Jeep
THERE'S ONLY ONE

Jeep
THERE'S ONLY ONE

70 years in the making...

Jeep® has always been associated with the thrill of adventure and living life to the full. It attracts people with a certain spirit, a zest for life. People who embrace life. People who work hard and play even harder. It's in their DNA. And it's built into ours.

Which is why Jeep® is much more than a car or a driving experience. On road and off road. Comfort and Rugged. Fit for purpose and luxurious. It's unique. There is nothing quite like it.

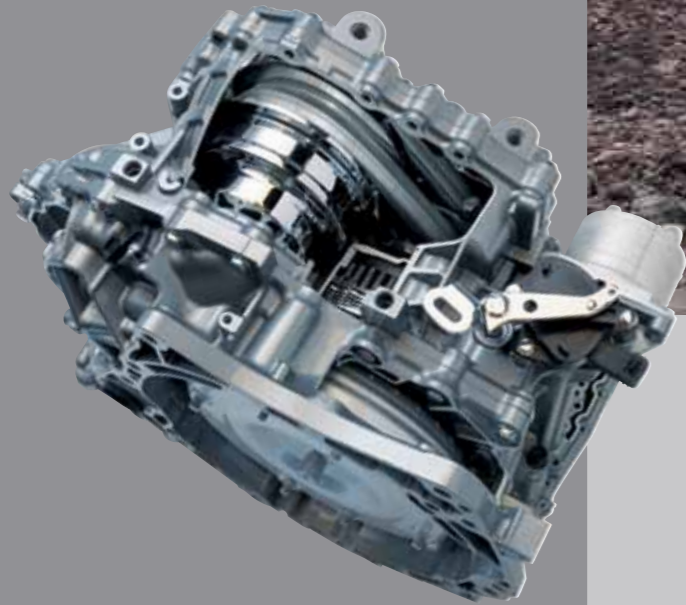

Jeep® is a way of life. So Live It.

Jeep® Capability

On-road style meets proven off-road capability. Patriot is a full blooded Jeep®, ready to tackle any terrain.

At its heart is the innovative Freedom Drive I 4WD system which optimises on and off road driving performance at the simple flick of a switch. On road, Patriot's 4WD system is optimised to improve fuel economy and maintain excellent traction. When the going gets tough, the LOCK mode works to transfer an equal amount of power to the front and rear wheels, giving you total confidence and capability over snow, mud or ice. Total Jeep® control.

CVT2 with AutoStick uses a 30-mm high-strength multilayer steel drive belt and two active V-pulleys to vary vehicle speed. The result: a smooth, quiet ride that's very economical too.

High performance 2.2 litre common rail diesel technology. 161bhp with 320Nm of torque delivers effortless power.

Quiet, refined, responsive. The perfect description for this 2.4 litre petrol engine. And with 168bhp and 220Nm of torque, its performance will impress.

Total Jeep® control. Freedom Drive I 4WD system is standard across the range. This includes a LOCK function that sends an equal amount of power to the front and rear for maximum traction. The perfect blend of on-road economy and off-road confidence.

True Jeep®. Four-wheel independent touring-tuned suspension helps to provide a smoother on-road ride whilst improving handling and cornering.

Footwork. Go forth boldly, knowing you've got a full 201-mm between you and the nearest boulder below.

Jeep® Safety & Security

Drive with confidence.

One look at Patriot and you know it's a Jeep®. Safety and security features include Electronic Stability Control (ESC), Anti-Lock Brake System (ABS), Hill Start Assist and a range of sensors. These monitor the vehicle and automatically apply the brakes to the appropriate wheel, reduce engine power accordingly and maintain maximum grip whatever the driving conditions. These driver aids complement the Freedom Drive I 4WD system which is standard across the range.

Electronic Stability Control (ESC).

Integrates a host of systems that are standard on all models and include:

- All-speed traction control
- Brake Assist system that automatically helps provide quicker braking power in emergency situations
- Electronic Roll Mitigation (ERM) that applies strategic braking to appropriate wheels and reduces engine power when sharp steering actions are detected

Thatcham Category 1 alarm.

Standard across the range ensuring your vehicle never goes anywhere without your permission.

Hill Start Assist (HSA).

Standard on manual transmission models, HSA helps stop "roll back" on up hill gradients.

Sentry Key®

A unique embedded key code matched only to your vehicle helps keep your Patriot safely where it belongs.

Power folding mirrors.

Electric folding and heated mirrors are standard across the range.

A strong defence.

