Jeep

70 years in the making...

Jeep® has always been associated with the thrill of adventure and living life to the full. It attracts people with a certain spirit, a zest for life. People who embrace life. People who work hard and play even harder. It's in their DNA. And its built into ours.

Which is why Jeep® is much more than a car or a driving experience. On road and off road. Comfort and Rugged. Fit for purpose and luxurious. It's unique. There is nothing quite like it.

Jeep® is a way of life. So Live It.

Jeep® Capability

Compass 4x4. Proven capability.

Compass is fit for purpose on all the terrains of modern life.

At its heart is the innovative Freedom Drive I 4WD system which optimises on and off road driving performance at the simple flick of a switch. For every day driving conditions the Compass 4WD system balances power between the front and rear wheels to maximise fuel economy.

Total Jeep® control.

Freedom Drive I 4WD system is standard across the range. This includes a LOCK function that sends an equal amount of power to the front and rear for maximum traction. The perfect blend of on-road economy and off-road confidence.

CVT2 with AutoStick uses a 30-mm high-strength multilayer steel drive belt and two active V-pulleys to vary vehicle speed. The result: a smooth, quiet ride that's very economical too.

High performance 2.2 litre common rail diesel technology. With either 161 bhp or 134 bhp with 320 Nm of torque, both variants will deliver effortless power.

Quiet, refined, responsive. The perfect description for this 2.4 litre petrol engine. And with 168bhp and 220Nm its performance will impress.

A punchy 2.0 litre petrol that delivers 46.3 mpg (extra urban) enables you to take your adventure's even further.

Compass 4x2. Economy without compromise.

Whether you're heading off road or through the urban streets, Jeep® technology introduces a 4x2 drivetrain giving maximum fuel economy with zero compromise.

Solid contact.

Four-wheel independent touring-tuned suspension helps to provide a smoother on-road ride whilst improving handling and cornering.

All round ability.

Snow, ice or rain; Compass takes on all conditions like a true Jeep®, enabling you to arrive safely and in style. (US spec car shown).

Jeep® Safety & Security

Drive with confidence.

Compass is equipped with more than 30 of the very latest Jeep® safety and security features including Electronic Stability Control (ESC), Anti-Lock Brake System (ABS), Hill Start Assist and a range of sensors. These monitor the vehicle and automatically apply the brakes to the appropriate wheel, reduce engine power accordingly and maintain maximum grip whatever the driving condition. These driver aids complement the Freedom Drive I 4WD system which is standard across the range.

Hill Start Assist (HSA).

Standard on manual transmission models, HSA helps stop "roll back" when traversing uphill climbs.

Sentry Key® theft deterrent system.

A unique embedded key code matched only to your vehicle helps keep your Compass safely where it belongs.

Thatcham Category 1 alarm and immobiliser.

Standard across the range ensuring your vehicle never goes anywhere without your permission.

Power fold mirrors.

Electric fold flat and heated mirrors are standard across the range.

Freedom Drive I 4WD.

Rain, snow, sleet or mud is ably mastered by the Freedom Drive I 4WD system. This monitors power and traction to all wheels and automatically adjusts to ensure no loss of grip or control, adjusting torque on demand.

A strong defence.

Get under the skin of Compass and you'll find a strong cage structure with crumple zones designed to absorb energy during a front impact. Furthermore a high-strength crossbeam in the rear seat area helps transfer side-impact energy from one side of the vehicle to the other.

Compass has your back, your sides, as well as your front.

The standard airbag system includes supplemental side curtain airbags for outboard occupants plus advanced multistage driver and front passenger airbags. Front seat active head restraints move forward and upward decreasing the distance between the head restraint and the occupants head in case of a rear collision to minimise the chance of injury.

Jeep® Functionality

Comfortable seating for five and ample cargo storage. Standard across the range are 60/40 split folding rear seats with recline feature for added comfort. The front-passenger seat also folds flat to act as a secure landing spot for laptops and electrical items.*

Further convenience features include front row heated seats, six-way power adjustable driver seat and automatic temperature control throughout.

*Properly secure all cargo.

Compass continues to ensure every journey is as comfortable and convenient as possible. The electronic vehicle information centre displays average miles per gallon, distance to empty, compass, outside temperature, driver alerts and many more.

Other conveniences include:

- Cargo lamp that doubles as a removable and rechargeable LED flashlight
- Sliding armrest in the full-length centre console
- Standard 12-volt power outlet in the centre stack for mobile phones, electronics and other small appliances

Compass Limited sends your music in the right direction with its available Premium Sound System which features two flip-down tailgate speakers.

User-friendly technology at your fingertips.

Uconnect® is an intuitive hub for all your in-car media. Access your phone, radio, navigation system and MP3 player wherever you may roam using voice command or at the touch of a button.

