[Owning a Verso](#)

**New 7 seat Verso.  
Room to be yourself.**

**Flexibility has never been  
so desirable.**

A spacious interior that offers 7 seats and space for all your luggage. The new Verso provides the highest levels of comfort and quality, and sumptuous styling combined with the versatility to adapt to your lifestyle.

Every trip's an adventure. Each seat folds flat with one easy motion to create a completely flat surface area, providing extensive luggage space.

If you need functionality why can't it be with style?

The Verso is as striking as it is multi-talented with 32 seating combinations and an array of clever storage solutions.

## Toyota Easy Flat-7 seating system

Room for 7 and luggage: all three rows are in position

Third row folded down – luggage space extends to 484 litres

Simply fold the second row flat for added space

Best in Class luggage space and plenty of storage compartments to keep things tidy

This is no ordinary car, but one designed for driving. *Wherever your life or your family takes you, you know that getting there will be a pleasure.*

**01** Rear monitor display in the rear view mirror

**02** Sporty Optitron dials

**03** Advanced satellite navigation system

**04** Cooled glove compartment

See Specification section for details.

Whether it's the whole family or just you – the Verso offers top class protection with a rigid body structure and 7 airbags.

Whiplash Injury Lessening seats (WIL) and active headrests, reduce the risk of whiplash in the event of a rear-end collision, whilst seat belt pre-tensioners and force-limiters help to limit injury to the chest.

ISOfix child seats provide enhanced levels of safety for younger passengers.

And underpinning all that, innovative road holding technologies like VSC+ and Traction Control keep you safe and secure on the road – enhancing grip and cornering stability and optimising road holding on slippery surfaces.

## Toyota Optimal Drive

Toyota Optimal Drive means reduced CO<sub>2</sub> emissions, better fuel economy and enhanced performance. It marks the beginning of a new generation of power train technologies, engineered to save you money. It means you no longer have to give up performance to benefit from lower CO<sub>2</sub> and improved economy.

For instance, the all new 1.8 Valvematic 6 speed manual petrol engine uses the latest variable valve timing technology combined with lightweight components to deliver an impressive balance of 147 hp, 40.4 mpg\* and CO<sub>2</sub> emissions of just 165 g/km.

Alternatively, the Multidrive S version, our latest continuously variable transmission technology, takes the effort out of changing gear while consuming less fuel than a conventional automatic.

And our 2.0 D-4D engine utilises sophisticated diesel technology to achieve 126 hp, 51.4 mpg\* and CO<sub>2</sub> emissions of only 143 g/km.

\* Combined.

## T<sub>2</sub>

Outstanding comfort for all passengers. Dynamic looks with no compromise on quality or style.

### Main features

- Toyota Easy Flat-7 with individual reclining seats
- Front overhead console and 2nd row under floor storage
- Conversation mirror
- Front middle console and cup holders
- Flexible boot management system
- Air conditioning
- Front electric windows
- 4 speaker Radio/ CD player with aux-in for MP3 player
- Tilt adjustable and telescopic steering wheel with audio controls
- Remote control locking
- Alarm
- ABS with Brake Assist and Electronic Brake force Distribution
- Vehicle Stability Control
- Hill-start Assist Control
- 7 airbags (including 3rd row curtain shield airbags)
- Front active headrests
- Auto door locking
- LED rear brake lamps
- Front middle console and cup holders
- Puddle light integrated in side mirrors
- 16" steel wheels

## TR

A welcome upgrade for your travels. Add more style and versatility with 16" alloy wheels, Bluetooth® and electric rear windows.

- Main features (in addition to T<sub>2</sub>)**
- Main features (in addition to T<sub>2</sub>)
  - 16" alloy wheels
  - Bluetooth® connectivity
  - 6 speaker Radio/CD player with aux-in for MP3 player
  - Rear electric windows
  - Leather steering wheel and gear shift knob
  - Front fog lamps
  - Cooled glove box
  - Passenger seat under tray
  - Large armrest
  - Aviation table for 2nd row passengers
  - Rear 12V plug
- Optional**
- Full colour map satellite navigation

## T Spirit

Lead the way with the rear view mirror camera – a first in its class. Dual zone climate control air conditioning, 17" alloy wheels, rain sensing wipers and dusk sensing headlights are further testament to the Verso's ability to take care of everything.