Get under the skin of Patriot and you'll find a strong cage structure with crumple zones designed to absorb energy during a front impact. Furthermore a high-strength crossbeam in the rear seat area helps transfer side-impact energy from one side of the vehicle to the other.

Patriot has your back, your sides and your front.

The standard airbag system includes supplemental side curtain airbags for outboard occupants plus advanced multistage driver and front passenger airbags. Front seat active head restraints move forward and upward decreasing the distance between the head restraint and the occupants head in case of a rear collision to minimise the chance of injury.

Jeep® Functionality

Jeep® adventures are best shared with friends and Patriot easily accommodates with comfortable seating for five and ample cargo storage. Standard across the range are 60/40 split folding rear seats with recline feature for added comfort. The front-passenger seat also folds flat to act as a secure landing spot for laptops and electrical items.

Further convenience features in the Patriot range include front row heated seats, six-way power adjustable driver seat and automatic temperature control throughout.

*Properly secure all cargo.

Patriot continues to ensure every journey is as comfortable and convenient as possible. The electronic vehicle information centre displays average miles per gallon, distance to empty, compass, outside temperature, a trip computer, driver alerts and many more.

Other conveniences include:

- Cargo lamp that doubles as a removable and rechargeable LED flashlight
- Sliding armrest in the full-length centre console
- Standard 12-volt power outlet in the centre stack for mobile phones, electronics and other small appliances

Patriot looks good and sounds even better. Send your music in the right direction with its available Premium Sound System which features two flip-down tailgate speakers.

User-friendly technology at your fingertips.

Uconnect® is an intuitive hub for all your in-car media. Access your phone, radio, navigation system and MP3 player wherever you may roam using voice command or at the touch of a button.

Phone.

Uconnect Bluetooth® is an in-vehicle, voice activated communication system that allows you to talk on your phone hands-free. This clever system is also smart enough to synchronise with up to 1000 entries in your phone address book every time you get into your vehicle.

Voice Command.

You can use Voice Command to select radio stations and record memos whilst keeping your eyes on the road and your hands on the wheel. This smart system technology can also be trained to better recognise your voice and can understand commands in multiple European languages.

Entertainment.

Patriot is available with state of the art in car entertainment. Turn up the volume with the optional Boston Acoustics® Premium Sound System which features CD, a 30Gb hard drive, USB port, iPod® connectivity, 9 premium speakers, 368watt amplifier and subwoofer. All accessed through a touchscreen control. The system also allows you to watch DVDs on the screen (whilst parked).

Navigation.

A turn-by-turn Satellite Navigation System featuring touchscreen and voice activated control, which can locate nearby restaurants, shopping centres, hospitals, or points of local interest. The system also provides updated traffic reports, road closures, and accident information.

Patriot Sport.

Welcome to what we call Jeep® Life.

Patriot Sport.

With uncompromising performance and a world of standard features including an updated body-colour grille and front fascia add authentic Jeep® branding. Sport's robust cache of standard equipment includes Electronic Stability Control (ESC) with Electronic Roll Mitigation (ERM), a four-wheel antilock brake system (ABS), and all-speed traction control. The 2.2 Turbo Diesel engine and the Freedom Drive I 4WD system enable you to head out into the world with genuine Jeep® brand capability for improved low-speed traction control.

- Thatcham Category 1 alarm and immobiliser
- Leather wrapped park brake handle
- Leather wrapped steering wheel
- Cruise control
- Reclining and fold flat rear bench seats 60/40 split
- Air conditioning with air filtration
- Electronic Vehicle Information Centre (EVIC)
- Hill Start Assist (Manual only)
- Power folding heated door mirrors
- Power operated windows, driver window one-touch
- 4 speakers
- AM/FM radio with single disc CD player and MP3 capability

Patriot Sport*.

For added adventure Sport* takes you to the next level.

Patriot Sport*.

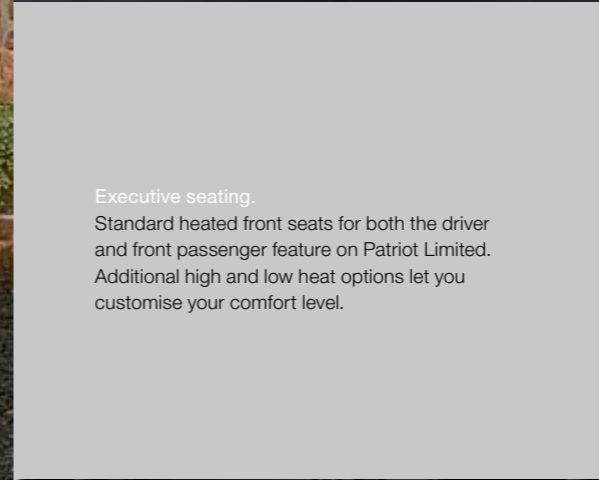

Upgrade to the Sport* and benefit from a range of additional extras inside and out. Sport* makes driving even more enjoyable with a host of technology upgrade features including Uconnect® phone with voice command and automatic temperature control ensuring every journey is just perfect.

