Jeep
THERE'S ONLY ONE

Jeep
THERE'S ONLY ONE

70 years in the making...

Jeep® has always been associated with the thrill of adventure and living life to the full. It attracts people with a certain spirit, a zest for life. People who embrace life. People who work hard and play even harder. It's in their DNA. And it's built into ours.

Which is why Jeep® is much more than a car or a driving experience. On road and off road. Comfort and Rugged. Fit for purpose and luxurious. It's unique. There is nothing quite like it.

Jeep® is a way of life. So Live It.

Jeep® Capability

Stuff of Legends.

Jeep® Wrangler is the original trailblazer, designed with components that give you the freedom to Go Anywhere, Do Anything.™

Whether your quest for adventure takes you over rocks, through water, or onto roads buried in fresh snow, Wrangler's unmatched capability holds true.

2.8 CRD engine.

Impressive 2.8 DOHC 16-valve 4-cylinder Common-Rail Diesel (CRD) engine pumps out 197 bhp at 3600 rpm and 460 Nm of torque at 1600 rpm (with automatic transmission).

The fuel-saving Stop-Start System is standard on vehicles equipped with the diesel engine and manual transmission.

Stop-Start Tech-Savvy 2.8 diesel.
Reduce your carbon footprint while benefiting from fuel-saving technology. When at a stop, shut off the engine by simply shifting into neutral and releasing the clutch. Depressing the clutch will automatically restart the engine.

Command-Trac.
A Command-Trac® transfer case is smooth and quiet, yet very tough, so you can tackle challenging terrain with confidence.

Water ready.
Face that riverbed with confidence. Wrangler features additional electrical and body sealing, along with a high air intake location for optimum water fording capability.

Traction.
Great grip helps you always remain in control on any terrain, slippery conditions (wet, mud, snow), and on steep gradients.

Jeep® Safety & Security

Wrangler's got your back and your sides, as well as your front end. Just as Wrangler is purpose-built for fun, it is also infused with advanced active and passive systems designed to help keep you safe and secure. At the forefront are the standard advanced multistage front air bags.

Energy-absorbing front rail extensions.

Wrangler's collapsible, hydroformed front rail tips offer low-speed protection and can be serviced after impact events of up to 12 kph.

Mid-mounted fuel tank.

The 85 litre fuel tank, standard on Wrangler Unlimited, is located at the centre of the vehicle between the frame rails and is covered by a robust 2.5-mm skid plate for added off-road protection.

Hill Start Assist (HSA) and Hill Descent Control (HDC).

These clever systems help to increase control. HSA holds the vehicle stationary for two seconds after the driver's foot is removed from the brake pedal, allowing time to apply the throttle. HDC provides downhill assistance at a safe and controlled speed without requiring braking.

Sports Bar.

Uses high-strength steel and is integrated into the B-pillar that runs into the floor, improving side-impact performance and vehicle stiffness.

Advanced multistage front air bags.

These air bags provide occupant protection by matching air bag output to crash severity.

Halogen headlamps and fog lamps.

These improve down-road visibility at night or during inclement weather.

Tyre Pressure Monitoring.

Provides notification of high or low pressure on individual tyres via the instrument panel.

Electronic Stability Control (ESC).

An advanced system designed to assist drivers in maintaining control of their vehicle at all times. It utilises hydraulic Brake Assist, traction control, and Electronic Roll Mitigation (ERM) to constantly monitor driver input against the vehicle's actual course. If needed, ESC automatically brakes and/or reduces engine torque. Meanwhile, ERM estimates the potential for wheel lift, reducing engine power and applying brakes if needed. ESC has three modes: Full-On, Partial-On which shuts off traction control, and Full-Off which is ideal for off-road driving.

Jeep® Functionality

The perfect blend of form and function, complete with a raft of features. Wrangler is designed to give you complete control.

All-around open-air freedom.

Jeep Wrangler is a true original, taking away the boundaries between you and the great outdoors. Remove the doors, fold down the windshield, remove the Freedom Top™, and feel the rush of the wind in your hair. See the world from a point of view that others only dream of, living authentically behind the wheel of a legendary Jeep Wrangler.

Freedom Top™ 3-piece modular hard top.

The unique, open-air design intensifies the off-road outdoor experience. No other 4x4 comes close to offering as many top configurations as Wrangler provides, right out of the box. The three-piece freedom hard top allows sun-exposure by separating into three easy-to-store pieces.

Heated front seats.

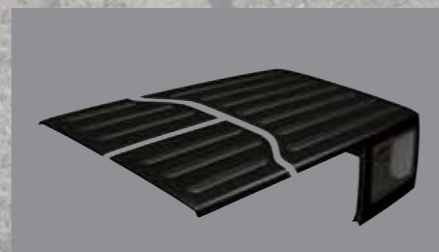

Upgrade your all-weather or top-down experience with heated leather-trimmed seats, including in-dash controls.

Sound bar with integrated speakers.

An exclusive overhead sound bar turns it up with a pair of weather-resistant, 165-mm speakers.

Take more gear.

Behind the rear seats, you'll find plenty of cargo room, now with a reversible cargo mat and an in-floor storage bin with lift-out tray, including storage for door and hardtop bolts.

User-friendly technology at your fingertips.

Uconnect® is an intuitive hub for all your in-car media. Access your phone, radio, navigation system and MP3 player wherever you drive using voice command or at the touch of a button.

Phone.

Uconnect Bluetooth® is an in-vehicle, voice activated communication system that allows you to talk on your phone hands-free. This clever system is also smart enough to synchronise with up to 1000 entries in your phone address book every time you get into your vehicle.