### Main features (in addition to TR)

- 17" alloy wheels
- Dual zone climate control air conditioning
- Rear view camera display into Electrochromatic rear view mirror
- Cruise control with speed limiter\*
- Smart Entry
- Smart Start button
- Rain sensing wipers
- Dusk sensing headlights
- Door courtesy lamp

### Optional

- Panoramic roof
- Premium Satellite navigation system

Please order at time of purchasing the vehicle.

\* Speed limiter is not available on 1.8 litre Multidrive S.

## Wheels and trims

\* Metallic paint, at additional cost.

## Versatility and storage

The Verso offers clever storage solutions and instantly adapts to your daily needs.

Toyota Easy Flat-7 seat system means you can quickly arrange the seating as you please, with just one hand. It includes a completely flat configuration that maximises luggage capacity. The ingenious boot management system maximises on space, providing excellent storage whichever format the seats are in.

**01**The 7-seater Verso offers an impressive 180 litre capacity with additional space under the 3rd row of seats providing convenient storage for items you want to keep safely stowed away (only on models taking the tyre repair kit). Spare tyre variants come with a useful 52 litre box and tool storage spaces that sit above the spare tyre, but under the deck floor.

**02**There's a handy drawer below the front passenger seat (not available on TR grade).

**03**Under floor space in the 2nd row increases your storage options.

**04**No one goes thirsty. There's a cup holder for all seats.

**05**And there's still room for more in the spacious front middle console box.

# Option Packs

Toyota accessories reflect the individual in you. In the same way the Verso responds to differing lifestyles, Verso accessory packs give that response an exciting personal dimension.

It's about how you like things to be. Contact your local Toyota Centre for details of the full accessory range.

## Protection pack

People have different ways of living with their car. The protection pack is designed to help you deal with all eventualities. The pack features body-coloured TPA400 parking sensors, which help you to navigate even the tightest of parking spaces with ease. There's also a slip resistant, rubber boot-liner to guard your boot against wear and tear and to help prevent items moving around when the car is in motion.

Suitable for the TR & T Spirit.

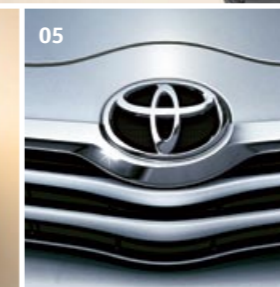

- 01 Boot liner
- 02 Rear Parking sensors

## Style pack

The Style pack builds on the Verso's existing appeal by adding distinctive chrome side trims, a rear door chrome garnish and a smart chrome grille garnish. These not only add an premium touch to your Verso but also help protect it against damage from minor knocks.

Suitable for the TR & T Spirit.

- 03 Side chrome trim
- 04 Rear door chrome garnish
- 05 Chrome grille garnish

## Satellite navigation system – TR

The 6.5" touch screen DVD based colour satellite navigation system has features land guidance, 3D landmarks and current traffic information. It also includes Bluetooth® connectivity and voice recognition.

## Premium Satellite navigation system – T Spirit

The Premium 7" touch screen system includes a 10 Gb music hard disc drive and a rear reversing camera\*. It has city centre land guidance, 3D landmarks, live traffic information and Bluetooth® connectivity with voice recognition software. \*Replaces rear monitor display in rear view mirror.

- 06 Satellite navigation system – TR
- 07 Premium Satellite navigation system – T Spirit

# Accessories

## Those extra touches

What's so important about Toyota accessories is that they have been designed by Toyota especially for Toyota cars. Installation is easy. Integration is perfect. Every last detail has been considered to produce a co-ordinated yet highly individual appearance.

### Audio & Technology

- Bluetooth® complement kit
- Bluetooth® hands-free system
- Digital Audio Broadcast (digital radio upgrade)
- Homelink black grey ivory
- iPod®, iPhone® and USB integration
- Modular In-Car entertainment
- Premium Sound, JBL
- Toyota Navigation System TNS 510
- Toyota Parking Aid, rear 4 sensor TPA400
- Toyota Parking Aid, front & rear 8 sensor TPA800

### Convenience

- Cargo Net Horizontal
- Cargo Net Vertical
- Sun blinds – back door
- Sun blinds – rear door

### Interior trim

- Shift knob, leather with metallic finish, auto only
- Shift knob, leather with metallic finish, 6-speed manual only

### Protection

- Boot liner, fits with 3rd row seats folded down
- Boot mat, reversible
- Bumper corner protectors, black paintable
- Cargo liner, fits with 3rd row seats folded down
- Carpet mats, velour set 3
- Dog guard, full
- Dog guard, half

