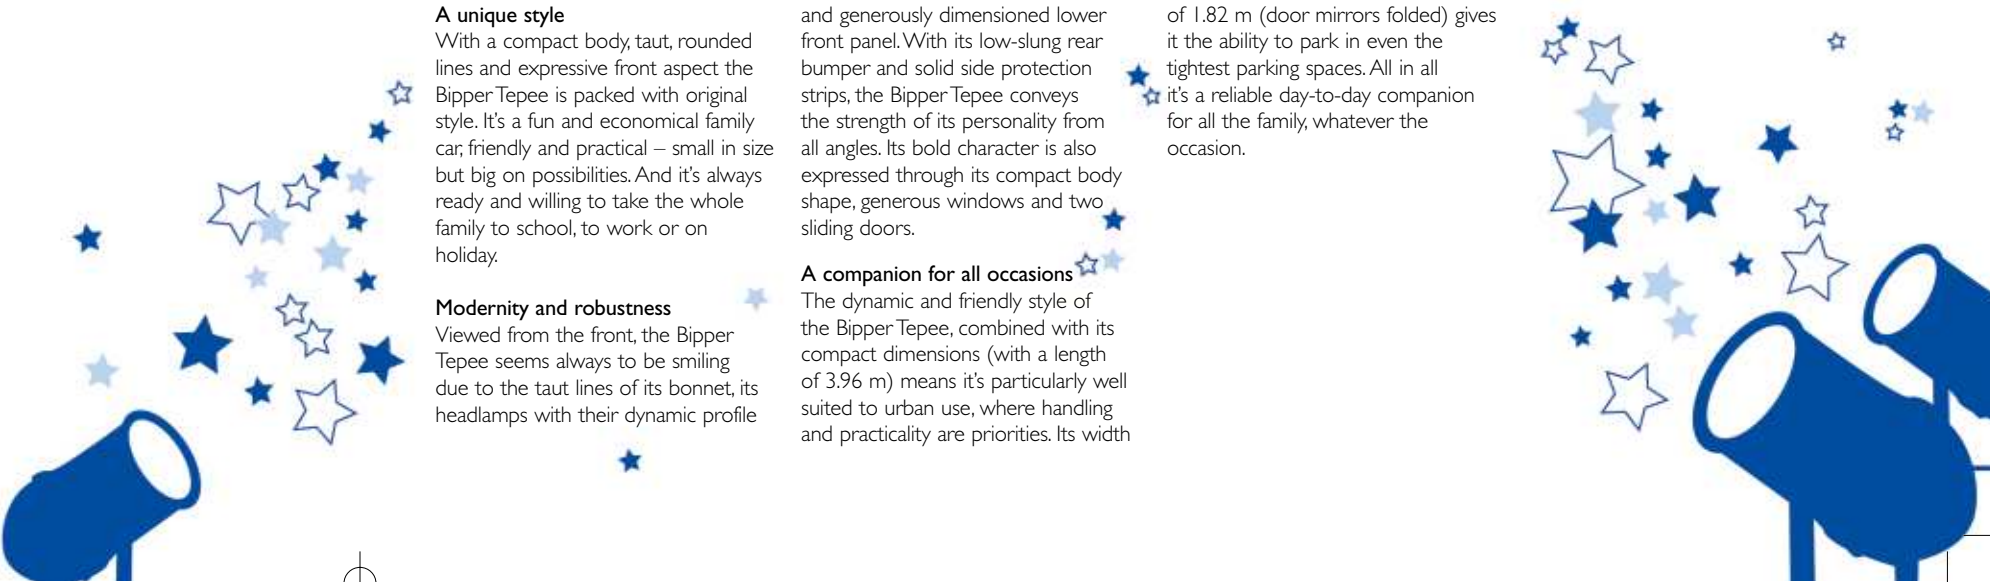

Viewed from the front, the Bipper Tepee seems always to be smiling due to the taut lines of its bonnet, its headlamps with their dynamic profile

and generously dimensioned lower front panel. With its low-slung rear bumper and solid side protection strips, the Bipper Tepee conveys the strength of its personality from all angles. Its bold character is also expressed through its compact body shape, generous windows and two sliding doors.

A companion for all occasions

The dynamic and friendly style of the Bipper Tepee, combined with its compact dimensions (with a length of 3.96 m) means it's particularly well suited to urban use, where handling and practicality are priorities. Its width

of 1.82 m (door mirrors folded) gives it the ability to park in even the tightest parking spaces. All in all it's a reliable day-to-day companion for all the family, whatever the occasion.

