

DEALER STAMP

The official fuel consumption figures (mpg) and CO₂ emissions (g/km) for the 5008 range are: Urban 28.5 – 45.6; Extra Urban 48.7 – 62.8; Combined 38.7 – 55.4. CO₂ emissions 178/181 - 135/140 (g/km).

About this brochure

The information contained in this brochure is based on the data and images available at the time of printing. All equipment shown is factory fitted, or available as an option at extra cost (depending on model). Some feature combinations may not be available in the UK. Also, some photography features vehicles which are left hand drive. As part of our policy of continuous specification improvement, Peugeot reserve the right to modify technical equipment, the options available, and colours at any time. For full specification ask your local Peugeot Dealer, or click on www.peugeot.co.uk.

Please note that print and photographic processes used in the creation of this brochure may alter the depth and tone of the colours shown. This brochure is not a contractual document or offer of sale. The details in this book cannot be reproduced without the expressed authorisation of Peugeot.

For further information contact your local Peugeot Dealer; visit www.peugeot.co.uk or call **0845 200 1234** (calls charged at local rate and may be recorded for training or quality purposes).

5008

PEUGEOT'S FIRST COMPACT MPV

5008

ENJOYED BY FAMILIES. LOVED BY DRIVERS

Stylish, dynamic and versatile, the new Peugeot 5008 is a compact MPV that's as enjoyable to drive as it is practical for families. A seven-seater with flexible seating options, it's spacious and adaptable enough for whatever you want to carry. Yet also delivers the handling, performance and technology that make your driving experience truly enjoyable.

Innovative driver technology

To ensure that nothing detracts from your driving experience, the 5008 is loaded with innovative technologies; each designed to make life behind the wheel easier. They include a translucent Head Up Display showing essential information – speed, cruise control/speed limiter and distance alert – so

you can keep your eyes on the road; a Gear Shift indicator that lets you know the optimum time to shift gears for greater fuel economy; Parking Assistance – a new system which measures an available parking space making it easier to park; and Bluetooth Hands-free technology for your mobile.

Innovative passenger technology

An impressive multimedia entertainment system provides two seven-inch colour screens built into the back of the front seats, together with two Bluetooth headsets. The system accepts DVD players, games consoles and portable video players, and two different audio/visual devices that can be used simultaneously – perfect for entertaining family members with different tastes. In addition you can choose from two Sat Nav systems, plus there's a handy USB port where you can plug in your MP3 player – and take your entire music collection on the road.

Generous in comfort and space

Relax into any of the 5008's seats and you'll be instantly impressed by its comfort and the sense of space and light the panoramic roof creates.

You'll also notice that particular attention has been paid to the flexibility of the seating. With up to seven seats you can choose various seating configurations; the rear Isofix seats fold flat for when you have fewer passengers but more belongings to transport. Moreover, lots of leg room, clever storage solutions and up to 2506 litres of luggage space make for a truly comfortable journey.

Why compromise on performance?

We believe choosing a compact MPV shouldn't come at the expense of your driving pleasure. That's why the 5008's cockpit has been ergonomically designed around the driver, to create an intuitive and enjoyable driving experience.

From the comfort of the raised driving position, you'll appreciate the 5008's effortless acceleration, dynamic handling and refined performance.

Optimum safety for both driver and passengers

Accidents happen in a split second, so the 5008's Head Up Display is designed so that the driver can keep their eyes on the road at all times, plus Distance Alert stops you getting too close to other cars. The tyre under-inflation detection system (optional with 18" Alloys) will also help prevent accidents, but if you do get into trouble, the car's Electronic Stability Programme (ESP) helps you maintain control.

The 5008 is equally committed to passenger safety, with six Smart Safety Airbags to keep your family/passengers safe. Plus the Isofix fittings guarantee secure mounting of child seats. All of which allows the 5008 to achieve a Euro NCAP

5* rating – the highest safety rating possible.

Superior Engines

Whether it's the superior performance of our THP engine you like, or the commanding torque from the VTi – the 5008 has the engine for you. What's more, there are two diesel options available including

the diesel HDi 110 FAP EGC - which delivers 135g of CO₂ and continues Peugeot's rich heritage of producing stylish, high-performance vehicles and commitment to reducing their environmental impact.