Sport* features in addition to Sport

- Uconnect Bluetooth® with voice command
- Front fog lights
- Deep-tint sunscreen glass
- Auto-dim rear view mirror with integrated microphone
- Auto temperature control

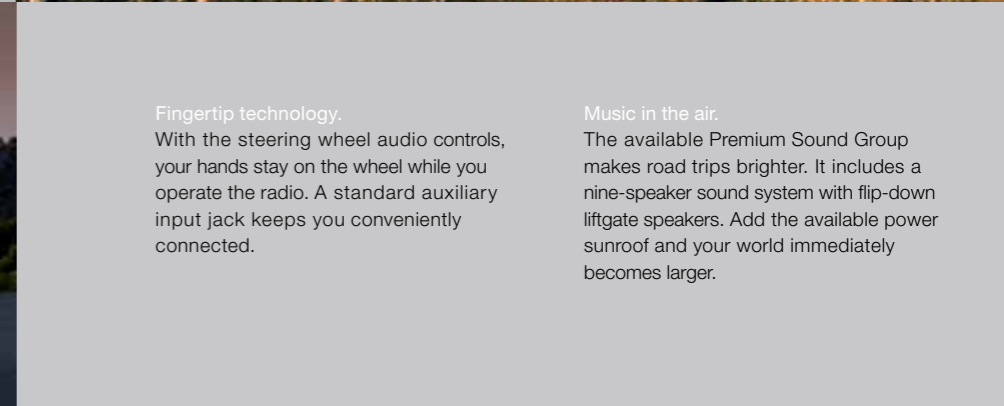

Jeep® Patriot Limited.
Patriot Limited is the flagship model of the range with a host of additional extras that make any journey luxurious.
Model shown is US specification.

Executive seating.

Standard heated front seats for both the driver and front passenger feature on Patriot Limited. Additional high and low heat options let you customise your comfort level.

Fingertip technology.

With the steering wheel audio controls, your hands stay on the wheel while you operate the radio. A standard auxiliary input jack keeps you conveniently connected.

Music in the air.

The available Premium Sound Group makes road trips brighter. It includes a nine-speaker sound system with flip-down liftgate speakers. Add the available power sunroof and your world immediately becomes larger.

Limited features in addition to Sport*

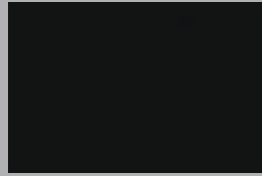

- Leather trimmed seats
- Heated front seats
- 6 Way power driver seat
- AM/FM 6 disc DVD MP3 Radio
- Body colour fascia with bright inserts
- Body colour grille
- Full size spare
- Silver interior accents
- Bright side roof rails
- Bright exhaust tip

Jeep, Patriot Limited.

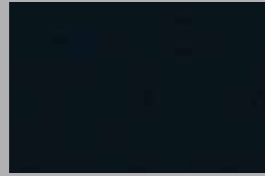

For looks that generate appealing second glances, Limited boasts a redesigned body-colour grille, body coloured fascia with bright inserts and side roof rails. On the inside leather trimmed seats that can be heated at the flick of a switch and a 6 way power driver seat create a refined and luxurious environment.

What will you do today?

Jeep[®] has always been associated with the thrill of adventure and living life to the full.

Jeep[®] helps people with a certain spirit, a zest for life, to get out there, grab life and have a damn good time.

Jeep[®] is for people who work hard and play even harder. Jeep[®] is for people like you.

That is what we call Jeep[®] LIFE.

It's much more than climbing a mountain or swimming the channel. It's about experiencing the things you love.

A weekend away with the girls.
 A fishing trip with the boys.
 Going for it at a festival.
 Or making the biggest snowman in the park.

Jeep[®] LIFE is about making the most of your adventures. Whatever they may be.

So what will you do today?

Jeep[®]
 THERE'S ONLY ONE