Perfect for pampering passengers

The Bipper Tepee is

extremely driver-friendly, with excellent visibility and seat comfort. The ergonomic and practical central pillar and dashboard mean that it's easy to benefit from its agility in town and dynamism on the open road.

Lots of room in a small space

Ultra-compact yet very roomy, the Bipper Tepee excels when it comes to interior space. Its designers have created a practical passenger compartment that is both comfortable

and very contemporary.

This impression of space is reinforced by the kind of elbow-width in the front usually found in much larger cars. Meanwhile the rear passengers benefit from a three-person bench seat allowing real freedom of movement.

Finally the excellent overhead clearance enhances the feeling of space and wellbeing inside the car still further.

Bathed in light

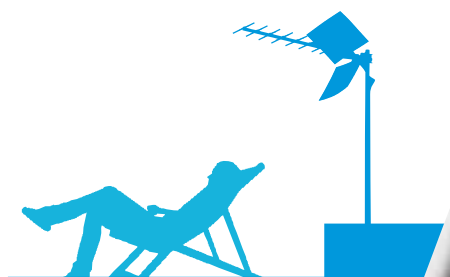

The first impression on getting into the car is of an abundance of light. The size of the front windscreen and its expansive glazed surfaces allow both driver and passengers to benefit, with plenty of light for everyone.

Everything is easily within reach

There are no fewer than 12 storage spaces in the dashboard – indispensable when you're en route to work, going shopping or setting off for the weekend or on holiday.

Spacious curved seats

Half-way between a hatchback and an MPV, the seats of the Bipper Tepee occupy a mid-height position making it easy to access the car while ensuring a high level of comfort. Agreeably curved and generously proportioned, they envelop you in comfort throughout your journey.

Great for everything life has to offer.

A boot that offers even more possibilities

The Bipper Tepee provides maximum space both for passengers and for luggage too.

Thanks to the rectangular design of the rear section, the boot with its flat floor is extremely accommodating. And with a capacity of 356 litres under the parcel shelf it can house all kinds of day-to-day objects or leisure accessories for a weekend away.

Added versatility for a busy life

The Bipper Tepee comes with a folding three-person rear bench seat in a 70/30 configuration. To free up even more space, the rear bench seat can be removed, offering a totally flat floor and a capacity of 2.5 m³ – Very practical for transporting bulky items.

The cleverly designed parcel shelf can be stored behind the rear seats to maximise the boot volume. And if its considerable interior capacity is not enough, the Outdoor version can also carry luggage like sailboards and bikes on the roof thanks to roof bars with a load capacity of 75 kg.

For easy access, the Bipper Tepee offers two sliding side doors so it's highly practical in the very narrowest parking spaces. In addition the ingenious design of its tailgate has made it possible to lower the load sill to a height of only 53 cms off the ground, making loading or unloading luggage so much easier.

The rear seats can be folded in a 2/3 1/3 configuration, creating a load space of 884 litres with all the rear seats folded flat.

Engines

1.4 litre 75bhp petrol engine

Great for dynamic driving about town and guaranteeing excellent road holding, this engine with a maximum power of 75bhp offers superb driveability even when the car is fully loaded.

1.4 litre 70bhp HDi diesel engine

Featuring HDi technology for more efficient combustion and lower fuel consumption, this diesel engine has a maximum power of 70bhp. Complying with Euro 4 anti-pollution standards, it combines excellent driveability with maximum economy, not only in town but also on main roads and motorways. In addition, it is environmentally responsible with CO₂ emissions of only 119g/km.

Manual or electronically-controlled gearbox.

On diesel and petrol engines the Bipper Tepee comes with a 5-speed manual gearbox. On the HDi diesel engine, a 5-speed electronically-controlled gearbox offers greater convenience for urban use.

5-speed manual gearbox

Performance			
Engines	Max. power (bhp (Kw))	Max. torque (Nm)	Max. speed (MPH)
1.4 litre petrol 75bhp 5-speed manual gearbox	74 (54)	118 at 2600 rpm	96
1.4 litre HDi 70bhp 5-speed manual gearbox	68 (50)	160 at 1750 rpm	94
1.4 litre HDi 70bhp 5-speed electronically-controlled gearbox	68 (50)	160 at 1750 rpm	94

Engines	Fuel Consumption in MPG (l/km)			Emissions CO ₂ (g/km)
	Urban	Extra-urban	Combined	
1.4 litre petrol 75bhp 5-speed manual gearbox	34.0 (8.3)	50.4 (5.6)	42.8 (6.6)	155
1.4 litre HDi 70bhp 5-speed manual gearbox	50.0 (5.7)	74.3 (3.8)	62.8 (4.5)	119
1.4 litre HDi 70bhp 5-speed electronically-controlled gearbox	50.0 (5.7)	74.3 (3.8)	62.8 (4.5)	119

Intelligent protection

Alerting your attention

Trip computer

In the event of an unusual occurrence the trip computer displays a warning message accompanied by an audio signal and switches on a warning light.

