

MG6 GT

A LOST LOVE HAS BEEN FOUND.

A British motoring icon is back to stay. It's time to be seduced by the all-new MG6 GT, to enjoy its contemporary lines, innovative technology and the sense of fun at its heart.

MEET THE MG6 GT.

As the first all new MG in 16 years, the MG6 GT represents the beginning of a new generation of models. On the outside, pure British sporting style. On the inside, space and a high level of specification as standard. And most importantly, a driving experience to love. Pure MG.

The MG6 GT is designed and engineered in Britain, manufactured in world class factories, and final assembly is in the UK. The result is a car that reflects a new chapter in MG history, alongside a continuing commitment to quality, value and fun. Get ready to fall in love again. Not just once. But every time you take hold of the wheel.

HIGH SPECIFICATION, GREAT VALUE.

MG's ethos is the same today as it's always been: to provide cars that are high quality, fun to drive and great value. The MG6 GT is no exception.

With a specification including front McPherson strut suspension, one-press engine start, sports alloy wheels, rear aero spoiler, fog lights, LED rear lights and sat nav as standard on the SE and TSE trim levels, you might be surprised just how much MG you get for your money.

TRUE SPORTING PEDIGREE.

Since its origins in 1924, MG has always had strong links with motorsport. From the early 1930s dedicated racing cars were made and sold to enthusiasts. In 1939 an MG made a land speed record attempt, exceeding 200mph. After the war, recording breaking attempts began again with the 500 and 750cc records being taken in the late 1940s. A team of MGAs took part in the infamous 1955 Le Mans 24 hour race, the best car finishing 12th. In 2001, MG relaunched its motor sport campaign at the 24 hours of Le Mans race and the British Touring Car Championships. To this day MG boasts the largest amateur racing clubs in the world.

This unique motorsport heritage lies at the heart of the new MG6 GT.

MODERN SPORTS DYNAMICS.

As well as its turbocharged 160ps four cylinder petrol engine, McPherson strut suspension and multi-link rear suspension, the MG6 GT has an aerodynamic shape and alloy wheels to give you a true sporting feel, without compromising on space or modern luxuries.

What makes every MG special is the driving experience. The MG6 GT boasts class leading chassis dynamics derived from innovative engineering, an example of which is the compact yet agile rear axle.

GREAT BRITISH SPORTING STYLE.

Whichever way you look at the new MG6 GT, its fastback body style won't fail to impress. The strong lines, curved edges and sporty features reflect the quality of this new model, and hint at the fun character at its heart.

The iconic octagonal logo sits proudly on the front grill, distinctive halogen lights add to the sporting appeal and body coloured mirrors give the car a smooth, streamlined look. The aerodynamic shape brings MG's sporting heritage to the new generation models.

BEAUTY LIES WITHIN.

Step into the MG6 GT and you'll be surprised by its premium feel, uncluttered style and sense of space.

With the iconic octagonal badge on the steering wheel and modern technology within arm's length, the interior styling of the MG6 GT is a perfect marriage of sporting heritage and modern day luxury.

THREE TRIM LEVELS.

The MG6 GT is available in three different trim levels: the MG6 GT S, the MG6 GT SE and MG6 GT TSE.

MG6 GT S

Electronic control air conditioning.
17 inch twist sports alloy wheels.
6 way adjustable driver sports seat.

MG6 GT SE

Satellite Navigation.
Rear parking aid for smoother parking.
Cruise control for a more relaxed ride.

MG6 GT TSE

18 inch straight alloy wheels.
Reverse parking aid with rear view camera to make parking quick and simple.
Luxurious leather sports seats.
Automatic electric dual zone air-conditioning to help you keep your cool, wherever you choose to go.
Satellite Navigation with integrated Bluetooth phone connectivity.

ROOM TO BREATHE.

Entertaining the kids, walking the dog, shopping spree, road trip, sporting adventure, day out. Wherever you go in the MG6 GT, there's enough space to take everything you need along for the ride.

There is ample leg-room for all your passengers and the curve of the roof provides the maximum headroom.

And that is not all. Surprisingly perhaps, the MG6 GT has one of the largest boot spaces for a car of its class.