Rubber floor mats with high border

- Head lamp protectors
- Mud flaps, front pair
- Mud flaps, rear pair
- Rear bumper protection film (transparent)
- 41 Rear bumper protection plate, black
- 40 Side protection mouldings, black paintable
- 41

### Roof

- Roof rack
- The following accessories can be fitted with the above rack:
- Barracuda bicycle holder (holds one bicycle, two can be fitted)
- Canoe holder – securely holds 1 canoe
- Large ski holder
- Small ski holder
- Luggage / ski box – black “Luxury” 390L
- Luggage / ski box – black “Luxury” 490L
- Luggage / ski box – silver “Standard” 410L
- Luggage box – black “Luxury” 380L
- Luggage box – silver “Standard” 380L
- Surfboard / mast holders

### Safety

- Baby Safe seat Plus G0+, birth to 13 kg (approx. up to 15 months)
- Child seat Duo Plus G1+, 9 to 18 kg (approx. 8 months to 4 years)
- Kidfix – ISOFIX G2+3 15-36 kg (approx. 3 years to 12 years)
- Fire extinguisher
- First Aid kit
- Reflective jacket
- Warning triangle
- 

### Security

- TRACKER Stolen Vehicle Tracking systems - Monitor & Horizon
- 

### Style

- Chrome mirror covers
- Exhaust pipe finisher
- Fog lamp contour
- Front grille chrome ornament
- Front skirt, primered painted to match body colour
- 38 Roof spoiler, primered painted to match body colour
- Side skirt, primered painted to match body colour
- 38 Lowering springs (petrol only)
- Rear chrome garnish
- Scuff plates, aluminium – front pair
- Side chrome garnish side sills kit, set 4
- 

### Towing

- Tow bar (fixed) & 12N wiring kit 37
- Tow bar (detachable, horizontal) & 12N wiring kit
- Tow bar (detachable, vertical) & 12N wiring kit
- 38 Rear bicycle holder, holds 2 bikes (fits with tow bar) 37

### Wheels

- 39 Levana alloy wheels 16 inch
- Senica alloy wheels 16 inch
- Iroquois alloy wheels 17 inch
- Mohava alloy wheels 17 inch
- Podium alloy wheels 16 & 17 inch
- Locking wheel nuts
- 

The above accessories fit all models unless stated.

# Leisure

Toyota roof rack or roof rails and cross bars offers true versatility. The leisure potential is enormous. Add a tow bar for a trailer or caravan and your horizons become even broader.

**Rear bicycle holder**  
Attaches to a Toyota tow bar for secure transport of up to two bicycles.

**The Toyota roof rack combined, with a great choice of special carrying attachments, gives real flexibility to explore every leisure opportunity.**

**01 Roof rack**

Strong, lightweight aluminium design with integral security locking. Can be fitted with a range of holders.

**02 Luxury bicycle holder**

Featuring a tough anti-theft system and moulded profiles to grip the bicycle wheels.

**03 Luxury ski box**

Big capacity in an aerodynamic design with stylish exterior and interior details. Features central locking and passenger side opening.

**04 Surfboard and mast holder**

Designed for the awkward shape of a surfboard or wind-surfboard and mast.

## Child seats

Children love the family Verso. But youngsters come in all shapes and sizes and so keeping them safe is a priority. The Toyota child restraint seats are designed for the special requirements of each age group.

01

**01 Babysafe restraint seat**

Comfort and protection for babies from birth up to around 15 months (to 13 kg). An integral retractable canopy provides protection against the sun and wind.

02

**02 Duo Plus ISOFIX restraint seat**

For children of between 9 to 18 kg (approximately eight months and four years). For maximum safety, the seat locks into the rear ISOFIX bars to anchor directly to the car body and also has a top tether to prevent forward tipping. Deep padded wings increase side impact protection.

# Audio & technology

Toyota integrated technologies make every journey complete. There's in-car entertainment to keep the family enthralled, navigation to take the stress out of finding your way and communication systems to make staying in touch easier than ever before.

## 01 Modular in-car entertainment system

Film and graphic imagery reproduce superbly on the system's high definition 7" screen.

## 02 Headphones

The entertainment system's infra-red headphones automatically switch off to preserve battery life when removed from the head.

03

## 03 Remote control

Enables passengers to operate the entertainment system without adjusting or unfastening their seatbelts.