Overspeed alarm

Incorporated in the trip computer, a programmable overspeed alarm transmits a message and an audio signal and switches on a warning light if the programmed speed is exceeded.

Alarm

An anti-intrusion* and anti-lift* alarm on the original remote control ensures the protection of the Bipper Tepee. The alarm system is activated when the vehicle is locked or unlocked by the remote control or the key.

To guarantee the optimal protection of occupants, the doors of the Bipper Tepee are locked automatically above a speed of 20 mph.

* Available as an option.

Keeping you safe

ABS – Anti-lock Braking System

For optimal braking efficiency, the Bipper Tepee comes with disc brakes at the front, drum brakes at the rear, and an ABS system as standard. ABS monitors any loss of traction or wheel locking in the event of extreme braking. If one of the sensors installed on all four wheels detects the onset of locking on any wheel, the ABS adjusts the braking pressure to ensure maximum efficiency and maintain the vehicle's manoeuvrability.

Lighting and signalling

The generously proportioned and elevated front headlamps guarantee excellent performance in lighting and signalling. Fog lamps are standard on Outdoor versions in the upper part of the lower front panel. To accompany the two rear lights, a third brake light is positioned above the tailgate.

Rear parking aid

Designed for the city, the Bipper Tepee offers an optional rear parking aid which operates via a system of reversing sensors. It is switched on automatically when reverse gear is engaged. You'll hear the 'beep' intensify as the vehicle approaches an obstacle.

Keeping you protected

Structure and dimensions

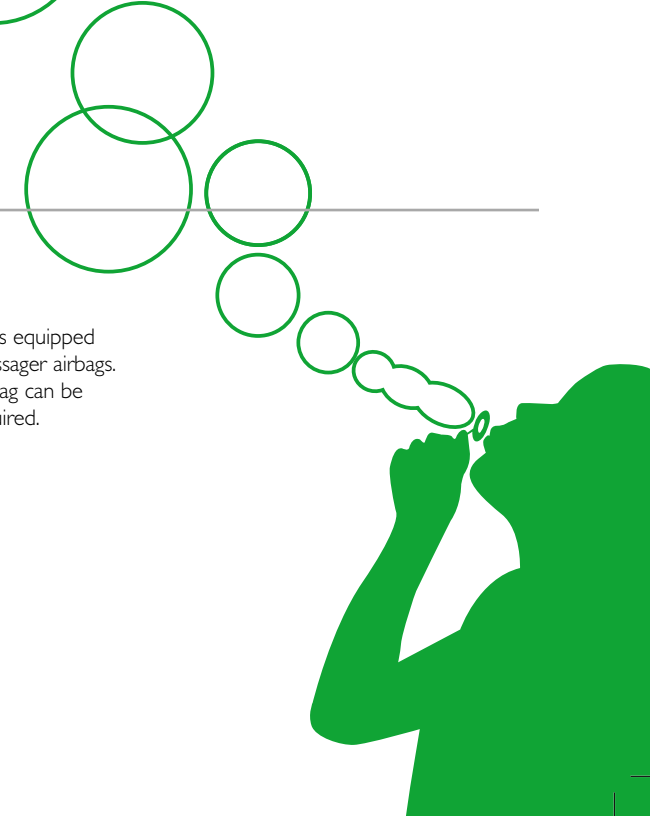

The Bipper Tepee offers highly sophisticated solutions to protect its occupants in the event of an accident. Its robust build plays a major role in preserving the integrity of the passenger compartment. The generously proportioned front doors enhance overall rigidity.

Seat belts

The front seats have three-point seat belts with pretensioners and force limiters. In the event of a collision, the pretensioner holds the occupant in the seat and adjusts the seat belt, eliminating any period of latency between impact and locking of the seat belt. The force limiter minimises pressure exerted on the chest by the seat belt.

Air bags

The Bipper Tepee is equipped with driver and passenger airbags. The passenger airbag can be de-activated if required.