A luggage swallowing 472 litres capacity with the rear seats up becomes an amazing 1268 with the rear seats folded down.

IT CAN ONLY BE THE MG6 GT.

Only one car embodies British sporting style the way the MG6 GT does.

In keeping with our unique sporting heritage, the exemplary suspension dynamics and handling have been designed in the UK by British engineers, specifically for our British roads.

Added to that, class leading interior space, superior rear passenger legroom and headspace, and a high level of specification as standard come together to make pure MG.

And it all sits behind the famous MG badge, the octagon, which has proudly adorned every MG since 1924.

TECHNOLOGY.

The MG6 GT uses the latest technology and engineering to provide you with great electrical functionality to optimise the driving experience.

The car features Electronic Brake-force Distribution - EBD for optimum distribution of hydraulic pressure between front and rear axles on all road conditions.

The Hill Hold system uses two sensors to hold the brake until the clutch is at biting point, giving you smoother hill starts.

One-touch electric window controls give you fresh air or sunshine in an instant.

The one-press engine start gets you on the open road sooner. Watch the dials kick as you press the keyless start system.

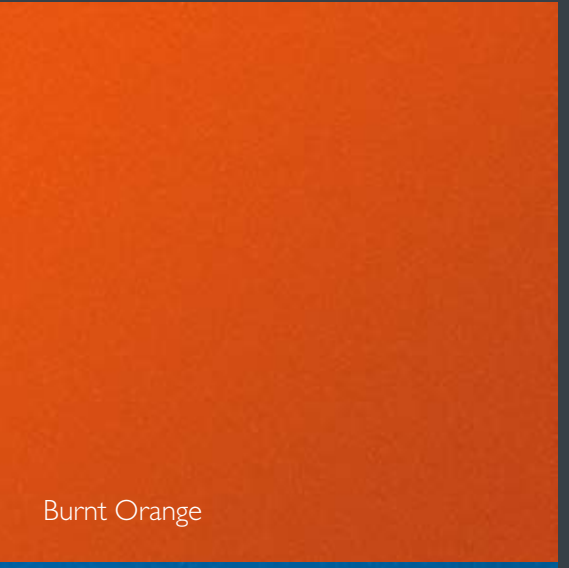

In addition there is electronic control air conditioning for maximum driving comfort (whatever the UK weather throws at you!) and an ICE featuring radio, RDS, CD, MP3, USB and Aux in capability, the perfect travelling companion.

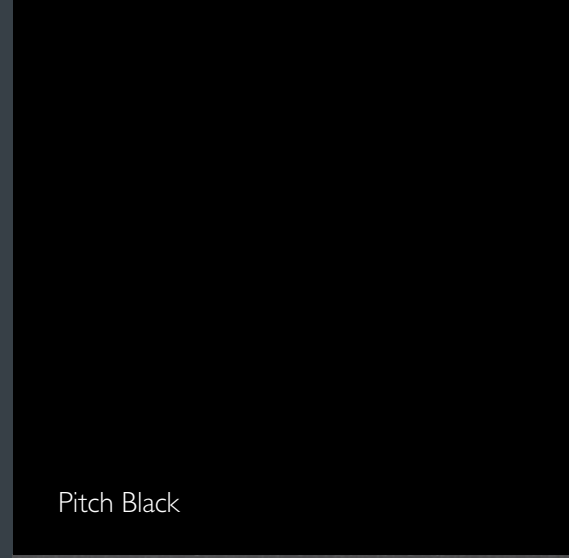

MAKE IT YOURS.

Choose from two interior trims and seven stylish colours to make the MG6 GT your own.