## Modular in-car entertainment system

Journeys will fly by for rear seat passengers as they watch a DVD or play a connected games console on the in-car entertainment system.

Features include an all in one DVD player with CD, MP3 and DVBT compatibility, a 7" screen, infra-red headphones, a remote control an SD card slot for viewing camera images and a USB slot for accessing media straight from a memory stick.

Conveniently, you can move the unit between seats and cars and also adjust the screen height for adult or child viewing.

## 04 JBL premium sound

The JBL premium sound system is custom designed to link with and enhance your Verso's audio. Features include a 440 watt DSP amplifier, front tweeters and woofers, rear speakers and a 110 watt rear subwoofer. The result is exceptional spatial clarity.

## 05 iPod®, iPhone® and USB integration

Located next to the centre console, the kit integrates your personal technologies with the Verso's multi-media navigationsystem or standard radio.

The fuel consumption and CO<sub>2</sub> values of your vehicle may vary from those measured. Driving behaviour as well as other factors (such as road conditions, traffic, vehicle conditions, installed equipment, load, number of passengers, etc) play a role in determining a car's fuel consumption and CO<sub>2</sub> emissions.

M/T = Manual transmission    A/T = Automatic transmission    M/D S = Multidrive S

# Glossary

Discover more about Verso technology.

## Toyota Optimal Drive

Enhanced performance, Lower CO<sub>2</sub>, Better fuel economy. Toyota Optimal Drive means reduced CO<sub>2</sub> emissions, better fuel economy and enhanced performance. It marks the beginning of a new generation of power train technologies, engineered to save you money. It means you no longer have to give up performance to benefit from lower CO<sub>2</sub> and improved economy.

## D-4D

Clean power. Toyota's powerful yet environmentally friendly diesel engine technology. Common rail direct injection adjusts pressure, timing and volume as you drive, injecting finely atomised fuel at high pressure into the combustion chamber for the best performance.

## Anti-lock Braking System (ABS) with Electronic Brake Force Distribution (EBD)

ABS helps you maintain control by electronically balancing the braking force between all four wheels to match the level grip of each one. EBD complements this by optimising brake force distribution between each wheel. Together the two systems help prevent the wheels from locking, and allow you to steer around obstacles as you halt.

## Whiplash Injury Lessening (WIL) and Active Headrest

During rear impact at lower speeds the WIL concept seat and the Active Headrest cushion the head and back at the same time to reduce the risk of whiplash injuries.

## Valvematic

Precise petrol engine technology that balances optimised driving pleasure with improved fuel efficiency, power/torque, engine response and a reduced CO<sub>2</sub> emission level by simultaneously controlling the valve timing and the valve lift.

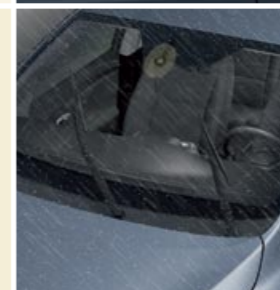

## Vehicle Stability Control+ (VSC+)

A driving dynamics system which increases the protection normally given by VSC during sudden handling changes or slippage of tyres. It adds steering torque assist that counteracts yaw movement when the vehicle understeers or oversteers in reaction to an emergency. The driver may sense some torque movement on the steering wheel in a given direction to compensate and can further enhance the adjustment made by the VSC itself.

## Full Supplemental Restraint System (SRS)

The Verso is fitted with seven SRS airbags. The driver's and front passenger's (twin chamber) inflatable SRS airbags have proximity sensors and a rate of impact sensor that ensure proper deployment to help prevent injuries. There is also a driver's knee airbag, front seat side airbags and curtain shield airbags for all rows.

## Rain Sensing wipers & Dusk sensing headlights

The automatic rain sensing wipers instantly sets the appropriate wiper speed and intervals for you.

The dusk sensor detects light levels and automatically switches on the headlights when the light is low.

## Multidrive S

Multidrive S, the latest CVT technology from Toyota, gives a smooth, refined shift action, automatically optimising torque and fuel consumption by always using the ideal engine speed. When pressed a little harder, the transmission operates like a 7-speed automatic, which helps eliminate the characteristic whining associated with CVT's.

The Sport mode gives a sportier drive, selecting a more responsive and power-maximising ratio in line with driver input. For an even more involving drive, the system has a 7-speed sequential manual mode, letting the driver change gear using the shift lever or, exclusively on the 2.0 Valvematic, paddle shifts mounted on the steering wheel.