Phone.

Uconnect Bluetooth® is an in-vehicle, voice activated communication system that allows you to talk on your phone virtually hands-free. This clever system is also smart enough to synchronise with up to 1000 entries in your phone address book every time you get into your vehicle.

Voice Command.

You can use Voice Command to select radio stations and record memos whilst keeping your eyes on the road and your hands on the wheel. This smart system technology can also be trained to better recognise your voice and can understand commands in multiple European languages.

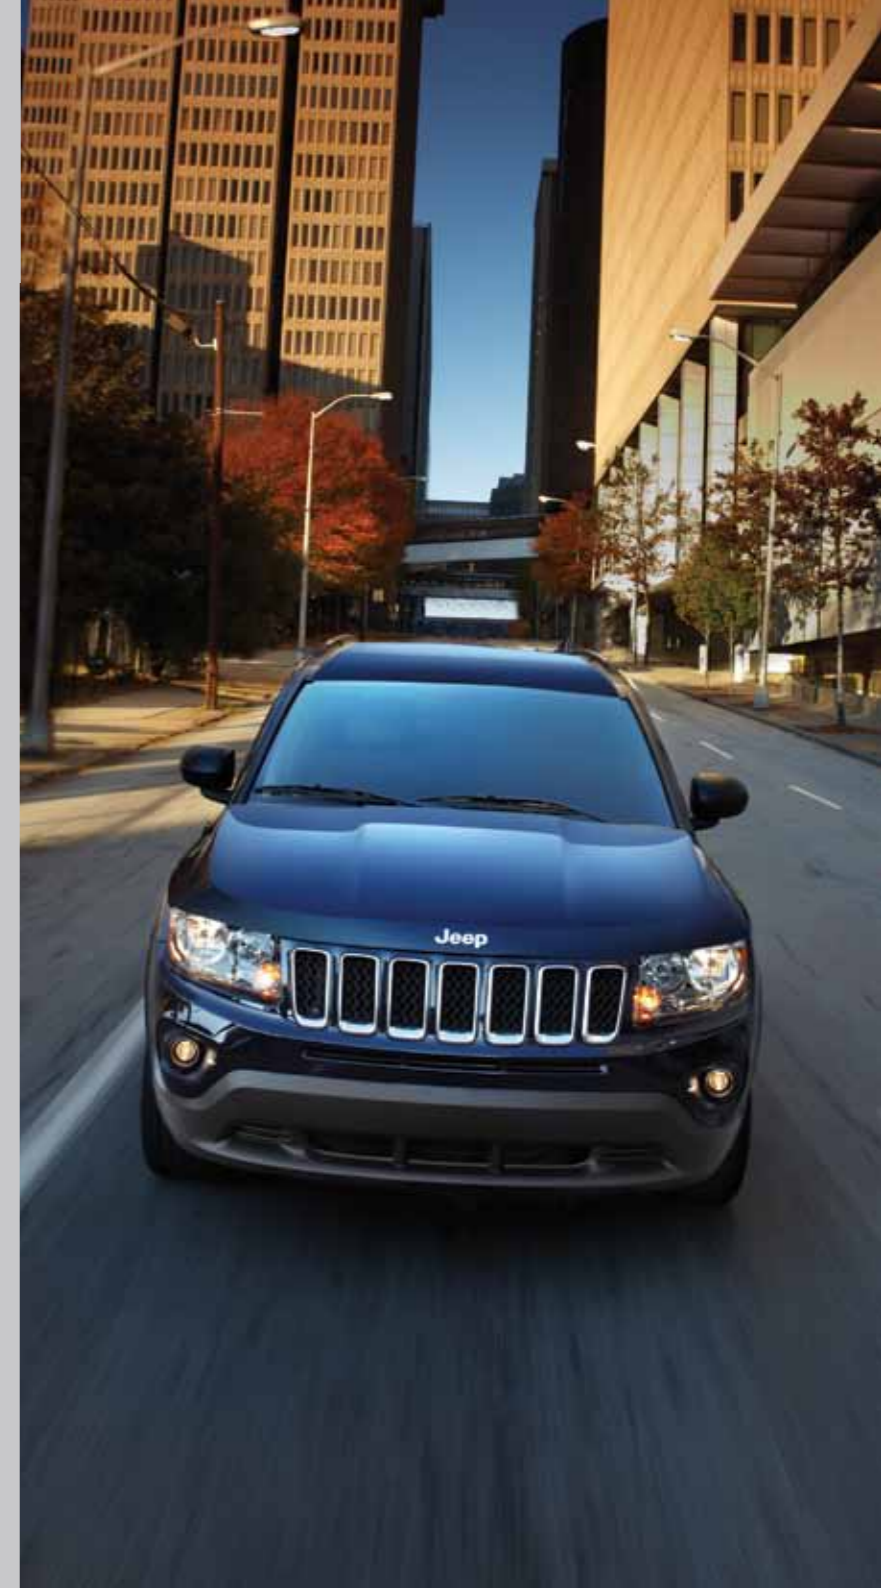

Entertainment.