Burnt Orange

Pitch Black

Regal Red

Union Blue

Granite Grey

Platinum Silver

Arctic White

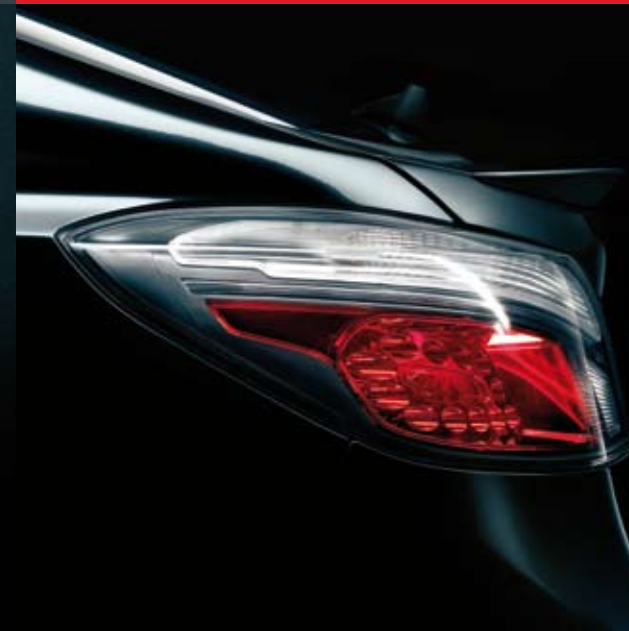

COMPREHENSIVE EUROPEAN ROADSIDE ASSISTANCE.

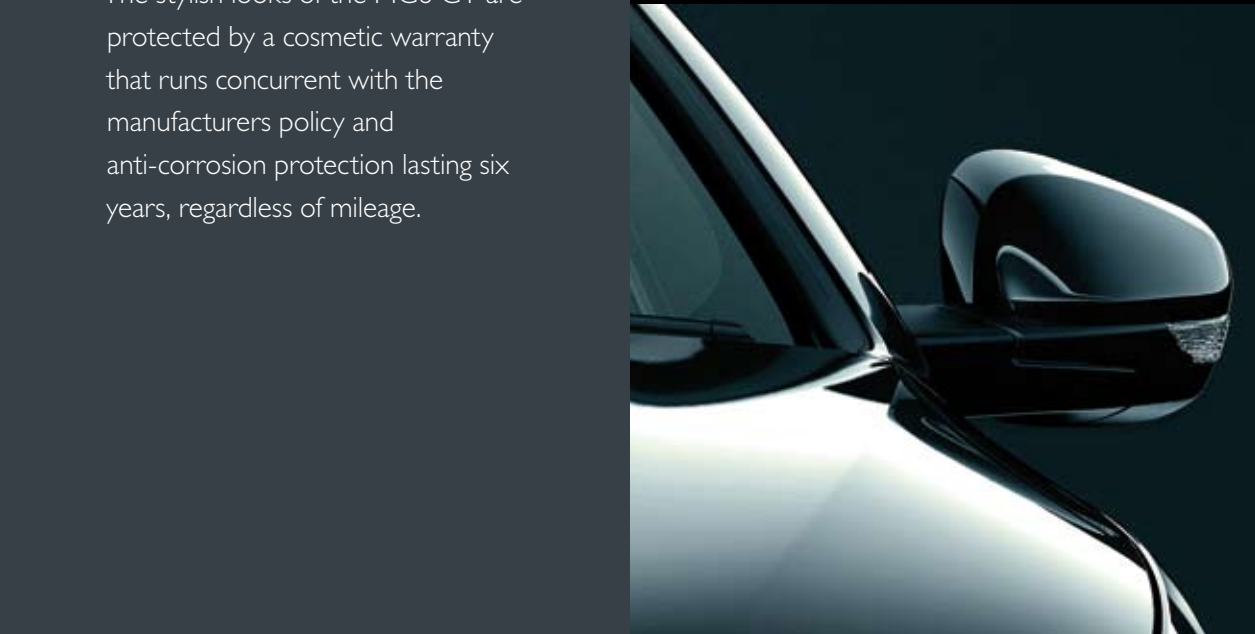

The MG6 GT comes with a comprehensive roadside assistance package, which lasts for three years, regardless of vehicle mileage.

WARRANTY.
The MG6 GT is supplied with a comprehensive manufacturer's warranty. The maximum duration is three years or 60,000 miles (whichever is sooner).
Very high mileage drivers can enjoy the peace of mind of unlimited mileage cover during the first twelve months of ownership.

SERVICING.
The MG6 GT requires servicing every 12 months, or 15,000 miles, whichever occurs the sooner.

INSURANCE.
MG offers competitive insurance policies through our specially selected business partners. Policies can cater for either new or classic MG care.