## Brake Assist (BA)

BA automatically supports emergency braking if the brakes are applied quickly but without sufficient pressure on the pedal. It does this by measuring how fast and how hard the brake pedal is depressed and then, if appropriate, increasing braking force. The timing and degree of assistance reflects your own braking action, when you ease the pressure on the pedal, BA similarly reduces the amount of assistance.

# Glossary

Discover more about Verso technology.

## ISOFIX seat fixing

The Verso incorporates special anchor points – including a top tether that helps prevent the seat tipping forward – for a safe and convenient way of correctly securing ISOFIX child seats (available from your Toyota Centre).

## Hill-start Assist Control (HAC)

Hill-start Assist Control helps ensure a smooth start on steep inclines by automatically applying brake pressure to all four wheels for approximately 2 seconds to securely hold the vehicle and prevent roll back. It is activated by firmly depressing the brake pedal before starting.

## LED rear brake lights

LED lamps activate faster than conventional bulbs, alerting the driver behind to brake sooner. They also have a longer service life and consume less energy.

## Front and rear suspension

The new Verso suspension ensures superior handling, stability and ride comfort using a MacPherson strut at the front and rear torsion beam at the back. Increased roll rigidity of front and rear suspension ensures stability and agility, whilst a new combination of coil springs and shock absorbers help to balance ride comfort and handling.

## Electrochromatic mirror with built-in rear monitor

For more convenient reversing, day or night, the inner mirror can be fitted with a monitor that shows images of the rear view camera.

## Pre-tensioners and force-limiters

Integral to the front seat belts, pre-tensioners and force-limiters are designed to help avoid injuries to the chest area.

## Smart Entry & Start System

Instead of a conventional key, the Smart Entry & Start System features a transmitter that allows you to unlock the doors by simply touching the handle or start the engine at the touch of a button. All you need to do is carry the Smart Entry key in your pocket or handbag.

## Traction Control (TRC)

If you accelerate too hard and cause the drive wheels to lose grip and begin spinning, TRC will instantly reduce engine power and control brake force to help restore traction.

## Gear Shift Indicator

Light display system that recommends the appropriate gear shift timing to reduce fuel consumption and emissions (manual transmission only).

# Toyota and the environment

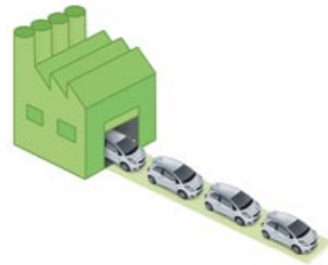

## Designing your car

To achieve lower emissions and greener vehicles on the way toward the ultimate eco-car, it is essential to measure progress. Toyota has therefore developed its Ecological Vehicle Assessment System, or ECOVAS.

This is a comprehensive approach to assessing a vehicle's whole life cycle in terms of its impact on the environment, starting at the early stage of development, before the vehicle is actually built.

The environmental impact of the new Verso 2.0 D compared to the previous model is demonstrated through the complete life cycle with 11% CO<sub>2</sub> (carbon dioxide), 16% NO<sub>x</sub> (nitrogen oxide), 10% NMHC (non-methane hydrocarbons), 35% PM (particulate matter) and an 8% SO<sub>x</sub> (sulphur oxide) reduction.

## Making your car

During the production of your vehicle every effort is made to reduce the effect of the manufacturing process on the environment.

Since 2002 the environmental impact of manufacturing a single vehicle at Toyota Motor Manufacturing Turkey (TMMT) has continuously reduced, resulting in a 34% reduction in energy consumption, 43% reduction in water consumption and 59% reduction in volatile organic compounds. Waste disposed of at cost was also reduced by 37% and the plant no longer sends any waste to landfill sites.

In addition TMMT's manufacturing operations meet the environmental management system ISO 14001, a green standard we are proud of.

## Getting vehicles and parts to you

We are always looking to employ the most efficient and environmentally friendly logistical and delivery methods. For instance, modes of transport with the least environmental impact are selected wherever possible.

## Selling and servicing your car

We take great pride in demonstrating the benefits of driving eco-cars to each of our new customers. Every opportunity is then taken to raise awareness of their ongoing responsibility towards the environment when servicing and driving their car.

## The end of the road for your vehicle?

95% of the new Verso is recoverable, 100% of materials are coded and the four heavy metals have been eliminated completely (in accordance with 2000/53/EC).