Voice Command.

You can use Voice Command to select radio stations and record memos whilst keeping your eyes on the road and your hands on the wheel. This smart system technology can also be trained to better recognise your voice and can understand commands in multiple European languages.

Entertainment.

Wrangler benefits from state of the art in car entertainment. Turn up the volume with the Infinity™ premium sound system which features 6 speakers and a sub woofer (standard on Sahara and 70th Anniversary). A 30 Gb hard drive and USB port are both available. All accessed through a touchscreen control. The system also allows you to watch DVDs on the screen (whilst parked).

Navigation.

A turn-by-turn Satellite Navigation System featuring touchscreen and voice activated control, which can locate nearby restaurants, shopping centres, hospitals, or points of local interest. The system also provides updated traffic reports, road closures, and accident information.

Wrangler Sport.
Compromise nothing with Wrangler Sport.

US specification shown.

Wrangler Sport: Jeep, 4x4 experience.

Jeep® Wrangler Sport combines supreme off road capability with a high tech interior and also features a fully removable hard top. A powerful 2.8 CRD Turbo Diesel engine and Wrangler Sport's standard Command-Trac® 4WD gives you the confidence to know you can go virtually anywhere. Sport's interior adds the flexibility to plug and play your own MP3 tunes via the auxiliary input jack.

Wrangler Sport features:

- Advanced multistage driver and front passenger airbags
- Front fog lamps
- Immobiliser
- Thatcham category 1 alarm
- Tyre pressure monitoring warning lamp
- Command-Trac shift-on-the-fly 4WD
- Next generation Dana 30 solid front axle
- Next generation Dana 44 HD rear axle
- Freedom Top 3-piece modular hard top
- Leather wrapped steering wheel
- Cruise control
- Hill Start Assist (HSA)
- Power heated mirrors
- Air conditioning with auto temp control
- Stop-Start feature
- AM/FM radio with RDS/EON and single disc CD player
- Uconnect phone with voice command
- 6 speaker audio system
- 16" Slot spoke styled steel wheels painted in argent

Cloth seats.

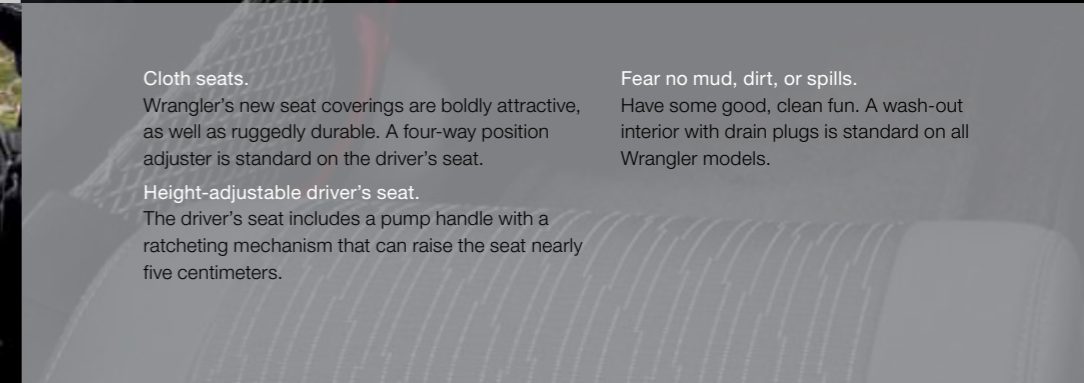

Wrangler's new seat coverings are boldly attractive, as well as ruggedly durable. A four-way position adjuster is standard on the driver's seat.

Height-adjustable driver's seat.

The driver's seat includes a pump handle with a ratcheting mechanism that can raise the seat nearly five centimeters.

Fear no mud, dirt, or spills.

Have some good, clean fun. A wash-out interior with drain plugs is standard on all Wrangler models.

Wrangler Sahara.
The Wrangler Sahara. Legendary name. Legendary 4x4 capability. True style icon.

Wrangler Sahara: The ideal blend of capability and comfort.

The exterior features 17-inch alloy wheels and the interior is elevated to new levels with tubular side steps and bright interior accents. Available body-colour hardtop and black front and rear fascias give Sahara a profile that's hard to ignore. Sahara's textured side steps look tough and help divert air flow for improved aerodynamics. When you want to tune in, there's the standard ∞Infinity® seven-speaker sound system, including a powered subwoofer.

Wrangler Sahara features in addition to Sport:

- 5-speed automatic transmission
- Anti-lock 4-wheel disc HD brakes
- Tubular side steps
- Bright interior accents
- Automatic headlamps
- Hill Descent Control
- Infinity Premium audio system
- 17" Alloy wheels painted in sparkle silver

Total control.

Cabin temperature control is no longer a matter of constant adjustment. The automatic temperature control system takes over and maintains your desired level of comfort. And when you need fresh air, pick a window, push a button, and let the breeze flow in from any direction.

More to store.

Lock your valuables in the new, larger centre console storage bin. Feel secure and enjoy even more top-down freedom.

Wrangler 70th Anniversary.
Celebrating its 70th anniversary in 2011, Jeep® is the authentic SUV with class-leading capability, craftsmanship and versatility for people who seek extraordinary journeys.
So to mark this occasion, in strictly limited numbers, we are introducing the Special Edition Jeep® Wrangler 70th Anniversary.

Key features in addition to Sahara include a host of upgraded interior features;

- Body-coloured hard top
- Black leather trimmed seats
- Heated front seats
- Deep-tint sunscreen glass
- 70th Anniversary badging (exterior)
- 18" Alloy wheels painted in satin silver