Compass is available with state of the art in car entertainment. Turn up the volume with the optional Boston Acoustics® Premium Sound System which features CD, a 30Gb hard drive, USB port, iPod® connectivity, 9 premium speakers, 368watt amplifier and subwoofer. All accessed through a touchscreen control. The system also allows you to watch DVDs on the screen (whilst parked).

Navigation.

A turn-by-turn Satellite Navigation System featuring touchscreen and voice activated control, which can locate nearby restaurants, shopping centres, hospitals, or points of local interest. The system also provides updated traffic reports, road closures, and accident information.

Compass Sport.

Welcome to what we call Jeep® Life.

The new Jeep® Compass Sport has a purposeful appearance that is more than skin deep and a ride quality and handling that's both sophisticated and sporty. Fusing 4x4 Jeep® capability and maximum passenger comfort the new Compass Sport will allow you to take your adventures through the city and beyond...

- 17" Alloy wheels
- 4 speakers
- Active head restraints
- Anti-lock 4-wheel-disc brakes
- Brake assist
- Cruise control
- Dark slate grey cloth seats
- Electronic Stability Control
- Fog lamps
- Front passenger forward fold flat seat
- Hill Start Assist (manual only)
- Illuminated cupholders
- Illuminated entry
- Interior removable and rechargeable lamp
- Leather wrapped steering wheel and park brake handle
- Luxury front & rear floor mats
- Manual air conditioning
- Media Centre 135 CD player with MP3 compatibility
- Next gen multistage front airbags
- Power folding heated mirrors
- Rear 60/40 split-folding seat
- Remote central locking
- Sentry Key Theft Deterrent System
- Side curtain front and rear airbags
- Steering wheel mounted audio controls
- Thatcham Category 1 Alarm and Immobiliser

Compass Sport+.

For added adventure Sport+ takes you to the next level.

The Jeep® Compass Sport+ carries all the unmistakable Jeep® characteristics with its 7-slot grille and purposeful stance, along with an interior that comprises of state of the art Jeep® technology.

Key features in addition to Sport.

- Air conditioning with auto temp control
- Auto dim rear view mirror with microphone
- Deep-tint sunscreen glass
- Uconnect Bluetooth with voice command and remote USB port

Compass Limited.

Compass Limited provides all the premium features you might find in our flagship Grand Cherokee in a luxury, compact package.

The attitude of the new Compass Limited is evident in the external design improvements. The bonnet has been enhanced with a subtle power bulge and to the rear is a body-coloured spoiler. 18 inch alloys, front and rear chrome fascias and chrome accents to both the traditional seven slot grille and rear exhaust tip have all been added to project a touch of luxury, style and genuine road presence.

Exceptional styling and road presence, unmistakable Jeep® 4WD capability is enhanced with a comprehensive specification:

- 18" Alloy wheels
- Bright exhaust tip
- Bright side roof rails
- Full size spare wheel
- Heated front seats
- Leather trimmed seats
- Media Centre 235 6CD/DVD/MP3
- Power 6-way driver seat

Compass Limited.

Step inside the Compass Limited and you'll find a cabin which pushes the boundaries of luxury. Robust build quality combines with the very best hand-crafted materials and sumptuous fabrics to create a quality finish of the highest order.

We invite you to feel for yourself the Compass Limited's new soft-to-the-touch interior. Using fabrics and materials of the highest quality you'll find soft padding where you appreciate it most such as the centre console armrest, upper front console, door trim and leather-wrapped steering wheel.

Chrome accents add a decidedly upscale sparkle to the instrument panel, centre stack and air vents, while Limited's cabin gives luxury a new name with standard features like automatic temperature control and heated leather seats.

Illuminating details.

The illuminated cup holders add a unique and functional ambience to the interior. Just another example of the attention to detail which gives Compass a unique personality that's sure to impress.

Luxurious interior.

Limited's premium interior is comfortably inviting with premium leather trimmed heated front seats with 6-way driver power adjustment. The driver will also find the steering wheel leather wrapped with audio and speed controls at your fingertips.

Every feature...

every detail...

every finish, shouts quality on the Compass Limited.

Compass 70th Anniversary.

Celebrating its 70th anniversary in 2011, Jeep® is the authentic SUV with class-leading capability, craftsmanship and versatility for people who seek extraordinary journeys.