In addition, according to our environmental policy, we offer Toyota drivers' new and innovative ways of returning their old car. For more information visit: [www.toyota.eu/04\\_environment](http://www.toyota.eu/04_environment) or contact your local Toyota Centre.

## Drive thoughtfully

Drive your car in the right way and you could reduce your fuel bill and your CO<sub>2</sub> emissions by around 30%.

01. Remove any extra weight and roof load.
02. Plan your route and avoid detours.
03. Avoid using your car for short journeys.
04. Check your tyre pressure regularly.
05. Service your car according to the owners manual.
06. Shift up gear earlier.
07. Only use air conditioning when necessary.
08. Follow and anticipate traffic flow.
09. Keep your windows closed.
10. Switch off your engine if you have to wait longer than 60 seconds.

## Owning a Verso.

On the day you purchase your new Verso, your Toyota Centre will present you with the 'Verso Passport'. It's a guide to getting the best out of your new Verso and its comprehensive range of features. Of course, your Toyota Centre will explain the new Verso to you in detail – and always be available should you require any assistance.

### Intelligent design

The new Verso is designed and engineered to minimise the maintenance overhead. There are fewer parts that require servicing and those that do are inherently durable to extend service intervals. Equally important is that new Verso technology is made easily accessible so that maintenance labour time can be minimised. These features combine with the highly competitive pricing of Toyota parts to ensure the lowest cost of maintaining your Verso in an ideal working condition.

### Toyota quality service

Your Toyota Centre will talk you through the Verso 'Health and Safety' maintenance programme. The programme is very straightforward and designed for your convenience. In effect, your new Verso needs a full Health and Safety check, dependent on driving style and conditions, up to once every two years or 20,000 miles (whichever comes sooner). An intermediate Health and Safety check is necessary every year or 10,000 miles (which ever comes sooner).

### Toyota Warranty Comprehensive terms

The Warranty covers any defect caused by a manufacturing or assembly fault. It is valid for three years of normal use or 60,000 miles, whichever comes first, with no mileage limitation for the first year. If the car is immobilised due to a breakdown (as a result of a defect covered under warranty), you will also be covered for the cost of towing your vehicle to the nearest authorised Toyota Centre.

### Rust and paint defects

The warranty also covers surface rust and paint defects

appearing on any of the painted body panels as a result of a fault in material for a period of three years, regardless of mileage.

### Corrosion cover

The warranty offers 12 years' coverage, regardless of mileage, against perforation of the bodywork (from inside to outside) that develop due to corrosion caused by faults in material or workmanship.

### Toyota Extended Warranties

After the initial warranty period has ended, you can extend your warranty until the vehicle is seven years old – choosing from a range of packages to suit your vehicle and your needs. All of our warranties cover the main component parts of the vehicle<sup>1)</sup>, meaning that you pay for nothing beyond routine servicing and maintenance, so there are no unexpected bills to pay.

### Toyota genuine parts

The new Verso is designed to minimise the cost of accident repair. Energy absorbing elements are built into the bumpers, expensive to replace parts are located away from damage zones, and commonly damaged body parts are bolted rather than welded. As a result, the extent of damage is limited and damaged parts are easy to remove, replace or repair. Ultimately, this means very low part and labour charges.

### Club Toyota

When you buy a Toyota you automatically become a member of Club Toyota, for 12 months free of charge. This entitles you to take advantage of a host of benefits including free RAC Roadside Assistance in the UK and Europe, specially negotiated rates for travel insurance, a 5% discount off Toyota Motor Insurance, plus exclusive offers and promotions through our quarterly customer magazine. For further information please call 0845 275 5555 or visit [toyota.co.uk/club](http://toyota.co.uk/club)

### Toyota Accident Assistance

At Toyota, we believe that our customers deserve the best possible care. Therefore if you are involved in an accident,

one call to Toyota Accident Assistance will get you back on the road again, whilst we take care of liaising with your insurer and arranging for your car to be repaired. By making us your first call, we will ensure your vehicle is repaired by Toyota to factory standards, meaning no compromise to your warranty or residual value.

### Toyota Motor Insurance

Toyota Motor Insurance is available for Toyota owners at competitive premiums. To obtain details of the benefits included and to arrange a quotation, please contact your local Toyota Centre or call 0800 350 500.