SPECIFICATIONS.

MG6 GT S FEATURES

PERFORMANCE

0-60mph: 8.4 seconds

Top speed: 120 mph (limited)

Power: 158bhp at 5500rpm

Max torque: 215 Nm

Compression ratio: 9.2:1

EXTERIOR DIMENSIONS

Length: 4651mm

Width: 2008mm (incl. mirrors)

Height: 1472mm

Wheelbase: 2705mm

Kerb weight: S 1485kg / SE 1490kg / TSE 1495kg

Gross weight: 2040 kg

Front track: 1558mm

Rear track: 1555mm

Turning circle: 11.4m

INTERIOR DIMENSIONS

Legroom front max: 1040mm

Legroom rear max: 983mm

H-point (front to rear) couple distance: 835mm

Headroom front: 975mm

Headroom rear: 937mm

Shoulder room front: 1406mm

Shoulder room rear: 1397mm

Elbow room front: 1443mm

Elbow room rear: 1464mm

FUEL TANK USEABLE CAPACITY

62 litres

13.6 gallons

ENGINE SPECIFICATION

1.8 turbo 160ps TCI Tech four cylinder petrol engine

5-speed manual transmission

Emission Regulation

Emission Controller

New EU5 engine management system

MPG (L/100km): Urban: 26.1 (10.8),
Extra Urban: 45.2 (6.2), Combined: 35.6 (7.9).
CO2 mass emission (combined) 184 g/km

SUSPENSION AND STEERING

Front McPherson strut suspension

Multi-link rear suspension

Electro-Hydraulic power assisted steering

BRAKING SYSTEM

Anti-lock Braking System (ABS) with
Electronic Brake Force Distribution (EBD)

Hill Hold braking system

Ventilated front and rear disc brakes

Electronic brake pad wear sensor and warning

SAFETY AND SECURITY

Driver and passenger airbags

Side airbags

Passenger airbag disable switch/warning light

Side intrusion beams, front and rear doors

ISO-fix child restraint mountings for rear seats
(two positions)

Seatbelt reminder

Remote control door locking

Perimetric alarm and immobiliser system

Rear Inertia reel 3-point belts in all positions

Front seat belts with warning lamp on
fascia and audio warning

Alarm – Battery backed up sounder (BBUS)

HEATING AND ELECTRICS

One touch engine start

Electronic control air-conditioning

Twin halogen headlamps

Headlamp auto time-out

Front fog lamps

Side direction indicator repeaters
(incl. exterior mirror)

Parking light facility

Lights-on warning chime

Heated rear screen - timed operation

Glove box lamp

Driver & front passenger electric windows
with one touch up & down facility

Rear electric windows

BODY AND EXTERIOR TRIM FEATURES

Halogen headlights

LED rear lamp cluster

Body-coloured mirrors with inbuilt repeaters

Front bumper assembly body colour, plus black lower

Rear body colour moulded bumper, plus black lower

Body colour door handle finish

17" twist alloy wheels

MG badged wheel centre finisher

Metal effect fascia finisher

Stainless steel exhaust finishing

INTERIOR AND ICE

Four spoke design steering wheel

Manual gearknob

60/40 folding rear seat with arm rest

Glove box with latch

Ambient interior lighting

ICE featuring radio, RDS, CD, MP3, USB,
Aux-in capability

Air conditioned front arm rest storage

Rear arm rest with cup holders

MG6 GT SE ADDITIONAL FEATURES

Rear parking aid

Cruise control

iTPMS tyre monitoring

Passenger electric window with one-touch auto
down and up

Leather steering wheel

Midline Navigation system with radio, RDS, CD,
MP3, USB, Aux-in capability, satellite navigation and
full colour display

Multifunction steering wheel control

MG6 GT TSE ADDITIONAL FEATURES

Reverse parking aid with rear view camera

Leather sports seats

Driver and passenger electric seat adjustment

One touch electric rear windows

Heated front seating

Automatic electric dual zone air-conditioning

Auto light control system

Highline navigation system with radio, RDS,
CD, MP3, USB, Aux-in capability, Bluetooth,
satellite navigation and full colour display

18" straight alloy wheels

Electronic rain sensing wipers