### Toyota Fleet

Toyota Fleet provides complete business solutions for companies that run a fleet of vehicles. For more information on how Toyota Fleet can deliver your fleet requirements either contact your local Toyota Centre or the Toyota Fleet Business Centre on 0845 271 2712.

### Toyota Approved Used Car Scheme

All Toyota Approved Used vehicles come complete with a pre-delivery inspection, a mileage check, 12 months warranty, RAC breakdown cover, Club Toyota membership<sup>2)</sup> and a 30 day vehicle exchange plan.

### Recycling Toyota End-Of-Life Vehicles

We offer a free vehicle take back scheme through our appointed service provider, Autogreen. This is a new and innovative way for Toyota drivers to return their vehicle at the end of its life for dismantling and recycling. For more information about End-Of-Life Vehicles please refer to [www.toyota.co.uk/environment](http://www.toyota.co.uk/environment)

<sup>1)</sup>With the exception of batteries, corrosion of exhaust and damage or wear to the interior. Please refer to our Terms and Conditions for full details.

<sup>2)</sup>Except on non-Toyota vehicles.

## Flexible Finance from Toyota Financial Services

When choosing your new car you will make sure you choose the right model, the right specification and the right colour to suit you. Choosing how you finance your car is just as important.

Our range of finance plans have been designed with simplicity in mind to make funding your car as easy as driving it.

All our plans offer easy budgeting and peace of mind and **AccessToyota** brings these and other benefits together in one flexible package. **AccessToyota** is a finance plan that puts you in control. You don't have to worry about finding a large deposit as you agree the amount of deposit that you want to pay and choose your repayment term from 2 to 3 years. What makes **AccessToyota** different is that Toyota Financial Services (TFS) give your vehicle the security of a guaranteed future value (GFV) which is your optional final payment, deferred to the end of the agreement. Affordable monthly payments are yours to enjoy as your repayments are based on the vehicle selling price less your deposit and the GFV/ optional final payment, plus the cost of borrowing. In addition, you can have reassurance against the risk of a fall in used car prices, knowing the minimum amount your Toyota will be worth at the end of your agreement is guaranteed at TFS. Then when your agreement comes to an end you have three flexible choices:

- Part exchange your vehicle for a brand new Toyota
- Pay your final payment (the GFV) and take full ownership of the car\*
- Simply hand the car back with nothing more to pay<sup>§</sup>

Ask your Toyota Centre to show you how **AccessToyota** could be the best choice for you.

Flexible Finance for all Toyota customers

Whatever your needs, to complement **AccessToyota**, TFS has a full range of finance options to offer. From traditional Hire Purchase to Contract Hire and Leasing. Whether you're a private motorist with a fixed monthly budget in mind or a business customer looking for VAT efficient funding options, just discuss your individual requirements with your Toyota Centre. They will be pleased to show you how convenient and competitive Toyota Financial Services can be.

Toyota Financial Services, Great Burgh, Burgh Heath, Epsom, Surrey, KT185UZ.

Finance subject to status to over 18s only. Indemnities may be required. Terms and conditions apply.

\*On payment of the option to purchase fee.  
<sup>§</sup>Subject to mileage and fair wear and tear conditions being met.  
TFS is authorised and regulated by the Financial Services Authority.

Finance subject to status to over 18s.

## Using the navigation bar

A navigation bar is provided at the bottom of each page of this e-brochure to make browsing it easy. Please follow the simple instructions on the right to navigate through this e-brochure.

Takes the document back to the beginning.

This will take the document to the previous page.

This will take the document to the next page.

This will allow the Acrobat toolbar to be visible if pressed once and it will also make it disappear if already visible.

This will zoom in on the document so smaller text etc will be easier to read. To zoom in further, click the icon again. If the menu bar is not visible then use your mouse by clicking the left hand button and moving it.

This will zoom out of the document. To zoom out further, click the icon again. If the menu bar is not visible then use your mouse by clicking the left hand button and moving it.

This will print out the full brochure to your printer. Please note that if you have a colour printer this document will print in full colour.

This will save the whole document to your computer.

To close this document press esc and then close the document normally.

Whilst every effort is made to reproduce accurate information, we reserve the right to change specifications, equipment and availability without prior notice. This e-brochure can not be regarded as infallible, (some of the vehicles shown may not be to exact UK specification), and as such does not constitute an offer for sale of any particular vehicle of specification. For the latest specification and availability we ask that you contact your local Toyota Centre.
